Independent Auditor's Report

Retirement Plan Committee
Genuine Cable Group 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Genuine Cable Group 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter-Plan Transfer In

As discussed in Note 1 to the financial statements, senior management of EIS Buyer, LLC authorized on January 21, 2021, to spin-off the assets of the EIS 401(k) Plan attributable to employees of Genuine Cable Group, LLC (the Plan's Sponsor) into the Genuine Cable Group, LLC 401(k) Plan effective January 25, 2021. All account balances of participants from Genuine Cable Group, LLC were transferred to the Plan on January 25, 2021. Our opinion has not been modified with respect to this matter.

As discussed in Note 10 to the financial statements, Genuine Cable Group, LLC authorized on September 29, 2023, to merge the Paige Electric Co., L.P. 401(k) Profit Sharing Plan into the Genuine Cable Group, LLC 401(k) Plan effective January 1, 2024. All assets of Paige Electric Co., L.P. 401(k) Profit Sharing Plan were transferred to the Plan on January 11, 2024. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Genuine Cable Group 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Genuine Cable Group 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan that provides retirement benefits for all eligible employees of Genuine Cable Group, LLC (the Sponsor or the Company), as defined. Prior service from acquired participating employers are included in determining eligibility. The Plan does not cover union employees, nonresident aliens, leased employees, residents of Puerto Rico, temporary employees, seasonal employees, or independent contractors. Employees are eligible to participate in the Plan immediately upon completing two months of service and attaining the age of 18. Eligible employees can enter the Plan on the first day of the month coinciding with or next following completion of eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On January 25, 2021, the account balances of participants from the Company totaling approximately \$15,600,000 were distributed from the EIS 401(k) Plan and transferred to the Plan.

Contributions: Participants may contribute up to 75% of pretax annual compensation, as defined in the Plan. Participants are also permitted to contribute Roth after-tax deferrals to the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Sponsor makes safe harbor matching contributions in an amount not to exceed 4.5% of a participant's compensation. The Sponsor's contribution percentage is 100% of the first 3% of compensation and 50% of the next 3% of compensation. The Sponsor may also make additional discretionary match contributions to the Plan. There were no discretionary match contributions for the year ended December 31, 2021. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Investment options: Upon enrollment in the Plan, participants may direct contributions in whole percent increments in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Participant accounts: Each participant's account is credited with participant-directed contributions, Company contributions, rollover contributions and allocations of plan earnings and administrative expenses. Allocations are based on participant earnings or the participant's account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Vesting: Participants are vested immediately in their deferral and rollover contributions plus actual earnings thereon. Participants are 100% vested in the Sponsor's contributions plus actual earnings thereon after two years of continuous service. Participants are 100% vested immediately upon death or total and permanent disability. Prior service from acquired participating employers are included in determining vesting.

Genuine Cable Group 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Payment of benefits: On termination of service, death, hardship or retirement, participants may elect to receive the value of their accounts in the form of a lump sum equal to the value of the participant's vested amount in his or her account. Partial withdrawals are also allowed under the Plan. Distributions may also be made from the Plan in cases of financial hardship as defined in the Plan agreement. In addition, participants over age 59½ may withdraw all or a portion of their vested account balance while still employed. Participants over age 72 are required to receive minimum annual distributions as required in the Plan document. Account balances less than \$5,000 at date of termination are paid in a lump sum upon termination.

Forfeitures: Forfeitures are used to reduce future employer contributions or pay Plan expenses. Forfeited nonvested accounts totaled \$8,005 at December 31, 2021. During 2021, \$4,712 was used to pay Plan expenses, and no forfeitures were used to reduce employer contributions.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 (reduced by the excess, if any, of the participant's highest outstanding balance of loans from the Plan during the one-year period ending on the date on which such loan is made, over the participant's outstanding balance of loans from the Plan as of the date such loan is made) or 50% of their vested account balance. Participants may have only two loans outstanding at any given time. Loan terms may not exceed five years unless used for the purchase of a participant's primary residence, in which case the repayment period may not exceed 30 years. The loans are collateralized by the balance in the participant's account and bear interest at a reasonable rate based on the prevailing interest rates charged for similar loans at the time of loan origination. Interest rates range from 3.25% to 6.50% on outstanding loans. Principal and interest are paid ratably through payroll deductions.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisor. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Genuine Cable Group 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan.

Payment of benefits: Benefits are recorded when paid.

Admin expenses: Certain administrative expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Administrative expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of distributions to participants, administrative fees of those who are no longer Company employees and fees for recordkeeping services are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through February 19, 2024, the date the financial statements were available to be issued.

Note 3. Information Certified by Reliance Trust Company (Trustee)

The following is a summary of the Plan's asset and income information as of December 31, 2021, and for the year then ended, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Reliance Trust Company, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets and income as of December 31, 2021:

Shares of registered investment companies, at fair value	\$ 30,092,294
Notes receivable from participants	410,103
Net appreciation in fair value of investments	1,041,831
Interest and dividends	557,742
Interest income on notes receivable from participants	13,208

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021.

	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 30,092,294	\$ -	\$ -	\$ 30,092,294

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. There were no transfers between levels during 2021.

Note 5. Related-Party and Party-in-Interest Transactions

The Plan's investments are held and managed by Reliance Trust Company, the trustee. Transamerica Retirement Solutions provides recordkeeping services to the Plan. These transactions qualify as party-in-interest. Administrative expenses paid by the Plan to Transamerica Retirement Solutions were \$40,933 for the year ended December 31, 2021.

Note 5. Related-Party and Party-in-Interest Transactions (Continued)

Certain employees of the Company provide administrative services to the Plan. The employees are not compensated by the Plan for these services. Additionally, the Company pays certain other administrative expenses on behalf of the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7. Tax Status

Effective January 1, 2021, the Plan adopted a non-standardized form of a prototype plan sponsored by Transamerica Retirement Solutions, LLC. The prototype plan has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500:

Net assets available for benefits per the financial statements	\$ 30,542,456

Note 10. Subsequent Events

On September 29, 2023, Plan management approved a resolution to merge the Paige Electric Co., L.P. 401(k) Profit Sharing Plan (Paige Plan) into the Plan, effective January 1, 2024. On January 11, 2024, the account balances of participants from the Paige Plan totaling approximately \$18,360,000 were distributed from the Paige Plan and transferred to the Plan. Effective January 1, 2024 the Plan was amended to make special exceptions for Paige employees to ensure protected benefits were not reduced as part of the merger. These include: (1) non-elective contributions are 100% vested for employees made while participating in the Paige Plan, (2) employees of Paige Electric Co., L.P. currently receiving distributions in installments will continue to receive such installment payments, (3) in-service distributions for participants over age 59.5 can be made from all accounts regardless of the vesting service, and (4) eligibility age and service requirements are waived for employees of Paige Electric Co., L.P. employed by the Plan Sponsor on January 1, 2024.
