Scope and Nature of the ERISA Section 103(a)(3)(C) Audit on the 2023 Financial Statements

We were engaged to perform the audit of the financial statements of the Stonehill College 403(b) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of June 30, 2023, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of June 30, 2023 and 2022 and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2023 Financial Statements

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2023 Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the 2023 Financial Statements

As described in Note 2, the Plan has not maintained accounting records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficiently to determine the extent to which the financial statements may have been affected by these conditions.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2023 Financial Statements

Our responsibility is to conduct an audit of the Plan's 2023 financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matter described in the Basis for Disclaimer of Opinion on the 2023 Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements. We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, (1) Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended June 30, 2023 and (2) Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of June 30, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2023 Financial Statements section, it is inappropriate to and we do not express an opinion on the supplemental schedules.

Other Matter - Auditors' Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated January 23, 2023 indicated that since the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, they were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by those conditions and issued a disclaimer of opinion on the June 30, 2022 financial statements

STONEHILL COLLEGE 403(b) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the Stonehill College, Inc. 403(b) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined-contribution 403(b) plan and covers all eligible employees, as defined, of Stonehill College, Inc. (the “College” or “Employer”). The College established the Plan to provide employees with a systematic means of saving and investing for the future. Employees become eligible for the employee deferral portion upon their date of hire with the Employer provided they are not students. The Plan’s Audit Committee is responsible for oversight of the Plan. The Plan’s Retirement Plan Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Plan’s Audit Committee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Participant Contributions

Participants may elect to defer up to 100% of their annual compensation to the Plan, subject to certain limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (“Participant Rollovers”).

Employer Discretionary Matching Contributions

Participants are eligible to receive Employer matching contributions after having completed one year of eligible service and attaining the age of 21 provided they are not per diem employees, adjunct faculty member or other faculty members whose position is not deemed to constitute a full-time teaching schedule, other than faculty members with at least 10 years of service who are participating in a retirement transition program sponsored by the College. Employer matching contributions are discretionary. Effective July 2022, the College made Employer matching contributions of 100% of participants deferrals, up to 3% of a participant’s compensation.

Employer Discretionary Non-Elective Contribution

The Employer may elect to contribute a non-elective contribution to eligible participants. For the year ended June 30, 2023, the Employer made a contribution to all eligible participants of 5% of base compensation.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, the College’s contributions, and an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specified participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

STONEHILL COLLEGE 403(b) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Vesting

Participants are immediately vested in their voluntary contributions, and the College's contributions plus actual earnings thereon.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's interest in his or her account, in annual installments or in any form permitted under the annuity contract or custodial account agreement, as elected in writing by the participant. For terminations of service for other reasons than noted above, participants may elect to defer payment until normal retirement age, receive a lump-sum payment, or a direct rollover to another qualified plan, provided the participant's vested balance is greater than \$5,000. Balances less than \$5,000 are paid to participants as a lump-sum distribution. In-service distributions are allowed from a participant's elective deferral account upon reaching age 59.5 or for immediate and heavy hardship needs.

Notes Receivable from Participants and Plan Loans

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. No more than three loans may be outstanding at any time, in aggregate with plan loans. Loan terms range from one to five years (or up to 10 years for the purchase of a primary residence). The loans are secured by the balance in the participant's account and bear interest at a rate of the prime rate plus 1%. Principal and interest are paid by the participant directly to TIAA.

Additionally, participants are allowed to obtain loans directly from TIAA and CREF, subject to certain limitations. Plan loans are issued directly from the funds owned by TIAA and CREF, and loan proceeds are not removed from a participant's account balance. TIAA and CREF loan money to participants from the TIAA General Account, secured by transferring 110% of the loan value from other investment options to a TIAA Traditional Annuity within the Plan. Securing collateral in the amount of 110% ensures that if the participant makes late payments, the collateral will be sufficient to cover the additional accrued interest under the terms of the loan. These loans bear interest at a rate determined by TIAA and CREF. These loans are not plan assets and totaled \$114,273 and \$222,969 at June 30, 2023 and 2022, respectively, with interest rates of 4.00%-5.73%. Principal and interest are paid by the participant directly to TIAA.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the College, as provided for in the Plan documents. Expenses that are paid directly by the College are excluded from these financial statements. Certain investment related expenses are included in net appreciation of fair value of investments. Fees related to the administration of notes receivable from participants and participant service fees are charged against the participant's account and are included in administrative expenses.

STONEHILL COLLEGE 403(b) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Administrative Expenses (Continued)

The Plan has a revenue-sharing agreement with TIAA and College Retirement Equities Fund ("CREF"), in which it collects excess revenue generated when investments pay revenue-sharing fees in excess of what is needed to administer the Plan and may use the monies to pay Plan expenses or to allocate to Plan participants. Amounts received under this agreement during the year ended 2023, which are included in other income, aggregated \$96,538. During 2023, administrative expenses of \$121,389 were paid from the revenue credit funds. The balance in the revenue credit account as of June 30, 2023 and 2022 was \$19,595 and \$42,845, respectively.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

In November 2007, the Department of Labor ("DOL") issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting, disclosure, and audit requirements under Part 1 of Subtitle B of Title I of ERISA. The Plan, however, was established in 1994 and historically the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the Plan sponsor. Accordingly, various accounting and payroll records related to the Plan's 403(b) annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009 were not maintained by the Plan. Consequently, the financial statements have been prepared based on available records analyzed by Plan management. As certain records were not available from the inception of the Plan, there can be no assurance as to the completeness or accuracy of the Plan's reported financial information.

Investment Valuation and Income Recognition

Investments other than fully benefit-responsive investment contracts (valued at contract value) are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

STONEHILL COLLEGE 403(b) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

The Plan has fully benefit-responsive investment contracts and non benefit-responsive contracts with TIAA and CREF. TIAA and CREF maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Unit Values

Individual participant accounts for the pooled separate investment and variable rate annuity accounts are maintained on a unit value basis. Participants do not have beneficial ownership in specific underlying securities or other assets in the funds, but do have an interest therein represented by units which are valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Benefits Paid

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2023 and 2022.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could vary from the estimates that were used.

Subsequent Events

The Employer has evaluated subsequent events through March 29, 2024, the date the financial statements were available to be issued. No significant matters were identified for disclosure during the evaluation.

STONEHILL COLLEGE 403(b) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies (Continued)

Reclassifications

Certain amounts have been reclassified in the 2022 financial statements to conform to the 2023 presentation. There was no effect on the net assets available for benefits or Statement of Changes in Net Assets Available for Benefits.

Note 3 - Investments Certified by the Custodians and Insurance Company

Investments are held by the Plan's custodian and insurance Company, TIAA and CREF, TIAA as agent for TIAA, FSB and Fidelity Management Trust Company ("Fidelity") who have certified to the fair and contract value of investments as of June 30, 2023 and 2022, and all investment transactions for the year ended June 30, 2023. Investment transactions include interest and dividend income and net appreciation in value of investments. Information included in the supplemental Schedule of Assets (Held at End of Year) and notes receivable from participants have also been derived from information certified by the custodians and insurance company.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). The three levels of the fair value hierarchy are described below:

Level I – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

STONEHILL COLLEGE 403(b) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

Note 4 - Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2023 and 2022.

TIAA Traditional Annuity

The TIAA Traditional Annuity is a fixed rate guaranteed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The TIAA Traditional Annuity is offered through a variety of contract types, including Retirement Annuities (RA), contracts which are non benefit-responsive contracts, reported at fair value, which approximates their contract value. The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement. As these investments are contract-based, observable prices for identical or similar investments do not exist, and accordingly, these investments are valued using unobservable inputs (Level III). The fair value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. Liquidity restrictions apply to these contracts that could impact the value realized upon exiting the contract.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, are guaranteed by TIAA's claim-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest as declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. For accumulating RA contracts, the crediting interest rate was 6.25% and 5.85% as of June 30, 2023 and 2022, respectively.

The RA contracts do not allow lump-sum cash withdrawals, and transfers must be spread over 10 annual installments. With the RA contracts, lump-sum withdrawals are available within 120 days of termination of employment and are subject to a 2.50% surrender charge. All other withdrawals and transfers from RA contracts must be spread over 10 annual installments (five annual installments for withdrawals after termination of employment). All other withdrawals and transfers from RA contracts must be spread over 84 monthly installments. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the Statement of Changes in Net Assets Available for Benefits.

STONEHILL COLLEGE 403(b) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

Note 4 - Fair Value Measurements (Continued)

TIAA Real Estate

The account is a pooled separate investment account that generally invests in real estate properties and real estate-related investments. The account's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally utilizing external appraisals, which are estimates of property values based on a professional's opinion. The account sometimes holds securities as well, and these securities are generally priced using values obtained from independent pricing sources.

The fair value of the Plan's interest in the TIAA Real Estate Account is based on the fund's daily net asset value ("NAV"), which is considered by Plan management to be the best approximation of fair value. The unit value of the fund is calculated daily and available to Plan administrators and client investors on TIAA and CREF's website. There are no unfunded commitments from participants in the Plan who invest in this account.

CREF Variable Annuities

The accounts invest principally in equity securities, fixed income instruments and short-term investments in accordance with each portfolio's investment objectives. Account investments are primarily valued using market quotations or prices obtained from independent pricing sources who may employ various pricing methods to value the investments including matrix pricing.

The fair value of accumulation units held by the Plan in CREF variable annuities are based on each account's daily NAV, which is considered by Plan management to be the best approximation of fair value. Data for NAVs are available daily to Plan administrators and client investors on TIAA and CREF's website and provides sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. There are no unfunded commitments from participants in the Plan who invest in these accounts.

Mutual Funds

Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. They are valued at the daily closing price as reported by the fund. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Account

Consists of mutual funds valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 5 - Fully Benefit-Responsive Investment Contracts

Following is a description of the investments and valuation methodologies for fully benefit-responsive investment contracts:

TIAA Traditional Annuity

The Plan has an annuity agreement with TIAA. Participants individually contract with TIAA to establish an account within the TIAA Traditional Annuity. The TIAA Traditional Annuity is offered through a variety of contracts including supplemental retirement annuities ("SRA") and group supplemental retirement annuities ("GSRA") as determined by the contract between TIAA and the participant. SRA and GSRA contracts are considered fully benefit-responsive because they are liquid contracts. Participant contributions may be made to an SRA or GSRA contract as determined by the participant.

Participant accumulations are available in lump-sum payments upon meeting certain triggering events under an SRA or GSRA contract.

Notes to Financial Statements

Note 5 - Fully Benefit-Responsive Investment Contracts (Continued)

TIAA Traditional Annuity (Continued)

TIAA maintains and invests the contributions in the General Account. During the accumulation phase, the TIAA Traditional Annuity provides a guarantee of principal, a guaranteed minimum interest rate of 3%, and the potential for additional interest if declared by TIAA, remains in effect for the “declaration year”, which begins each March 1. Additional interest is not guaranteed for future years. The TIAA Traditional Annuity is credited with contributions and charged for participant withdrawals and administrative expenses. The crediting rates are supported by the investment performance of the underlying investments and may be reset as frequently as monthly.

Contributions to a participant’s account purchase a guaranteed amount of lifetime annuity income. When a participant’s account in the TIAA Traditional Annuity is annuitized based on available options, the present value of the stream of payments is equal to the account balance. The subsequent stream of annuity payments occurs outside of the Plan and does not represent an obligation of the Plan.

With respect to payments made to a participant in the withdrawal stage, a participant receives no more than the participant’s accumulation balance. Therefore, TIAA has determined that contract value for non benefit-responsive contracts (RA contracts) of the TIAA Traditional Annuity approximates its fair value. The non benefit-responsive portion of the TIAA Traditional Annuity is presented in the Statements of Net Assets Available for Benefits at fair value, which is approximately equal to contract value in arriving at net assets available for benefits and the benefit-responsive portion is presented at contract value. The TIAA Traditional Annuity value, as reported to the Plan by TIAA, represents contributions made under the contract plus earnings and transfers, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the fully benefit-responsive contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are periodically reviewed for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan’s ability to transact at contract value with participants are probable of occurring.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The minimum crediting interest rates are currently contractually guaranteed to be not less than 3 percent.

The total contract value of the TIAA Traditional Annuity SRA and GSRA fully benefit-responsive investment contracts was \$9,014,409 and \$9,658,541 at June 30, 2023 and 2022, respectively.

Note 5 - Fully Benefit-Responsive Investment Contracts (Continued)

TIAA Traditional Annuity (Continued)

The minimum crediting interest rates are currently contractually guaranteed to be not less than 3 percent. Otherwise, the crediting interest rates are determined by TIAA for each type of participant contract as follows:

	Average Yields	
	SRA	GSRA
June 30, 2023	5.50%	5.50%
June 30, 2022	5.10%	5.10%

Note 6 - Fair Value of Investments in Entities That Use NAV per Share Practical Expedient

The following table summarizes investments measured at fair value based on NAV per share as of June 30, 2023 and 2022, respectively:

Investments	Fair Value 6/30/2023	Fair Value 6/30/2022	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Variable rate annuities	\$ 62,592,752	\$ 60,052,088	\$ -	Daily	1 day (90 days)
Pooled separate accounts	<u>5,316,641</u>	<u>7,128,777</u>	<u>-</u>	Quarterly	1 day
Total	<u>\$ 67,909,393</u>	<u>\$ 67,180,865</u>	<u>\$ -</u>		

Note 7 - Transactions with Parties-in-Interest

Under ERISA, parties-in-interest are defined to include the Plan sponsor, officers, directors and employees of the sponsor; direct and indirect owners of the sponsor and their relatives, if they have combined voting power of 50% or more; the Plan custodian or trustee and the Plan administrator; other parties with fiduciary responsibilities; and a person and their relatives or an organization that provides services to the Plan such as the Plan actuary, auditors, lawyers, investment advisors, etc. Certain Plan investments are managed by TIAA and CREF or Fidelity. TIAA and CREF and Fidelity are custodians as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees incurred and paid directly by the Plan for investment management services and recordkeeping fees were \$53,983 and fees paid directly by the Plan for accounting and investment advisory services were \$121,389 for the year ended June 30, 2023. In addition, notes receivable from participants, and the revenue-sharing and plan service credit agreement (see Note 1) also qualify as party-in-interest transactions.

STONEHILL COLLEGE 403(b) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

Note 8 - Tax Status

The Plan has adopted the volume submitter plan document of TIAA. The volume submitter sponsor received a favorable opinion letter dated August 7, 2017, in which the Internal Revenue Service stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since the date of the last letter, the Plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC, and that the related trust is therefore tax-exempt. Accordingly, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

Note 10 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events such as international conflict which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Note 11 - Delinquent Participant Contributions

During the Plan year 2022, participant contributions of \$2,895 were not deposited into the Plan within the required time frame by the College. Although the late contributions were deposited into the Plan, the replacement of forgone earnings thereon were not deposited until after the respective year end, in accordance with the Department of Labor's ("DOL") regulation 2510.3-102, resulting in prohibited, or nonexempt transactions. The accompanying Schedule of Delinquent Participant Contributions discloses this transaction in accordance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The College calculated and deposited the lost earnings related to the 2022 late contributions during the 2023 Plan year.
