**Statement by Enrolled Actuary**

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

**Part I Service Provider Information (continued)**

**3.** If you reported on line 2 receipt of indirect compensation, other than eligible indirect compensation, by a service provider, and the service provider is a fiduciary or provides contract administrator, consulting, custodial, investment advisory, investment management, broker, or recordkeeping services, answer the following questions for (a) each source from whom the service provider received \$1,000 or more in indirect compensation and (b) each source for whom the service provider gave you a formula used to determine the indirect compensation instead of an amount or estimated amount of the indirect compensation. Complete as many entries as needed to report the required information for each source.

| (a) Enter service provider name as it appears on line 2             | (b) Service Codes<br>(see instructions)                                                                                                                            | (c) Enter amount of indirect compensation |

| <b>1</b> Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. <b>Round off amounts to the nearest dollar.</b> MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. ## Independent Auditors' Report

To the Participants and Plan Administrator  
The Furukawa Rock Drill USA Defined Benefit Plan  
Kent, Ohio

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of The Furukawa Rock Drill USA Defined Benefit Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of August 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of August 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audits of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

### **Supplemental Schedules Required by ERISA**

The supplemental schedule of assets (held at end of year) as of August 31, 2023 and the schedules of reportable transactions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# THE FURUKAWA ROCK DRILL USA DEFINED BENEFIT PLAN

## NOTES TO FINANCIAL STATEMENTS

### **Note 1. Description of Plan**

The following description of The Furukawa Rock Drill USA Defined Benefit Plan (the "Plan") is provided for general information only. Information about the Plan agreement, the vesting, and benefit provisions are contained in the Plan document. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### **General**

The Plan is a non-contributory defined benefit plan administered by Furukawa Rock Drill USA, Inc. (the "Company") that covers certain employees of the Company and its affiliates, as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Participation was closed to new entrants effective September 15, 2014. Accordingly, any employee hired after that date is not eligible to participate in the Plan. Participants continue to accrue benefits and years of vesting service after that date. The benefit accruals in the plan are payable to participants when they qualify for retirement or, in certain circumstances, for death or disability benefits.

#### **Pension Benefits**

Active participants are entitled to annual pension benefits beginning at normal retirement age (65) equal to the number of years of credited service earned as of the date the employee ceased to accumulate credited years of service, multiplied by the dollar amount in effect at the time the employee ceased to accumulate credited years of service. The Plan permits late retirement for those employed after normal retirement age. Benefits paid for late retirement will be the greater of: (1) the benefit earned under the benefit formula for that Plan Year or (2) an actuarial adjustment that is required for the commencement of the benefit payments after age 65. The Plan also permits early retirement which is the later of the date when the participant reaches age 55, or the date when the participant reaches 10 years of service. If an employee terminates with at least five years of credited service, accrued benefits with respect to the date of termination are fully vested. Effective for the year beginning September 1, 2024, eligible participants initiating benefits will have the option to receive them in the form of an annuity, as described below, or in a lump-sum.

#### **Qualified Joint and Survivor Annuity**

The Plan generally provides that if a participant is married, the vested accrued benefit will be paid in the form of a Qualified Joint and Survivor Annuity ("QJSA"), unless the present value of the accrued benefit does not exceed \$1,000. A QJSA is an annuity payable to a spouse during the spouse's life after a participant's death, in an amount equal to 55% of the monthly retirement income paid during a participant's life. In addition, there is a Qualified Options Survivor Annuity available in which the benefit payable to a spouse for life after death is equal to 75% of the monthly retirement income paid during a participant's life, subject to actuarial assumptions. However, if written consent of a participant's spouse is obtained, the vested accrued benefit may be paid in an optional form other than a QJSA. The QJSA is the actuarial equivalent of the normal form benefit, which is a single life annuity.

# THE FURUKAWA ROCK DRILL USA DEFINED BENEFIT PLAN

## NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### **Note 1. Description of Plan (Continued)**

#### **Death and Disability Benefits**

Following are the types of benefits paid for death and disability:

Disability Retirements – Upon earning ten years of service, and becoming eligible for total and permanent disability, the unreduced accrued benefit is payable.

Death Benefits – If retirement benefits have not begun at the time of a participant's death and the participant is married at that time, the Plan's death benefit payable to the spouse is a Qualified Preretirement Survivors Annuity ("QPSA"). The amount of the QPSA payable to the spouse is actuarially equivalent to the benefit the spouse would have received under the survivors' benefit portion of a joint and 55% survivors' annuity, based upon the participant's accrued benefit.

If a participant dies before the earliest retirement age, then the QPSA will commence within a reasonable time after the date the participant would have attained the earliest retirement age. If the participant died on or after the earliest retirement age, the QPSA will commence within a reasonable time after the participant's death. If a participant does not have a spouse on the date of death, then no death benefits will be paid from the Plan if retirement benefit payments had not begun at the time of death.

If retirement payments have begun at the time of death, then a participant's spouse or beneficiary will be entitled to the death benefit under the form of benefit that the participant selected.

### **Note 2. Summary of Significant Accounting Policies**

#### **Basis of Accounting**

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

#### **Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

#### **Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

# THE FURUKAWA ROCK DRILL USA DEFINED BENEFIT PLAN

## NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### **Note 2. Summary of Significant Accounting Policies (Continued)**

#### **Benefit Payments**

Benefit payments are recorded when paid to participants.

#### **Expenses of the Plan**

All administrative expenses relating to the operations of the Plan are paid by the Plan or the Company at the Company's discretion.

#### **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions and the actuarial present value of accumulated plan benefits are prepared based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

#### **Subsequent Events**

The Company has evaluated subsequent events through March 21, 2024, which represents the date the financial statements were available to be issued.

### **Note 3. Actuarial Value of Accumulated Plan Benefits**

#### **Actuarial Present Value of Accumulated Plan Benefits**

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the services rendered by employees. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who are deceased, and (c) present employees or their beneficiaries. Benefits payable under all circumstances are included to the extent that they are deemed attributable to employee services rendered to the valuation date.

The actuarial present value of accumulated plan benefits was determined by an independent actuary at September 1, 2022. The present value amount was determined by applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death, disability, withdrawal, or retirements) between the valuation date and the expected date of payment.

#### Actuarial Assumptions

Significant assumptions used by the actuary in determining the actuarial present value of accumulated plan benefits as of September 1, 2022 are as follows:

Benefits are assumed to be paid in the form of Single Life or a Joint and Survivor annuity.

These actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

## NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### **Note 4. Funding Policy**

Contributions are made by the Company in amounts not less than the minimum amounts required under the applicable sections of ERISA and in accordance with the Internal Revenue Code ("IRC"). The determination of such amounts by the independent actuary is based on certain assumptions as described in Note 3. The Plan has met the minimum funding requirements of ERISA for the years ended August 31, 2023 and 2022.

### **Note 5. Plan Termination**

In the event the Plan is terminated, the assets of the Plan would be distributed in accordance with the priorities specified by ERISA. The Company remits premiums to the Pension Benefit Guaranty Corporation ("PBGC") to ensure payment of benefits, up to specified limitations as described in ERISA, which otherwise may not be payable in the event of the Plan's termination. Should this Plan terminate at some future time, its net assets generally will not be available on a pro-rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

### **Note 6. Unaudited Information**

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company ("Principal"), the Custodian of the Plan, has certified to the completeness and accuracy of all investments reflected in the statements of net assets available for benefits at August 31, 2023 and 2022, the schedule of assets (held at end of year) at August 31, 2023, the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended August 31, 2023 and 2022, the schedules of reportable transactions for the year ended August 31, 2023, and investment related information in the accompanying notes to the financial statements. This information has not been audited by independent accountants.

### **Note 7. Fair Value of Financial Instruments**

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for plan assets measured at fair value:

- Mutual funds: Investments in mutual funds are based primarily on their quoted closing market prices in active markets for identical investments and are classified as Level 1.

# THE FURUKAWA ROCK DRILL USA DEFINED BENEFIT PLAN

## NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### Note 7. Fair Value of Financial Instruments (Continued)

- Pooled separate accounts: Investments in the pooled separate accounts are managed by Principal Global Investors. The fair value of investments held in these accounts is based on their reported net asset value ("NAV"). The NAV is based primarily on observable inputs, the market value of the underlying investments, and is classified as Level 2.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used from 2022 to 2023. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level the Plan's assets at fair value as of August 31, 2023 and 2022:

| Assets at Fair Value as of August 31, 2023 |                     |                    |             |                     |

### Note 8. Transactions With Parties-in-Interest

Certain Plan assets are held in pooled separate accounts managed by Principal Global Investors, an affiliate of the Custodian. These qualify as party-in-interest transactions.

### Note 9. Income Tax Status

The prototype document on which the Plan is based has received an opinion letter from the Internal Revenue Service dated March 30, 2018, indicating that the prototype document qualifies under the applicable section of the IRC. Therefore, the plan administrator believes that the Plan and related trust are designed and currently being operated in compliance with the requirements of the IRC, and no provision for taxes has been included in the Plan's financial statements.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of August 31 2023, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements.

## **Schedule SB, Part V – Statement of Actuarial Assumptions/Methods**

### **Overview**

This 2022 Form 5500 Schedule SB for the Furukawa Rock Drill USA Defined Benefit Plan (“Plan”) has been prepared for the Internal Revenue Service, the Department of Labor, and the Pension Benefit Guaranty Corporation. The purpose of this 2022 Schedule SB is to provide reporting of the Plan’s minimum funding and other Plan information as requested to the Department of Labor’s Employee Benefits Security Administration (the “EBSA”), as stated in the instructions to the 2022 Form 5500. This 2022 Schedule SB consists of the three-page Schedule SB form provided by the EBSA and the associated attachments filed concurrently with this form.

This 2022 Schedule SB is signed and dated by Stephen D. Toepke. Mr. Toepke is the responsible actuary for this 2022 Schedule SB for the Plan, and as an Enrolled Actuary and a Fellow of the Society of Actuaries is qualified to issue this 2022 Schedule SB. Mr. Toepke is not aware of any conflict of interest which could potentially impact the objectiveness of this work.

This 2022 Schedule SB may not be relied upon by any other party or for any other purposes than as stated above. The funded status disclosed in this 2022 Schedule SB is produced on the basis discussed in this reporting. In particular, Plan assets and liabilities have been measured as of the September 1, 2022 valuation date according to the data, assumptions and methodologies as discussed in this reporting. Other than as disclosed in this reporting, the responsible actuary is not aware of any subsequent events that would have a material impact on the results published here.

Liabilities shown in this report were determined using actuarial valuation software designed for the specific purpose of modeling pension plan liabilities and costs. In our opinion, except as stated elsewhere in this report, the software is appropriate and produces reasonable results for this purpose.

Future actuarial measurements may differ significantly from the current measurements presented in this report due to a variety of factors. An analysis of the potential range of such future measurements is outside the scope of this report.

### **Nature of Assumptions**

In the opinion of the responsible actuary, except as dictated by IRC section 430 and 436 and the associated Treasury regulations, each actuarial assumption for which the actuary is allowed discretion is reasonable, taking into account the experience of the Plan and reasonable expectations, and which, in combination, represent the responsible actuary’s reasonable estimate of the anticipated experience under the Plan.

Changes in Assumptions  
Since Last Valuation

For funding purposes, the segment rates and mortality assumptions were updated for the 2022 plan year, as required for minimum funding calculations by Treasury regulations under IRC section 430, as modified by MAP-21/HATFA/BBA/ARPA/IIJA legislation.

### Methods

Cost Method

Traditional Unit Credit.

Valuation Assets

Market Value of Assets with gains and losses smoothed over a two-year period. The Actuarial Value of Assets shall not exceed 110% of the Market Value of Assets nor be less than 90% of the Market Value of Assets

Change in Methods Since  
Last Valuation

None

### Assumption Rationale

Interest Rate

For funding purposes, the interest rates are prescribed by statute.

Mortality

For funding purposes, the mortality table is prescribed by statute.

Retirement

Set to the earliest retirement date for unreduced benefits since the plan is too small to develop a credible assumption based on experience. This assumption has not resulted in significant gains or losses in recent years.

Termination and Disability

Based on publicly available tables for populations similar to the Plan population since the plan is too small to develop a credible assumption based on experience. This assumption has not resulted in significant gains or losses in recent years.

| Actuarial Valuation System   | Liabilities shown in this report were determined using third-party actuarial valuation software. This software is designed for the specific purpose of modeling pension plan liabilities and costs and is the standard pension valuation software used by Gallagher Benefit Services, Inc. The results in this report are based on various inputs into the software model, including the plan provisions and assumptions shown in this report, and demographic and financial information provided by Furukawa Rock Drill USA. While the results have been tested and reviewed for overall accuracy and consistency, we have relied upon the validity of the underlying software coding in preparing this report. |

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
