To the Plan Administrator
Wash Depot Holdings, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Wash Depot Holdings, Inc. 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Wash Depot Holdings, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of June 30, 2023 and 2022**,** and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section -

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Wash Depot Holdings, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Wash Depot Holdings, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may

involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Wash Depot Holdings, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Wash Depot Holdings, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

To the Plan Administrator
Wash Depot Holdings, Inc. 401(k) Plan

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of June 30, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WASH DEPOT HOLDINGS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 1: DESCRIPTION OF PLAN

The following description of the Wash Depot Holdings, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan that was adopted effective September 1, 1997, and most recently restated July 1, 2022, to provide employees of Wash Depot Holdings, Inc. (Company) the opportunity to accumulate savings that provide benefits in the event of retirement, disability, or death. The Plan is structured to comply with the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility - All employees may participate in the Plan after attaining 21 years of age and completing one year (1,000 hours) of service, as defined in the plan document. Eligible employees may enter the Plan on the first day of the plan year quarter coinciding or next following the date on which the eligibility requirements are met.

Contributions - Each year, participants may contribute up to 100% of eligible compensation, as defined in the Plan, on a pretax basis, a Roth after-tax basis, or a combination of both. Participants who have attained age 50 before the end of the plan year may elect to contribute additional catch-up contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations of the Internal Revenue Code (IRC).

Participant Accounts - Each participant's account is credited with the participant's contribution and an allocation of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Certain administrative expenses are netted against the earnings of the investment alternatives held by the participants. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings (losses) thereon.

Notes Receivable from Participants - Participants may borrow from their deferral and rollover accounts a minimum of $1,000 up to a maximum of the lesser of one-half of the participant's vested account balance or $50,000 reduced by the excess of the participant's highest outstanding participant loan balance during the twelve-month period ending on the date of the loan. The participant may only have one outstanding loan at one time. The interest rate charged for the loans is based on the prime rate of interest as published by commercial lending institutions at the date of the loan, plus 1%. All loans must be repaid in level payments on at least a quarterly basis over a period of five years or less, unless the loan is for the purchase of a principal residence, in which case a longer repayment period, up to 15 years, may be allowed. Loan repayments must be made through payroll deduction.

NOTE 1: DESCRIPTION OF PLAN - CONTINUED

Payment of Benefits - Upon termination of service due to death, disability, retirement (age 65), or attainment of age 59½ without terminating employment, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest. If a participant's account is greater than $1,000, but less than $5,000, the participant shall be given the option to elect to have such distribution paid directly to an eligible retirement plan specified by him or her in a direct rollover or to receive the distribution directly. If neither option is selected, the plan administrator shall make such distributions in a direct rollover to an individual retirement plan designated by the plan administrator and shall provide written notice to the participant informing the participant that he or she has the option to transfer such amounts into another individual retirement plan of his or her own choice. If a terminated participant does not elect to have a distribution not exceeding $1,000 paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, the plan administrator will direct the trustee to immediately distribute such benefit in a lump sum without the participant's consent.

As required under Section 401(a)(9) of the IRC, a participant must begin receiving required minimum distributions from the Plan by April 1 of the calendar year following the later of (i) the calendar year following the year in which the participant reaches age 72, or (ii) the calendar year in which the participant retires.

Hardship Withdrawals - Participants may withdraw their elective deferrals in the form of a hardship withdrawal to satisfy an immediate and heavy financial need, as defined in the Plan. The participant must exhaust all other assets prior to obtaining a hardship withdrawal, including obtaining a loan from the Plan. The hardship withdrawal may not exceed the amount of the immediate and heavy financial need. The hardship withdrawal may include any amounts necessary to pay federal, state, or local income taxes or penalties reasonably anticipated to result from the hardship withdrawal.

Forfeitures - Forfeitures may be used to pay plan expenses, may be used to reduce Company contributions or restore forfeitures. As of June 30, 2023 and 2022**,** there was $1,420 and $1,331, respectively, held in the forfeited nonvested account. No forfeitures were used during the year ended June 30, 2023.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received for the sale of an asset or paid for the transfer of a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Contributions Receivable - As of June 30, 2023 and 2022, the Plan had $0 and $59, respectively, in contributions receivable from the participants.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when incurred. As of June 30, 2023 and 2022, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a deemed distribution based on the terms of the plan document.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid directly by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable and distributions from participants' accounts and other related expenses are charged directly to the participant's account and are included in administrative expenses. A 55-basis point Voya contract fee is charged against the variable funds for marketing and sales expense, as well as costs of various recordkeeping services in support of the Plan.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Subsequent Events - The Plan's policy is to evaluate events and transactions subsequent to its year end for potential recognition in the financial statements or disclosure in the notes to the financial statements. Management has evaluated events and transactions through the date of the independent auditors' report, which is the date the financial statements were available to be issued.

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3: FAIR VALUE MEASUREMENTS - CONTINUED

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used as of June 30, 2023 and 2022.

Pooled Separate Accounts (PSA) - Valued at the Net Asset Value (NAV) of units held by the Plan at year end as a practical expedient based on the market value of its underlying investments. The NAV is not a publicly quoted price in an active market but is valued by Voya based on the value of underlying investments less charges.

There are numerous investment strategies depending on the specific PSA investment objective, which can be found in each PSA's prospectus. The general strategy is to provide combinations of growth and stability through diversified allocation strategies designed for investors saving for retirement. Units of any portfolio may be redeemed on any business day. Redemptions are affected at the NAV per unit next determined after receipt of the redemption request by an insurance company whose separate account invests in the portfolio.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30:

	2023			
	Level 1	Level 2	Level 3	Total
Investments in Fair Value Hierarchy	$ -	$ -	$ -	$ -
Investments Measured at NAV (a)	-	-	-	5,856,676
Total Investments, at Fair Value	$ -	$ -	$ -	$ 5,856,676

	2022			
	Level 1	Level 2	Level 3	Total
Investments in Fair Value Hierarchy	$ -	$ -	$ -	$ -
Investments Measured at NAV (a)	-	-	-	5,449,041
Total Investments, at Fair Value	$ -	$ -	$ -	$ 5,449,041

(a) In accordance with *Subtopic 820-10*, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 4: FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds a traditional fully benefit-responsive investment contract with Voya Retirement Insurance and Annuity Company (VRIAC). VRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Because the investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. The investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported by VRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The contract value of the investment contract, as of June 30, 2023 and 2022, was $246,242 and $325,349, respectively. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula established by the contract issuer but may not be less than 1%. Such interest rates are reviewed on a monthly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with the issuer. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation.

The Company does not believe that any events that would limit the Plan's ability to transact at contract value with the plan participants or the issuer are probable of occurring.

NOTE 5: INFORMATION CERTIFIED BY CUSTODIAN

The Plan's investments as of June 30, 2023 and 2022, were held by Voya Retirement Insurance and Annuity Company, the custodian. The plan administrator elected the method of annual reporting compliance permitted by DOL's Regulation Section 29 CFR 2520.103-8 of Department of Labor's (DOL) Rules and Regulations for

NOTE 6: RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Company has not considered normal plan operations, such as participant contributions to the Plan or benefits accrued or paid by the Plan for participants, as party-in-interest transactions that require separate disclosure. Certain plan investments are units of pooled separate accounts and an unallocated account held in an insurance company's general account managed by the custodian. Participant loan origination fees and distribution fees are paid out of the relevant participants' accounts. The plan sponsor pays directly any other fees related to plan operations. These transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules.

Administrative expenses paid from the annual operating expenses of the Plan's designated investment alternatives were disclosed to the plan sponsor as follows:

- The weighted average of the total investment expenses of the managed investment options, based on assets at the reporting date, was .77%.

NOTE 6: RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS - CONTINUED

- The weighted average managed investment option revenue to Voya was .55%.

- The weighted average revenue to Voya from the assets, including the Voya Fixed Account, was approximately .54%.

Voya uses the revenue received from the funds to support the recordkeeping and administrative services provided to the Plan. Part of the revenue can also be used to compensate service providers such as the Plan's advisor and third-party administrator, as applicable. The annual compensation paid by Voya to the third-party administrator is approximately .05%.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would remain 100 percent vested in their employer contributions.

NOTE 8: TAX STATUS

The PPG Retirement Plan Services, Ltd. Pre-approved non-standardized Profit-Sharing Plan with Cash or Deferred Arrangement has obtained an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, which stated the form of the Plan as then designed was in compliance with the applicable requirements of the IRC; and therefore, the related trust was tax exempt. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS or DOL. The Company has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2023 and 2022, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan's federal Form 5500 is subject to examination by the IRS and the DOL, generally for the three years after it was filed.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various pooled separate accounts and one unallocated account fund held in an insurance company's general account, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term, and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10: COMMITMENTS AND CONTINGENCIES

In the normal course of business, there may be commitments and contingencies outstanding which are not reflected in these financial statements. In the opinion of the Company, the outcome of such events, if any, would not have a material effect on the Plan's financial position or operations.

NOTE 11: PLAN RESTATED

Effective July 1, 2022, the plan was restated to reflect legislative changes.
