Independent Auditor's Report

To the Advisory Committee of the Plan Sponsor
Advance Business Systems & Supply Company
401(k) Plan and Trust
Cockeysville, Maryland

Opinion

We have audited the accompanying financial statements of Advance Business Systems & Supply Company 401(k) Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of June 6, 2023 (in liquidation), and the related statement of changes in net assets available for benefits for the period then ended (in liquidation), and the statement of net assets available for benefits as of December 31, 2022 (ongoing), and the related notes to the financial statements.

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the net assets available for benefits of Advance Business Systems & Supply Company 401(k) Plan and Trust as of June 6, 2023 (in liquidation) and the year ended December 31, 2022 (ongoing), and the changes in its net assets available for benefits for the period ended June 6, 2023 (in liquidation), in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Advance Business Systems & Supply Company 401(k) Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Basis of Accounting

As discussed in Note 7 to the financial statements, the governing body of Advance Business Systems & Supply Company 401(k) Plan and Trust approved a plan of liquidation on March 3, 2023, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2022 financial statements to the liquidation basis used in presenting the June 6, 2023 financial statements. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Advance Business Systems & Supply Company 401(k) Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Advance Business Systems & Supply Company 401(k) Plan and Trust

Notes to Financial Statements

For the period ended June 6, 2023 and year ended December 31, 2022

1. Description of Plan

The following description of Advance Business Systems & Supply Company (“Sponsor”) 401(k) Plan and Trust (“Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

Effective March 10, 2023, contributions were no longer accepted into the Plan. The Plan was terminated on June 6, 2023, and the Plan assets were transferred into another qualified plan. All participants were 100% vested in their accounts at the time of termination.

General

The Plan is a defined contribution salary deferral plan which provides an individual account for each participant and provides benefits upon retirement that are based on amounts contributed by the employee and employer matching and discretionary contributions plus earnings on those contributions less any Plan administrative expenses. The Plan was established on July 1, 1992.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and was most recently amended effective March 1, 2020 to allow for participant loans.

Participation

The Plan is open to employees of the Company upon the employment commencement date. Union employees, nonresident aliens, leased employees and employees of any employer forming a controlled group with the Company (unless such entity specifically adopts the Plan as a participating employer) are excluded from Plan participation. The Plan entry date is the first day of each month.

To be eligible for the employer matching contribution, participants must have six months of service. To be eligible for the employer nonelective contribution, participants must complete 1,000 hours of service within the twelve-month time period following the employee’s employment commencement date.

Contributions

Employees are automatically enrolled into the Plan at a fixed 3% salary reduction upon satisfying their Plan eligibility requirements. Participants may choose to opt-out and/or change enrollment options. Eligible participants may contribute up to their pre-tax annual eligible compensation, subject to the Internal Revenue Service (IRS) limitations of \$22,500 and \$20,500 for the period ended June 6, 2023, and the year ended December 31, 2022, respectively. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions up to the IRS limitations of \$7,500 and \$6,500 for the period ended June 6, 2023, and the year ended December 31, 2022, respectively. Participants may also transfer to the Plan rollover contributions from other qualified plans.

1. Description of Plan (continued)

Contributions (continued)

The Company may make a matching contribution to the 401(k) portion of the Plan for each year in such amounts as the Company's Board of Directors ("Board"), in its sole discretion, decides to contribute. For 2023 and 2022, the amount of the match on a pay-period was 100% of the first \$50 of the participant's eligible contribution plus 50% of the eligible contribution in excess of \$50. The Company's matching contribution was limited to 6% of the participant's compensation. The Company's matching contribution for 2023 and 2022 was \$120,156 and \$274,326, respectively.

The Company may also make discretionary contributions to the Plan each year in the amount the Board, at its sole discretion, decides to contribute. The discretionary contribution is allocated based on the ratio of each participant's compensation to the compensation of all participants. No discretionary contributions were made for 2023 and 2022.

Contributions from Plan participants and the matching contribution from the Company are recorded in the year in which the participant contributions are withheld from amounts paid. Employer discretionary contributions are recognized upon authorization as the underlying compensation is recognized. All participant and employer contributions are participant-directed.

Participant Accounts

Each participant's account is participant directed and is credited in accordance with the investment options selected by each participant. Any earnings, losses, withdrawals, and administrative expenses are allocated to the participant's account based upon the balance in the account. Matching and discretionary are allocated to all eligible participants in proportion of their eligible compensation to the total compensation of all participants eligible to share. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (continued)

Vesting

Participants are immediately 100% vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company matching and discretionary contributions of their accounts plus actual earnings thereon is based on years of continuous service as follows:

<u>Years of Credited Service</u>	<u>Percent Vested</u>
0 - 1	-
2	20%
3	40%
4	60%
5	80%
6	100%

A participant will become 100% vested in all accounts upon death, termination because of permanent disability, or retirement.

Participant Loans

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms may not exceed five years. A participant may only have one loan outstanding at any time. Loan repayments are generally made through payroll deductions and are credited back to the participant's account. The interest rate on all outstanding loans is at the Prime rate at June 6, 2023.

Payment of Benefits

The Plan permits withdrawals when a participant terminates employment, retires, or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships. The Plan does allow for withdrawals for early retirement age. Benefits are payable in lump-sum payments with certain exceptions allowed as defined by the Plan documents.

Forfeited Accounts

Forfeitures of contributions are used to (1) reduce the Plan's administrative expenses and then (2) to reduce the Company's contributions under the Plan. For the period ended June 6, 2023, and December 31, 2022, forfeitures were used to reduce the Plan's administrative expenses by \$4,075 and \$15,524, respectively. The balance of forfeiture accounts was \$-0- and \$4,075 as of June 6, 2023, and the year ended December 31, 2022, respectively.

1. Description of Plan (continued)

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

In accordance with generally accepted accounting principles, the Plan has adopted the provisions which establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 6, 2023, and the year ended December 31, 2022.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Cash: Valued at cost, which approximates fair value.

Common stocks: Valued at closing prices of shares on active markets held by the Plan at year end.

Mutual Funds and Exchange Traded Funds: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Life Insurance Contracts: Valued at the cash surrender values, which approximate fair value as reported by the insurer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Administrative expenses can consist of investment management fees and recordkeeping expenses, when paid by the Plan and accrued when incurred. Investment related expenses are included in “net depreciation in fair value of investments” in the Statements of Changes in Net Assets in Liquidation Available for Benefits.

Funding Policy

Contributions are funded as accrued.

Payment of Benefits

Benefit payments are recorded when paid.

3. Certified Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held for the period ending June 06, 2023, and the year ended December 31, 2022, and net appreciation in fair value of investments, interest and dividends for the period ending June 06, 2023, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Ascensus, LLC (the trustee of the Plan).

4. Fair Value Measurements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value for the period ended June 6, 2023 and the year ended December 31, 2022:

2023

	Total	Level 1	Level 2	Level 3
Cash	\$ -	\$ -	\$ -	\$ -
Common stocks	-	-	-	-
Mutual funds and exchange traded funds	-	-	-	-
Life insurance contracts	-	-	-	-
Total investments at fair value	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

2022

	Total	Level 1	Level 2	Level 3
Cash	\$ 1,226,686	\$ 1,226,686	\$ -	\$ -
Common stocks	2,543,826	2,543,826	-	-
Mutual funds and exchange traded funds	14,714,616	14,714,616	-	-
Life insurance contracts	35,688	-	-	35,688
Total investments at fair value	<u>\$ 18,520,816</u>	<u>\$ 18,485,128</u>	<u>\$ -</u>	<u>\$ 35,688</u>

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluated the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the period ended June 6, 2023, and the year ended December 31, 2022, there were no transfers in or out of Levels 1, 2 or 3.

4. Fair Value Measurements (continued)

Financial instruments classified as Level 3 in the fair value hierarchy represent the Plan's investments in financial instruments in which the Plan has used at least one significant observable input in the valuation model. The following table presents a reconciliation of activity for the Level 3 financial instruments during the period ended June 6, 2023, and the year ended December 31, 2022:

	June 6, <u>2023</u>	December 31, <u>2022</u>
Balance, beginning of year	\$ 35,688	\$ 150,020
Life Insurance distributions	(35,256)	(114,759)
Realized loss, net	(432)	-
Unrealized gain, net	<u>-</u>	<u>427</u>
Balance, end of year	<u><u>\$ -</u></u>	<u><u>\$ 35,688</u></u>

The following table represents the Plan's Level 3 financial instruments, the valuation technique used to measure the fair value of those financial instruments and the significant unobservable inputs and the ranges of values for those inputs as for the period ended June 6, 2023, and the year ended December 31, 2022.

<u>Instrument</u>	<u>Fair Value</u>		<u>Principal Valuation Technique</u>	<u>Unobservable Inputs</u>	<u>Range of Significant Input Values</u>
	<u>June 6, 2023</u>	<u>December 31, 2022</u>			
Life insurance contract	\$ -	\$ 35,688	Cash Surrender Value	Assigned value as of year end	N/A

In estimating fair value of investments in Level 3, the Plan's Advisory Committee may use third-party pricing sources or appraisers. In substantiating the reasonableness of the pricing data provided by third parties, the Advisory Committee evaluates a variety of factors including review of methods and assumptions used by external sources, recently executed transactions, existing contracts, economic conditions, industry and market developments and overall credit rating.

5. Risks and Uncertainties

The Plan invests in various investment securities. Such investments are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements

6. Party-in-Interest Transactions

Certain Plan investments are money market accounts and mutual funds managed by Ascensus, LLC. Ascensus, LLC was the trustee and the third-party administrator as defined by the Plan for the period ended June 6, 2023, and the year ended December 31, 2022, and, therefore, these transactions qualify as party-in-interest transactions. Administration fees totaled \$45,804 and \$47,836 for the period ended June 6, 2023, and the year ended December 31, 2022, respectively.

Brown Investment Advisory & Trust Company (Brown Advisory) is the Plan's custodian, and therefore, these transactions qualify as party-in-interest transactions. Administration fees were \$13,813 and \$34,290 for the period ended June 6, 2023, and the year ended December 31, 2022, respectively.

7. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. Upon Plan termination, the participants became 100 percent vested in their accounts. Plan participants or beneficiaries were provided three options for their vested balances: 1) request and obtain a lump sum payment, 2) request a direct rollover of the balance to another eligible retirement plan or 3) request a direct rollover of the balance to an IRA. Plan assets were liquidated and vested balances were distributed in cash based on the option chosen by the Plan participants.

As discussed in Note 1, the Company exercised the right to terminate the Plan and all assets were transferred out of Plan as of June 6, 2023.

8. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020, that the prototype for this Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is being operated in compliance with applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities.

Advance Business Systems & Supply Company 401(k) Plan and Trust

Notes to Financial Statements

For the period ended June 6, 2023 and year ended December 31, 2022

8. Tax Status (continued)

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 6, 2023 and December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020. Since the Plan has liquidated its assets, the Company will file a final form 5500 for the Plan for the period ended June 06, 2023.

9. Subsequent Events

Subsequent events were evaluated by the Plan's management through April 1, 2024, the date the financial statements were available to be issued. There were no subsequent events to disclose.
