INDEPENDENT AUDITOR'S REPORT

To the Trustees
Jounce Therapeutics, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed an audit of the accompanying financial statements of **Jounce Therapeutics, Inc. 401(k) Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of November 6, 2023 (in liquidation) and December 31, 2022 (ongoing), and the related statement of changes in net assets available for benefits for the period January 1, 2023 through November 6, 2023 (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of **Jounce Therapeutics, Inc. 401(k) Plan's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of November 6, 2023 and December 31, 2022 and for the period January 1, 2023 through November 6, 2023 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Jounce Therapeutics, Inc. 401(k) Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Termination and Liquidation Basis of Accounting

As described in Note 1 to the financial statements, the Board of Directors of the Company voted to terminate the Plan effective April 30, 2023 and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2022 financial statements to the liquidation basis used in presenting the 2023 financial statements. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Jounce Therapeutics, Inc. 401(k) Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Jounce Therapeutics, Inc. 401(k) Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

JOUNCE THERAPEUTICS, INC. 401(k) PLAN NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following description of Jounce Therapeutics, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was a defined-contribution plan established on January 1, 2013 to provide retirement and other related benefits to all employees of Jounce Therapeutics, Inc. (collectively referred to herein as the "Company"). An employee who was age 21 or older became eligible to participate for purposes of salary reduction contributions upon hiring. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Termination: The Company had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In March 2023, the Company was acquired by Concentra Biosciences LLC. In conjunction with the acquisition, on April 19, 2023, the Board of Directors of the Company voted to terminate the Plan effective April 30, 2023. The assets were transferred out of the Plan on November 6, 2023. Participants were notified that their account balances would be automatically distributed to them.

Contributions: Each year, participants could contribute a portion of their pretax annual compensation, as defined in the Plan, up to the maximum allowable set by the Internal Revenue Service ("IRS"). Participants who had attained the age of 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could have designated a portion, or all, of their deferred contributions as Roth contributions, which were includable in the participants' gross income. Participants, with the consent of the Plan Administrator, could deposit amounts received from any other retirement plan which satisfied the tax rules for rollovers. Upon becoming eligible to participate in the Plan, 6% of the participant's eligible compensation would be contributed to the Plan, unless instructed otherwise by the participant.

The Company could determine, in its sole discretion, how much, if any, it would make as a matching contribution or profit-sharing contribution, subject to certain limitations. During the period January 1, 2023 through November 6, 2023, the Company made a matching contribution equal to 50% of the first 6% of a participant's contributions. Participants were 100% vested in these contributions when made. No profit-sharing contributions were made for the period January 1, 2023 through November 6, 2023.

The Company could also make a qualified non-elective contribution ("QNEC") in which participants were fully vested. No QNEC contributions were made for the period January 1, 2023 through November 6, 2023.

Participant Accounts: Each participant's account was credited with the participant's contributions and Plan earnings or losses and charged with an allocation of administrative expenses, if any. Allocations of participant earnings (losses) were based on account balances, as defined. The benefit to which a participant was entitled was the benefit that could have been provided from the participant's vested account balance.

JOUNCE THERAPEUTICS, INC. 401(k) PLAN NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Investment Options: Participants directed the investment of contributions into various investment options offered by the Plan. The Plan offered various mutual funds and a common/collective trust as investment options for participants.

Vesting: Participants were immediately vested in their contributions, employer matching contributions, profit sharing contributions and any actual earnings thereon.

Forfeited Accounts: If a participant separated employment and did not cash their distribution check, or the Plan Administrator was unable to locate a participant who reached a distributable event after a prolonged period of time as defined in the Plan document, the vested amount of the participant's account would be reinstated back into the Plan and recorded into the forfeiture account. These accounts would have been used to reduce administrative expenses of the Plan.

Notes Receivable from Participants: Participants could have borrowed from their account balance a minimum of \$1,000 up to a maximum of \$50,000 or 50% of the vested account balance. Loan transactions were treated as a transfer to (from) the investment fund from (to) the participant notes receivable fund. Notes receivable terms could not have exceeded five years unless for the purchase of a primary residence. Loans were secured by the balances in the participants' accounts and were supported by a promissory note. Loans bore interest at rates based on one percentage point over the prime interest rate. Principal and interest were paid via payroll deductions. If the participant terminated employment or retired, the outstanding loan balance was due immediately unless directly rolled over to another employer's plan.

Payment of Benefits: On termination of service due to death, disability, retirement, or other reasons, a participant could have elected to receive a lump-sum amount equal to the full or partial value of the participant's vested interest in his or her account. If a participant terminated employment for any reason, his or her account became 100% distributable if below \$5,000.

A participant could also request a withdrawal upon attainment of age 59 1/2, or upon demonstration by the participant to the Plan Administrator that the participant was suffering from a hardship, as defined in the Plan document. The hardship withdrawals were not subject to a minimum amount.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan were prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The financial statements were prepared to satisfy the reporting and disclosure requirements of ERISA.

JOUNCE THERAPEUTICS, INC. 401(k) PLAN NOTES TO FINANCIAL STATEMENTS

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition: Investments were reported at fair value. Fair value was the price that would have been received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determined the Plan's valuation policies utilizing information provided by the investment advisors, trustees, and other parties involved with the Plan. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation included the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses: Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Company. Expenses that were paid by the Company were excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses. Investment related expenses were included in net appreciation of fair value of investments.

Use of Estimates: The preparation of financial statements in conformity with GAAP required Plan management to make estimates and assumptions that would affect the reported amounts of Plan assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties: The Plan utilized various investment instruments. Investment securities, in general, were exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it was reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could have materially affected participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants: Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they are incurred. No allowance for credit losses was recorded as of November 6, 2023 and December 31, 2022.

Uncertain Tax Positions: GAAP required Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan had taken an uncertain position that more-likely-than-not would not be sustained upon examination. The Plan Administrator had analyzed the tax positions taken by the Plan, and has concluded that as of November 6, 2023, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan was subject to routine audits by taxing jurisdictions; however, there were currently no audits for any tax periods in progress. The Plan Administrator believed it is no longer subject to income tax examinations for years prior to 2020.

NOTES TO FINANCIAL STATEMENTS**

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits: Benefit payments to participants were recorded when paid.

NOTE 3: TAX STATUS

The IRS determined and informed the Plan sponsor by a letter dated June 30, 2020, that the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Although the Plan had been amended since receiving the determination letter, the Plan Administrator and the Plan’s tax counsel believed that the Plan was designed, and was being operated, in compliance with the applicable requirements of the IRC and, therefore, believed that the Plan was qualified, and the related trust was tax-exempt.

NOTE 4: CERTIFICATION OF TRUSTEE

The Plan Administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL’s Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC, the trustee, certified that the following data included in the accompanying financial statements were complete and accurate.

	<u>November 6,</u> 2023	<u>December 31,</u> 2022
Mutual funds	\$ -	\$ 12,813,102

NOTE 5: FAIR VALUE MEASUREMENTS

The Financial Accounting Standard Board (“FASB”), Accounting Standards Codification (“ASC”) 820, “*Fair Value Measurement and Disclosures*”, provided the framework for measuring fair value. The framework for measuring fair value provided a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gave the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - inputs to the valuation methodology were unadjusted quoted prices for identical assets or liabilities in active markets that the Plan could access at the measurement date.

Level 2 - inputs other than quoted market prices included within Level 1 that were observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability had a specified (contractual) term, the Level 2 input must have been observable for substantially the full term of the asset or liability.

Level 3 - inputs that were unobservable for the asset or liability.

The asset’s or liability’s fair value measurement level within the fair value hierarchy was based on the lowest level of any input that was significant to the fair value measurement. Valuation techniques used needed to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2022. There were no assets at fair value at November 6, 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan were open-end mutual funds that were registered with the Securities and Exchange Commission. These funds were required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

**JOUNCE THERAPEUTICS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 5: FAIR VALUE MEASUREMENTS (CONTINUED)

Common/collective trust: Valued at the NAV of units of a collective trust. The NAV, as provided by the fund manager, was used as a practical expedient to estimate fair value. The NAV was based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it was determined to be probable that the fund would sell the investment for an amount different from the reported net NAV.

The preceding methods described may have produced a fair value calculation that may not have been indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believed its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could have resulted in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments measured at fair value:				
Mutual funds	\$ 12,813,102	\$ -	\$ -	\$ 12,813,102
Total investments at fair value	<u>\$ 12,813,102</u>	<u>\$ -</u>	<u>\$ -</u>	12,813,102
Investments measured at net asset value (a):				
Common/collective trusts				<u>156,658</u>
Total investments at fair value				<u>\$ 12,969,760</u>

(a) In accordance with Subtopic 820-10, the common/collective trust that was measured at NAV per share had not been classified in the fair value hierarchy. The fair value amounts presented in this table were intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair Value of Investments in Entities that Use NAV: The following table summarizes the common/collective trust measured at fair value based on NAV per share as of December 31, 2022:

<u>Investment</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Other Redemption Restrictions</u>	<u>Redemption Notice Period</u>
Reliance Metlife Series	\$ 156,658	None	Daily	None	*

* The redemption notice period is daily at the participant level and at least 30 days at the Plan level.
