Disclaimer of Opinion

We do not express an opinion on the financial statements of Army and Navy Academy Retirement Plan referred to in the first paragraph. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Army and Navy Academy Retirement Plan does not have sufficient accounting records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Army and Navy Academy Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of Army and Navy Academy Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Army and Navy Academy Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investment purposes is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

ARMY AND NAVY ACADEMY RETIREMENT PLAN

Notes to Financial Statements

Note 1. Nature of the Plan and Significant Accounting Policies

Description of the Plan

The following description of Army and Navy Academy Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan agreement is available to all participants upon request at the Plan's administrative office.

General – The Plan was established on June 1, 1995 to help its employees meet their long range financial goals through the accumulation of funds during their career with Army and Navy Academy (the School).

Contributions – The Plan provides for three different types of contributions: voluntary employee contributions, employer matching contributions, and employer discretionary contributions. Generally, all employees regularly scheduled to work at least 20 hours per week are eligible to participate in the Plan. An eligible employee may elect to make voluntary employee contributions to the Plan at any time after employment commences.

In order to receive the employer matching contributions, an eligible employee must first complete one month of service. The employer discretionary contribution is made to all eligible employees of the School as of the last day of the plan year. To be eligible for the employer discretionary contribution the employee must have completed at least 1,000 hours of service and have their contract renewed for the next fiscal year.

All employee contributions to the Plan are subject to certain limitations and are immediately 100% vested. Employer contributions are vested based on years of service as noted in the plan document.

Participant Accounts – Each participant's account is credited with its contribution and an allocation of Plan earnings. Allocations are based on account balances. The benefits to which a participant is entitled are the benefits that can be provided from his/her account. Participants direct their own accounts.

Vesting – Participants are vested immediately in the employee contributions. If a participant's employment with the company changes for any reason other than retirement, permanent disability or death, he or she will vest in the balances of his or her account for employer contributions based on total years of service with the company. Participants vest 25% per year of service starting in year two and are 100% vested after 5 years of service. Participants hired prior to August 1, 2011, have been grandfathered in and are 100% vested in the employer contributions plus actual earnings thereon.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest rates of 4.25% to 9.25%. The outstanding balance includes loans with maturity dates through July 2028. Principal and interest is paid ratably through payroll deductions. The outstanding loan balance at August 31, 2023 and 2022, was \$62,615 and \$54,457 respectively.

Payments of Benefits – Benefits are payable upon a participant's termination from employment at the School, a participant's death, permanent disability, or normal retirement (age 59½). Benefit payments must begin no later than April 1st of the calendar year following the year of retirement or when the participant reaches age 70½. Benefits paid will be equal to the balance in the participant's account and may be paid as a lump sum or as an annuity. In addition, a participant who demonstrates an immediate and heavy financial need can obtain a hardship withdrawal.

Forfeitures – Forfeitures are used to reduce employer contributions. There were forfeitures totaling \$4,559 that were used toward employer contributions for the year ended August 31, 2023.

Notes to Financial Statements

Significant Accounting Policies

Basis of Accounting – The accounting records of the Plan are maintained using the accrual basis of accounting.

Use of Estimates – The preparation of financial statements, in conformity with generally accepted accounting principles, requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fixed annuity insurance contracts are presented at contract value which represents a reasonable estimate of fair value as determined by a person or persons believed by the plan administrator to be competent to make such valuation. See Note 3 for discussion of fair value measurements.

The net appreciation in fair value of investments presented in the statement of changes in net assets includes the Plan's gains and losses on investments bought and sold during the year as well as the change in value of investments held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of August 31, 2023 or 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits – Benefits are recorded when paid.

Operating Expenses – The School pays all costs and expenses incurred in connection with the operations of the Plan, except for those fees deducted by the plan custodians. Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and thus are not separately disclosed in the accompanying financial statements.

Subsequent Events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at that date, including the estimates inherent in the process of preparing financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits, but arose after that date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through March 7, 2024 which is the date the financial statements are available for issuance, and concluded that there were no events or transactions that needed to be disclosed.

Notes to Financial Statements

Note 2. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at August 31, 2023 and 2022, and net appreciation in fair value of investments, dividends and interest income on notes receivable from participants for the year ended August 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, Newport Trust Company, Lincoln Investment Planning LLC agent for UMB Bank N.A., and Variable Annuity Life Insurance Company (VALIC) (the custodians of the Plan). Investment and notes receivable from participants information is summarized as follows:

	2023	2022
Total investments	\$ 5,934,000	\$ 5,071,332
Notes receivable from participants	\$ 62,615	\$ 54,457

Changes in net assets certified by the custodians and not audited for the year ended August 31, 2023, include the following:

Net appreciation in value of investments	\$ 377,398
Dividend income	\$ 135,478
Participant loan interest	\$ 2,590

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Annuities held by Lincoln Investment Planning LLC and Variable Annuity Life Insurance Company (VALIC) are valued at amortized cost.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at August 31, 2023 and 2022.

Registered investment companies (mutual and money market funds): Valued at the daily price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

ARMY AND NAVY ACADEMY RETIREMENT PLAN

Notes to Financial Statements

The following table sets forth by level, with the fair value hierarchy, the Plan's investments at fair value as of August, 2023 and 2022:

	Assets at Fair Value as of August 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 5,638,062	\$ -	\$ -	\$ 5,638,062

	Assets at Fair Value as of August 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,792,581	\$ -	\$ -	\$ 4,792,581
Money market	170,819	-	-	170,819
Total assets at fair value	<u>\$ 4,963,400</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,963,400</u>

Note 4. Investments at Contract Value (Guaranteed Investment Contract with Insurance Company and Annuity Contracts)

The Plan entered into a fully benefit-responsive investment contract with Lincoln Investment Planning LLC and Variable Annuity Life Insurance Company (VALIC), the companies maintain the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contracts issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. The guaranteed investment contracts are presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Lincoln Investment Planning LLC and Variable Annuity Life Insurance Company (VALIC) represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The value of the investment contracts at August 31, 2023 and 2022, was \$116,574 and \$107,932 respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a bi-annual basis for resetting.

The Plan's investments at contract value as of August, 2023 and 2022:

	2023	2022
Annuity contracts		
VALIC (AIG) annuity contracts	\$ 112,270	\$ 104,039
Lincoln annuity contracts	4,304	3,893
Total annuity contracts	116,574	107,932
Total investments at contract value	<u>\$ 116,574</u>	<u>\$ 107,932</u>

ARMY AND NAVY ACADEMY RETIREMENT PLAN

Notes to Financial Statements

Certain events may limit the ability of the Plan to transact at contract value. Such events include (1) amendments to the Plan documents (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participant are probable of not occurring.

The guaranteed investment and annuity contracts do not permit the insurance companies to terminate the agreement prior to the scheduled maturity date.

Note 5. Party-In-Interest Transactions

Fees – Plan investments include annuity contracts and shares of registered investment company funds managed by Principal Trust Company, Newport Trust Company, Lincoln Investment Planning LLC, and Variable Annuity Life Insurance Company (VALIC). Principal and Newport Group (Vanguard) are the custodians of the majority of assets as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. For the period ended August 31, 2023, fees paid by the Plan for investment management and recordkeeping services were \$22,882. (AIG) Valic and Lincoln had no discernible fees for the year ended August 31, 2023.

Note 6. Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the Code). The plan administrator and the plan's tax counsel believe the terms of the Plan have been prepared to conform with the written plan requirements of Regulation 1.403(b)-3 of the Code. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of Employee Retirement Income Security Act of 1974 (ERISA).

Note 8. Risks and Uncertainties

Concentration of credit risk - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

There were no differences in amounts reported in the Plan's financial statements and the Form 5500 as of and for the year ended August 31, 2023.
