INDEPENDENT AUDITORS' REPORT

To the 401(k) Committee
Snyder Diamond 401(k) Plan
Santa Monica, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Snyder Diamond 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the period September 1, 2022 through December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier ("qualified institution") in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022, and for the period September 1, 2022 through December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

Snyder Diamond 401(k) Plan (the "Plan") is a defined contribution plan sponsored by Synder-Diamond (the "Company"). The following description of the Plan provides only general information. Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted by the Company on September 1, 2022. The Plan is a defined contribution plan covering all full-time employees of the Company who have three months of service and are age 21 or older, excluding employees whose conditions of employment are established by the terms of a collective bargaining agreement where retirement benefits are bargained for in good faith, non-resident aliens and leased employees. The 401(k) Committee is responsible for the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Transfer from Other Plan

In November 2022, the Plan received its Plan assets from a Professional Employer Organization ("PEO") that previously held the retirement assets of the Company's employees. As a result, $4,484,269 of assets were transferred to the Plan and is reflected as a transfer to the Plan within the statement of changes in net assets available for benefits. This amount includes notes receivable balances of $93,645 that were transferred into the Plan.

Contributions

Participants may elect to defer from 1% to 80% of their eligible annual compensation as defined in the Plan or up to the limits imposed by Section 402(g) of the Internal Revenue Code ("IRC"). The participants may elect to have the 401(k) portion as pre-tax elective deferrals and/or Roth elective deferrals. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan allows the Company to make flexible discretionary employer-matching contributions based on employee elective deferrals. The Company matched 50% of the employee's deferral up to 3% of the employee's contribution. For the year ended December 31, 2022, the Company made matching contributions of $21,288.

An additional discretionary profit-sharing contribution may be made to the Plan by the Company, the amount of which is determined by the Company's Board of Directors. The Company did not make a discretionary profit-sharing contribution for the year ended December 31, 2022. Participants entitled to receive an allocation of any additional discretionary profit-sharing contribution would be those Plan participants who were employed by the Company on the last day of the Plan year.

Participants direct the investment of their contributions and the discretionary employer matching and additional discretionary profit-sharing contributions into various investment options offered by the Plan.

1. Description of Plan, continued

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's matching contributions and additional discretionary profit-sharing contribution, if any, and Plan earnings. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant contributions, Company matching and profit-sharing contributions, rollovers, and net earnings on these contributions, are fully vested when made or earned. There were no forfeiture balances as of December 31, 2022.

Payment of Benefits

On termination of service, due to retirement, death, disability, or other reasons, a participant may elect to receive a lump-sum distribution. The Plan also provides for an involuntary cash-out distribution provisions in which, if a participant terminates employment with a vested account balance of $5,000 or less and no distribution election is received from the participant, the Plan's administrator may pay the distribution in a direct rollover to an individual retirement plan designated by the Plan's administrator. The Plan provides in-service distributions for participants as defined in the Plan agreement.

Hardship Withdrawals

A participant may be permitted to withdraw a portion of their account balance, limited to certain restrictions described in the Plan's provision, for the reasons specified by and to the extent permitted under regulations issued by the Internal Revenue Service ("IRS").

Notes Receivable from Participants

Participants may have two outstanding notes at a time, as described below, and may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000 minus the difference between the highest outstanding balance of loans in the past 12 months and the outstanding balance of loans from the Plan on the date the loan is made. Participants are limited to one general purpose note and one primary residence note outstanding at a time. Notes are repaid through payroll deductions in equal amounts, typically over one to five years for a general-purpose note or 15 years or a primary residence note. The notes are collateralized by the balance in the participant's account. The interest rate on new loans is calculated as 1% higher than the Federal Reserve "Bank Prime Loan" rate at the time of the loan. Interest on notes receivable from participants was charged at rates ranging from 4.25% to 8.00% as of December 31, 2022.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments, as certified by John Hancock Life Insurance Company (U.S.A.) (the "Custodian"), are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the Custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded as reported by the Custodian. Dividends and interest income are reinvested. Net realized and unrealized depreciation includes the Plan's gains and losses on investments purchased and sold, as well as held during the year. Differences between the fair value of investments at the beginning of the year, or cost if acquired subsequently, and fair values at the end of the year are recorded as appreciation or depreciation in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022. Delinquent participant loans are recorded as deemed distributions under the terms of the Plan.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed $8,783 excess contributions to the applicable participants in October 2023.

Payment of Benefits

Benefits are recorded when paid. There were no benefit payments in the current year.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative and other expenses. Investment related expenses are included in net realized and unrealized appreciation of investments.

3. Information Prepared and Certified by Custodian

The Plan assets are held by the Custodian pursuant to the Trust Agreement which provides that all funds received by the Custodian shall be held, administered, invested, and distributed by the Custodian, and that no part of the corpus or income shall be used for, or directed to, purposes other than for the exclusive benefit of participants or their beneficiaries.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Custodian as of December 31, 2022:

Investments, at fair value	
Pooled separate accounts	$ 4,581,814
Collective investment trust	$ 87,896
Net realized and unrealized appreciation in fair value of investments	$ 167,718

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs that are unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022:

There were no Plan assets that fell within Levels 1, 2 or 3. There were no transfers in or out of Level 3 during the period September 1, 2022 through December 31, 2022.

4. Fair Value Measurements, continued

Collective Investment Trust

The collective investment trust is made up of a stable value guaranteed income fund that is composed primarily of fully benefit responsive investment contracts that is valued at the net asset value ("NAV") of units of the collective trust. The NAV is used as a practical expedient to estimate the fair value.

Pooled Separate Accounts

Investments in pooled separate accounts are valued at the NAV of units held in a pooled separate account. The NAV is based on the fair value of the underlying investments held by the Custodian less its liabilities. The Plan has concluded that the NAV's as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the Custodian approximates the fair value of the investments.

The following table sets forth the underlying investments in the Plan as of December 31, 2022:

Investments measured at net asset value *(a)*:		
Pooled separate accounts	$	4,581,814
Collective investment trust		87,896
	$	4,669,710

(a) In accordance with ASC 820-10 Investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy.

The following table sets forth additional disclosures of the Plan's investments, whose fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2022:

	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts:				
Asset allocation - Target growth	$ 4,277,510	None	Immediately	None
Aggressive growth	59,790	None	Immediately	None
Growth	182,210	None	Immediately	None
Income	62,304	None	Immediately	None
Total pooled separate accounts	4,581,814			
Collective investment trust	87,896	None	Immediately	None
	$ 4,669,710			

5. Party in Interest Transactions

The Plan has investments in participation units held in pooled separate accounts and a collective investment trust managed through sub-accounts of the Custodian and, therefore, these investments and transactions qualify as party-in-interest transactions.

5. Party in Interest Transactions, continued

Fees charged by the Plan for administrative services provided by the Custodian and third-party administrator for the year ended December 31, 2022, amounted to $4,104.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

7. Tax Status of the Plan

The Plan has adopted a prototype plan prepared by the Plan's third-party administrator. This prototype plan has obtained its latest opinion letter on June 30, 2020, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely than-not-would not be sustained upon examination by the IRS. There are no uncertain tax positions as of December 31, 2022. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan provides for various investment options in pooled separate accounts sponsored by an insurance company. These investments are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with these investments and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

The Plan invests in pooled separate accounts that may in turn invest in securities of foreign companies, which involve special risks and considerations not typically associated with investing in United States ("U.S.") companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than securities of comparable U.S. companies.

9. Excess Participant Payable

The Plan received loan repayments totaling $1,183 from one participant, despite no outstanding loan. The Plan reimbursed the amount to the participant in January 2023.

10. Subsequent Events

The Plan has evaluated subsequent events through February 29, 2024, the date which the financial statements were available to be issued. Except as disclosed in Note 2 and Note 9, there were no subsequent events noted that would require adjustment to or disclosure in these financial statements.
