INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
MBO Associate 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of MBO Associate 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of MBO Associate 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MBO Associate 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MBO Associate 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MBO Associate 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MBO Associate 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MBO ASSOCIATE 401(K) PLAN
Notes to Financial Statements
December 31, 2022 and 2021

Note 1 – Description of the Plan

The following brief description of the MBO Associate 401(k) Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan document and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan, effective January 1, 2005, is a defined contribution plan covering all eligible full-time, non-common law employees of MBO Partners, Inc. (Company) who have at least one hour of service during the plan year. An employee may participate in the Plan immediately upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

As of January 1, 2016**,** there were no eligible participants in the Plan. Active participants as of December 31**,** 2015 became eligible for another defined contribution plan sponsored by MBO Professional Services, Inc. on January 31, 2016. As a result, contributions by those participants were no longer permitted into the Plan**.** The Company is continuing to manage the Plan and has made no decisions regarding the disposition of the Plan. Active participants continue to manage their retirement benefits within the Plan.

Participant Accounts

Each participant's account is credited with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

All participants are fully vested in all contributions upon participation in the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account. Loan terms range up to five years or over a reasonable period of time in excess of five years for the purchase of a primary residence. The loans bear an interest rate of 4.25% to 5.75%, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Note 1 – Description of the Plan (Continued)

Investment Options

Participants direct their investments into various investment options offered by the Plan. Participants may choose to invest their account in one or more investment funds offered by the Plan and administrated by Fidelity Management Trust Company. For fund investment objectives, risks, charges and expenses, participants should contact the fund manager for a prospectus.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in annual installments over a fixed period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Investment income derived from the stable value collective trust and registered investment companies and self-managed accounts, including realized and unrealized gains and losses and dividend income, is included in "net investment income from stable value collective trust" and "net investment (loss) income from registered investment companies" in the accompanying financial statements.

Note 2 – Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from the participant is recorded as a distribution at the time of the employee's employment termination, death or disability.

Benefit Payments

Benefit payments to participants are recorded when paid.

Administrative Expenses

Investment management fees and asset custody expenses incurred in connection with managing the Plan's investments are charged against investment returns. Additionally, expenses incurred in administering the Plan, unless otherwise paid by the Company, are charged to participant accounts on a prorated basis based upon the relative value of the participant's balance in relation to the total plan assets. The administrative costs and fees related to loan and hardship withdrawals from a participant's account are deducted from that participant's account.

Subsequent Events

The Plan has evaluated subsequent events and transactions through October 12, 2023, the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. It defines fair value as an exit price, which is the price that would be received for an asset or paid to transfer a liability in the Plan's principal or most advantageous market for the asset or liability, in an orderly transaction between market participants on the measurement date.

The fair value hierarchy generally requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability and are developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the entity's own assumptions based on market data and the entity's judgments about the assumptions that market participants would use in pricing the asset or liability and are to be developed based on the best information available in the circumstances.

The Plan determines the fair market value of its investment in securities based on the established fair value definition and hierarchy levels. The three levels within the hierarchy that may be used to measure fair value are:

Note 3 – Fair Value Measurements (Continued)

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs, including Level 1 prices that have been adjusted; quoted prices for similar assets or liabilities; quoted prices in markets that are less active than traded exchanges; and other inputs that are observable or can be substantially corroborated by observable market data.

Level 3: Unobservable inputs that are supported by little or no market activity and that are a significant component of the fair value of the assets or liabilities. There were no Level 3 investments as of December 31, 2022 and 2021.

The lowest level of input that is a significant component of the fair value measurements determines the placement of the entire fair value measurement in the hierarchy. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the classification of fair value assets and liabilities within the fair value hierarchy levels.

Investments that do not have a readily determinable fair value, and which provide a NAV (or its equivalent) developed consistent with FASB measurement principles, are valued using NAV as a practical expedient. These investments are not classified in Levels 1, 2, or 3 of the fair value hierarchy, but are included in the totals.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies: Registered investment companies, which include mutual funds, are valued at the daily closing price as reported by the fund. The registered investment companies held by the Plan are deemed to be actively traded.

Stable value collective trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the stable value collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-managed accounts: The self-managed accounts may include the following investments: cash and cash equivalents, stocks, bonds, exchange-traded funds and mutual funds which are valued based on quoted market prices. The fair value of bonds is determined using a variety of inputs, including benchmark curves, benchmarking of like securities, sector groupings, and matrix pricing. If a pricing service determines they do not have sufficient independently

Note 3 – Fair Value Measurements (Continued)

verifiable information to determine a security's valuation, further attempts to value the issue are discontinued until ample information is received. Secondary pricing or generic pricing may be solicited from the same or other industry pricing service providers.

The preceding valuation methods may produce a fair value calculation that may not be indicative of net realized value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, the Plan's assets that were accounted for at fair value on a recurring basis as of December 31, 2022.

	Total Fair Value	Level 1	Level 2
Investments, at fair value:			
Registered investment companies	$57,574,635	$57,574,635	$ -

The following table sets forth, by level, the Plan's assets that were accounted for at fair value on a recurring basis as of December 31, 2021.

	Total Fair Value	Level 1	Level 2
Investments, at fair value:			
Registered investment companies	$76,518,465	$76,518,465	$ -
Self-managed accounts	4,595,155	4,595,155	-

Total investments	$87,815,631	$81,113,620	$ -

(*) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value (NAV) per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 3 – Fair Value Measurements (Continued)

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Stable value collective trust *	$5,602,883	N/A	Daily	12 months

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Stable value collective trust *	$6,702,011	N/A	Daily	12 months

* The Fidelity Advisor Stable Value Portfolio seeks to preserve principal investment while earning a level of interest income that is consistent with principal preservation. The fund seeks to maintain a NAV of $1 per share, but it cannot guarantee that it will be able to do so. The yield of the fund will fluctuate.

Note 4 – Information Certified by the Plan's Trustee (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule as of December 31, 2022 and 2021 and for the years then ended is complete and accurate.

	December 31,	
	2022	**2021**
Investments, at fair value:		
Registered investment companies	$ 57,574,635	$ 76,518,465
Stable value collective trust	5,602,883	6,702,011
Self-managed accounts	3,559,974	4,595,155
Total investments	$ 66,737,492	$ 87,815,631
Notes receivable from participants	$ 27,021	$ 33,733
Investment income:		
Net investment (depreciation) income from Registered investment companies	$ (18,369,565)	$ 4,534,830
Net investment income from Stable value collective trust	66,939	68,828
Net investment (loss) income from Self-managed accounts	(1,050,168)	165,120
Dividends from registered investment companies	4,905,298	8,491,603
Total investment income	$ (14,447,496)	$ 13,260,381
Interest income on notes receivable from participants	$ 1,224	$ 1,703

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

Note 5 – Related Party Transactions

Certain Plan investments are shares in the registered investment companies and the stable value collective trust accounts managed by Fidelity Management Trust Company. Plan administrative expenses of $0 and $59,662 were paid by the Plan to Fidelity Management Trust Company for the year ended December 31, 2022 and 2021. Fidelity Management Trust Company is the trustee, as defined by the Plan, as of December 31, 2022 and 2021 and for the years ended December 31, 2022 and 2021, and, therefore, these transactions qualify as party-in-interest transactions.

Note 6 – Termination of the Plan

Although the Company has not expressed any intent to do so, it has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination, the assets then remaining in the Plan, after providing for any administrative expenses, shall be allocated among the participants.

Note 7 – Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated January 12, 2006, stating that the volume submitter plan adopted by the Plan is qualified under Section 401(a) of the Internal Revenue Code (Code) and, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the determination letter. However, the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code. Therefore, the plan administrator believes that the Plan is qualified, and the related trust was tax exempt as of the financial statements date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Employee benefit plans are subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress for the Plan. The plan administrator believes it is no longer subject to income tax examinations for the years prior to December 31, 2019.

Note 8 – Administration of Plan Assets

The Plan entered into a service agreement with Fidelity Investments, dated May 1, 2009. Under the agreement, Fidelity Investments provides trustee services, including, responsibility for the safekeeping of plan assets, compliance with participant direction on investing account balances, preparation of financial information, including the annual report on federal Form 5500 and annual tax reporting. Fidelity Investments has no discretion or authority with respect to the investment of plan assets and acts solely as a directed trustee of the contributed funds. Fidelity Investments also provides recordkeeping and processing services. All related fees are an expense of the Plan.

Note 9 – Risks and Uncertainties

The Plan invests in investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.
