Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Petrosmith 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year then ended December 31, 2022, stating that the certified investment information, as described in **NOTE 3** to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant

ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not to express an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, and Schedule H, Part IV, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that is agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that is agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by or certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PETROSMITH 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1: PLAN DESCRIPTION

The following description of the Petrosmith 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan was established April 1, 2012, under the provisions of the Internal Revenue Service Code Section 401(a), as a defined contribution plan to benefit participating employees of Petrosmith LLC (named Plan Sponsor), Petrosmith Equipment, LP, and Petrosmith Coating, LP, (collectively the “Company”). The Plan provides eligible employees an opportunity to accumulate funds for retirement, death, and disability benefits. Subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), the Plan has received a favorable opinion letter from the Internal Revenue Service.

Plan Administration

The Plan is administered by the Plan Administrator who is appointed by management of the Company. The Plan’s custodian, Mass Mutual Life Insurance Company by Great-West Life & Annuity Insurance Company (“Mass Mutual”), was responsible for the custody and management of the Plan’s assets for the period January 1, 2021 to June 17, 2022. Empower Annuity Insurance Company of America (including Empower Retirement, LLC, a subsidiary) (“Empower”), was responsible for the custody and management of the Plan’s assets for the period June 18, 2022 to November 29, 2022. Fidelity Management Trust Company (“Fidelity”) was responsible for the custody and management of the Plan’s assets for the period November 30, 2022 to December 31, 2022.

Plan Amendments

The Plan was restated effective September 8, 2021 as required by the IRS Cycle 3 Mandate. The restatement did not have a significant impact on the Plan’s operations.

The Plan was amended effective November 30, 2022, to include automatic enrollment of all eligible employees. Unless otherwise elected, each eligible employee will automatically have three percent (3%) of defined compensation deferred into the Plan upon meeting eligibility requirements and the participant’s automatic deferral shall be increased by one percent (1%) as of March 25th annually, up to a maximum of 10 percent (10%) in accordance with the annual increase program.

Eligibility to Participate

Employees become eligible to participate in wage deferrals upon attainment of age eighteen (18). The Plan includes an automatic deferral provision that results in employees entering the Plan as of the date the age requirement is met at a 3% deferral unless they elect otherwise.

Employee Contributions

Participants in the Plan may elect to have compensation deferred through payroll deductions. The maximum contribution amount for 2022 is \$20,500. An added contribution of up to \$6,500 in salary deferral catch-up is allowed for those 50 or older, for a total possible contribution of \$27,000.

Participants may roll over amounts representing distributions from other qualified defined contribution plans.

PETROSMITH 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Employer Contributions

The Company may make matching contributions equal to a discretionary percentage, determined by the Company, of the participant's elective deferrals. If the Company elects to make a matching contribution, it must be contributed to the Plan by the last day of the immediately following Plan year quarter.

The Company shall have the right to make an additional discretionary contribution, which shall be allocated to each eligible participant in proportion to his or her compensation as a percentage of the compensation of all eligible participants. The discretionary contribution and the allocation thereof shall be unrelated to any employee contributions made hereunder. Forfeitures may be used to pay administrative expenses of the Plan or to reduce any Company contributions.

The Plan, as required by the Internal Revenue Code, includes special rules in years that the Plan is determined to be a "Top Heavy Plan". The Plan becomes a "Top Heavy Plan" when it allocates more than sixty percent (60%) of the contributions or benefits to "Key Employees". "Key Employees" are generally owners, officers, shareholders, or highly compensated individuals. If the Plan becomes top-heavy in any year, the Company may be required to make an additional contribution with a special vesting schedule to non-key employees.

Participant Investment Options

Participants may direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options at any time throughout the year via direct phone access, fax, or internet.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and the Company's discretionary contribution, as well as the participant's share of the Plan's income and any related administrative expense. Allocations of income and expenses are based upon the proportion that each participant's account balance bears to the total of all participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeiture Accounts

Forfeited non-vested accounts totaled \$113,118 and \$98,571 as of December 31, 2022 and 2021, respectively. These accounts can be used to reduce future employer contributions or to pay plan expenses. In 2022, employer contributions and plan expenses were reduced by \$21,536 from forfeited non-vested accounts.

Notes Receivable from Participants

Participant loans are not permitted under the Plan.

Payment of Benefits

On termination of service due to death, disability or retirement, or for any other reason a participant may request a distribution and will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

PETROSMITH 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Vesting

Employee elective deferrals and after-tax employee contributions are always one hundred percent (100%) vested. The vesting schedule for the discretionary employer contributions, granted that at least one thousand hours are worked during the Plan year, is as follows:

1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Plan Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to fully terminate the Plan subject to the provisions of ERISA. In the event of full Plan termination, participants will become one hundred percent (100%) vested in their accounts.

Change in Custodians

The Plan changed its custodian from Mass Mutual to Empower effective June 18, 2022. The Plan changed its custodian from Empower to Fidelity effective November 29, 2022.

Subsequent Events

The Plan Administrator has evaluated subsequent events through March 21, 2024, the date the financials were issued or available to be issued. No items were noted which would significantly affect the Plan.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefit and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See **NOTE 4** for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

PETROSMITH 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. To the extent such expenses are not paid by the Company, the expenses are charged to the participant's account for services described based on an allocation method identified by the Plan's administrative expense table.

Administrative functions are performed by officers or employees of the Company but receive no compensation from the Plan. Investment-related expenses are included in "Investment Loss - net depreciation in fair value of investments" on the statement of changes in net assets available for benefits.

Recent Accounting Pronouncements

The Plan has adopted all recent accounting pronouncements issued by the FASB (including its Emerging Issues Task Force) and the American Institute of Certified Public Accountants that are believed by management to have a material impact on the Plan's present or future financial statements.

NOTE 3: INFORMATION CERTIFIED BY MASS MUTUAL LIFE INSURANCE COMPANY BY GREAT-WEST LIFE & ANNUITY INSURANCE COMPANY ("MASS MUTUAL"), EMPOWER ANNUITY INSURANCE COMPANY OF AMERICA (INCLUDING EMPOWER RETIREMENT, LLC, A SUBSIDIARY)("EMPOWER"), AND FIDELITY MANAGEMENT TRUST COMPANY ("FIDELITY), UNAUDITED

Certain information related to investments is disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2022, and 2021, and net depreciation in fair value of investments, dividends and capital gains for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Mass Mutual, Empower, and Fidelity, the named custodians of the Plan. The Plan's independent auditors did not perform any auditing procedures concerning this information, except for comparing such information with the related information included in the financial statements and supplemental schedules. See **NOTE 1** for more information regarding the specific dates being covered by each certification.

NOTE 4: FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan can access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets

PETROSMITH 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of valuation methodology used for assets measured at fair value. There have been no significant changes in the methodology used at December 31, 2022 or 2021.

Pooled separate accounts: Valued using the unit value calculated based on the net asset value ("NAV") of the underlying mutual funds. The net asset value is used as a practical expedient to determine fair value for these accounts. Each pooled separate account provides for redemptions by the Plan at reported net asset value per share, with no advance notice requirement. Investments in this category can be transferred out at any time at the current net asset value per share based on the fair value of the underlying assets.

Stable value fund: Valued using the net asset value ("NAV") practical expedient based on the fund's liquidation value which is based on an actuarial formula. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions may occur daily.

Money market funds: Valued at book or cost basis which equates to fair value.

The method above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2022:

Investments at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total

^(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following tables summarize investments for which fair value is measured using the net asset value (NAV) per share practical expedient as of December 31, 2022 and 2021:

¹⁾ The pooled separate accounts in this category primarily invest in mutual funds which invest in equity securities of U.S. companies with small to mid-size market capitalization. Investments in this category can be transferred out at any time at the current net asset value per share based on the fair value of the underlying assets.

²⁾ The pooled separate accounts in this category primarily invest in mutual funds which invest in equity securities of U.S. or foreign companies with large market capitalization. Investments in this category can be transferred out at any time at the current net asset value per share based on the fair value of the underlying assets.

³⁾ The pooled separate accounts in this category invest primarily in mutual funds which invest in equity securities of established companies that are listed on, or meet the financial listing requirements of, the New York Stock Exchange and have a strong record of earnings and dividends. This investment seeks to produce income and provide the opportunity for the growth of

the principal. Investments in this category can be transferred out at any time at the current net asset value per share based on the fair value of the underlying assets.

- ⁴⁾ The pooled separate accounts in this category invest primarily in mutual funds which invest in equity securities of companies that appear to offer superior opportunities for growth of capital. Investments in this category can be transferred out at any time at the current net asset value per share based on the fair value of the underlying assets.
- ⁵⁾ The pooled separate accounts in this category primarily invest in mutual funds which invest in high quality intermediate-term bonds and other fixed-income securities. Investments in this category can be transferred out at any time at the current net asset value per share based on the fair value of the underlying assets.
- ⁶⁾ The pooled separate accounts in this category primarily invest in mutual funds which invest in income-producing securities, including equity securities and bonds, and seek a level of current income and a growing stream of income over the years. Investments in this category can be transferred in or out of these funds at any time without restrictions.
- ⁷⁾ The pooled separate accounts in this category primarily invest in mutual funds which invest in a diversified portfolio of other stock and bond funds that represent various asset classes and sectors. The funds seek to provide long-term investors with an asset allocation strategy designed to maximize assets for retirement consistent with the risk level and projected retirement date associated with each fund. Investments in this category can be transferred out at any time at the current net asset value per share based on the fair value of the underlying assets.
- ⁸⁾ The stable value option seeks to protect against any loss of principal by investing in the general fund of the insurance carrier while providing a guaranteed minimum rate of return for the time specified in the contract.

NOTE 5: PARTIES-IN-INTEREST

Certain Plan investments are money market funds managed by Fidelity Management Trust Company is the current custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services amounted to \$3,160 for the year ended December 31, 2022. This includes fees paid by the Plan to the current custodian as well as the prior custodians (Mass Mutual and Empower) who were considered a party-in-interest for a portion of 2022. Additional investment fees paid to parties-in-interest are netted against investment returns.

NOTE 6: INCOME TAX MATTERS

The Plan adopted a non-standardized pre-approved profit-sharing plan sponsored by FMR, LLC. effective June 30, 2020. The Plan has received an opinion letter from the Internal Revenue Service (the "IRS") as to the Plan's qualified status. The plan advisory letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that is more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

PETROSMITH 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 7: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participant's account balances and the amounts reported in the statement of net assets available for benefits.
