INDEPENDENT AUDITORS' REPORT

April 1, 2024

Plan Administrator
Unison Behavioral Health Group Retirement Plan
Toledo, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of ***Unison Behavioral Health Group Retirement Plan*** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of June 30, 2023 and 2022, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements (the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from the qualified institutions as of June 30, 2023 and 2022 and for the years then ended, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Independent Auditors' Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis method of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to the matter.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Independent Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis method of accounting is an acceptable basis for the preparation of the financial statements in the circumstances, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Independent Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an independent auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis method of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions as of and for the year ended June 30, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

UNISON BEHAVIORAL HEALTH GROUP RETIREMENT PLAN

Notes to Financial Statements

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the **Unison Behavioral Health Group Retirement Plan** (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Description of the Plan

General

The Plan is a defined contribution plan covering employees of **Unison Behavioral Health Group, Inc.** (the "Company") who work 20 or more hours per week. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Risks and Economic Uncertainties

The Plan invests in insurance company contracts and mutual funds with the underlying assets consisting of any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Contributions

Within certain limitations, upon hire, participants may contribute annual compensation as defined in the Plan agreement up to the maximum allowed by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also allows participants to make rollover contributions from other qualified retirement plans.

Participants are eligible for discretionary Company contributions once they have completed six months of continuous service. Eligible participants' entry dates for Company contributions are January 1 and July 1 immediately following the date the employee meets the eligibility criteria. The Company made discretionary matching contributions of 100% of participant deferrals up to 1% of a participant's eligible compensation, until January 1, 2022, at which point the Board of Directors elected to increase discretionary matching contributions to 100% of participant deferrals up to 2% of a participant's eligible compensation. In addition, the Company made discretionary nonelective contributions of 1% of each participant's eligible compensation in 2023 and 2022. Company contributions are subject to certain IRC limitations.

UNISON BEHAVIORAL HEALTH GROUP RETIREMENT PLAN

Notes to Financial Statements

The Plan offers mutual funds and investment contracts with insurance companies, which are part of group annuity contracts offered by Voya Retirement Insurance and Annuity Company ("VRIAC"), the trustee of the Plan, as investment options for participants. Participants direct the investment of contributions into various VRIAC investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary matching contributions (when made), the Company's discretionary nonelective contributions (when made), earnings based on the performance of the investment options selected by the participant and is charged with administrative expenses. Participants who initiate a loan are charged a fee for that transaction. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are fully vested in their account balances at all times.

Notes Receivable from Participants

Participants may borrow from their accounts upon approval of the Plan Administrator. The notes may not be made for less than \$1,000 or exceed the lesser of 50% of a participant's account balance or \$50,000, reduced by the excess of the highest amount of outstanding notes receivable balances to the participant for the previous 12 month period over the outstanding balances of notes receivable to the participant on the date the note is made. The notes may not exceed five years unless the proceeds are used to acquire a principal residence, in which case the term may not exceed a reasonable time period determined at the time the note is made. Notes bear a rate of interest, ranging from 4.25% to 7.25%, and participants are limited to having one note outstanding from VRIAC. Each note receivable is secured by the balance in the participant's account.

Principal and interest is either paid directly to the trustee by the participant or is paid ratably through payroll deductions. As the notes receivable are repaid, the amounts are allocated to the investment funds according to the participant's most recent election with respect to current contributions.

Payment of Benefits

The Plan provides that upon retirement, death, disability or termination, participants can receive a lump-sum payment. If a participant's account balance is \$1,000 or less, payment will be made in an immediate lump-sum without the participant's consent. Normal retirement age is 65 years of age. The normal retirement date is the first day of the month coinciding with or next following a participant reaching normal retirement age. In-service withdrawal of balances may be elected by participants who have reached 59½ years of age. The Plan also permits withdrawals of active participants' elective contributions, and earnings thereon, only in amounts necessary to satisfy financial hardship as defined by the Plan agreement.

Notes to Financial Statements

Administrative Expenses

The Plan's administrative expenses, including salaries related to Plan administration, and audit and legal fees are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Fees for trustee, custodial and record keeping services are paid by the Plan and are included as a reduction of net appreciation or an addition to net depreciation in fair value of mutual funds in the statements of changes in net assets available for benefits. Participants are charged directly for account and loan maintenance fees.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the modified cash basis method of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America ("GAAP"). Consequently, certain revenues and related assets are recognized when received rather than when earned and certain expenses are recognized when paid rather than when the obligation is incurred.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the contracts.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis method of accounting requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor, trustee and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when received. The net appreciation (depreciation) in fair value of mutual funds includes interest and dividends related to these investments as well as the change in fair value of such investments bought and sold as well as held during the year.

UNISON BEHAVIORAL HEALTH GROUP RETIREMENT PLAN

Notes to Financial Statements

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, such management fees and operating expenses are reflected as a reduction of net appreciation or an addition to net depreciation in the aggregate fair value of mutual funds.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the note receivable to be in default, according to the terms of the Plan agreement, the participant note receivable is reduced and a benefit payment is recorded.

Contributions

Contributions are recorded by the Plan when received.

Benefits Paid to Participants

Benefits paid to participants are recorded when paid.

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to June 30, 2023, the most recent statement of net assets available for benefits presented herein, through April 1, 2024, the date these financial statements were available to be issued. No significant events or transactions of this nature were identified.

2. INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, VRIAC, trustee of the Plan, and Metropolitan Life Insurance Company ("MetLife"), custodian of certain Plan assets, have certified the completeness and accuracy of the investment information reflected in (1) the accompanying statements of net assets available for benefits as of June 30, 2023 and 2022, (2) the June 30, 2023, schedule of assets (held at end of year), (3) the related investment activity reflected in the statements of changes in net assets available for benefits during 2023 and 2022, and (4) the information presented in Note 4. VRIAC and MetLife have also certified the completeness and accuracy of notes receivable from participants and the related interest income as of and for the fiscal years ended June 30, 2023 and 2022.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy of each of the Plan's assets or liabilities is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodology used at June 30, 2023 and 2022.

Mutual funds: Shares held in mutual funds are valued at quoted market prices that represent the net asset value ("NAV") of shares held by the Plan at year end and are classified as Level 1. The NAV is based on the value of underlying assets owned by the fund, less its liabilities, then divided by the number of shares outstanding. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price and, therefore, are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes the valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

UNISON BEHAVIORAL HEALTH GROUP RETIREMENT PLAN

Notes to Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at June 30:

2023	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 11,488,808</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,488,808</u>
2022	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 9,693,572</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,693,572</u>

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers of assets into or out of Level 3 in 2023 and 2022.

4. INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

The Plan has entered into traditional fully benefit-responsive investment contracts with VRIAC to invest in the Voya Fixed Plus Account, which is backed by VRIAC's general account, and the Guaranteed Accumulation Account, which is backed by a nonunitized separate account. The Plan has also entered into a traditional fully benefit-responsive investment contract with MetLife to invest in the MetLife Fixed Interest Account, which is backed by MetLife's general account. These contracts meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the contracts. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a position of their investment at contract value.

The traditional investment contracts held and owned by the Plan are guaranteed investment contracts. The contract issuers are contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The minimum guaranteed interest rate credited annually ranges from 1% to 3% for the VRIAC accounts and 3% for the MetLife account, for the life of the contracts.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

UNISON BEHAVIORAL HEALTH GROUP RETIREMENT PLAN

Notes to Financial Statements

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include:

- 1) Amendments to the Plan documents (including complete or partial Plan termination or merger with another plan),
- 2) Changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions,
- 3) Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or;
- 4) The failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The Plan Administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

The guaranteed investment contracts do not permit the insurance companies to terminate the agreements prior to the scheduled maturity dates.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by VRIAC, Voya Financial, an affiliate of VRIAC, and MetLife. VRIAC is the trustee of the Plan and MetLife is the custodian of certain Plan assets and, therefore, related transactions qualify as party-in-interest transactions. Trustee, custodial and record keeping fees are paid by the Plan and are recorded in net appreciation (depreciation) in fair value of mutual funds in the statements of changes in net assets available for benefits. Participant account and loan maintenance fees are paid by the Plan and reported as administrative expenses in the statements of changes in net assets available for benefits.

6. TAX STATUS

Under Section 403(b) of the IRC, the Plan and the trust established thereunder are not subject to federal income tax. The Plan Administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

The Plan Administrator has considered the tax positions taken by the Plan and has concluded that, as of June 30, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. While the Plan may be subject to routine audits by taxing jurisdictions, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for fiscal years prior to June 30, 2020.

UNISON BEHAVIORAL HEALTH GROUP RETIREMENT PLAN

Notes to Financial Statements

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2023, the Company was untimely in remitting certain participant contributions in the amount of \$97. Late remittances of participant contributions constitute a prohibited transaction under ERISA section 406, regardless of materiality. The Company remitted the delinquent participant contributions, as well as the related employer contributions of \$58 in July and August 2022. In addition, the Company reimbursed the Plan for lost earnings related to these contributions in fiscal year 2023.
