Plan Administrator
Delta Electrical 401(k) and Profit Sharing Plan
Jackson, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Delta Electrical 401(k) and Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Delta Electrical 401(k) and Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2022, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Delta Electrical 401(k) and Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Delta Electrical 401(k) and Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Delta Electrical 401(k) and Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Delta Electrical 401(k) and Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Compiled 2021 Financial Statement

Plan management is responsible for the accompanying financial statement of the Delta Electrical 401(k) and Profit Sharing Plan, which comprises the statement of net assets available for benefits as of December 31, 2021, and the related notes to the financial statement in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement, nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2021 financial statement.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sincerely,

ATA, PLLC

DELTA ELECTRICAL 401(k) AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 1 – PLAN ADMINISTRATION AND DESCRIPTION

The following brief description of the Delta Electrical 401(k) and Profit Sharing Plan is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

A. General

The Plan is a defined contribution plan covering all employees of Delta Electrical, Inc., Townsend Systems, LLC, and Coltek Services, LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All employees, excluding union employees, nonresident aliens, and employees of Townsend Door and Hardware, LLC, are eligible to participate in the Plan after attaining age 18 and completing 1,000 hours of service during their first year of employment. Participants enter the plan the following March 1st or September 1st after meeting the eligibility requirements.

B. Contributions

Each participant may contribute up to the maximum percentage allowed by the IRS for the plan year (January 1 to December 31). The Company will make an employer 3% non-elective safe harbor contribution for all eligible participants. The employer may make a discretionary non-elective contribution in addition to the safe harbor contribution. For the year ended December 31, 2022 the employer made a discretionary non-elective contribution of \$300,000.

C. Participants' Accounts

Each participant account is credited with the participant's contribution and allocation of the Company's contribution and plan earnings. Allocations are based on participant compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

D. Vesting

Participants are immediately vested in their contributions and the non-elective safe-harbor contribution plus actual earnings thereon. Vesting in the Company's discretionary non-elective contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Employer contributions are vested as follows:

<u>Years of Service</u>	<u>Discretionary Non-Elective Contribution Percent Vested</u>
0	0
1	20
2	40
3	60
4	80
Over 4	100

E. Payments of Benefits

On termination of service, a participant will receive a lump-sum or partial withdrawal amount equal to the value of the balance in his or her account. Employees who have attained age 59 ½ may make an in-service distribution.

DELTA ELECTRICAL 401(k) AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2022

F. Payment of Plan Expenses

The Plan permits the employer to pay plan expenses.

G. Investment Options

Plan participants are permitted to direct their employee and employer match contributions into several separate pooled separate accounts and an unallocated insurance contract maintained by Ameritas Life Insurance Corp.

H. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, the interests of all participants and beneficiaries accrued to the date of the termination become non-forfeitable.

I. Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to reduce future employer contributions. Forfeitures used during the year ended December 31, 2022 were \$182.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Method of Accounting

The financial statements are prepared on the accrual method of accounting in that revenues are recognized when earned and expenses are recognized when incurred. Allocations of the Plan's assets to the participant accounts include accrued employer match contributions in accordance with the provisions of the plan.

B. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

C. Investment Valuation and Income Recognition

The Plan's investments in pooled separate accounts are stated at fair value based on the value of the underlying mutual funds. The fair values of participant units held by the Plan in pooled separate accounts reflect the quoted redemption values of the separate accounts, as determined by the Plan custodian. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are reported on the ex-dividend date.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis. See Note 8 for additional information.

DELTA ELECTRICAL 401(k) AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2022

D. Income Taxes

Effective February 2, 2021 the Employer adopted the Ameritas Life Insurance Corporation Non-Standardized 401(K) Plan. That Plan received a favorable determination letter as of June 30, 2020. The Plan has been amended since that date in order to remain in compliance with Internal Revenue Code revisions. The Plan qualifies under Internal Revenue Code Section 401(a) and the trust is exempt from federal income taxes. The Company is required to file and does file Form 5500 with the Internal Revenue Service.

E. Subsequent Events

Subsequent events were evaluated through March 19, 2024, which is the date the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

The following is a summary of the information included in the Plan's financial statements and financial schedules for 2022 which were prepared by the custodian of the Plan assets and furnished to the plan administrator. The plan administrator has obtained a certification from the custodian that such information is complete and accurate.

- A) Investments at the beginning and end of the year.
- B) Changes in net assets resulting from investment activities.
- C) Information included in the supplemental schedule of assets (held at end of year).
- D) Information regarding guaranteed insurance contract.

NOTE 4 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 5- FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 – quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, inputs other than quoted prices that are observable for the asset or inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

DELTA ELECTRICAL 401(k) AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2022

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022.

Pooled separate accounts are valued based on the underlying value of the mutual funds.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	<u>Fair Value Measurements:</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>December 31, 2022</u>				
Pooled separate accounts	\$ -	\$ 2,900,602	\$ -	\$ 2,900,602
Total	<u>\$ -</u>	<u>\$ 2,900,602</u>	<u>\$ -</u>	<u>\$ 2,900,602</u>
<u>December 31, 2021</u>				
Pooled separate accounts	\$ -	\$ 2,885,088	\$ -	\$ 2,885,088
Total	<u>\$ -</u>	<u>\$ 2,885,088</u>	<u>\$ -</u>	<u>\$ 2,885,088</u>

NOTE 6 - RELATED-PARTY TRANSACTIONS

Certain plan investments are pooled separate accounts managed by Ameritas Life Insurance Corp. Ameritas Life Insurance Corp. is the custodian as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 7 – TERMINATED PARTICIPANTS

On December 31, 2022, there were no amounts allocated to persons who had elected to withdraw from the plan but had not been paid.

NOTE 8 – GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a traditional fully benefit-responsive guaranteed investment contract with Ameritas Life Insurance Corp. totaling \$28,717 as of December 31, 2022. Ameritas maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 3 percent. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Ameritas, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

DELTA ELECTRICAL 401(k) AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2022

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements for the years ended December 31, 2022 and 2021 to Schedule H of Form 5500:
