INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees,
Plan Administrator, and Plan Participants,
Francis Parker School of Louisville, Inc. Retirement Plan
Louisville, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Francis Parker School of Louisville, Inc. Retirement Plan (formerly St. Francis School Retirement Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Francis Parker School of Louisville, Inc. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of June 30, 2023 and 2022, and for the year ended June 30, 2023 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Francis Parker School of Louisville, Inc. Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Francis Parker School of Louisville, Inc. Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Francis Parker School of Louisville, Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Francis Parker School of Louisville, Inc. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – schedule of assets (held at end of year) as of June 30, 2023, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

FRANCIS PARKER SCHOOL OF LOUISVILLE, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of the Francis Parker School of Louisville, Inc. Retirement Plan (the Plan) (formerly St. Francis School Retirement Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Francis Parker School of Louisville, Inc. (the Employer) (formerly St. Francis School, Inc.) on January 1, 1980 and restated on July 1, 2016 and February 14, 2020, covering all eligible employees of the Employer. Employees must be at least 21 years of age to participate in Plan and receive Employer contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees of the Employer is responsible for oversight of the Plan. The Finance Committee of the Board of Trustees determines the appropriateness of the Plan's investment offerings and monitors investment performance. Effective February 1, 2021, the Plan was amended to expand in-service distributions and implement an immediate entry date for employee and employer contributions. Effective July 1, 2022, the Plan was amended to change the plan name and the Employer.

Contributions

Each year, participants may elect to contribute up to the maximum legal limit, as determined by the Internal Revenue Service (IRS), of pre-tax annual compensation as defined in the Plan. Participants who have attained age 50 by the last day of the plan year may elect to contribute additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Employer will make a matching contribution on behalf of each participant in an amount equal to 100 percent of participant's pre-tax elective contributions up to five percent of the participant's eligible compensation.

Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Employer's matching contributions, as well as an allocation of Plan earnings. Participant accounts are charged an administrative expense attributable to a participant's use of a particular plan service. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's matching contribution and actual earnings thereon is based on years of continuous service. A participant is 100% vested after three years of credited service as described in the following schedule:

<u>Year of Service</u>	<u>Vested Percentage</u>
Less than 3 years	0%
3 years or more	100%

Upon termination, the amount of a participant's account not vested is forfeited.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear market interest rates. A participant may only have one loan outstanding at any given time. Principal and interest is paid ratably through payroll deductions not to extend beyond a period of five years. Loans to acquire a principal residence of the participant shall not extend beyond a period of 15 years.

Previously, participants could also request a plan loan based on the vested value of their individual accounts. These loans were issued directly by TIAA and CREF to the participant. The loans were secured by the balance in the participant's investments. No funds were withdrawn from the participant's account unless the participant defaulted on the loan and incurred a distributable event. See Note 10.

Collateralized loans through TIAA and CREF are no longer available to plan participants. All loan requests must be submitted to the Plan and funded by the Plan.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump sum, installment or annuity in the amount equal to the value of the participant's vested interest in his or her account.

CARES Act Provisions

The Coronavirus, Aid, Relief and Economic Security (CARES) Act allowed the Employer to temporarily provide expanded retirement plan options to employees who have been impacted by the COVID-19 pandemic. The Employer adopted the provisions related to distributions and loans.

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description (Continued)

CARES Act Provisions (Continued)

For the period March 27, 2020 through December 31, 2020, participants were eligible to receive a coronavirus-related distribution of up to \$100,000 from their vested account balance without a 10% early withdrawal penalty. Coronavirus-related distributions may be repaid within three years. These repayments will be treated as tax-free rollovers into the participant's account. Participants had to satisfy eligibility requirements to receive the coronavirus-related distribution.

Forfeited Accounts

Forfeitures can be reallocated to reduce future employer contributions as defined by the plan document. For the year ended June 30, 2023, the Plan used \$36,930 to reduce employer contributions. As of June 30, 2023 and 2022, there were \$4,197 and \$34,928 of forfeited nonvested accounts, respectively.

Note 2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for certain fixed annuity contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Finance Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS

Note 2. Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of June 30, 2023 and 2022.

Payment of Benefits

Benefits paid to participants are recorded when paid. Under the rules for preparation of Form 5500, the Plan's Form 5500 will reflect an accrual for the amount to be paid to participants who withdrew from the Plan prior to year-end, and who had requested a distribution which was approved but not yet paid at plan year end, if any. There were no unpaid distributions as of June 30, 2023 and 2022.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. The Employer does not intend to request a reimbursement from the Plan for these costs. Fees related to the administration of benefits paid by participants and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Plan management has evaluated subsequent events through January 31, 2024, the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

Note 3. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held as of June 30, 2023 and 2022, and net appreciation in fair value of investments, dividends and interest for the year ended June 30, 2023, was obtained or derived from information supplied to the plan administrator and certified as completed and accurate by Teachers Insurance and Annuity Association (TIAA) and College Retirement Equities Fund (CREF) (TIAA and CREF) and Capital Bank and Trust Company (CB&T), the custodians of the Plan. The following table sets forth the certified information as of June 30, 2023 and 2022 and for the year ended June 30, 2023:

	<u>2023</u>	<u>2022</u>
Investments:		
Investments, at fair value	\$ 9,834,785	\$ 8,709,446
Investments, at contract value	35,895	75,763
Notes receivable from participants	25,511	9,231
Additions to net assets attributable to:		
Net appreciation in fair value of investments	842,993	
Dividends	225,273	
Interest	43,152	
Interest income on notes receivable from participants	764	

Note 4. Fair Value Measurements

U.S. GAAP provides a framework for fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The methodology for measuring fair value specifies a three-tier hierarchy of valuation techniques based upon whether the inputs to those valuation techniques are based on quoted prices of identical assets or liabilities (Level 1), significant other observable inputs (Level 2), or significant other unobservable inputs that reflect the Plan's own assumptions of market participant valuation (Level 3).

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

All financial assets and liabilities as of June 30, 2023 and 2022, except for certain fixed annuity contracts, are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement date.

NOTES TO FINANCIAL STATEMENTS

Note 4. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. All assets have been valued using a market approach. There have been no changes in methodologies used as of June 30, 2023 and 2022.

Fixed annuity contracts - are fixed rate annuity contracts, which are non-benefit responsive, that are fully and unconditionally guaranteed and backed by the claims-paying ability of the custodian. These contracts are not available for sale or transfer on any securities exchange, accordingly, transactions in similar investment instruments are not observable. The Plan has determined that the fixed annuity contracts are classified within Level 3 of the fair value hierarchy.

Pooled separate accounts - valued at the net asset value (NAV) of units held. NAV is based on the changes in the underlying real estate holdings or other real estate related investments. Real estate holdings are valued principally using external appraisals. As a result, the Plan has determined that the pooled separate account is classified within Level 2 of the fair value hierarchy.

Variable annuity contracts - invests in equity securities, fixed-income instruments and short-term investments in accordance with each portfolio's investment objectives and are valued at the NAV of units held by the Plan at the daily closing price as reported by the fund. The Plan has determined that the variable annuity contracts are classified within Level 1 of the fair value hierarchy. There are no significant unfunded commitments or restrictions on redemption related to these types of investments.

Mutual fund accounts - shares of publicly traded mutual funds are measured at Level 1 since they are valued at NAV which is the published market price in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2023 and 2022:

	Balance at June 30, 2023	Fair value measurements using:		
		Level 1	Level 2	Level 3
Fixed annuity contracts	\$ 908,917	\$ --	\$ --	\$ 908,917
Pooled separate accounts	94,687	--	94,687	--
Variable annuity contracts	2,189,453	2,189,453	--	--
Mutual fund accounts	6,641,728	6,641,728	--	--
Total investments, at fair value	<u>\$ 9,834,785</u>	<u>\$ 8,831,181</u>	<u>\$ 94,687</u>	<u>\$ 908,917</u>

NOTES TO FINANCIAL STATEMENTS

Note 4. Fair Value Measurements (Continued)

	Balance at June 30, 2022	Fair value measurements using:		
		Level 1	Level 2	Level 3
Fixed annuity contracts	\$ 949,839	\$ --	\$ --	\$ 949,839
Pooled separate accounts	142,508	--	142,508	--
Variable annuity contracts	2,457,385	2,457,385	--	--
Mutual fund accounts	5,159,714	5,159,714	--	--
Total investments, at fair value	<u>\$ 8,709,446</u>	<u>\$ 7,617,099</u>	<u>\$ 142,508</u>	<u>\$ 949,839</u>

A reconciliation of the beginning and ending balances of assets measured at fair value using Level 3 inputs follows:

	Fixed Annuity Contracts
Balance as of July 1, 2022	\$ 949,839
Interest	41,341
Sales	(70,588)
Transfers in	63,646
Transfers out	(75,321)
Balance as of June 30, 2023	<u>\$ 908,917</u>

Note 5. Fixed Annuity Contract with Insurance Company

The Plan has a fixed annuity investment contract with TIAA and CREF. Within this contract are sub-contracts, some of which are fully benefit-responsive while others are not. TIAA and CREF maintains those contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Each premium allocated to the fixed annuity investment contract buys a guaranteed minimum amount of lifetime income based on the rate schedule in effect at the time the premium is credited. The minimum crediting rates for the fixed annuity investment contracts is between 1% and 3% with the potential for additional interest above the guaranteed minimum, which is declared annually.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. The interest rate is reviewed on a quarterly basis for resetting and annually TIAA and CREF's Board of Trustees may approve an additional amount.

NOTES TO FINANCIAL STATEMENTS

Note 5. Fixed Annuity Contract with Insurance Company (Continued)

Certain events limit the ability of the Plan to transact at contract value with TIAA and CREF. Such events include the following: (a) participant-initiated withdrawals or transfer requests directly or indirectly arising out of corporate acts such as spin-offs, divestitures, corporate relocations, layoffs, retirement incentive programs, partial or total plan terminations, or the liberalization of plan withdrawal or transfer rules; or (b) participant-directed transfers from the investment fund in the 90 days preceding the establishment of a competing investment fund; or (c) the termination of the investment fund. Plan management does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants is probable. As of June 30, 2023 and 2022, the Plan held \$35,895 and \$75,763, respectively, in fully benefit-responsive fixed annuity investment contracts.

Note 6. Related Party and Party-in-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as a fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others.

Plan investments are managed by the custodians, TIAA and CREF and CB&T. CB&T is a related party to American Funds. TIAA and CREF and Capital Group Retirement Plan Services (CGRPS) are the record-keepers of the Plan. New Pinnacle Consulting Group, LLC provides certain administrative services to the Plan. Stegner Investment Services, Inc. is the investment advisor of the Plan. Jones, Nale and Mattingly PLC is the independent auditor of the Plan. Each of these service providers are a party-in-interest to the Plan. Custodian and recordkeeper fees not covered under the revenue sharing agreement were \$24,338 for the year ended June 30, 2023. Fees paid by the Employer for administrative and investment advisory services are excluded from these financial statements.

Previously, CGRPS received revenue from mutual fund service providers for services American Funds provided to the funds. This revenue was used to offset certain amounts owed to record-keepers and custodians for their administrative services to the Plan. If revenue received by CGRPS from such mutual fund service providers exceeded the amount owed, CGRPS remitted the excess to the Plan on a quarterly basis. Such amounts could be applied to pay plan administrative expenses, investment advisory fees or allocated to the accounts of the participants. This agreement ended during the year ended June 30, 2022.

As of June 30, 2023 and 2022, unallocated investment credits totaled zero and \$2,532, respectively. During the year ended June 30, 2023, \$2,453 was used to pay recordkeeping expenses.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

NOTES TO FINANCIAL STATEMENTS

Note 8. Tax Status

The Plan document was established and maintained under section 403(b) of the Internal Revenue Code (IRC). Effective February 14, 2020, the employer adopted a 403(b) volume submitter plan which has received a favorable advisory letter dated August 7, 2017 from the IRS stating that the volume submitter plan is designated to qualify as being exempt from federal income taxes. The plan documents were designed to qualify under IRC section 403(b) and were drafted to conform with the requirements of Treasury regulations section 1.403(b)-1. To the extent applicable, the plan documents apply the guidance provided in Revenue Procedures 2007-71. Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities, however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Loans to Participants

Previously, participants were able to request a loan based on the vested value of their individual accounts. These loans were issued directly by TIAA and CREF to the participant. The loans were secured by the balance in the participant's guaranteed investment contract. No funds were withdrawn from the participant's account unless the participant defaulted on the loan and incurred a distributable event.

Loans could range from a minimum of \$1,000 to a maximum equal to the lesser of \$50,000 or 50 percent of the participant's pre-tax and rollover contributions. Loan terms ranged from 1-5 years but could be longer if the loan was made for the purchase of the participant's primary residence. The loans bore interest as determined by TIAA and CREF and were repaid by coupon payment directly to TIAA and CREF.

As of June 30, 2023 and 2022, zero and \$31,801 of participants' balances served as security for the outstanding loans, respectively.

TIAA and CREF considered a loan to be in default a full quarter after the quarter-close when the last payment was received, at which point it would be treated as a taxable distribution to the participant. As of June 30, 2023 and 2022, there were no loans in default.
