Independent Auditor's Report

To the Plan Administrator
Public Health Foundation Enterprises, Inc. 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Public Health Foundation Enterprises, Inc.'s 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of June 30, 2023 and 2022, and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 11 to the financial statements, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirement for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue our auditor's report. However, because of the matters described in the *Basis for Disclaimer of Opinion* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of June 30, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* section of our report, it is inappropriate to and we do not express an opinion on these supplemental schedules.

Public Health Foundation Enterprises, Inc. 403(b) Plan

Notes to Financial Statements June 30, 2023

Note 1 - Description of Plan

The following description of the Public Health Foundation Enterprises, Inc. 403(b) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of the Plan's provisions.

General

The Plan is a 403(b) salary deferral plan covering substantially all employees of Public Health Foundation Enterprises, Inc. and is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Public Health Foundation Enterprises, Inc. (the "Sponsor") is the Plan's Sponsor and serves as Plan administrator. Empower Annuity Insurance Company of America ("Empower") is the Plan's recordkeeper.

Eligibility

Salaried or hourly employees are eligible to participate in the Plan on the same date they are hired. Benefit eligible Plan employees become eligible for the nonelective employer contribution upon completion of two months of service and attaining age 18. Headquartered employees become eligible for nonelective employer contributions upon completion of two months of service and attaining age of 18.

On December 17, 2021 the Retirement Benefit Committee of the Plan approved an amendment to the Plan, effective as of January 1, 2022, to remove the special eligibility provisions which require headquartered employees to complete a 12-month period of service to participate in the Plan. This amendment reduces their eligibility requirement to two months of service, as described above.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of the Plan Sponsor's contribution and Plan earnings and charged with an allocation of administrative expenses and investment losses. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions

Employees are automatically enrolled into the Plan with a 6% contribution rate. Employees may enter a salary reduction agreement at any time to select an alternative contribution amount or elect not to contribute to the Plan. Employees can opt out of participation at any time. Participants may elect to contribute between 1% and 100% of eligible compensation, as defined in the Plan. For the calendar years 2023 and 2022, the maximum allowable pre-tax annual compensation contribution limit was \$22,500 and \$20,500, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, up to \$7,500 and \$6,500, respectively, in calendar years 2023 and 2022. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. On February 1, 2023, the Plan was amended to no longer allow after tax contributions.

Participants direct the investments of their contributions into various investment options offered by the Plan. The Plan Sponsor can make a discretionary contribution as a percentage of compensation or as a dollar amount. The Plan Sponsor allocated to each benefit eligible participant 6% of eligible compensation as a nonelective discretionary employer contribution for the year ended June 30, 2023. The Plan Sponsor contributed \$8,550,496 for the year ended June 30, 2023.

Public Health Foundation Enterprises, Inc. 403(b) Plan

Notes to Financial Statements June 30, 2023

Vesting

Participants are fully vested in all contributions at the time of posting to the account, plus actual earnings thereon.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case the loan must be repaid within a reasonable period of time not to exceed 30 years. Under the terms of the Plan agreement, Plan loans will bear a reasonable rate of interest determined by the Plan administrator. Principal and interest are paid ratably through semi-monthly payroll deductions. As of June 30, 2023, the rates of interest on outstanding loans ranged from 4.25% to 9.25% with various maturities through December 2042. A participant may have up to two loans outstanding at any time and may renegotiate the terms of a loan.

A participant may continue to repay an outstanding loan following termination of employment. If a terminated participant fails to make payments on an outstanding participant loan, the entire outstanding balance of the loan, plus accrued interest, will be treated as a taxable distribution.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in the form of an annuity contract. For termination of service for other reasons, a participant may receive the value of the interest in his or her account as a lump-sum distribution.

Note 2 - Summary of significant accounting policies

Basis of accounting

The financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America ("GAAP") using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates

The preparation of financial statements in conformity with GAAP requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Public Health Foundation Enterprises, Inc. 403(b) Plan

Notes to Financial Statements June 30, 2023

The Standard Insurance Company fund was created in 2018 and the one, three, and five year rates of return are 3.04%, 2.93%, and 2.96% as of June 30, 2023 and the one and three year rates of return are 2.83% and 2.92% as of June 30, 2022, respectively.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from the participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2023 and 2022. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Expenses

Administrative and management expenses are paid by the Plan participants. Plan related fees are directly deposited into the Sponsor's plan account as direct compensation.

Subsequent events

The Plan has evaluated subsequent events through March 5, 2024 which is the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") issued Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and

Public Health Foundation Enterprises, Inc. 403(b) Plan

**Notes to Financial Statements
June 30, 2023**

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 141,455,170	\$ -	\$ -	\$ 141,455,170
Total assets at fair value	<u>\$ 141,455,170</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 141,455,170</u>
2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 115,127,271	\$ -	\$ -	\$ 115,127,271
Total assets at fair value	<u>\$ 115,127,271</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 115,127,271</u>

For the years ended June 30, 2023 and 2022, there were no transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Note 4 - Fixed annuity contracts

The Plan held the Standard Guaranteed Fixed Interest Fund IV Group Annuity contract as of June 30, 2023 and June 30, 2022, respectively. The group annuity contract meets the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

Public Health Foundation Enterprises, Inc. 403(b) Plan

Notes to Financial Statements June 30, 2023

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and may not be less than 1.0%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (the "IRC") or the failure of the trust to be tax-exempt under Section 501(a) of the IRC.
2. Premature termination of the contracts.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investment options.
5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation; and
4. A material amendment to the agreements without the consent of the issuer.

Note 5 - Related party transactions and party-in-interest transactions

The Plan issues notes receivables to participants, which are secured by the balances in the participants' accounts. The Plan has investments with MassMutual. These transactions qualify as exempt party-in-interest transactions.

Empower provides certain administrative services to the Plan pursuant to Plan Service Agreement between the Plan and Empower. Empower receives revenue from mutual fund service providers for services that Empower provides to the funds, and the revenue is used to offset certain amounts owed to Empower for its administrative services. If the revenue received by Empower from such mutual fund service providers exceeds the amount owed under the service agreement, Empower remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan

administrative expenses. For the year ended June 30, 2023, the Plan received excess amounts of \$351,569 which are offset against the Plan's administrative expenses.

Note 6 - Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7 - Tax status

The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service ("IRS") in Revenue Procedure 2007-71 or the draft Listing of Required Modifications issued April 4, 2009. The Plan was amended and restated to comply with current regulations effective November 15, 2017 for all the employees. The amended and restated Plan is a 403(b) volume submitter plan. The 403(b) volume submitter plan has received an advisory letter from the IRS dated April 7, 2021, indicating that the 403(b) volume submitter plan satisfies the applicable requirements of the IRC. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b).

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the net assets available for benefits.

Note 9 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at June 30, 2023 and 2022, and investment income and interest income on notes receivable from participants for the year ended June 30, 2023, that are disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Empower Trust Company, LLC, the asset custodian of the Plan.

Note 10 - Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at June 30, 2023 and 2022 to Form 5500:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$ 152,733,647	\$ 129,448,857
Add excess contributions payable	17,299	65,230
Less employer contribution receivables	(353,777)	(4,073,522)
Less participant contribution receivables	<u>(399,045)</u>	<u>(395,235)</u>
Net assets available for benefits per Form 5500	<u>\$ 151,998,124</u>	<u>\$ 125,045,330</u>

The following is a reconciliation of contributions of the financial statements to Form 5500:

Contributions per the financial statements	\$ 18,384,832
Add 2023 excess contributions payable	17,299
Less 2023 employer contribution receivables	(353,777)
Less 2023 participant contribution receivables	(399,045)
Less 2022 excess contribution payable	(65,230)
Add 2022 employer contribution receivables	4,073,522
Add 2022 participant contribution receivables	<u>395,235</u>
Contributions per Form 5500	<u>\$ 22,052,836</u>

Note 11 - Beginning balances

The Plan's accounting records were not sufficient to support audit testing of the participant account balances and transactions prior to July 1, 2009. The Plan Sponsor was unable to obtain participant or payroll data for Plan participants prior to 2009 and, as a result, Plan management did not have such records when preparing the financial statements. The Plan Sponsor believes there were adequate controls in place at Principal Trust Company, the prior custodian of the Plan, to rely on the beginning balances as reported by the custodian. As a result, the effect, if any, on the Plan's accompanying financial statements cannot be determined.
