Independent Auditor's Report**Board of Trustees**

International Union of Operating Engineers Local 14-14B
Pension Fund

Opinion

We have audited the accompanying financial statements of the International Union of Operating Engineers Local 14-14B Pension Fund (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years ended June 30, 2023 and 2022, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of June 30, 2023, and the changes therein for the year ended June 30, 2023 and its financial status as of June 30, 2022, and its changes therein for the year ended June 30, 2022 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information on pages 18 through 25 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information on pages 26 through 28 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Section 2: Actuarial Valuation Results

Schedule MB, Line 6f(1) - Description of Withdrawal Liability Interest Rate Withdrawal liability assumptions

- The actuarial assumptions and methods are reasonable (taking into account the experience of the Plan and reasonable expectations) and, in combination, represent the actuary's best estimate of anticipated experience under the Plan to determine the unfunded vested benefits for withdrawal liability purposes.
- The present value of vested benefits is based on a blend of two liability calculations. The first calculation uses discount rates selected based on estimated annuity purchase rates available for benefits being settled, because withdrawal liability is a final settlement of an employer's obligation to the Plan. The second calculation uses the interest rate determined by the plan actuary for minimum funding, based on the expected return on current and future assets. For benefits that could be settled immediately, because assets on hand are sufficient, the first calculation is used: annuity purchase rates promulgated by PBGC under ERISA Sec. 4044 for multiemployer plans terminating by mass withdrawal on the measurement date. For benefits that cannot be settled immediately because they are not currently funded, the calculation uses the second calculation: the interest rate used for plan funding calculations.

Interest	For liabilities up to market value of assets, 2.40% for 20 years and 2.12% beyond (1.82% for 20 years and 1.68% beyond, in the prior year valuation). For liabilities in excess of market value of assets, same as used for plan funding for the plan year ending June 30, 2022 (the corresponding funding rate as of a year earlier was used for the prior year's value).
Administrative Expenses	Calculated as prescribed by PBGC formula (29 CFR Part 4044, Appendix C); not applicable to those liabilities determined using funding interest rates.
Mortality	Same as used for plan funding as of June 30, 2022 (the corresponding mortality rates as of a year earlier were used for the prior year's value)
Retirement Rates	Same as used for plan funding as of June 30, 2022 (the corresponding retirement rates as of a year earlier were used for the prior year's value)

Exhibit L: Summary of Plan Provisions

(Schedule MB, Line 6)

This exhibit summarizes the major provisions of the Plan included in the valuation. It is not intended to be, nor should it be interpreted as, a complete statement of all plan provisions.

Plan Year	July 1 through June 30
Pension Credit Year	July 1 through June 30
Plan Status	Ongoing plan
Regular Pension	• <i>Age Requirement:</i> 62 • <i>Service Requirement:</i> 5 pension credits • <i>Amount:</i> \$115 per pension credit
Early Retirement	• <i>Age Requirement:</i> 55 • <i>Service Requirement:</i> 15 pension credits • <i>Amount:</i> Regular pension accrued reduced by 6% for each year of age less than 62.
Disability	• <i>Age Requirement:</i> None • <i>Service Requirement:</i> 10 pension credits • <i>Amount:</i> Regular pension accrued
Vesting	• <i>Age Requirement:</i> None • <i>Service Requirement:</i> 5 years of vesting service • <i>Amount:</i> Regular pension accrued based on plan in effect when last active. • <i>Normal Retirement Age:</i> 62 or, if later, the age of the participant on the fifth anniversary of his participation.

Section 3: Certificate of Actuarial Valuation

Spouse's Pre-Retirement Death Benefit	Three Year Payment Certain • <i>Age Requirement:</i> None • <i>Service Requirement:</i> 5 years of vesting service • <i>Amount:</i> Monthly benefit to which employee would have been entitled had he or she retired the day before he or she died, payable immediately. Amount calculated as if he or she were age 62 at time of death. Spouse's Pre-Retirement Death Benefit (applicable unless rejected by Employee and Spouse) • <i>Age Requirement:</i> None • <i>Service Requirement:</i> 5 years of vesting service • <i>Amount:</i> 50% of the benefit employee would have received had he or she retired the day before he or she died and elected the husband and wife option, payable immediately. Amount calculated as if he or she were age 62 at the time of death.
Post-Retirement Death Benefit	If married, pension benefits are paid in the form of a husband and wife annuity unless this form is rejected by the participant and spouse. If not rejected, the benefit amount otherwise payable is reduced to reflect the husband and wife coverage. If rejected, or if not married, benefits are payable for the life of the employee with 3 years of payments guaranteed to all without reduction, or in any other available optional form elected by the employee in an actuarially equivalent amount.
Optional Forms of Benefits	• Single life annuity with 36 months guaranteed • 50% Husband and Wife • 50% Husband and Wife with pop-up option • 75% Husband and Wife • 75% Husband and Wife with pop-up option.
Participation	Earliest July 1 or January 1 after completion of 300 hours during a 12 consecutive month period.
Pension Credit	300 - 599 hours = $\frac{1}{4}$ credit 600 - 899 hours = $\frac{1}{2}$ credit 900 - 1,199 hours = $\frac{3}{4}$ credit 1,200 hours or more = 1 year of credit
Vesting Credit	300 - 599 hours = $\frac{1}{4}$ year 600 - 899 hours = $\frac{1}{2}$ year 900 - 999 hours = $\frac{3}{4}$ year 1,000 hours or more = 1 year
Contribution Rate	The hourly contribution rate is \$6.20, effective July 1, 2022

Section 3: Certificate of Actuarial Valuation

Changes in Plan Provisions

Adopted on June 22, 2022, an eligible participant who retires subsequent to July 1, 2021 will have an accrual rate of \$115 for each pension credit earned provided that they have earned at least one half of Future Service Credit in the calendar year prior to July 1, 2021 or at least one quarter of Future Service credit subsequent to July 1, 2021.

A one-time lump sum check of \$1,050 was paid to all pensioners and beneficiaries on the rolls as of December 31, 2021. This was reflected in the 2022 Funding Standard Account.

A one-time lump sum check of \$1,200 was paid to all pensioners and beneficiaries on the rolls as of December 31, 2022. This will be reflected in the 2023 Funding Standard Account.

Mortality Rates

Healthy: RP-2006 Blue Collar Healthy Annuitant and Employees Mortality Tables with generational projection from 2006 using scale MP-2019

Disabled: RP-2006 Disabled Annuitant Mortality Table with generational projection from 2006 using scale MP-2019

The underlying tables with the generational projection to the ages of participants as of the measurement date reasonably reflect the mortality experience of the Plan as of the measurement date. These mortality tables were then adjusted to future years using the generational projection to reflect future mortality improvement between the measurement date and those years.

The mortality rates were based on historical and current demographic data, adjusted to reflect estimated future experience and professional judgment. As part of the analysis, a comparison was made between the actual number of and the projected number based on the prior years' assumption over the past several years.

² Withdrawal rates do not apply at or beyond early retirement age

The termination rates and disability rates were based on historical and current demographic data, adjusted to reflect estimated future experience and professional judgment. As part of the analysis, a comparison was made between the actual number of terminations and disability retirements and the projected number based on the prior years' assumption over the past several years.

Section 3: Certificate of Actuarial Valuation

Retirement Rates for Active Participants		Age	Annual Retirement Rates¹
		55 – 61	1%
		62 – 65	20%
		66 – 69	25%
		70 or older	100%
	¹ if eligible		
	The retirement rates were based on historical and current demographic data, adjusted to reflect estimated future experience and professional judgment. As part of the analysis, a comparison was made between the actual number of retirements by age and the projected number based on the prior years' assumption over the past several years.		
Description of Weighted Average Retirement Age	Age 65, determined as follows: The weighted average retirement age for each participant is calculated as the sum of the product of each potential current or future retirement age times the probability of surviving from current age to that age and then retiring at that age, assuming no other decrements. The overall weighted retirement age is the average of the individual retirement ages based on all the active participants included in the July 1, 2022 actuarial valuation.		
Retirement Rates for Inactive Vested Participants		Age	Annual Retirement Rates¹
		62 – 64	40%
		65 – 69	20%
		70 or older	100%
	¹ if eligible		
	The retirement rates were based on historical and current demographic data, adjusted to reflect estimated future experience and professional judgment. As part of the analysis, a comparison was made between the actual number of retirements by age and the projected number based on the prior years' assumption over the past several years.		
Future Benefit Accruals	One pension credit per year. The future benefit accruals were based on historical and current demographic data, estimated future experience and professional judgment.		
Unknown Data for Participants	Same as those exhibited by participants with similar known characteristics. If not specified, participants are assumed to be male.		
Definition of Active Participants	Active participants are defined as those who were actively employed during the plan year.		
Percent Married	75%		
Age of Spouse	Spouses of male participants are three years younger and spouses of female participants are three years older.		

Section 3: Certificate of Actuarial Valuation

Benefit Election	60% of all participants are assumed to elect the 50% Husband and Wife with pop-up option and 40% of participants are assumed to elect the three-year certain and life form of payment. The benefit elections were based on historical and current demographic data, adjusted to reflect plan design and estimated future experience and professional judgment. As part of the analysis, a comparison was made between the assumed and the actual option election patterns over the past several years.
Delayed Retirement Factors	Active participants work enough hours each month to not qualify for delayed retirement adjustment. Inactive vested participants who are assumed to commence receipt of benefits after attaining normal retirement age qualify for delayed retirement increases, but not beyond age 70.
Net Investment Return	7.00% The net investment return assumption is a long-term estimate derived from historical data, current and recent market expectations, and professional judgment. As part of the analysis, a building block approach was used that reflects inflation expectations and anticipated risk premiums for each of the portfolio's asset classes as provided by Segal Marco Advisors, as well as the Plan's target asset allocation.
Annual Administrative Expenses	\$600,000 for the year beginning July 1, 2022 (equivalent to \$578,519 payable at the beginning of the year) or 18.1% of Normal Cost. The annual administrative expenses were based on historical and current data, adjusted to reflect estimated future experience and professional judgment.
Actuarial Value of Assets	The market value of assets less unrecognized returns in each of the last five years. Unrecognized return is equal to the difference between the actual market return and the projected market return, and is recognized over a five-year period. The actuarial value is further adjusted, if necessary, to be within 20% of the market value.
Actuarial Cost Method	Entry Age Normal Actuarial Cost Method. Entry Age is current age minus pension credits. Normal Cost and Actuarial Accrued Liability are calculated on an individual basis and are allocated by service, with Normal Cost determined as if the current benefit accrual rate had always been in effect.
Benefits Valued	Unless otherwise indicated, includes all benefits summarized in Exhibit L.
Current Liability Assumptions	<i>Interest:</i> 2.27%, within the permissible range prescribed under IRC Section 431(c)(6)(E) <i>Mortality:</i> Mortality prescribed under IRS Regulations 1.431(c)(6)-1 and 1.430(h)(3)-1(a)(2): RP-2006 employee and annuitant mortality tables, projected generationally using scale MP-2020 (previously, MP-2019)
Estimated Rate of Investment Return	<i>On actuarial value of assets (Schedule MB, line 6g):</i> 5.1%, for the Plan Year ending June 30, 2022 <i>On current (market) value of assets (Schedule MB, line 6h):</i> -11.6%, for the Plan Year ending June 30, 2022
FSA Contribution Timing (Schedule MB, line 3a)	Unless otherwise noted, contributions are paid periodically throughout the year pursuant to collective bargaining agreements. The interest credited in the FSA is therefore assumed to be equivalent to a January 15 contribution date.

Section 3: Certificate of Actuarial Valuation

Actuarial Models	Segal valuation results are based on proprietary actuarial modeling software. The actuarial valuation models generate a comprehensive set of liability and cost calculations that are prepared to meet regulatory, legislative and client requirements. Deterministic cost projections are based on a proprietary forecasting model. Our Actuarial Technology and Systems unit, comprised of both actuaries and programmers, is responsible for the initial development and maintenance of these models. The models have a modular structure that allows for a high degree of accuracy, flexibility and user control. The client team programs the assumptions and the plan provisions, validates the models, and reviews test lives and results, under the supervision of the responsible Enrolled Actuary.
Justification for Change in Actuarial Assumptions (Schedule MB, line 11)	For purposes of determining current liability, the current liability interest rate was changed from 2.33% to 2.27% due to a change in the permissible range and recognizing that any rate within the permissible range satisfies the requirements of IRC Section 431(c)(6)(E) and the mortality tables and mortality improvement scales were changed in accordance with IRS Regulations 1.431(c)(6)-1 and 1.430(h)(3)-1.

Independent Auditor's Report**Board of Trustees**

International Union of Operating Engineers Local 14-14B
Pension Fund

Opinion

We have audited the accompanying financial statements of the International Union of Operating Engineers Local 14-14B Pension Fund (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years ended June 30, 2023 and 2022, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of June 30, 2023, and the changes therein for the year ended June 30, 2023 and its financial status as of June 30, 2022, and its changes therein for the year ended June 30, 2022 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information on pages 18 through 25 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2023 AND 2022

Note 1 - Description of Plan and Significant Accounting Policies

The following description of the International Union of Operating Engineers Local 14-14B Pension Fund (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan first became effective July 1, 1975 and is a defined benefit pension plan established under an Agreement and Declaration of Trust pursuant to collective bargaining agreements between the International Union of Operating Engineers Local Union 14-14B (the "Union") and various employers and employer associations in the construction industry in the New York metropolitan area. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Management has evaluated subsequent events through the date of the auditor's report, the date the financial statements were available to be issued.

Purpose

The purpose of the Plan is to provide retirement benefits to eligible participants.

Participation

A participant is a pensioner, beneficiary or individual working under a collective bargaining agreement between an employer and the Union providing for contributions to the Plan on the employee's behalf. Salaried employees of the Union and any Local 14 Benefit Fund are also participants of the Plan.

Benefits

In general, participants with five or more years vesting service are entitled to monthly pension benefits beginning at normal retirement age 62. The Plan permits early retirement at ages 55 and other forms of retirement based on age and years of credited service (pension credits).

Pension credits are based on earnings in covered employment. A participant may accumulate up to a maximum of 1 credit per year at 1/4 credit increments.

Monthly pension benefits are based on \$11.50 per year for past credited service earned prior to January 1, 1956 plus \$115 for future credited service earned in subsequent years.

Pre-retirement and post-retirement death benefits are also available.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2023 AND 2022

Note 1 - Description of Plan and Significant Accounting Policies (cont'd)

Plan amendments

Effective for pensioners and beneficiaries entitled to a benefit on December 31, 2022, the Board of Trustees approved payment of a lump sum bonus check in the amount of \$1,200 payable in January 2023. This benefit will be reflected in the next valuation and is estimated to increase the actuarial present value of accumulated plan benefits by approximately \$846,000.

Effective for pensioners and beneficiaries entitled to a benefit on December 31, 2021, the Board of Trustees approved payment of a lump sum bonus check in the amount of \$1,050 payable in January 2022.

Payment of these checks shall in no way be considered a permanent benefit or evidence of a pattern of benefits.

Plan termination

The Trustees expect and intend to continue the Plan indefinitely, but reserve the right to amend or terminate it as provided for by the applicable Trust Agreement and Plan provisions, in accordance with applicable law. The Plan is insured by the Pension Benefit Guaranty Corporation ("PBGC"); however, the PBGC does not guarantee the payment of all benefits provided under the Plan. In addition, the PBGC guarantees apply only when the Plan becomes insolvent; that is, when available resources are insufficient to pay benefits under the Plan.

Basis of accounting

The financial statements are presented on the accrual basis of accounting.

Investment valuation and income recognition

The Plan's investments are stated at fair value. See "Fair value measurements" footnote for additional information.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2023 AND 2022

Note 1 - Description of Plan and Significant Accounting Policies (cont'd)

Reciprocal agreements

The Plan is a party to reciprocal agreements with other pension funds of the International Union of Operating Engineers.

Administrative expense allocation

The administrative office is occupied by the Union and its related Pension, Welfare, Annuity, Training and Labor Management Cooperation Trust Funds. Certain expenses not specifically applicable to a particular entity are allocated based on the estimated benefit received by each entity. Amounts reported as receivable from related organizations or payable to related organizations generally include balances for shared expenses.

Reimbursements paid to related organizations for the years ended June 30, 2023 and 2022 were \$283,519 and \$279,424, respectively.

Note 2 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices, in active markets, for identical assets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include: quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, inputs other than quoted prices that are observable for the asset, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement. Level 3 inputs are generally based on the best information available, which may include the reporting entity's own assumptions and data.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Interest bearing cash: Valued at cost.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2023 AND 2022

Note 2 - Fair value measurements (cont'd)

Corporate stock: Valued at the closing price reported in the active market in which the securities are traded.

Investments measured at net asset value: The values of Partnership/joint venture interests, Common/collective trust funds, and 103-12 Investment entities are estimated by the investment managers.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the tables below are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments, as of June 30, 2023, with fair value measurements on a recurring basis:

Note 3 - Cash

At times throughout the year, the Plan may have on deposit in banks, amounts in excess of FDIC insurance coverage limits. The Plan has not experienced any losses in such accounts and the Trustees believe it is not exposed to any significant credit risks.

Note 4 - Partnership/joint venture interest

The Trumbull Property Fund L.P. (the "TPF Partnership") is a Delaware limited partnership having multiple subsidiaries for its real estate investments. The purpose of the TPF Partnership is to actively manage a core portfolio of primarily equity real estate investments located in the United States. Redemptions may be made of all or a portion of investments as of the end of a calendar quarter by delivering written notice at least 60 days prior to the end of the quarter. Redemption requests are subject to certain restrictions and the availability of cash. Any redemption request that is not fully honored in any given quarter will be deemed effective in the following quarters until completed. In April 2020, the Plan requested a complete withdrawal of their investment in the TPF Partnership. The withdrawal request is in a queue and the Plan is receiving the redemption proceeds quarterly on a pro-rata basis. The estimated fair value of the Plan's investment as of June 30, 2023 and 2022 was \$13,171,264 and \$16,826,501 respectively.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2023 AND 2022

Note 4 - Partnership/joint venture interest (cont'd)

525 Market Street Fund, LLC, a Delaware Limited Liability Company (the "Company"). The Company offers to qualified investors, interests representing beneficial interest in the U.S. Core Fixed Income Fund (the "U.S. Core."). The U.S. Core was established for the express purpose of investing in investment-grade debt securities including U.S. government securities, corporate bonds, mortgage-related securities, asset-backed and commercial mortgage-backed securities, and money market securities. The U.S. Core's net asset value per unit will be calculated as of the close of each business day. Redemption requests must be received no later than 12:00 p.m. Pacific Time on the business day prior to the business day in which redemption is sought. If the U.S. Core is unable to obtain or set a price for a material portion of the investments or is unable to liquidate adequate investments at prices that it has deemed to represent market or fair value or if it is deemed to be in the best interest of the U.S. Core and its remaining shareholders, redemption rights may be suspended. Any suspension of the right of redemption generally shall not last longer than seven business days after notice of suspension has been provided. The estimated fair value of the Plan's investment as of June 30, 2023 and 2022 was \$52,803,412 and \$52,983,364, respectively.

Note 5 - Common/collective trust funds

The following are significant investments in Common/collective trust funds:

PIMCO All Asset Collective Trust (the "PIMCO Trust") seeks maximum real return, investing substantially all of its assets in Institutional Class shares of the PIMCO All Asset Fund, consistent with preservation of real capital and prudent investment management. The PIMCO All Asset Fund is an open-ended mutual fund invested in other mutual funds advised by PIMCO. Withdrawals may be made on any business day however SEI Trust Company (the "Trustee") may delay payment for any reason determined to be beyond its control. The Trustee has the discretion to limit the maximum withdrawal to the greater of \$2 million or 5.00% of the value of the assets as of the applicable date. The Trustee also may limit the maximum withdrawal to 25% of the value of the assets as of the first withdrawal during any rolling thirty day period. A redemption fee may be charged to any withdrawing plan in order to recoup costs incurred in connection with funding redemption activity. The estimated fair value of the Plan's investment as of June 30, 2023 and 2022 was \$44,382,415 and \$45,608,408, respectively.

The Wellington Trust Company, National Association, CIF II International Opportunities Portfolio ("Wellington"), was established pursuant to the Wellington Trust Multiple Collective Investment Funds II Plan and Declaration of Trust. Wellington's investment objective is to provide long-term total return in excess of the MSCI All Country World ex US Index. Wellington invests primarily in common stock and in daily cash balances in the CTF Short-Term Cash Portfolio, an affiliated short term investment fund. Unit value of the Wellington portfolio is determined at the end of each day that the New York Stock Exchange is open as of the close of regular trading (typically 4 pm eastern time). Admissions to and withdrawals from Wellington can be made in cash or securities-in-kind and are based on the NAV per unit as calculated at the end of each day. The estimated fair value of the Plan's investment as of June 30, 2023 and 2022 was \$26,824,010 and \$23,861,176, respectively.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2023 AND 2022

Note 5 - Common/collective trust funds (cont'd)

The NHIT: High Yield Full Discretion Trust ("NHIT"), is a New Hampshire investment trust created by Loomis Sayles Trust Company, LLC (the "Loomis"), the trustee. The objective of NHIT is total return and to outperform the Barclays U.S. Corporate High Yield Index. NHIT may invest up to 100% of its market value in fixed income securities of any credit quality, including lower rated fixed income securities. NHIT may invest in fixed income securities of any maturity. An investor may withdraw all or a portion of its units once each valuation date, upon advance written notice to Loomis unless such notice is waived. The net asset value of units is determined at the close of the New York Stock Exchange each business day as defined in the declaration of trust. The estimated fair value of the Plan's investment as of June 30, 2023 and 2022 was \$26,326,121 and \$24,563,541, respectively.

BNYM Mellon AFL-CIO SL Stock Index Fund of The Bank of New York Mellon ("BNYM Mellon") is authorized by The Bank of New York Mellon Employee Benefit Collective Investment Fund Plan. BNYM Mellon is constructed to mirror the index to provide long-term capital growth. The assets of BNYM Mellon may be invested in securities, including exchange traded funds and mutual funds, and a combination of other collective funds (each an affiliate of BNYM Mellon and collectively referred to herein as the "Collective Investment Funds") that together are designed to track the performance of the Index. BNYM Mellon may also invest in the EB Temporary Investment Fund, an affiliate of BNYM Mellon. Financial futures may be used to obtain exposure, to provide liquidity for cash flows, to hedge dividend accruals or for other purposes that facilitate meeting BNYM Mellon's objective. The estimated fair value of the Plan's investment as of June 30, 2023 and 2022 was \$87,964,434 and \$0, respectively.

EB Temporary Investment Fund of the Bank of New York Mellon ("EB Temp Fund") is authorized by the Bank of New York Mellon Employee Benefit Collective Investment Fund Plan. The objective of the EB Temp Fund is to seek as high a level of current income as is consistent with the preservation of capital and the maintenance of liquidity. The EB Temp Fund intends to maintain a net asset value of approximately \$1 per unit. Unit value is determined on a daily basis. Units may be redeemed on a daily basis based on the unit value determined on the respective date of the transactions. In July 2023, upon a change in investment custodian, the Plan liquidated their investment in the EB Temp Fund. The estimated fair value of the Plan's investment as of June 30, 2023 and 2022 was \$12,242,690 and \$3,784,038.

Note 6 - 103-12 investment entities

The following are significant investments in 103-12 investment entities:

The THB Small Cap Fund, LLC ("THB Small Cap") is a Delaware limited liability company. The investment objective of THB Small Cap is to increase the absolute and real inflation adjusted value of the assets through investment in small capitalization domestic equities. The THB Small Cap seeks to achieve superior risk adjusted returns relative to the Russell 2000 Index over multiple year time periods. Redemptions are processed upon at least 30 days' prior written notice (or such lesser notice period as the managing member may determine), on the last business day of each month, or more frequently as the managing member may determine in its sole discretion. The estimated fair value of the Plan's investment as of June 30, 2023 and 2022 was \$32,274,968 and \$27,050,649, respectively.

Note 6 - 103-12 investment entities (cont'd)

The Intech U.S. Large Cap Growth Fund LLC ("Intech") is a limited liability company. The investment objective of Intech is to outperform the S&P 500 Growth Index (the "Index") when evaluated over rolling three and five year periods. Intech will try to accomplish this by investing primarily in certain common stocks of companies selected from the universe of the Index, using proprietary mathematical investment processes and optimization technology. The net asset value of Intech is determined as of the close of business every day the NYSE is open. Redemptions of Intech units are made on such dates, based upon the daily calculated net asset value as defined within the operating agreement. In February 2023, the Plan liquidated their investment in Intech. The estimated fair value of the Plan's investment as of June 30, 2023 and 2022 was \$0 and \$34,325,535, respectively.

The Lazard Emerging Income, Ltd. ("Lazard") is registered by the Bermuda Monetary Authority. The principal objective of Lazard is to realize a consistently positive absolute return through investments in emerging market currencies or instruments whose value is derived from the performance of an underlying emerging market currency. Redemptions from Lazard may occur on the last business day of each month, upon 30 days' prior written notice. In February 2023, the Plan liquidated their investment in Lazard. The estimated fair value of the Plan's investment as of June 30, 2023 and 2022 was \$0 and \$9,717,046, respectively.

Note 7 - Investment commitment

As of June, 30, 2023, the Plan has committed to invest in a partnership with Blackstone Infrastructure Partners V Feeder L.P. with a capital commitment of \$30,000,000.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

Note 9 - Employers' contributions

In accordance with collective bargaining agreements and participation agreements, employers are required to make contributions to the Plan on behalf of employees performing covered work. Contributions are based on hours worked.

YEARS ENDED JUNE 30, 2023 AND 2022

Note 10 - Lease

The International Union of Operating Engineers Local 14-14B Pension, Annuity, Welfare, Training, and Labor Management Cooperation Trust Funds entered into a lease, for office and storage space, with 159-18 Northern Blvd. LLC, a related organization. Under the terms of the lease effective January 1, 2022 and expiring December 31, 2023, the annual base rent is \$141,960 plus a proportionate share of real estate taxes. The lease is cancellable by either party on one year's notice. As such, no right-of-use asset is recognized. The annual base rent under the prior lease agreement was \$127,764. Rent expense will be allocated to each entity based on the the estimated benefit received.

The Plan's share of occupancy expenses for the years ended June 30, 2023 and 2022 were \$24,940 and \$20,954, respectively.

Note 11 - Reconciliation of financial statements to Form 5500

For financial statement purposes, investment expenses are reported as a reduction of investment income. The reporting requirements of the Department of Labor require these fees be shown as administrative expenses.

The following is a reconciliation of the reclassifications:

	<u>Per Financial Statements</u>	<u>Reclassification</u>	<u>Per Form 5500</u>
Investment income	\$ 23,077,506	\$ 750,338	\$ 23,827,844

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2023 AND 2022

Note 12 - Tax status

The Plan has received a determination letter from the IRS dated March 17, 2016, stating that the Plan is qualified under Section 401(a) and is exempt from federal income taxes under Section 501(a) of the Internal Revenue Code. The Trustees believe that the Plan, including amendments subsequent to the IRS determination, is currently designed and operated in compliance with the requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Note 13 - Accumulated plan benefits

The latest available calculations of the actuarial present value of accumulated plan benefits were made by consulting actuaries as of July 1, 2022 and 2021. Details of accumulated plan benefit information as of such dates are as follows:

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2023 AND 2022

Note 13 - Accumulated plan benefits (cont'd)

The significant methods and assumptions underlying the actuarial computations are as follows:

Actuarial cost method	Entry age normal
Actuarial value of assets	The market value of assets less unrecognized returns in each of the last five years. Unrecognized return is equal to the difference between the actual market return and the projected market return, and is recognized over a five-year period. The actuarial value is further adjusted, if necessary, to be within 20% of the market value.
Annual Administrative expenses	\$600,000
Assumed net rate of return on investments	7.0%
Mortality rates	Healthy annuitant: RP-2006 Blue Collar Healthy Annuitant and Employees Mortality Tables with generational projection from 2006 using scale MP-2019 Disabled annuitant: RP-2006 Disabled Annuitant Mortality Table with generational projection from 2006 using scale MP-2019
Retirement rate	Based on retirement probability for various age ranges. Weighted average retirement age is 65.

As of July 1, 2022 the actuary has certified that the Plan is not in the endangered or critical status as identified under the Pension Protection Act of 2006 and the Multiemployer Pension Reform Act of 2014.
