SOUTH TEXAS PIZZA, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020

NOTE 1: DESCRIPTION OF PLAN

The following description of the South Texas Pizza, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Plan Freeze - Effective November 14, 2016, the Plan was amended to freeze eligibility and contributions. As of that date all contributions ceased or were suspended, and no employees entered the Plan after that date. Effective with the Plan freeze, all participants became fully vested in their account balances.

Plan Termination - The Board of Directors of South Texas Pizza, Inc. terminated the Plan effective December 31, 2018. Effective with the Plan's termination, the Plan was amended to provide for final contributions to be made to the Plan. All account balances were distributed in accordance with the terms of the Plan. Final distributions occurred on January 28, 2021.

General - Prior to the Plan's freeze and termination, the Plan, established and effective June 1, 2005, was a defined contribution plan covering all eligible employees of South Texas Pizza, Inc. (Company) who were age 18 or older and had completed at least one year of service and were not union employees or nonresident aliens. Entry into the Plan was the first day of the plan year quarter coinciding with, or next following, the date the eligibility requirements were met. The Plan was restated effective January 1, 2016. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Prior to the Plan's freeze and termination, each year, participants could contribute up to 15% of pre-tax, annual, eligible compensation, as defined by the Plan. Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans (rollover). Participants directed the investment of their contributions into various investment options offered by the Plan. The Company could make discretionary employer profit-sharing contributions. Employees had to be employed on the last day of the Plan year and had to complete at least 1,000 hours of service during the plan year to be eligible to receive discretionary employer profit sharing contributions. Due to the plan freeze, no contributions were made during the year ended December 31, 2020. Contributions are subject to limitations to comply with the nondiscrimination requirements of the Internal Revenue Code (IRC).

Participant Accounts - Prior to the Plan termination, each participant's account was credited with the participant's contribution and allocations of the Company's contribution and plan earnings, as well as charged with an allocation of administrative expenses that were paid by the Plan. Certain administrative expenses were paid from the investment alternatives held by the participants. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

SOUTH TEXAS PIZZA, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2020

NOTE 1: DESCRIPTION OF PLAN - CONTINUED

Vesting - Participants are always immediately vested in their contributions plus actual earnings thereon. Prior to the plan freeze, vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, was based on years of continuous service. For nonelective profit-sharing contributions, a participant was 100% vested after attaining three years of credited service and 0% vested prior to that date. For matching contributions, a participant was 100% vested after attaining two years of credited service and 0% vested prior to that date. Effective with the plan freeze on November 14, 2016, participants became fully vested in their entire accounts.

Notes Receivable from Participants - Prior to the plan termination, participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance during the prior twelve-month period or the greater of 50% of the participant's vested account. Loan terms ranged from the lesser of 1 to 5 years, or 10 years for the purchase of a participant's primary residence. The loans were secured by the balance in the participant's account. The interest rate was based on the rates available for similar loans from commercial lending institutions. Principal and interest were paid ratably through payroll deductions. Only one loan could be outstanding at any one time.

Payment of Benefits - Prior to the plan termination, upon termination of service due to death, disability, retirement (age 65), or separation from service, a participant could elect to receive a lump-sum benefit equal to the value of his or her eligible account balance. A participant could elect to receive the benefit directly or through a direct rollover to an individual retirement account or another eligible retirement plan. If a terminated participant's vested account balance was \$1,000 or less, his or her vested account could be paid in a single lump sum without the participant's consent. An active participant who had reached age 59½ could withdraw all, or a portion of, his or her entire account while still employed with the Company. Effective with the Plan's termination, all account balances were distributed in accordance with the terms of the Plan. Final distributions occurred on January 28, 2021.

Before the plan termination, as required under Section 401(a)(9) of the IRC, a participant had to begin receiving required minimum distributions from the Plan by April 1 of the calendar year following the later of (i) the calendar year following the year in which the participant reached age 70½ or (ii) the calendar year in which the participant retired.

Hardship Withdrawals - Prior to the plan termination, participants could withdraw their salary deferral account balance in the form of a hardship withdrawal to satisfy an immediate and heavy financial need as defined by the Plan. The participant had to exhaust all other assets prior to obtaining a hardship withdrawal.

Forfeitures - As of December 31, 2020 and 2019, forfeited nonvested accounts totaled \$0. Prior to the Plan termination, forfeitures could be used at the discretion of the Company to reduce future employer contributions, pay administrative expenses, or be reallocated as additional employer contributions. During 2020, no forfeitures were used.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - In accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), the Plan uses the liquidation basis in presenting the financial statements.

Use of Estimates - The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received for the sale of an asset or paid for the transfer of a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the term of the plan document.

Employer Contributions Receivable - As of December 31, 2020 and 2019, the Plan had \$0 and \$59,187, respectively, in contributions receivable from the employer. The receivable relates to qualified nonelective contributions for plan years ended December 31, 2012, 2013, and 2014. The entire receivable was deposited to the Plan on October 1, 2020.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Costs associated with participant-initiated transactions, such as transaction fee charges for loans and distributions, are paid by the respective participants' accounts.

SOUTH TEXAS PIZZA, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2020

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Subsequent Events - The Plan's policy is to evaluate events and transactions subsequent to its year end for potential recognition in the financial statements or disclosure in the notes to the financial statements. The plan administrator has evaluated events and transactions through the date of the independent auditors' report, which is the date the financial statements were available to be issued.

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under Financial Accounting Standards Board Accounting Standards Accounting Standards Codification (FASB ASC) 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

SOUTH TEXAS PIZZA, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2020

NOTE 3: FAIR VALUE MEASUREMENTS - CONTINUED

Registered Investment Companies (Mutual Funds) - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trusts - Valued at the NAV of units of the trust. The NAV, as provided by the trust, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily. If the Plan initiates a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust to ensure that securities liquidation will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

NOTE 4: INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S TRUSTEE

The Plan's investments as of December 31, 2020 and 2019, were held by Wells Fargo Bank, N.A., the trustee of the Plan (Trustee). The Company elected the method of annual reporting compliance permitted by the DOL's Regulation Section 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified the following data included in the accompanying financial statements and supplemental schedule as complete and accurate.

NOTE 5: RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan has not considered normal plan operations such as participant and employer contributions to the Plan or benefits accrued or paid by the Plan for participants as party-in-interest transactions that require separate disclosure. Certain plan investments were shares of mutual funds or units of collective trusts managed by Wells Fargo, the custodian and recordkeeper for the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees for professional services rendered by parties in interest were partially absorbed by the plan sponsor. These transactions qualify as party-in interest transactions that are exempt from the prohibited transaction rules.

NOTE 6: PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. As described in Note 1, the Board of Directors of South Texas Pizza, Inc. terminated the Plan effective December 31, 2018. Effective with the Plan's termination, the Plan was amended to provide for final contributions to be made to the Plan. All account balances were distributed in accordance with the terms of the Plan. Final distributions occurred on January 28, 2021.

NOTE 7: TAX STATUS

The underlying volume submitter profit-sharing plan with cash or deferred arrangement has received an advisory letter from the IRS dated March 31, 2014, stating that the form of the Plan is qualified under Section 401 of the IRC and, therefore, the related trust is tax exempt. Although the Plan has been amended since receiving the advisory letter, the Company believes that the Plan is designed, and is being currently operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS or DOL. The Company has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020 and 2019, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan's federal Form 5500 is subject to examination by the IRS and DOL, generally for the three years after it is filed.

As of December 31, 2017, the Plan had excess contributions payable of \$4,823 related to excess deferrals contributed during prior plan years. The affected participant distributed his entire account balance during the year ended December 31, 2018, via a rollover to an individual retirement account (IRA). Since the excess deferrals would not be eligible for rollover, the plan administrator expects to remedy the issue by having the funds removed from the IRA and paying any penalties that may be owed for the excess deferrals not being timely removed from the Plan or the IRA.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various registered investment companies and collective trusts which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9: COMMITMENTS AND CONTINGENCIES

In the normal course of business, there may be various commitments and contingencies outstanding which are not reflected in these financial statements. In the opinion of the Company, the outcome of such events, if any, would not have a material effect on the Plan's financial position or operations.
