INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
Retirement and Pension Plan for Officers and
Employees of the New York City District Council of
Carpenters and Related Organizations

Opinion

We have audited the financial statements of the Retirement and Pension Plan for Officers and Employees of the New York City District Council of Carpenters and Related Organizations (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Retirement and Pension Plan for Officers and Employees of the New York City District Council of Carpenters and Related Organizations as of June 30, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Retirement and Pension Plan for Officers and Employees of the New York City District Council of Carpenters and Related Organizations and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Retirement and Pension Plan for Officers and Employees of the New York City District Council of Carpenters and Related Organizations' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Retirement and Pension Plan for Officers and Employees of the New York City District Council of Carpenters and Related Organizations' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held at End of Year, Schedule of Reportable Transactions, and Schedules of Administrative Expenses, together referred to as “supplemental information,” are presented for the purpose of additional analysis and are not a required part of the financial statements. The supplemental Schedule of Assets Held at End of Year and Schedule of Reportable Transactions are supplemental information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan’s management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2023 AND 2022

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Retirement and Pension Plan for Officers and Employees of the New York City District Council of Carpenters and Related Organizations (Plan) provides only general information. Participants should refer to the Retirement and Pension Plan for Officers and Employees of the New York City District Council of Carpenters and Related Organizations Summary Plan Description for a more complete description of the Plan's provisions.

General - The Plan was adopted pursuant to the authority of the Board of Trustees granted under the agreement and declaration of trust entered into as of April 1, 1961. The Plan is a multi-employer defined benefit pension plan created for the exclusive purpose of providing and maintaining pension benefits or other benefits as may be determined by the Trustees, for the benefit of Participants and their Beneficiaries; and defraying the reasonable expenses of administering a Pension Plan in accordance with this Trust Agreement and the requirements of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective July 1, 2005, the Plan was amended to accept new participating employers (the New Employers) and provide pension benefits for their employees. The Plan provisions for participants employed by these new employers differ from the Plan provisions for participants covered prior to this amendment.

Benefits - The Plan provides normal, early, deferred vested pensions as well as death benefits. Under current provisions of the Plan, employees become eligible to participate following completion of 1,000 hours of service. Participants then become fully vested upon providing 3 years of service. Participants may be entitled to a regular pension benefit if they are age 60 before incurring a one-year break-in-service and have at least 3 years of service unless employed prior to July 1, 1976.

Effective January 1, 2011, the Plan elected to eliminate all future benefit accruals.

In 2011 the Plan was reported by the actuary to be in critical status (Red Zone) and effective July 1, 2011, a Rehabilitation Plan was adopted that modified Early Retirement benefits with an annuity. A benefit that is due at age 60 from active retirement (or age 62 from inactive participation) but paid at an earlier age pursuant to the terms of the Plan will be actuarially reduced to account for the fact that it is being paid for a longer period of time.

NOTE 1. DESCRIPTION OF THE PLAN (continued)

For pension benefits payable in the form of a Single Life Annuity, there is currently a guaranteed payment of 120 times the portion of the monthly pension benefit as of the participant's annuity starting date. Under the guarantee, if a participant dies before receiving a total of 120 times the portion of the monthly benefit, the designated beneficiary will receive the balance of that amount. The Rehabilitation Plan eliminates the guaranteed payment. Thus, the Single Life Annuity will provide for monthly payments for the life of the retired participant and will cease at the participant's death.

For pension benefits payable in the form of a 100% Participant and Spouse Pension, there is currently a guaranteed payment of 120 times the portion of the monthly pension benefit as of the participant's annuity starting date. Under the guarantee, if a participant and spouse die before receiving a total of 120 times the portion of the monthly benefit, the beneficiary will receive the balance of that amount. The Rehabilitation Plan eliminated the guaranteed payment. Thus, the 100% Participant and Spouse Pension will provide for monthly payments for the life of the retired participant and surviving spouse and will cease upon both the participant's and surviving spouse's death.

The Rehabilitation Plan modified the unreduced 100% Participant and Spouse pension benefits with an annuity starting date after July 1, 2011. Previously the monthly amount of pension was not actuarially reduced to account for any age difference between the Participant and the Participant's spouse. For pension benefits payable after July 1, 2011, the monthly benefits will be actuarially reduced depending on the age of the Participant and Participant's Spouse at retirement.

In addition to the 100% Participant and Spouse Pension, a new 50% Participant and Spouse Pension has been introduced. For pension benefits payable after July 1, 2011, the monthly benefits will be actuarially reduced depending on the age of the Participant's Spouse at retirement. There is no provision for 120 times the portion of the monthly payment and the benefit will cease upon the Surviving Spouse's death.

The Plan was amended on August 18, 2021 to restore adjustable benefits that had been eliminated in 2010 as a result of its original Rehabilitation Plan. The restored benefits, which would be applicable to any person retiring from active status from the Plan, provided they were active on or after July 1, 2020, are as follows: (i) unreduced 100% joint & survivor benefits for married, active participants; (ii) single life annuity with 120 payments guaranteed as the normal form for unmarried participants and not reduced to ensure the 120-payment guarantee; and (iii) unreduced early retirement benefit.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The accompanying financial statements are prepared using the accrual basis of accounting.

Investments and Income Recognition - Investments are carried at fair value. The valuation for United States treasuries, common stocks and exchange traded funds are generally based on quoted market prices or the net asset value of the fund as of the last business day of the fiscal year as provided by the custodian. Government Agency obligations, corporate obligations and municipal obligations are valued using pricing models that maximize the use of observable inputs for similar securities, including yields, credit ratings and broker quotes, if available. The investment in the limited partnership is carried at estimated fair value as determined by the partnership. The investments in common and collective trusts are carried at estimated fair value as established by the trusts. The investment in the pooled separate account is carried at estimated fair value as reported by the insurance company. The short-term investment is valued at cost, which approximates fair value.

Purchases and sales are recorded on a trade date basis. Interest and dividends are recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Employer Contributions Receivable - Employer contributions due and not paid prior to year end are recorded as contribution receivable. Allowance for doubtful accounts is considered unnecessary and is not provided.

Securities Purchased or Sold and Not Settled - This represents the amounts due to or from the custodial bank for the purchase or sale of securities with trade dates prior to year end and settlement dates after year end.

Actuarial Present Value of Accumulated Plan Benefits - Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service which employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries.

Payments of Benefits - Benefit payments to participants are recorded upon distribution.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Reclassifications - Certain reclassifications have been made to prior year amounts to conform with current year presentation.

NOTE 3. FUNDING POLICY

As required by the Pension Protection Act of 2006, the actuary completed the Plan's actuarial status certification under the Internal Revenue Code Section 432 as of July 1, 2022. These projections were prepared based on the Actuarial Valuation and asset information as of June 30, 2023, and in accordance with generally accepted actuarial principles and practices and a current understanding of the law.

For the Plan years ending June 30, 2023 and 2022, the Plan had an allocation of a minimum required contribution of \$4,230,404 among all participating employers. Employer contributions are accounted for as exchange transactions.

The Plan's actuary has advised that the minimum funding requirements of ERISA are currently being met as of July 1, 2023.

NOTE 4. PRIORITIES UPON TERMINATION

It is the intent of the Trustees to continue the Plan in full force and effect; however, the right to discontinue the Plan is reserved to the Trustees. Termination shall not permit any part of the Plan's assets to be used for or diverted to purposes other than the exclusive benefit of the pensioners, beneficiaries and participants. In the event of termination, the net assets of the Plan will be allocated to pay benefits in priorities as prescribed by ERISA and its related regulations. Whether or not a particular participant will receive full benefits should the Plan terminate at some future time will depend on the sufficiency of the Plan's net assets at that time and the priority of those benefits.

In addition, the Plan is insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. The PBGC does not guarantee all types of benefits and the amount of any individual participant's benefit protection is subject to certain limitations, particularly with respect to benefit increases as a result of Plan amendments in effect for less than five years. Some benefits may be fully or partially provided for while other benefits may not be provided at all.

NOTE 5. TAX STATUS

The Plan obtained its latest determination letter on June 30, 2015 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements under Section 401(a) of the Internal Revenue Code and was, therefore, exempt from federal income taxes under the provisions of Section 501(a). The Plan has been amended since receiving the exemption letter. The Plan's administrator and the Plan's counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 5. TAX STATUS (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the U.S. Federal, state, or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Typically, plan tax years will remain open for three years; however, this may differ depending upon the circumstances of the Plan.

NOTE 6. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Basis of Fair Value Measurement:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

For the years ended June 30, 2023 and 2022 there were no transfers in or out of levels 1, 2 or 3.

NOTE 6. FAIR VALUE MEASUREMENTS (continued)

The following tables set forth by level within the fair value hierarchy, the major categories of the Plan's assets measured at fair value at June 30, 2023 and 2022:

The Grosvenor Institutional Partners, LP's objective is to invest in "Portfolio Funds" consisting of offshore investment funds, investment partnerships, and pooled investment vehicles in the hedge fund industry. The funds consist of equity, arbitrage, and opportunistic funds that are located within the United States, globally, through Europe, Asia, and Japan. Withdrawals are performed on a quarterly basis with a 70 day written notice. Transfers are performed upon availability of funds within 60 days of quarter end.

NOTE 6. FAIR VALUE MEASUREMENTS (continued)

The ASB Allegiance Real Estate Fund's objective is to primarily invest in real estate investments on a collective basis by qualified employee benefit plans. Investments are stated at fair value in which unit values are determined at the end of each calendar quarter. Real estate investments are typically considered less liquid than other investment alternatives. As a result, outstanding withdrawals are honored on a pro rata basis with available liquid assets. Withdrawals are performed on a quarterly basis with transfers within 10 business days following quarter end. A 30 day written notice is required for withdrawals. Beginning September 30, 2022, a redemption queue was put in effect by the Fund.

^ - The investment in the LongView SmallCap 600 Index Fund allows the Plan to withdraw upon a written request for or notice of intention of taking the action of withdrawal and has been entered into the records and approved by the Trustee prior to the valuation date. The participating interest of any trust in the Fund may be withdrawn in whole or in part by the Trustee.

^^ - The investment in the Multi-Employer Property Trust (the Trust) may honor redemption requests as of the end of a quarter following receipt of notice of withdrawal. The Trust Agreement does not require the Trustee to liquidate assets or defer investments to fund or satisfy redemption requests within one year. The Trust is subject to regulations promulgated by the Comptroller of the Currency which require in most circumstances that redemptions be completed by the expiration of the Trust's one-year notice period. Effective March 31, 2020, the Trust implemented a redemption queue.

^^^ - The investment in the Pooled Separate Account, the Union Life Insurance Company Separate Account J, allows the Plan to withdraw an amount equal to all or a portion of its investment (categorized as less than 80% of the investment balance or greater than 80% of the investment balance). If the Plan elects to withdraw less than 80% of the account balance, the payment will be made on the first business day following the third valuation date from the date of receipt of the redemption request, however, Union Labor Life may make payments in the amount of the redemption request on the first or second valuation date following the receipt of the redemption request.

The account is valued as of the close of business on the last business day of each month. If the Plan elects to withdraw greater than 80% of the account balance, Union Labor Life will make a partial payment in the amount equal to 80% of the value of the calculated redeemed units as of the second valuation date following the receipt of the redemption request and paid on the first business day following the third valuation date. Union Labor Life will make the final payment within three weeks after the third valuation date.

NOTE 7. RELATED ORGANIZATIONS

Identification of Related Organizations

The Plan has the following related entities with which it has transactions:

- The District Council of New York and Vicinity of the United Brotherhood of Carpenters and Joiners of America
- New York City District Council of Carpenters Welfare Fund
- New York City District Council of Carpenters Pension Fund
- New York City District Council of Carpenters Annuity Fund
- New York City Carpenters Relief and Charity Fund
- Carpenters Apprenticeship Training Center

All of the above entities qualify as tax-exempt organizations.

The entities listed above share common trustees or officers with this Plan.

Common Administrative Expenses

A group of plans, including this Plan, make deposits to both the New York City District Council of Carpenters Benefit Plans - Payroll Account and the New York City District Council of Carpenters Benefit Plans - Administrative Expense Account. Direct and allocated joint payroll and payroll costs incurred by this Plan are charged against the deposits made to the Payroll Account, while direct and allocated joint office and administrative expenses incurred by this Plan are charged against the deposits made to the Administrative Expense Account.

The Plan's allocated percentage for payroll and related expenses, reimbursable to the Payroll Account, was 0.78% for each of the years ended June 30, 2023 and 2022. The Plan's allocated percentage for occupancy costs was 1.19% for the years ended June 30, 2023 and 2022. The Plan's allocated percentage for computer expenses was 0.52%, and other allocable expenses were 0.88%, for the years ended June 30, 2023 and 2022. These expenses are reimbursable to the Administrative Expense Account. As of current, the Plan has started revaluating the allocation basis.

During the years ended June 30, 2023 and 2022, the Plan reimbursed the Welfare Plan a total of \$133,562 and \$130,866, respectively, for their portion of allocated administrative and payroll expenses. At June 30, 2023, the Plan owed \$10,217 to the Welfare Plan and at June 30, 2022, the Plan was owed \$43,787 from the Welfare Plan.

Certain plan investments are common collective trusts managed by Bank of New York Mellon. Bank of New York Mellon is the custodian, and therefore, these transactions qualify as party-interest transactions.

The transactions above qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

NOTE 8. MULTIEMPLOYER DEFINED BENEFIT PENSION PLAN

Employees of the Plan participate in a multiemployer defined benefit pension plan under the terms of a participation agreement that covers its non-collectively bargained employees. The risks of participating in these multiemployer defined benefit pension plans are different from single-employer plans in the following aspects:

- a. Assets contributed to the multiemployer defined benefit pension plan by one employer may be used to provide benefits to employees of other participating employers.
- b. If a participating employer stops contributing to the multiemployer defined benefit pension plan, the unfunded obligations of the multiemployer defined benefit pension plan may be borne by the remaining participating employers.
- c. If the Plan chooses to stop participating in any of its multiemployer defined benefit pension plans, the Plan may be required to pay those multiemployer defined benefit pension plans an allocated amount based on the underfunded status of the multiemployer defined benefit pension plan, referred to as a withdrawal liability.

The Plan's participation in this multiemployer defined benefit pension plan for the annual periods ended June 30, 2023 and 2022 is outlined in the table below. The zone status is based on information that the Plan received from the multiemployer defined benefit pension plan and is certified by each multiemployer defined benefit pension plan's actuary. Among other factors, pension plans in the red zone are generally less than 65 percent funded, pension plans in the yellow zone are less than 80 percent funded, and pension plans in the green zone are at least 80 percent funded.

*The participation agreement between the Plan and the Retirement and Pension Plan for Officers and Employees of the New York City District Council of Carpenters and Related Organizations (the Fund) does not have an expiration date. The Trustees may terminate this agreement immediately upon violation of any provision. Otherwise, the agreement may be terminated by any party upon 60 days advance written notice to the other party.

*As a result of a critical status of the Retirement and Pension Plan for Officers and Employees of the New York City District Council of Carpenters and Related Organizations Plan at July 1, 2011, the Trustees, in an effort to improve the Plan, elected to have minimum funding contributions be remitted to the Plan. Minimum funding requirements were determined by the Plan's actuary for the years ended June 30, 2023 and 2022.

NOTE 9. MULTIEMPLOYER PLAN THAT PROVIDES POSTRETIREMENT BENEFITS OTHER THAN PENSIONS

The Plan contributed to a multiemployer defined benefit health and welfare plan that provides postretirement benefits for its union-represented and non-collectively bargained employees during the years ended June 30, 2023 and 2022. The Plan remits the contributions to the multiemployer health and welfare plan that provides postretirement benefits for the shared employees on behalf of the related entities and the related entities reimburse the Plan for their share of the contributions based on a cost allocation study. Information about the health and welfare plan is below:

* The Plan reimbursed the New York City District Council of Carpenters Welfare Fund \$17,959 and \$17,613 during the years ended June 30, 2023 and 2022, respectively, for the Plan's allocated share of the health contributions for shared employees.

For the period commencing January 1, 2012 and continuing thereafter, the applicable contribution rate shall be the rate determined by the Trustees of the Welfare Fund, in their sole discretion, after consultation with the Welfare Fund's actuary and consultant.

The Plan provides postretirement health benefits (medical, hospital, prescription drug, dental, vision, and hearing), disability, and accidental death and dismemberment benefits for eligible participants and their spouses, beneficiaries, and covered dependents.

NOTE 10. OTHER BENEFIT PLANS

The Plan's employees are covered by a multiemployer defined contribution pension plan (New York City District Council of Carpenters Annuity Fund).

Contributions to benefit plans during the years ended June 30, 2023 and 2022, consisted of the following:

	<u>2023</u>	<u>2022</u>
NYC DCC Annuity Fund	<u>\$ 5,476</u>	<u>\$ 5,569</u>

NOTE 11. ACTUARIAL INFORMATION

Actuarial valuations of the Plan were made by the consulting actuary as of July 1, 2022. Information shown in the reports included the following:

Actuarial present value of accumulated plan benefits:

Vested benefits

Participants currently receiving benefits	\$ 103,733,357
Participants entitled to deferred benefits	12,981,552
Other vested benefits	<u>5,534,677</u>
	122,249,586

Nonvested benefits

Total actuarial present value of accumulated plan benefits	<u>259,858</u>
	<u>\$ 122,509,444</u>

As reported by the actuary, the changes in the actuarial present value of accumulated plan benefits during the year ended June 30, 2022 were as follows:

Actuarial present value of accumulated plan benefits

at beginning of year	<u>\$ 125,005,177</u>
----------------------	-----------------------

Increase (decrease) during the year attributable to:

Benefits accumulated, net experience gain or loss, changes in data	(862,669)
Decrease in discount period at 7.50%	8,966,231
Benefits paid	(11,111,744)
Plan amendment	<u>512,449</u>
Net decrease	<u>(2,495,733)</u>

Actuarial present value of accumulated plan benefits

at end of year	<u>\$ 122,509,444</u>
----------------	-----------------------

The actuarial cost method used in the valuations is the Unit Credit Actuarial Cost Method. Some of the more significant actuarial assumptions used in the July 1, 2022 valuation were:

- Mortality rates:

Healthy participants:

The mortality of healthy participants is assumed to follow the standard RP-2014 mortality table, adjusted to 2006 by removing projections under scale MP-2014, and then applying the standard mortality improvement scale MP of the valuation year on a fully generational basis.

Disabled participants:

The mortality of disabled participants is assumed to follow the standard RP-2014 disabled mortality table, adjusted to 2006 by removing projections under scale MP-2014, and then applying the standard mortality improvement scale MP of the valuation year on a fully generational basis.

NOTE 11. ACTUARIAL INFORMATION (continued)

- Retirement age assumption:

The Plan was valued assuming active participants will retire according to the following rates:

<u>Age</u>	<u>Rate</u>	<u>Age</u>	<u>Rate</u>
50-54	2%	61	10%
55	10%	62-64	20%
56-59	2%	65	100%
60	60%		

- Investment rate of return - 7.5%.
- Administrative expenses - \$375,000.

The above actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining actuarial results. Pension benefits in excess of the present assets of the Plan are dependent upon contributions received under collective bargaining agreements with employers and income from investments.

Since the information on the actuarial present value of accumulated plan benefits as of June 30, 2023, and the changes therein for the year then ended are not included above, these financial statements do not purport to present a complete presentation of the financial status of the Plan as of June 30, 2023, and the changes in its financial status for the year then ended, only a presentation of the net assets available for benefits and changes therein as of and for the year ended June 30, 2023. The complete financial status is presented as of June 30, 2022.

As of July 1, 2023, the actuary reported that the Plan is not in endangered or critical status.

NOTE 12. RISKS AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, sector, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

The actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and participant demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 13. SUBSEQUENT EVENTS

The Board of Trustees and management have evaluated subsequent events through February 8, 2024, the date the financial statements were available to be issued, and they have been evaluated in accordance with relevant accounting standards.

Schedule MB, line 6 – Summary of Plan Provisions

<i>Plan Year</i>	12-month period beginning on a July 1 st and ending June 30 th .
<i>Participation</i>	If an employee is scheduled to work at least 1,000 hours in a calendar year, he/she becomes a Participant on the first day of the calendar month coincident with or next following the one-month anniversary of his/her employment date. If an employee is scheduled to work less than 1,000 hours in a calendar year, he/she becomes a Participant on the January 1 st or July 1 st immediately following completion of 1,000 hours of service and one year of service. Participation shall not commence prior to an employee's employer joining the Plan.
<i>Active Participant</i>	A Participant who has earned at least 1,000 Hours of Service under this Plan or in another plan maintained by a contributing employer to this Plan in the current Plan year or the immediately preceding Plan year.

District Council of Carpenters Group

<i>Years of Service</i>	For service prior to January 1, 1986, Years of Service are calculated based on elapsed time. For service after December 31, 1985, one Year of Service is granted for each calendar year in which a Participant completes at least 1,000 hours of service. If a Participant completes at least 500 but less than 1,000 hours of service, ½ Year of Service is granted. If a Participant completes less than 500 hours of service and is regularly scheduled to work at least 1,000 hours per year, a partial Year of Service is granted determined by dividing the number of completed months by 12. For purposes of determining benefit eligibility (but not for purposes determining the benefit amount), service with employers contributing to the New York City Council Carpenters Pension Fund is also counted.
<i>Final Average Compensation</i>	For retirement after June 30, 1992, Final Average Compensation is the average annual rate of compensation in the highest 36 consecutive months out of the last 180 months of employment prior to July 31, 2005.
<i>Accrued Benefit</i>	The Accrued Benefit is equal to the August 1, 2005, accrued benefit plus 2.0% of Annual Compensation earned on and after August 1, 2006. Benefits were frozen under the plan as of December 31, 2010.
<i>Normal Retirement Benefit</i>	Eligibility: Age 60 and completion of 3 Years of Service. Amount: Accrued Benefit.

<i>Plan Name:</i>	Retirement and Pension Plan for Officers & Employees of the NYCDCC and Related Organizations
<i>EIN/PN:</i>	51-0167964/001
<i>Plan Sponsor:</i>	Bd Trustees Ret and Pension Plan for Officers and Empl of the NYCDCC and Related Organizations

Schedule MB, line 6 – Summary of Plan Provisions (cont'd)

<i>Early Retirement Benefit</i>	Eligibility: Age 55 and completion of 15 Years of Service. Amount: Accrued Benefit reduced by 0.125% for each month or partial month by which early retirement precedes age 60 for those first eligible to retire from active status after August 1, 2015. There is no reduction for those eligible to retire on or before July 1, 2011, or for any Active Participant who worked under the Plan on or after July 1, 2020, and was considered an Active Participant upon retirement. For all others the Accrued Benefit reduced on an actuarial equivalent basis from age 62.
<i>“Rule-of-70” Retirement Benefit</i>	Eligibility: Sum of Age and Years of Service equal to at least 70 (age 50 minimum age and 5 Years of Service earned in this plan), provided retirement is from active service after July 1, 2002. Amount: Actuarial equivalent of Accrued Benefit reduced from age 60 for those first eligible to retire after July 1, 2011. There is no reduction for those eligible to retire on or before July 1, 2011, or for any Active Participant who worked under the Plan on or after July 1, 2020, and was considered an Active Participant upon retirement.
<i>Deferred Vested Benefit</i>	Eligibility: 3 Years of Service. Amount: Accrued Benefit in effect when a Participant terminated his/her employment payable at age 62 or actuarial equivalent at an age between 55 and 62 if a Participant has 15 Years of Service.
<i>Special Pre-Retirement Death Benefit</i>	Eligibility: Immediate eligibility for Normal, Early or Deferred Vested Benefit, or 10 Years of Service and sum of age and Years of Service at least 70, or age 50 and at least 9 Years of Service. Amount: Accrued Benefit payable to a surviving spouse immediately.
<i>Other Pre-Retirement Death Benefit</i>	Eligibility: If a participant is not eligible for the Special Pre-Retirement Death Benefit, he/she is eligible for the Other Pre-Retirement Death Benefit if he/she has at least 3 Years of Service. Amount: Actuarial equivalent of the Accrued Benefit payable to a surviving spouse when the Participant would have attained age 60, or actuarial equivalent at age 55 if he/she had at least 15 Years of Service, had he/she lived.
<i>Lump Sum Death Benefit</i>	Eligibility: If a Participant was not married for at least one year at the time of his/her death or has less than 3 Years of Service, he/she is not eligible for any spousal Pre-Retirement Death Benefit, but is eligible for a Lump Sum Death Benefit.

Plan Name: Retirement and Pension Plan for Officers & Employees of the NYCDCC and Related Organizations

Plan Sponsor: Bd Trustees Ret and Pension Plan for Officers and Empl of the NYCDCC and Related Organizations

Schedule MB, line 6 – Summary of Plan Provisions (cont'd)

Amount: A sum of (a) the amount of any accumulated contributions with interest and (b) the lesser of (i) \$1,000 times full Years of Service up to a maximum of \$10,000 or (ii) 100 times the Accrued Benefit.

Normal Form of Benefit Actuarially reduced 100% Joint and Survivor Annuity for married Participants and Life Annuity for non-married Participants for those first eligible to retire after July 1, 2011. For members who were eligible to retire on or before July 1, 2011, or for any Active Participant who worked under the Plan on or after July 1, 2020, and was considered an Active Participant upon retirement, 100% Joint-and-Survivor Annuity with 120 payments guaranteed for married Participants (without actuarial reduction) and Life Annuity with 120 payments guaranteed for non-married Participants.

Industrial Carpenters

Years of Service One month (1/12-th of a year) is granted for each whole 150 hours worked in a year, not to exceed 12 months in any year.

Benefit Multiplier For those Participants contributing 60 cents per hour, the Benefit Multiplier is \$40; for those contributing \$1.15 per hour, the Benefit Multiplier is \$75.

Accrued Benefit A monthly Accrued Benefit equal to the Benefit Multiplier times Years of Service.
Benefits were frozen under the plan as of December 31, 2010.

Normal Retirement Benefit Eligibility: Age 65 and completion of 5 Years of Service.
Amount: Accrued Benefit.

Early Retirement Benefit Eligibility: Age 55 and completion of 10 Years of Service.
Amount: Accrued Benefit reduced by 0.5% for each month by which the early retirement date precedes the attainment of age 65.

Deferred Vested Benefit Eligibility: 5 Years of Service.
Amount: Accrued Benefit in effect when a Participant terminated his/her employment payable at age 65.

Death Benefit Eligibility: 5 Years of Service.
Amount: ½ of Accrued Benefit payable to a surviving spouse when the Participant would have attained age 65, had he/she lived. The benefit is payable in the form of life annuity and may be payable at early retirement eligibility.

Plan Name: Retirement and Pension Plan for Officers & Employees of the NYCDCC and Related Organizations
EIN/PN: 51-0167964/001
Plan Sponsor: Bd Trustees Ret and Pension Plan for Officers and Empl of the NYCDCC and Related Organizations

Schedule MB, line 6 – Summary of Plan Provisions (cont'd)

Normal Form of Benefit Actuarially reduced 50% Joint and Survivor Annuity for married Participants and Life Annuity for non-married Participants.

Changes in Plan Provisions Since the Prior Valuation

The “adjustable benefits” taken away from Active Participants when the Plan was in critical status with regard to unreduced early retirement benefits, the 120-payment guarantee as the normal form of payment and the unreduced 100% Joint & Survivor form of payment for those married were restored for retirement from Active Participation in the Plan on or after July 1, 2020.

There were no other changes to the plan provisions from the Plan’s prior actuarial valuation.

Schedule MB, line 6 – Statement of Actuarial Assumptions/Methods

Actuarial Assumptions

Interest Rates	Valuation	7.50% per annum
	RPA '94 Current Liability	2.27% per annum
	Withdrawal Liability	7.00% per annum

Mortality The mortality of healthy participants is assumed to follow the standard RP-2014 mortality table, adjusted to 2006 by removing projections under scale MP-2014, and then applying the standard mortality improvement scale MP of the valuation year on a fully generational basis.

The mortality of disabled participants is assumed to follow the standard RP-2014 disabled mortality table, adjusted to 2006 by removing projections under scale MP-2014, and then applying the standard mortality improvement scale MP of the valuation year on a fully generational basis.

For RPA'94 Current Liability, the tables specified in IRC Section 431(C)(6)(D)(iv)&(v) were used.

Retirement Age Active participants from the District Council of Carpenters group are assumed to retire at the following rates, if they are eligible for immediate unreduced retirement:

Age	Rate	Age	Rate
50-54	2%	61	10%
55	10	62-64	20
56-59	2	65	100
60	60		

Inactive participants are assumed to retire at age 62.

Termination Rates Sample rates for the participants from the District Council of Carpenters group are as follows:

Age	Rate	Age	Rate	Age	Rate
20	5.44%	35	2.35%	50+	0.00%
25	4.89	40	1.13		
30	3.70	45	0.27		

Disability Rates Sample rates are as follows:

Age	Rate	Age	Rate	Age	Rate
20	0.05%	35	0.06%	50	0.40%
25	0.05	40	0.09	55	0.85

Schedule MB, line 6 – Statement of Actuarial Assumptions/Methods (cont'd)

Age	Rate	Age	Rate	Age	Rate
30	0.05	45	0.18	60	1.74

Administrative Expenses \$375,000 payable at the beginning of the year.

Marriage 80% of participants are assumed to be married. Husbands are assumed to be three years older than wives.

Form of Payment Participants are assumed to elect the normal form.

New Entrants No new entrants or rehired employees are assumed in the future.

Future Increases in Maximum Benefits It is assumed that maximum benefit and plan compensation limitations under Internal Revenue Code will not increase in the future.

Future Increases in Benefits None.

Benefits Not Included in the Valuation None.

Actuarial Methods

Cost Method The Traditional Unit Credit cost method is employed in this valuation. Under this method, an “accrued benefit” is calculated as of the beginning of the year and is projected as of the end of the year for each benefit that may be payable in the future. The “accrued benefit” is based on the plan’s accrual formula and upon service as of the beginning or end of the year. For benefits where the plan’s accrual formula is not relevant, benefits are assumed to accrue on a straight-line basis over the period during which the employee earns credited service. The actuarial accrued liability is the present value of the “accrued benefit” as of the beginning of the year for employed participants and is the present value of all benefits for other participants. The normal cost is the present value of the difference between the “accrued benefit” as of the beginning and the “accrued benefit” projected to the end of the year. The normal cost and actuarial accrued liability for the plan are the sums of the individually computed normal costs and actuarial accrued liabilities for all plan participants.

Schedule MB, line 6 – Statement of Actuarial Assumptions/Methods (cont'd)

Asset Method The Five-Year Weighted Average of Asset Gains Method is employed in this valuation. The actuarial value of assets is determined by adjusting the market value of assets to reflect the asset gains and losses (the difference between expected investment return and actual investment return) during each of the last 5 years at the rate of 20% per year. The actuarial value is subject to a restriction that it not be less than 80% or more than 120% of market value.

Changes in Assumptions and Methods Since the Prior Valuation

There were no changes to the actuarial assumptions or methods from the Plan's prior actuarial valuation.

Schedule MB, line 3 – Contributions Made to the Plan for the Plan Year

Unless otherwise noted, contributions (other than withdrawal liability payments) are paid in substantially equal monthly installments pursuant to collective bargaining agreements. The interest credited to the Funding Standard Account is therefore assumed to be equivalent to a January 1 contribution date.

The source of contributions for the Plan Year ending June 30, 2023, was a draft of the Fund auditor's report.
