INDEPENDENT AUDITORS' REPORT

To: The Administrative Retirement Committee of
COSSMA, Inc. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the financial statements of COSSMA, Inc. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of August 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of COSSMA, Inc. Retirement Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended August 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE POWER OF BEING UNDERSTOOD
ASSURANCE | TAX | CONSULTING

RSM Puerto Rico is a member of the RSM network and trades as RSM. RSM is the trading name used by the members of the RSM network. Each member of the RSM network is an independent accounting and consulting firm which practices in its own right. The RSM network is not itself a separate legal entity in any Jurisdiction.

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of COSSMA, Inc. Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about COSSMA, Inc. Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of COSSMA, Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about COSSMA, Inc. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of August 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of COSSMA, Inc. Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated June 14, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

COSSMA, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

August 31, 2022 and 2021

1) Plan Description:

The following brief description of COSSMA, Inc. Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

- A) General – The Plan is a Profit Sharing contribution plan, covering all eligible employees of COSSMA, Inc. (the Employer) (Formerly Corporación de Servicios de Salud y Medicina Avanzada) who has completed twelve (12) months of services or a minimum of 1,000 hours of services and have reached the minimum age of twenty-one (21) years old.

The Plan is qualified under Section 1081.01 of the Puerto Rico Internal Revenue Code of 2011 (PRIRC), as amended, and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

- B) Contributions – Employees are not required to contribute any amount in order to participate in the Plan. Under the voluntary participant contribution provisions of the Plan, the participant may elect to contribute on the first day of any month upon becoming eligible to be a participant under the Plan. Upon electing to contribute, the amount shall be not less than 1% nor exceed 10% of compensation, as defined. Participants may also contribute amounts representing distributions from other qualified plans. Pre-tax contributions are limited to \$15,000.

Employer elected not to make matching contributions; however, the Employer reserved the right to make discretionary matching contributions. In addition, the Employer may contribute discretionary profit-sharing contributions. The Plan's discretionary profit-sharing contribution, upon the election of the Employer, can range from 0% to 15% of all eligible compensation. During the years ended August 31, 2022 and 2021, the Employer contribution was 6% of each participant's compensation.

Participants can directly elect to have their contributions and the Employer discretionary contributions to be allocated among various investment options offered by the Plan. Participants may redirect the investment of future contributions or exchange existing balances among available investment options any time throughout the year via password protected internet access.

During the year ended August 31, 2022, the total contributions made by the Employer and participants shall not exceed the lesser of \$58,000 or the total compensation paid by the Employer to the participant during the Plan year. In addition, a participant who has attained age 50 by the end of a calendar year, may elect to make additional voluntary contributions (catch-up contributions). These contributions are limited to \$1,500.

- C) Participant accounts – Individual accounts are maintained for each of the Plan's participants to reflect the participant's and Employer's contributions, as well as the participant's share of the Plan's income and any related expenses. Allocations are based on the proportion that each participant's account balance bears to the total of all participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participants vested accounts.

COSSMA, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS August 31, 2022 and 2021

- D) Vesting – Participants are vested immediately in all of their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts is based on years of continuous service. Participants shall be 100% vested in their account after first becoming eligible for early retirement, retirement, incurring a disability prior to termination, or upon death. Participants who terminate employments for reasons other than retirement, disability, or death shall be vested in their portion of the Employer's contributions and investment earnings according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 full years	0%
2 years less than 3	20%
3 years less than 4	40%
4 years less than 5	60%
5 years less than 6	80%
6 years or more	100%

- E) Loans to participants – Loans to participants are not permitted.
- F) Payments of benefits – Participant accounts are distributable upon termination due to service retirement, death, disability or separation of service. A participant (or participant's beneficiary in the event of death) may elect to receive the participant's vested account balance in a lump-sum distribution or elect an installment form of payment (monthly, quarterly, semi-annual or annual). In addition, participant accounts can be rolled over into an individual retirement account ("IRA") or another qualified plan.
- G) Hardship withdrawals – Participants may withdraw all or part of their vested account balances upon demonstration of a financial hardship subject to the requirements of the Plan. Hardship withdrawals are permitted based on the safe harbor rules.
- H) Administrative expenses – The Employer is responsible for the general administration of the Plan and for carrying out the provisions thereof. The Employer contributions are held and managed by the designated custodian, who manages cash received and interest income and makes distributions. Certain administrative functions are performed by officers or employees of the Employer. No such officers or employees receive compensation from the Plan. All reasonable expenses related to the Plan administration are paid from Plan assets to the extent of those paid by the Employer.
- I) Forfeited accounts – Forfeited balances of terminated participants' non-vested accounts are used to reduce the Plan's administrative expenses or future Employer contributions as further defined by the Plan. The forfeitures account balance as of August 31, 2022 and 2021 were \$32,472 and \$142,412, respectively. For the years ended August 31, 2022 and 2021, \$3,697 and \$4,680 were used to pay administrative expenses, respectively. Additionally, for the year ended August 31, 2022, \$121,988 were used to reduce Employer contributions.

2) Summary of Significant Accounting Policies:

The most significant accounting policies followed by the Plan are summarized below:

- A) Basis of accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.
- B) Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

COSSMA, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

August 31, 2022 and 2021

- C) Investment valuation and income recognition – Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

For investments in mutual funds, that are registered with the Securities and Exchange Commission and collective trust funds, fair value is determined using net asset values (NAV). The NAV per share of investment in mutual funds is published daily and is calculated by each fund based on the market value of the underlying securities within each fund. The NAV per share of investment in collective trusts is calculated daily by taking the fund's total assets (securities, cash and accrued earnings), subtracting the fund's liabilities, and dividing by the number of shares outstanding. The reported values for fully benefit-responsive investment contracts are reported and presented in the statement of net assets available for benefits at contract value. See Note 4 for discussion of fair value measurements.

Collective trust funds are valued based on NAV and thus are not categorized within the fair value hierarchy.

The Plan has a group annuity contract with Empower Retirement that invests contributions in the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund is a general account product. Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year ended. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend rate.

- D) Contributions – Participants' contributions are recorded in the Plan year in which the Employer makes the payroll deductions.
- E) Payment of benefits – Benefit payments to participants are recorded when paid.
- F) Administrative expenses – Certain administrative expenses of the Plan are paid by the Employer as provided in the Plan's Agreement. Expenses that are paid by the Employer are excluded from these financial statements. Certain expenses incurred in connection with the general administration are paid by the Plan and are recorded as deductions in the accompanying statement of changes in net assets available for benefits. Investment related expenses are included in net appreciation (depreciation) of investments.

3) Information Certified by the Custodian:

Plan's asset information as of August 31, 2022 and 2021, and for the year ended August 31, 2022, included throughout the Plan's financial statements and supplemental schedules, was prepared by or derived from information provided by Great-West Trust Company, LLC (the custodian) and furnished to the Plan Administrator.

COSSMA, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

August 31, 2022 and 2021

The Plan Administrator has obtained a certification from the custodian that information provided to the Plan Administrator by the custodian related to the Plan's assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedules related to the following assets:

Information certified by Great-West Trust Company, LLC:

Description	August 31,	
	2022	2021
Mutual funds at fair value	\$ 5,124,292	\$ 5,055,222
Collective trust funds at fair value	\$ 2,508,653	\$ 3,181,803
Guaranteed investment contract, at contract value	\$ 1,224,885	\$ 1,321,619

The custodian also certified the completeness and accuracy of the following information for the year ended August 31, 2022:

Description	Total
Net depreciation on fair value of investments	\$ (1,336,804)
Interests and dividends income	\$ 180,465

4) Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The valuation techniques are based upon observable or unobservable inputs. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's market assumptions. These two types of inputs create the following fair value hierarchy:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

COSSMA, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

August 31, 2022 and 2021

As of August 31, 2022 and 2021, investments in mutual funds registered with the Securities and Exchange Commission and held by the Plan, are considered Level 1 type investments within the fair value hierarchy. Collective trust funds are valued based on NAV and thus are not categorized within the fair value hierarchy.

5) Group Annuity Contract with Great-West Life & Annuity Insurance Company:

The Plan entered in a Group Annuity Contract with Great-West Life & Annuity Insurance Company ("Great-West") through a Fixed Account Fund, a general account product of Great-West that meets the fully benefit-responsive investment contract criteria, and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

The contract value, as reported to the Plan by Great-West, represents (a) contributions made under the contract plus earnings; less (b) the sum of any amounts distributed and administrative fees.

The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate reset quarterly.

There is no guaranteed interest rate under this contract; however, such rate will never be less than 0%. The actual average yields earned by the Plan at August 31, 2022 and 2021 were 0.89% and 0.94%, respectively.

6) Tax Status:

The Plan is intended to be a tax qualified arrangement that complies with the provisions of the Employee Retirement Income Security Act of 1974, as amended, and with the Puerto Rico Internal Revenue Code ("PRIRC") of 2011, as amended. The latest determination letter received from the Puerto Rico Treasury Department was dated July 9, 2020. The Plan Administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the PRIRC.

US GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan Administrator evaluated the tax positions taken by the Plan and concluded that as of August 31, 2022 and 2021, the Plan had maintained its tax exempt status and had taken no uncertain tax positions that would require adjustment or disclosures to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements.

7) Risks and uncertainty:

The Plan's investments are exposed to several risks, such as interest rate fluctuations, market volatility and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the Plan's account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and short-term liquidity associated with certain investments held by the Plan, which could impact the value of investments after the date of these financial statements.

COSSMA, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

August 31, 2022 and 2021

The COVID-19 and the actions taken to mitigate the spread of it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries.

Additionally, a prolonged widespread epidemic could adversely impact global economies and financial markets resulting in an economic downturn that may disrupt the demand for a Plan sponsors goods and/or services. Such disruptions could adversely affect Plan sponsor profitability, cash flows, financial results, and the ability to make required Plan contributions.

8) Party-in-Interest Transactions:

The Key Guaranteed Portfolio ("the Portfolio") is managed by Great-West, who is record keeper of the Plan. Transactions in the Portfolio are considered to be party-in-interest investments and any purchases and sales of these investments are open market transactions at fair market value. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. The Employer is a party-in-interest, as defined by ERISA. There were no prohibited party-in-interest transactions during the year ended August 31, 2022.

9) Plan Termination:

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested and non-forfeitable in their accounts.

10) Subsequent Events:

The Plan Administrator is not aware of any subsequent events, which would require recognition and/or disclosure in the financial statements. The Plan Administrator has evaluated subsequent events through February 7, 2023, the date on which the financial statements were available to be issued.
