INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Lyons Magnus Employees' Retirement Savings Plan
Fresno, CA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Lyons Magnus Employees' Retirement Savings Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2022 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2022 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2022 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2022 Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions and the supplemental schedule of assets (held at end of year) as of and for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2021 Financial Statement

The 2021 financial statement of the Plan was audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the audit of the 2021 financial statement did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. In their report dated January 12, 2023, the predecessor auditors indicated that (a) the amounts and disclosures in the 2021 financial statement, other than those agreed to or derived from certified investment information, was presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statement related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirement of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets to the requirements or ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN

The following description of Lyons Magnus Employees' Retirement Savings Plan ("Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Lyons Magnus, LLC dba Lyons Magnus ("Company" or "Employer") to provide benefits to eligible employees, as defined in the plan document. The Plan was established in 1989 and is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), and subsequent laws.

Plan administration

The Company is the Plan Administrator. The Company has designated the 401(k) Retirement Plan Committee ("Committee") to oversee plan operations and carry out the duties imposed by ERISA. The Committee has delegated certain responsibilities for the operation and administration of the Plan to a third-party administrator. Effective October 29, 2022, custodial services are provided by Empower Trust Company, LLC ("ETC") and Empower Annuity Insurance Company of America ("EAIC"), as attorney-in-fact for Massachusetts Mutual Life Insurance Company ("MassMutual"). An affiliate of ETC provides recordkeeping services to the Plan. Prior to October 29, 2022, Reliance Trust Company ("RTC") and EAIC served as the custodians.

Eligibility

The Plan covers substantially all employees of the Company except union employees covered by a collective bargaining agreement, interns, seasonal workers, special project employees, leased employees, certain nonresident aliens and those individuals not reported on the payroll records of the Company as a common law employee. Employees, who are at least age 18, may participate in the Plan after completing one month of service, as defined in the plan document. Participants become eligible to receive Company matching contributions after completing six months of service and participants become eligible to receive Company profit sharing contributions after completing one year of service, as defined in the plan document.

Contributions

Each year, participants may contribute up to 90% of their eligible pre-tax or after-tax (as Roth contributions) compensation, as defined by the plan document, up to the maximum annual amount allowed by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Eligible employees are automatically enrolled in the Plan at 4% of their eligible pre-tax compensation unless they affirmatively opt-out of participating in the Plan. In addition, deferrals are automatically increased annually by 1%, up to a maximum auto-deferral of 6%, unless elected otherwise by the participant.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of contributions to their respective accounts into the investment options offered by the Plan.

Lyons Magnus Employees' Retirement Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

The Company is also permitted to make discretionary matching and profit-sharing contributions to the Plan. For the year ended December 31, 2022, the Company made matching contributions equal to 60% of participant deferrals, up to a maximum of 60% of 6% of a participant's deferred eligible compensation, for a total of approximately \$1,402,000. The Company did not make any profit-sharing contributions to the Plan for the year ended December 31, 2022.

Participant accounts

Each participant's account is credited with the participant's contributions, Company contributions, if any, and plan earnings. Accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant deferrals, earnings, account balances, or specific participant transactions, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants direct the investment of their account into various investment options offered by the Plan.

Vesting

Participants are immediately 100% vested in their elective contributions plus earnings thereon. Participants vest in the Company contributions ratably over four years of credited service, as defined in the plan document. Participants become immediately 100% vested in their account balance in the event of death or disability.

Forfeitures

Forfeitures are the nonvested portion of a participant's account that are lost upon termination of employment. Forfeitures are retained in the Plan, and are used to pay the Plan's administrative expenses, or to reduce Company contributions. As of December 31, 2022 and 2021, total forfeitures included with Plan assets were approximately \$35,000 and \$69,000, respectively. During 2022, forfeitures of approximately \$66,000 were used to reduce Company contributions for plan year 2021.

Notes receivable from participants

Participants may borrow from their account a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable from participants ("participant loans") are issued by the Plan and secured by the balance in the participant's account. Participant loans must be repaid within five years, unless the participant's loan is used to acquire a primary residence, in which case the repayment period may be longer. Participant loans bear a rate of interest equal to the prime rate plus 1%. Principal and interest are generally paid ratably through payroll deductions with payments made each pay period. Outstanding participant loans at December 31, 2022 bear annual interest rates ranging from 4.25% to 8.50% and mature at various dates through November 2027.

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, disability or death. The Plan permits in-service and hardship withdrawals under certain conditions, as described in the plan document. Unless affirmatively elected otherwise by the participant, if a participant's vested account balance is less than \$5,000 upon termination, the balance may be automatically rolled over into an individual retirement account, preselected by the Plan. If a participant's vested account balance is greater than \$5,000, the participant may consent to either a distribution from the Plan or postpone payment to a later date and remain in the Plan, as described in the plan document.

Excess contributions payable

Excess contributions payable represents amounts refunded to participants after year end to comply with regulatory contribution limitations or compliance testing.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the change therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions are separated from a participant's pay by the Employer, which is the pay date. Employer contributions, if any, are recorded in the year earned to coincide with the year the Employer records the contributions in its financial statements. Rollover contributions from participants are recorded based on the date the contributions are received by the Plan.

Investment valuation

The Plan's investments are reported at fair value and contract value. EAIC certifies the contract value of the Plan's investment in the SAGIC Core Bond Fund, which is a fully benefit-responsive investment contract. ETC and RTC certify the fair value of all other investments.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan. See Note 8.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. See Note 4.

Income recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Participant loans are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded on an accrual basis. Delinquent notes receivable are reclassified as distributions upon the occurrence of a distributable event based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of benefits

Benefits are recorded when paid.

Lyons Magnus Employees' Retirement Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

Administrative expenses

Certain administrative expenses of the Plan were paid directly by the Company for the year ended December 31, 2022. The Plan is not expected to reimburse the Company for these expenses. Investment fees, which may vary according to the individual investment options selected, are paid out of the assets of the Plan.

Reclassification

Certain amounts from the prior year statement of net assets available for benefits have been reclassified, in order to conform to the current year presentation.

Subsequent events

The Plan has evaluated subsequent events through March 26, 2024, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information was certified as complete and accurate by ETC, EAIC, and RTC, and was not subjected to any auditing procedures performed by the independent auditors:

- Investments and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021.
- Net depreciation in fair value of investments, dividend and interest income, and interest income on notes receivable from participants reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.
- Investments and notes receivable from participants reflected on the Schedule of Assets (Held at End of Year).

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

- Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.
- Level 2 - inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Lyons Magnus Employees' Retirement Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value on a recurring basis. There have been no changes in the methodology used as of December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the funds. The funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 37,426,399	\$ -	\$ -	\$ 37,426,399
Investments, at fair value	<u>\$ 37,426,399</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 37,426,399</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 45,290,497	\$ -	\$ -	\$ 45,290,497
Investments, at fair value	<u>\$ 45,290,497</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 45,290,497</u>

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

6. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined by ERISA as any fiduciary of the Plan, any party rendering services to the Plan, the Company, and certain others. Certain Plan investments are managed by EAIC, an affiliate of ETC and the recordkeeper. Also, the Company pays certain expenses on behalf of the Plan. These transactions, including fee offset agreements, qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

Lyons Magnus Employees' Retirement Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

7. TAX STATUS

The Plan obtained its latest determination letter on June 27, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter, which expired on January 31, 2019. The Plan Administrator has not yet received a determination letter for the amended and restated Plan. The Plan Administrator believes that the Plan currently is designed and is being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan continues to qualify under IRC Section 401(a), and the related trust continues to be tax exempt as of December 31, 2022. Therefore, no provision for income taxes is included in the plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognizes a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. GUARANTEED INVESTMENT CONTRACT

The Plan has an investment in the MassMutual SAGIC Core Bond Fund (the "Fund") which is a market value separate account investment option with a general investment account guarantee that provides a stated rate of return. The contract maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Fund issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. This contract is a single group annuity contract with a fixed rate of interest; therefore, the average yields are equal to the crediting interest rate.

Because the Fund is a fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Fund. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan's investment in the Fund totaled \$8,457,603 and \$8,325,303 at December 31, 2022 and 2021, respectively.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer and is reset on a semiannual basis and will never be less than the guaranteed minimum interest rate.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan document (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investments options or deletion of equity was provisions, (3) bankruptcy of the Company or other Company events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The GIA does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Lyons Magnus Employees' Retirement Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants would become fully vested in their account balances in the event the Plan is terminated.
