Financial Statements and Supplemental Information

December 31, 2022

(With Independent Auditor's Report Thereon)

Independent Auditor's Report

**To the Plan Administrator of
The Mile High United Way 401(k) Plan**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audit of the accompanying financial statements of The Mile High United Way 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of The Mile High United Way 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in notes 6 and 7 of the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Mile High United Way 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**To the Plan Administrator of
The Mile High United Way 401(k) Plan**

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Mile High United Way 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Mile High United Way 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

**To the Plan Administrator of
The Mile High United Way 401(k) Plan**

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i-Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter

The financial statements of the Plan for the year ended December 31, 2021, were audited by another auditor, who expressed an unmodified opinion on those statements on September 19, 2022.

The Mile High United Way 401(k) Plan
Notes to the Financial Statements
December 31, 2022

(1) General Description of the Plan

The following description of the Mile High United Way 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan established on March 1, 1991 and has been subsequently amended and restated. The Plan is available to all eligible employees of The Mile High United Way, Inc. (the Organization). All employees aged 21 years or older and who have completed at least 60 days of service, excluding seasonal employees or those classified as independent contractors, are eligible to participate in the Plan. The entry date for eligible participants is the first day of the month on or after the employee meets the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Organization is the sponsor of the Plan. The administrative committee, as provided in the plan agreement, is the plan administrator and has responsibility for the administration of the Plan. Empower Retirement functions as trustee and investment manager. Investment management fees and trustee fees are paid by the Plan in accordance with the plan agreement.

(b) Contributions

The Plan provides for employee salary deferral pre-tax and after-tax Roth contributions. Each year, participants may contribute to the Plan the maximum amount allowed by law. Participants who have attained age 50 during a calendar year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans as rollover contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. Effective January 1, 2022, the Plan includes an auto-enrollment provision whereby all newly eligible employees and participants with an entry date on or after April 1, 2019 shall be automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate of 6% of eligible compensation. Participants with an entry date prior to April 1, 2019 will continue to be automatically enrolled at a 3% deferral rate. Each plan year, the automatic deferral rate will increase by 1% until the amount withheld reaches 10% of the participant's compensation. Contributions are automatically invested in a default fund until changed by the participant. The Plan is operating pursuant to the safe harbor provisions of the Internal Revenue Code Section 401(k)(12). The Organization is required to make safe harbor contributions of 3% of an eligible participant's annual eligible compensation. The Plan also provides for discretionary employer safe harbor matching contributions not to exceed 6% of the participant's compensation. The Organization may also make discretionary profit-sharing contributions to the Plan as a percentage of each eligible participant's annual eligible compensation. No discretionary profit-sharing contributions were made to the Plan for the year ended December 31, 2022. Employer contributions are invested in the portfolio of investments as directed by the participant.

(c) Participant Accounts

Each participant's account is credited with the participant's, The Organization's, and rollover contributions and participant earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. If a participant terminates employment, the participant may elect to receive a distribution of some or all of the participant's vested account balance.

(d) Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions, employer safe harbor contributions, and the actual earnings or losses thereon.

Vesting in the employer's discretionary contributions is based on years of service, in which a participant is 33% vested after one year of service, 67% vested after two years of service, and 100% vested after three years of credited service.

(e) Notes Receivable from Participants

Participants may borrow from their fund account a minimum of \$1,000 up to a maximum amount equal to the lesser of 50% of the participant's vested account balance or \$50,000 minus the highest total outstanding loan balance in the twelve months immediately before the date of the participant's new loan. Participants may only have two outstanding loans at any given time. The loans are secured by the balance in the participant's account and bear interest rates between 4.25% and 10.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Loans must be repaid in substantially level, amortized payments over a period not exceeding five years, except in the purchase of a primary residence, in which case the term is fifteen years. There were no deemed distributions during 2022.

(f) Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to either receive a single lump-sum cash payment equal to the value of the participants' vested interest in his or her account or various installment annuities. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If a participant's vested account balance is \$5,000 or less, the participant will receive a single-sum payment at termination of employment. Participants who are age 59½ and still employed by the Organization may withdraw all or a portion of their respective vested account balance.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document. The plan administrator must approve any such hardship withdrawals.

(g) Forfeited Accounts

If a participant is not fully vested on his or her termination date, the non-vested amount of the account is forfeited. Forfeitures are used to pay certain Plan expenses and to reduce the Organization's contributions to the Plan. As of December 31, 2022, forfeited account balances totaled \$5,875.

(h) Expenses

Plan administration fees are paid from the assets of the Plan to the extent permitted. Expenses may be allocated among all Plan participants or charged directly against individual account balances. Fees charged directly to individual account balances include general recordkeeping fees and expenses related to processing distributions or loans, qualified domestic relations orders, and directing the investment of the participants' account balance. Other expenses incurred to manage, administer, and audit the Plan are paid by the Organization.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

(b) Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(c) Investments

The Plan's investments, other than the fully benefit-responsive investment contracts, are reported at fair value as more fully described in note 2(d). The fully benefit-responsive contracts are valued at contract value, rather than fair value, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Investment return consists of the Plan's distributive share of any interest, dividends, capital gains and losses, generated from investments, as well as the change in fair value of the investments. Gains and losses attributable to investments are realized and reported upon a sales or disposition of the investments. Unrealized gains and losses are included in the change in net assets available for benefits.

(d) Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Generally accepted accounting principles (GAAP) establish a fair value hierarchy that prioritizes investments based on the assumptions market participants would use when pricing an asset. The fair value hierarchy gives the highest priority to quoted prices in active markets (observable inputs) and the lowest priority to an entity's assumptions (unobservable inputs). The Plan groups assets at fair value in three levels based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value.

The Mile High United Way 401(k) Plan

Notes to Financial Statements, Continued

(2) Summary of Significant Accounting Policies, Continued

(d) Fair Value Measurements, Continued

These levels are:

- Level 1 Unadjusted quoted market prices for identical assets or liabilities in active markets as of the measurement date.
- Level 2 Other observable inputs, either directly or indirectly, including:
 - Quoted prices for similar assets/liabilities in active markets;
 - Quoted prices for identical or similar assets in non-active markets;
 - Inputs other than quoted prices that are observable for the asset/liability; and,
 - Inputs that are derived principally from or corroborated by other observable market data.
- Level 3 Unobservable inputs that cannot be corroborated by observable market data.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. These classifications (Level 1, 2 and 3) are intended to reflect the observability of inputs used in the valuation of investments and are not necessarily an indication of risk or liquidity.

Market price is affected by a number of factors, including the type of instrument and the characteristics specific to the instrument, as well as the effects of market, interest and credit risk. Instruments with readily available active quoted prices or for which fair value can be measured from actively quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value. It is reasonably possible that changes in the value of these instruments will occur in the near term and that such changes could materially affect amounts reported in the Plan's financial statements.

(e) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participant loans are placed on nonaccrual status at the time a participant terminates employment and makes no further payments on the loan. A participant loan is considered delinquent when payments are ninety days past due, at which time the entire balance of principal and interest is due. A terminated employee is required to repay the entire balance of principal and interest upon termination. If unpaid these participant loans for terminated participants are reclassified as distributions based upon the terms of the Plan document; therefore, there is no allowance for doubtful accounts.

The Mile High United Way 401(k) Plan

Notes to Financial Statements, Continued

(2) Summary of Significant Accounting Policies, Continued

(f) Payment of Benefits

Benefits are recorded when paid.

(g) Participant Accounting Records

The Plan's custodian maintains individual participants' accounting records. Contributions and income are allocated by the custodian to the participants' accounts on a monthly basis, and statements are prepared and sent to all participants quarterly.

(h) Subsequent Events

Management has evaluated subsequent events through October 16, 2023, the date the financial statements were available to be issued.

(3) Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

(4) Tax Status

The Plan has adopted a non-standardized pre-approved plan sponsored by Empower Retirement, LLC. The pre-approved plan has received an opinion letter from the IRS as to the pre-approved plan's qualified status. The Organization has determined that it is eligible to, and has chosen to, rely on the current IRS pre-approved plan opinion letter. Although the Plan has been amended since the pre-approved plan received the letter, the Plan Administrator believes that the Plan is designed, and is being operated, in compliance with the applicable provisions of the Internal Revenue Code. Empower Retirement, LLC received an updated opinion letter from the IRS dated November 14, 2022.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan administrator has analyzed the tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements and determined there are none. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan files Form 5500, and the three previous tax years remain subject to examination.

(5) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(6) Investments

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2022 and 2021:

		December 31, 2022			
	Fair Value	Level 1	Level 2	Level 3	
Mutual funds	\$ 9,146,836	9,146,836	—	—	
Total investments, at fair value	\$ 9,146,836	9,146,836	—	—	

		December 31, 2021			
	Fair Value	Level 1	Level 2	Level 3	
Mutual funds	\$10,378,677	10,378,677	—	—	
Guaranteed interest contract	20	—	20	—	
Total investments, at fair value	\$10,378,697	10,378,677	20	—	

Mutual funds are valued at the daily closing price as reported by the funds. Mutual funds are open-ended investment companies that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as Level 1 within the fair value hierarchy. Guaranteed interest contracts are non-benefit responsive fixed rate annuity contracts. The guaranteed interest contracts are measured using an income approach and discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There have been no changes in the valuation methodology used as of December 31, 2022.

(7) Guaranteed Investment Contracts

The Plan invests in guaranteed investment contracts which are fully benefit-responsive guaranteed fixed annuity contracts of Empower Annuity Insurance Company of America (EAICA). The guaranteed investment contracts are general account products. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly and may not be set below 0.00%. The current rate of the investment contract approximates 1.78% for the year ended December 31, 2022. The account is credited with participant contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

The Mile High United Way 401(k) Plan

Notes to Financial Statements, Continued

(7) Guaranteed Investment Contracts, Continued

Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan Document (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Sponsor does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

(8) Party-in-Interest Transactions

Certain investment products and custodial and trustee services are provided by Empower Annuity Insurance Company of America and Empower Trust Company, LLC. These transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

(9) Financial Data Certified by the Plan Trustee

The Plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan trustee has certified all financial data from which the Plan, investment balances and activities reported on the statements of net assets available for benefits, the statement of changes in net assets available for benefits and the supplemental schedule of assets held for investment purposes have been prepared.
