INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Boys & Girls Club of Broward County Pension Plan
Ft. Lauderdale, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Boys & Girls Club of Broward County Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (the "DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2023 and 2022, and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Boys & Girls Club of Broward County Pension Plan

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Boys & Girls Club of Broward County Pension Plan

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of the Plan

The following description of the Boys & Girls Clubs of Broward County Pension Plan (the “Plan”) adopted under the provisions of the Boys and Girls Clubs of America Money Purchase Plan Master Pension Plan and Trust, (the “Master Trust”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan was established and adopted effective January 1, 1967. The Plan is a defined contribution money purchase plan covering all eligible employees of the Boys and Girls Club of Broward County (the “Organization” or “Employer”) who have at least one year of service, at least 1,000 hours of service during the plan year and are age twenty-one or older. Entrance into the plan is done on January 1 and July 1, following one year of service. The Plan is administered by the Plan Administrator appointed by the Board of Directors of the Boys and Girls Clubs of America. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Under the Plan adoption agreement, 100 percent of all contributions are made by the Organization. The Organization’s contributions are 7% of an eligible participant’s compensation for the current plan year. Contributions are made on a quarterly basis. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers).

Participant accounts

Each participant’s account is credited with the employer’s contribution, employee rollovers, and earnings from the investments in the Plan. Participant accounts are charged with benefit payments and administrative expenses. Contributions are credited based upon compensation, as defined, and administrative expenses are charged directly to the accounts of the participants who incur those fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested balance.

Vesting

Participants are 100 percent vested in any rollover contributions, plus actual earnings thereon. Vesting in employer contributions is based on years of continuous service and accrue at a rate of 20 percent per year beginning with the participant’s completion of a second year of service, as defined in the Plan document, with full vesting accruing after six years of service. A participant will also be 100 percent vested upon death, disability, or attainment of normal retirement age, as defined in the Plan adoption agreement.

Forfeitures

Forfeitures of non-vested account balances are used to reduce the Organization’s contributions or pay for administrative expenses. For the 2023 plan year, employer contributions were reduced by approximately \$ 16,000 using forfeited account balances.

Note 1 - Description of the Plan (continued)

Payment of benefits

Upon termination of employment, retirement, disability, or death, the participant may elect to receive the vested account balance in a single lump-sum payment, roll over the distribution to an Individual Retirement Account (IRA) or another retirement plan and receive installments, or defer receiving payments until the age of 72. If the vested account balance is more than \$ 1,000 and less than \$ 5,000, and the participant does not make an election, the Plan automatically will rollover the distribution to an IRA designated by the Plan Administrator. If the vested balance is less than \$ 1,000, it will be distributed to the participant in a single lump-sum payment.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Consequently, additions to net assets are recognized when earned and deductions from net assets are recognized when the obligation is incurred.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management of the Plan to make estimates and assumptions that affect the reported amounts of certain assets, liabilities, and disclosures. Accordingly, actual results may differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which the adjustments are determined.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Notes receivable from participants

As of the Summary Plan Description dated November 2017, the Plan does not permit loans to be given to participants. A loan that was issued prior to this date has been considered in default due to no repayment. As of the date of this report, the Plan administrator has begun the necessary steps of issuing a deemed distribution to the participant.

Note 2 - Summary of Significant Accounting Policies (continued)

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Certain transaction fees distributions are charged directly to the accounts of the participants who incur those fees. Any costs associated with the investment of a participant's account are charged to that participant.

The Plan has entered into a revenue sharing agreement to pay reasonable administrative expenses of the Plan. For the year ended June 30, 2023, revenue earned from this agreement was \$ 3,986 and is included in other income on the statement of changes in net assets available for benefits. Plan expenses paid from this account were \$ 3,986 for the year ended June 30, 2023.

Date of management review

Subsequent events have been evaluated by Plan management through April 1, 2024, the date the financial statements were available to be issued. During this period, no material recognizable subsequent events were identified.

Note 3 - Fair Value Measurements

In accordance with the Financial Accounting Standards Board in its Accounting Standards Codification, (ASC) No. 820, *Fair Value Measurements and Disclosures*, the Plan has defined and established a framework for measuring fair value and expanded disclosures about fair value measurements. Various inputs are used in determining the value of the Plan's investments. These inputs are summarized in three levels listed below:

Level 1 - inputs are quoted market prices (unadjusted) in active markets for identical investments that the reporting entity can access at the measurement date.

Level 2 - inputs are other than quoted prices included within level 1 that are observable for the investments, either directly or indirectly (e.g. quoted prices in active markets for similar securities, securities valuations based on commonly quoted benchmarks, interest rates and yield curves, and/or securities indices).

Level 3 - inputs are significant unobservable inputs (e.g. information about assumptions, including risk, market participants would use in pricing a security).

The inputs or methodology used for valuing securities are not necessarily an indication of the risks associated with investing in those securities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 3 - Fair Value Measurements(continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used for years ended June 30, 2023 and 2022:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: The Plan invests in the BNYM Insight Stable Value Fund held by the Master Trust which primarily invests in a diversified portfolio of fixed-income instruments which may include various guaranteed investment contracts ("GICs") and is valued at the NAV of units held by the Plan. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded purchase commitments within the fund.

The following tables are set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

At June 30, 2023	Fair Value Measurements Using			Total Fair Value
	Level 1	Level 2	Level 3	
Mutual funds measured at fair value	\$ 5,870,937	\$ -	\$ -	\$ 5,870,937
Common collective trust*				71,465
Total investments at fair value				\$ 5,942,402

At June 30, 2022	Fair Value Measurements Using			Total Fair Value
	Level 1	Level 2	Level 3	
Mutual funds measured at fair value	\$ 5,180,523	\$ -	\$ -	\$ 5,180,523
Common collective trust*				70,862
Total investments at fair value				\$ 5,251,385

* Fair values of the investments of the collective trust funds were estimated using the NAV practical expedient. As a result of the implementation of ASU 2015-07, those investments are not required to be categorized within the fair value hierarchy.

Note 4 - Information Certified by the Plan's Trustee

The Plan Sponsor has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, Charles Schwab Bank, the Trustee of the Plan assets, has certified to the completeness and accuracy of all investments on the accompanying statement of net assets available for benefits as of June 30, 2023 and 2022; the related investment activity reflected in the accompanying statement of changes in net assets available for benefits for the year ended June 30, 2022; and the information reflected on the accompanying supplemental schedule of assets (held at end of year) as of June 30, 2023.

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 6 - Tax Status

The Plan received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2014, which stated the Plan is designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress.

Note 7 - Related Party and Party-in-Interest

Section 3(14) of ERISA defines a party-in-interest to include fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and transactions with investment funds managed and held by the Trustee are considered party-in-interest transactions.

Note 8 - Risks and Uncertainties

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.
