INDEPENDENT AUDITOR'S REPORT

To the Trustees of the
Clinical & Support Options, Inc.
403(b) Plan and Trust
Northampton, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Clinical & Support Options, Inc. 403(b) Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits – modified cash basis as of June 30, 2023 and 2022, and the related statements of changes in net assets available for benefits – modified cash basis for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Clinical & Support Options, Inc. 403(b) Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2023 and 2022, and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Clinical & Support Options, Inc. 403(b) Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis for Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Clinical & Support Options, Inc. 403(b) Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Clinical & Support Options, Inc. 403(b) Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Clinical & Support Options, Inc. 403(b) Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at year end for the year ended June 30, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023 AND 2022

1. DESCRIPTION OF THE PLAN

The following brief description of the Clinical & Support Options, Inc. 403(b) Plan and Trust (“the Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants are eligible to participate for purposes of salary deferrals and rollover contributions on their date of hire. Actual entry date is the first day an employee meets the eligibility requirements. All employees who normally work more than 20 hours per week are eligible to participate in the Plan.

The Plan sponsor is Clinical & Support Options, Inc., a Massachusetts Not-For-Profit Organization (“the Employer”) with a primary mission of providing responsive and effective interventions and services to support families in their quest for stability, growth and an enhanced quality of life.

Contributions – Eligible employees (participants) of the Employer may contribute pre-tax annual compensation as defined in the plan. Participants over the age of 50 can contribute an additional amount. The Internal Revenue Service adjusts maximum amounts annually. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. On an annual basis, the Employer may contribute matching and non-elective contributions at the option of the plan sponsor’s Board of Directors.

Participant Accounts – Each participant’s account is credited with the participant’s contributions and allocations of the Employer’s contributions and plan earnings. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. All accounts are participant directed.

Vesting – Participants are immediately vested in their contributions, non-elective contributions, and actual earnings thereon. A participant is always one hundred percent vested in their elective deferrals and in the earnings of their deferrals.

Investment Options – Upon enrollment in the plan, a participant may direct employee contributions into various mutual fund options provided by Mass Mutual Life Insurance Company. Participants may change their investment options at any time.

1. *DESCRIPTION OF THE PLAN (continued)*

Notes Receivable from Participants – Beginning in 2020, the Plan was amended to allow loans by participants. Participant loans may be granted based on financial hardship or a specified financial need. Participants can borrow from their fund accounts, a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of their account balance, whichever is less. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. All loans must be repaid within five years; however, a longer term may be granted for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest. Principal and interest is paid ratable through bi-weekly payroll deductions. The amount of any loans unpaid at the date of termination of employment is treated as a distribution to the participant. There were \$98,689 and \$112,444 in loans outstanding on June 30, 2023 and 2022, respectively.

Payment of Benefits – On termination of service due to death, disability or retirement, a participant or their beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or a life annuity with monthly payments payable during the lifetime of the participant.

2. *SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES*

Business Activity – The Plan is responsible for administering employee and employer contributions for employees of the Employer. The Plan collects funds from the employer and transfers the collections to Empower Life Insurance Company, who invests and distributes the funds.

Basis of Accounting – It is the Plan's policy to prepare its financial statements on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America; consequently, revenues are recognized when received rather than when earned, and expenses are recognized when the cash is disbursed rather than when the obligation is incurred. The modified cash basis of accounting recognizes certain investments stated at their current market values and the accrual of notes receivable from participants.

Payment of Benefits – Benefits are recorded when paid under the terms of the plan. Refunds of contributions in excess of the Section 403(b) limits are included in this category.

Investments – Other than the Guaranteed Interest Account (GIA), which is stated at contract value, the Plan's investments are stated at fair value, based on available market quotations. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Use of Estimates – The preparation of financial statements in conformity with the modified cash basis of accounting, which is a basis of accounting other than generally accepted accounting principles in the United States of America, requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual result may differ from those estimates.

2. *SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)*

Fair Value – Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Accounting Codification Standards provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under Accounting Codification Standards are described as follows:

- Level 1 valuations reflect quoted market or exchange prices for the actual or identical assets or liabilities in active markets.
- Level 2 valuations reflect inputs other than quoted prices in Level 1 which are observable. The inputs can include some or all of the following into a valuation model:
 - quoted prices on similar assets in active markets
 - quoted prices on actual assets that are not active
 - inputs other than quoted prices such as yield curves, volatilities, prepayments speeds inputs derived from market
- Level 3 valuations reflect valuations in which one or more of the significant valuation inputs are not observable in an active market, there is limited if any market activity, and/or are based on management inputs into valuation model.

The Plan maintains policies and procedures to value instruments using the best and most relevant data available. In addition, the Plan has an investment management team that reviews valuation, including independent price validation for certain instruments. Further, in most instances, management develops internal valuations of the assets and instruments held in the Plan.

Tax Status – The Plan terms have been drafted in reliance on the sample language provided by the Internal Revenue Service in Revenue Procedure 2007-71. The Plan Administrator intends to apply for a determination letter on the plan when the government opens such program. The Plan is required to operate in conformity with the Code to maintain its tax exemption. Plan management believes the Plan is currently designed and operated in compliance with the applicable requirements of the Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

The Plan's income tax filings are subject to audit by the Internal Revenue Service.

Operating Expenses – All expenses of maintaining the Plan are paid directly by the employer, unless the forfeiture account is used, or a combination of both.

Subsequent Events – Management has evaluated subsequent events through January 15, 2024, the date which the financial statements were available to be issued.

3. *INVESTMENTS*

The following section describes the valuation methodologies the Plan uses to measure the financial instruments at fair value.

Mutual Funds – SIA – Valuation is done on a daily basis. The custodian receives net asset values directly from the fund companies for the calculation of unit values. These values are compared to daily valuations received by the custodian through the National Securities Clearing Corp (NSCC) to ensure the accuracy of the valuation. These assets are considered Level 1 investments.

		<u>Level 1</u>	<u>Total 06/30/23</u>
Investments	Mutual funds	\$ <u>10,022,507</u>	\$ <u>10,022,507</u>
		<u>Level 1</u>	<u>Total 06/30/22</u>
Investments	Mutual funds	\$ <u>9,471,153</u>	\$ <u>9,471,153</u>

Guaranteed Interest Account – GIA – Empower Annuity Insurance Company of America (EAIC) general investment option for defined contribution plans is a Guaranteed Interest Account (the “GIA”) provided through a group annuity contract (“the Contract”). Under the terms of the Contract, a crediting rate is established for amounts invested in the GIA and participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at Contract Value. Contract Value represents contributions plus credited interest less participant withdrawals and fees. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant fair value measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. This investment is valued at contract value as stipulated by Accounting Codification Standards and totaled \$464,608 and \$436,645 for the years ended June 30, 2023 and 2022, respectively.

4. *PLAN TERMINATION*

Although it has not expressed any interest to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants are one hundred percent vested in all their accounts.

5. *ERISA SECTION 103(a)(3)(C) AUDIT*

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at June 30, 2023 and 2022, net appreciation (depreciation) in fair value of investments, and interest and dividend income for the year ended June 30, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Life Insurance Company, the custodian of the Plan.

6. *RELATED PARTY TRANSACTIONS*

During the normal course of business, the Plan has several arrangements with service providers. These transactions are party in interest transactions under ERISA.

7. *CREDIT RISK*

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and, that such changes could materially affect the amounts reported in the statement of net assets available for benefits.
