REPORT OF INDEPENDENT AUDITORS

To the Participants and Trustees of
Journeyman & Apprentices of
Local 188 Pension Fund

Opinion

We have audited the financial statements of Journeyman & Apprentices of Local 188 Pension Fund (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of June 30, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Journeyman & Apprentices of Local 188 Pension Fund as of June 30, 2023, and the changes in its net assets available for benefits for the year then ended, and the accumulated plan benefits as of June 30, 2022, and the changes in its accumulated plan benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Prior Period Financial Statements

The financial statements of the Plan as of and for the year ended June 30, 2022 were audited by another auditor who expressed an unmodified opinion on those statements on March 12, 2023.

As discussed in Note 5, the present value of accumulated benefits as July 1, 2021 was restated to include the present value of administrative expenses to be paid by the Plan in future periods. As part of our audit of the 2023 financial statements, we also audited the adjustments described in Note 5 that were applied to restate the 2022 financial statements. In our opinion, such adjustments are appropriate and have been properly applied. We were not engaged to audit, review, or apply any procedures to the 2022 financial statements of the Plan other than with respect to the adjustments and accordingly, we do not express an opinion or any other form of assurance on the 2022 financial statements as a whole.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2023 AND 2022

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The accompanying financial statements of Journeymen & Apprentices of Local 188 Pension Fund (the Plan) have been prepared using the accrual basis of accounting.

Investments - The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell that asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date (the exit price). Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of investments are reflected on a trade-date basis.

Dividend income is recorded on the ex dividend date. Interest income is recorded on the accrual basis.

Employer Contributions Receivable - Employer contributions due at year end are recorded as contributions receivable. Employer contributions due but not paid which are determined by payroll compliance audits are recorded when the amounts are agreed upon by the employer. An allowance for uncollectible accounts is considered unnecessary and is not provided.

Actuarial Present Value of Accumulated Plan Benefits - Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service which employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries.

Revenue Recognition - Revenue derived from employer contributions is recognized in the period in which covered work is performed, based on the number of hours worked in covered employment and the contribution rates set forth in the applicable collective bargaining agreement. Employers are required to remit contributions monthly. The Plan carries out its purpose described in Note 2 in the plumbing, pipefitting and HVAC industry within a jurisdiction covering Bryan, Bulloch, Candler, Chatham, Effingham, Emanuel, Evans, Liberty, Long, Montgomery, Screven, Tattnall, Toombs, Treutlen and Wheeler counties in southern and coastal Georgia.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Reciprocal Contributions - The Plan is signatory to reciprocity agreements with other multiemployer pension plans for its participants who perform work outside the geographic jurisdiction of the local union. Participants who are normally employed within the territory of one local union (home local) may be temporarily employed within the territory of another local union. When a participant works in the territory of a reciprocating local union, the other plan is required to make contributions to the participant's home local benefit plans on the participant's behalf. The Plan's contribution revenue includes monies received pursuant to reciprocity agreements. The Plan uses the same recognition and measurement criteria for such revenue as for all other employer contribution revenue. Amounts paid to other plans under the terms of reciprocity agreements are not reflected in the statements of changes in net assets available for benefits, as the amounts received are not revenue earned by the Plan, and the corresponding payments are not an expense of the Plan. The Plan recognizes a liability upon receiving reciprocal contributions on behalf of non-participants working within the jurisdiction of the local union, and recognizes a decrease in that liability upon remitting those contributions to the appropriate plan. Employer contributions included reciprocal contributions of \$1,255,522 and \$1,572,013 for the years ended June 30, 2023 and 2022, respectively, from various other pension plans under the terms of reciprocity agreements. The Plan remitted a total of \$95,775 and \$32,919 in reciprocal contributions to various other pension plans under the terms of reciprocity agreements for the years ended June 30, 2023 and 2022, respectively. Reciprocal contributions payable at June 30, 2023 and 2022 totaled \$11,481 and \$18,544 respectively.

Payment of Benefits - Benefits paid to participants are recorded upon distribution. Pension checks issued prior to the corresponding benefit month are recorded as prepaid benefits.

Expenses - Certain investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Reclassifications - Certain prior year amounts have been reclassified to conform to the current year presentation.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Subsequent Events - Subsequent events have been evaluated through March 21, 2024, which is the date the financial statements were available to be issued.

NOTE 2. DESCRIPTION OF THE PLAN

General - The Plan is a multiemployer defined benefit pension plan covering substantially all eligible individuals employed under the terms of a collective bargaining agreement between Local Union No. 188 of the United Association of Journeymen and Apprentices of the Plumbing and Pipefitting Industry of the United States and Canada and the South Georgia Mechanical and Erectors Association or employers. The Plan was established to provide retirement benefits for eligible participants, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

NOTE 2. DESCRIPTION OF THE PLAN (CONTINUED)

Benefits - Normal retirement can occur at age 62, provided the participant's initial participation was before July 1, 2007 with at least 25 years of credited service. Otherwise, normal retirement is at age 65 if the participant has at least five years of participation in the Plan. The benefit amount is based on the benefit level applicable at the date of retirement and the number of years of credited service, as defined by the Plan. Participants are credited 0.30 for every 450 hours worked in a Plan year to a maximum of one year of credited service. Prior to July 1, 2007, participants were credited 0.20 for every 300 hours worked in a Plan year to a maximum of one year of credited service.

A participant who is at least 55 years of age and has ten years of credited service is eligible for early retirement. This benefit is calculated by reducing the normal retirement benefit by one half percent for each month by which the participant's age precedes the normal retirement age. Participants who earned at least 25 years of credited service may retire with no benefit reduction at age 60 if their initial participation was before July 1, 2007, otherwise at age 62.

A participant who is totally and permanently disabled, and has at least five years of credited service is eligible for disability retirement income. This amount is computed in the same manner as for a normal retirement. The provision of a full disability pension is dependent upon receipt of a Social Security disability award.

Qualified pre-retirement spouse annuity benefits equal 50% of the monthly benefit a participant would have received had they separated from service on the date of death.

Vesting - Participants become 100% vested after earning at least five years of vesting service, as defined by the Plan, or, if sooner, after reaching age 65 and five years of participation in the Plan.

Participants should refer to the summary plan description for more complete information.

NOTE 3. FUNDING POLICY

The hourly employer contribution rate was \$5.90 for the years ended June 30, 2023 and 2022.

The Plan's actuary has advised that the minimum funding requirements of ERISA were being met through July 1, 2022.

NOTE 4. PRIORITIES UPON TERMINATION

It is the intent of the Trustees to continue the Plan in full force and effect; however, the right to discontinue the Plan is reserved to the Trustees. Termination shall not permit any part of the Plan assets to be used for or diverted to purposes other than the exclusive benefit of the pensioners, beneficiaries and participants. In the event of termination, the net assets of the Plan will be allocated to pay benefits in priorities as prescribed by ERISA and its related regulations. Whether or not a particular participant will receive full benefits should the Plan terminate at some future time will depend on the sufficiency of the Plan's net assets at that time and the priority of those benefits.

NOTE 4. PRIORITIES UPON TERMINATION (CONTINUED)

In addition, certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. The PBGC does not guarantee all types of benefits and the amount of any individual participant's benefit protection is subject to certain limitations, particularly with respect to benefit increases as a result of plan amendments in effect for less than five years. Some benefits may be fully or partially provided for while other benefits may not be provided at all.

NOTE 5. ACTUARIAL INFORMATION

An actuarial valuation of the Plan was made by Horizon Actuarial Services, LLC as of June 30, 2022. Information in the report included the following:

Actuarial present value of accumulated plan benefits:

Vested benefits:

Participants currently receiving benefits	\$ 40,943,595
Other vested benefits	<u>31,485,621</u>
Total vested benefits	72,429,216

Nonvested benefits	4,757,245
--------------------	-----------

Present value of operating expenses	<u>4,632,504</u>
-------------------------------------	------------------

Total actuarial present value of accumulated plan benefits	<u>\$ 81,818,965</u>
---	----------------------

As reported by the actuary, the changes in the present value of accumulated plan benefits for the year ended June 30, 2022 were as follows:

Actuarial present value of accumulated plan benefits at beginning of year - as restated	\$ 80,837,963
--	---------------

Increase (decrease) during the year attributable to:

Plan amendment	\$ 357,090	
Benefits accumulated	266,420	
Interest	5,564,783	
Changes in actuarial assumptions or methods	66,084	
Benefits paid	(4,990,714)	
Administrative expenses paid	<u>(282,661)</u>	
Net increase		<u>981,002</u>

Actuarial present value of accumulated plan benefits at end of year	<u>\$ 81,818,965</u>
--	----------------------

NOTE 5. ACTUARIAL INFORMATION (CONTINUED)

Accumulated plan benefits were restated as of June 30, 2021 to reflect administrative expenses to be paid by the Plan in future periods, as required by generally accepted accounting principles. The effect of this restatement was an increase to the actuarial present value of accumulated plan benefits at the beginning of the year of \$5,391,333.

The valuation was prepared using the unit credit cost method. Some of the more significant actuarial assumptions used in the valuation were as follows:

Mortality:	RP-2018 Blue Collar Adjusted Tables (separate sex-distinct tables for annuitants and non-annuitants) with future generational improvements at 25% of Scale MP-2018
Retirement age:	Varies from age 55 to 65, with the average assumed retirement age being 62
Net investment return:	7.00%

For the current valuation, the retiree rate assumption was changed from 10% to 5% at each age prior to age 62.

Plan amendments reflect the approval of a one time 13th check to pensioners effective December 1, 2021.

The actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining actuarial results. Pension benefits in excess of the present assets of the Plan are dependent upon contributions received under collective bargaining agreements with employers and income from investments.

Since information on the accumulated plan benefits at June 30, 2023 and the changes therein for the year then ended are not included, these financial statements do not purport to present a complete presentation of the financial status of the Plan as of June 30, 2023 and the changes in its financial status for the year then ended, but a presentation of the net assets available for benefits and the changes therein as of and for the year ended June 30, 2023. The complete financial status is presented as of June 30, 2022.

As of July 1, 2023, the Plan was certified by its actuary to be in neither critical nor endangered status ("green zone"), within the meaning of the Pension Protection Act of 2006, as amended.

NOTE 6. TAX STATUS

The Plan's latest determination letter is dated March 16, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The Plan's administrator and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. They therefore believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7. FAIR VALUE MEASUREMENTS

The *Fair Value Measurements and Disclosures* Topic of the FASB Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 7. FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of June 30, 2023 and 2022. As required, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. In accordance with generally accepted accounting principles, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the following tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE 7. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 Measurements

U.S. Treasury securities and common stocks are traded in active markets on national and international securities exchanges and are valued at closing prices on the last business day of each period presented.

Registered investment companies represent shares held in mutual funds. The fair values of the funds are determined by reference to the funds' underlying assets, which are principally marketable equity securities. Shares held are traded on national securities exchanges and are valued at the net asset value as of the last business day of each period presented.

Level 2 Measurements

U.S. Government Agency obligations and corporate bonds are generally valued by benchmarking model-derived prices to quoted market prices and trade data for identical or comparable securities. To the extent that quoted prices are not available, fair value is determined based on a valuation model that include inputs such as interest rate yield curves and credit spreads. Securities traded in markets that are not considered active are valued based on quoted market prices, broker or dealer quotations, or alternative pricing sources with reasonable levels of price transparency. Securities that trade infrequently and therefore have little or no price transparency are valued using the investment manager's best estimates.

Short-term investment funds are valued at cost, which approximates their fair value.

Measurements Using Net Asset Value as a Practical Expedient

Certain investments are valued at the net asset value per share, used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

The following table summarizes investments measured at fair value based on the net asset value per share, excluding those that are direct filing entities, as of June 30, 2023 and 2022:

Description	Fair Value		Underlying Assets/Strategy	Redemption	
	2023	2022		Frequency	Notice Period
Real estate fund	\$ 8,508,659	\$ 8,284,472	Commercial properties	Quarterly	60 days
Hedge fund	\$ 8,233,000	\$ 8,184,068	Opportunistic investments	Quarterly with 25% gate	65 days
Private equity fund	\$ 2,387,346	\$ -	Limited partnership and private companies	Self-liquidating	None

NOTE 7. FAIR VALUE MEASUREMENTS (CONTINUED)

The common collective funds and a real estate fund measured at net asset value per share are direct filing entities (DFEs) and file a Form 5500 annual report with the U.S. Department of Labor. The Plan is not required to disclose the significant investment strategies of DFE investments. The following table summarizes the redemption frequency of these investments:

	Fair Value		Redemption	
	<u>2023</u>	<u>2022</u>	<u>Frequency</u>	<u>Notice Period</u>
Common collective funds	\$ 19,939,945	\$ 18,692,873	Daily - Monthly	1 - 30 days
Real estate fund	\$ 8,354,829	\$ 9,359,061	Daily	3 days

NOTE 8. RISKS AND UNCERTAINTIES

The actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The Plan holds a hedge fund, real estate funds and a private equity fund in which the general partner or investment manager is generally required to value the underlying investments at estimated fair values using various subjective techniques. Due to inherent uncertainties involved in the valuation of investments which are not publicly traded, estimated fair values may differ materially from the values that would have been used had a ready market for the underlying securities existed.

NOTE 9. CONCENTRATION OF INVESTMENTS

As of June 30, 2023 and 2022, the Plan held units in the LSV Value Equity Fund with fair values totaling \$17,206,441 (approximately 21% of net assets) and \$15,314,736 (approximately 20% of net assets), respectively.

NOTE 10. CAPITAL COMMITMENTS

As of June 30, 2023, the Plan had total outstanding capital commitments of \$2,675,000 in relation to its investment in a private equity fund.

NOTE 11. RELATED ORGANIZATIONS

The Plan is related to a health and welfare plan, a defined contribution retirement plan, a training fund and a local union, all of which are tax-exempt.

The Plan shares the cost of fringe benefit coordinator fees with the health and welfare plan, which are initially paid by the local union. Reimbursements are made monthly, based on estimates of time and costs incurred. Shared fringe benefit coordinator fees totaled \$36,965 and \$37,239 for the years ended June 30, 2023 and 2022, respectively.

REPORT OF INDEPENDENT AUDITORS ON SUPPLEMENTAL SCHEDULES

To the Participants and Trustees of
Journeyman & Apprentices of
Local 188 Pension Fund

We have audited the financial statements of Journeyman & Apprentices of Local 188 Pension Fund (the Plan) as of and for the year ended June 30, 2023 and our report thereon dated March 21, 2024, which expressed an unmodified opinion on those financial statements, appears on pages 1 and 2. Our audit was conducted for the purpose of forming an opinion on the financial statement as a whole. Supplemental Schedules 1 and 2 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the 2023 information in the accompanying schedules is fairly stated, in all material respects, in relation to the 2023 financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The financial statements of Journeyman & Apprentices of Local 188 Pension Fund as of and for the year ended June 30, 2022, were audited by other auditors whose report dated March 12, 2023, expressed an unmodified opinion on those statements. Their report on the 2022 ERISA-required supplemental schedules stated that the information was fairly stated, in all material respects, in relation to the 2022 financial statements as a whole.

ASSET DETAIL MESSAGES

Time of trade execution and trading party (if not disclosed) will be provided upon request.

Publicly traded assets are valued in accordance with market quotations or valuation methodologies from financial industry services believed by us to be reliable. Assets that are not publicly traded may be reflected at values from other external sources. Assets for which a current value is not available may be reflected at a previous value or as not valued, at par value, or at a nominal value. Values shown do not necessarily reflect prices at which assets could be bought or sold. Values are updated based on internal policy and may be updated less frequently than statement generation.

Subject: 2022 Form 5500 Schedule MB for the Pension Fund of the Journeymen and Apprentices of Local Union No. 188, Savannah, Georgia

Dear Greg:

Enclosed is a copy of the 2022 Form 5500 Schedule MB with attachments for the Pension Fund of the Journeymen and Apprentices of Local Union No. 188, Savannah, Georgia (the "Plan") in an electronic PDF format and a copy of the Schedule MB in an XML format. We understand that some of the Form 5500 software programs can directly import this into the system.

The Schedule R to the 2022 Form 5500 includes several items regarding actuarial funding information. We have enclosed an exhibit entitled "2022 Form 5500 - Schedule R" that shows the actuarial funding information. We have assumed that you will work with the Fund's administrator to obtain the additional information that is required for the Schedule R.

One copy of the entire Form 5500 filing package (with all attachments including the auditor's report) should be filed with the IRS by the required filing due date.

If you have any questions concerning the above or require our assistance with the Schedule R, please do not hesitate to let us know.

Sincerely,

Mark Stewart, ASA, EA, MAAA

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Plan Year	Beginning July 1, 2022 and ending June 30, 2023
Plan Name	Pension Fund of the Journeymen and Apprentices of Local Union No. 188, Savannah, Georgia (the "Plan")
Enrolled Actuary	Mark Stewart
Enrollment Number	23-06075

Actuarial assumptions:

The actuarial assumptions and methods are individually reasonable and in combination represent the enrolled actuary's best estimate of anticipated experience under the plan.

Census data and financial information:

The actuarial valuation, on which the information in this Schedule MB is based, has been prepared in reliance upon the employee and financial data furnished by the plan administrator and the auditor.

The enrolled actuary has not made a rigorous check of the accuracy of this information but has accepted it after reviewing it and concluding it is reasonable in relation to similar information furnished in previous years. The amounts of contributions and dates paid shown in Line 3 of Schedule MB were listed in reliance on information as reported to Horizon Actuarial Services, LLC by Legacy Professionals, LLP during the period July 1, 2022 through June 30, 2023.

Attached as separate exhibits are:

1. A statement of actuarial assumptions and cost methods, as required under Line 6.
2. A summary of principal eligibility and benefit provisions, as required under Line 6, including a summary of changes in principal eligibility or benefit provisions.
3. A schedule of the active plan participant data used in the valuation for the 2022 plan year, as required under Line 8b(2).
4. A schedule of amortization bases, as required under Lines 9c and 9h.
5. A justification for changes in actuarial assumptions, as required under Line 11.

Schedule MB, Line 6

Statement of Actuarial Assumptions/Methods

Plan Name	Pension Fund of the Journeymen and Apprentices of Local Union No. 188, Savannah, Georgia
Plan Sponsor	Board of Trustees of the Pension Fund of the Journeymen and Apprentices of Local Union No. 188, Savannah, Georgia
EIN / PN	58-6088292 / 001
Interest Rates	7.00% per annum, compounded annually, net of investment expense for determining costs and liabilities. The interest rate assumption used for purposes of the ERISA funding valuation and ASC 960 accounting is a reasonable estimate of the net investment return for the Plan assets over the long term. This assumption was developed based on our professional judgment, the investment policy and asset allocation for the Plan (as set by the plan sponsor) and considers the results of the current and prior editions of the Survey of Capital Market Assumptions by Horizon Actuarial Services, LLC. The highest rate within the IRS allowable range for determining current liability, which is 2.27% per annum.

While it is important that the overall assumptions be reasonable, we select each valuation assumption as reasonable in light of this plan's provisions and characteristics. We have chosen the assumptions after reviewing *recent plan experience and anticipated plan experience* as described below.

Schedule MB, Line 6

Statement of Actuarial Assumptions/Methods

Retirement Age Active participants:

Retirement Rates	
Age	Retirements per 100 Employees
55	5
56	5
57	5
58	5
59	5
60	5
61	5
62	20
63	15
64	15
65 & Over	100

100 retirements per 100 participants were assumed for each active participant at each age at which the participant is eligible for an unreduced retirement benefit.

Inactive vested participants are assumed to retire at the later of current age or age 62.

The weighted average retirement age for active participants is age 62. This average is based on the active population in the July 1, 2022 valuation. All decrements are considered when projecting the current population to retirement. The weighted average retirement age is the average age at which the lives that reach the retirement decrement retire.

Operating Expenses

The amount assumed for operating expenses is the average of the expenses for the two plan years preceding the valuation increased by 3% (\$312,784), adjusted to the beginning of year (\$303,061) and added to the normal cost. Investment management counseling fees and expenses are not included in assumed operating expenses.

Load for Disability Benefit

Liabilities for inactive vested participants were loaded by 1.5% to reflect the cost of the disability benefit for this group.

Schedule MB, Line 6

Statement of Actuarial Assumptions/Methods

Hours Worked For the purpose of projecting future benefit accruals, it is assumed that each active participant will work the same number of hours per year as worked during the plan year preceding the valuation date.

Contribution Income For the purpose of projecting contributions, it is assumed that each active participant will have contributions equal to hours actually reported for the participant during the plan year preceding the valuation date multiplied by the expected contribution rate as reflected in the current collective bargaining agreement.

Active Participant For valuation purposes, an active participant is a participant who worked at least 450 hours (300 hours if date of participation is prior to July 1, 2007) in the plan year ended prior to the valuation date, and had not retired as of the valuation date.

Reemployment

It was assumed that participants will not be reemployed following a break-in-service.

Form of Payment

All single participants are assumed to elect a lump sum equal to their Lump Sum Contributions plus a reduced 3-year certain and life annuity. All married participants are assumed to elect a lump sum equal to their Lump Sum Contributions plus a reduced 50% joint and survivor with pop-up annuity.

Lump Sum

The value of the lump sum is determined using an interest rate of 3.00% per annum and Internal Revenue Service §417(e) mortality table.

Schedule MB, Line 6

Statement of Actuarial Assumptions/Methods

<i>Marriage</i>	85% of male and 50% of female non-retired participants are assumed to be married.
------------------------	---

<i>Spouse Ages</i>	Husbands are assumed to be three years older than their wives.
---------------------------	--

<i>Cost Method</i>	The Unit Credit Cost Method is used to determine the normal cost and the actuarial accrued liability. The actuarial accrued liability is the present value of the accrued benefits as of the beginning of the year for active participants and is the present value of all benefits for other participants. The normal cost is the present value of the difference between the accrued benefits as of the beginning and end of the year. The normal cost and actuarial accrued liability for the Plan are the sums of the individually computed normal costs and actuarial accrued liabilities for all plan participants.
---------------------------	---

<i>Asset Valuation Method</i>	The actuarial value of assets is determined by adjusting the market value of assets to reflect the investment gains and losses (the difference between the actual investment return and the expected investment return) during each of the last five years at the rate of 20% per year. Expected investment return is calculated using the net market value of assets as of the beginning of the plan year and the benefit payments, employer contributions and operating expenses, weighted based on the timing of the transactions during the year. The actuarial value is subject to a restriction that it be not less than 80% nor more than 120% of the market value. The actuarial value of assets was reset to the market value of assets as of July 1, 2018. Beginning July 1, 2018, the difference between the actual and expected returns on the market value of assets will again be phased in at a rate of 20% per year.

Statement of Actuarial Assumptions/Methods

***Missing or
Incomplete
Participant Data***

The following assumptions were made for missing data elements:

- a. If a date of entry was missing, then this date was estimated to be the first of the plan year in which the participant first accrued service.
- b. If a date of birth was missing, then this date was assigned to correspond with the average entry age for active participants.
- c. If a gender was missing, then the participant was assumed to be male.

As of the valuation date:

- a. There were 0 participants with an unknown date of hire.
- b. There were 0 participants with an unknown date of birth.

There were 0 participants with an unknown gender.

***Financial
Information***

Financial information as of the valuation date was obtained from the audited financial statements supplied by the fund's auditor, Dennis G. Jenkins, C.P.A., LLC.

***Nature of
Actuarial
Calculations***

The valuation results presented in this report are estimates. The results are based on data that may be imperfect and on assumptions made about future events. Certain plan provisions may be approximated or deemed immaterial for the purposes of the valuation. Assumptions may be made about missing or incomplete participant census data or other factors. Reasonable efforts were made to ensure that significant items and factors are included in the valuation and treated appropriately. A range of results different from those presented in this report could also be considered reasonable.

The actuarial assumptions selected for this valuation – including the valuation interest rate – generally reflect average expectations over the long term. If overall future demographic or investment experience is less favorable than assumed, the relative level of plan costs determined in this valuation will likely increase in future valuations. Investment returns and demographic factors may fluctuate significantly from year to year. The deterministic actuarial models used in this valuation do not take into consideration the possibility of such volatility.

Schedule MB, Line 6

Statement of Actuarial Assumptions/Methods

Unfunded Vested Benefits for Employer Withdrawals Valued using a discount rate of 7.00% per annum (same as fund earnings assumption used to determine other plan costs and liabilities) and the market value of assets.

The withdrawal liability discount rate was selected in consideration of the purpose of the measurement (a settlement calculation) and factors that are particular to the Plan and the industry. The ultimate selection of the discount rate is our best estimate and reflects professional judgment.

Changes in Assumptions The following assumption has been changed since the previous valuation:

- Retirement rates for active participants were changed from 10% to 5% at each age prior to age 62.

Summary of Plan Provisions

This appendix summarizes the major provisions of the Plan that were reflected in the actuarial valuation. This summary of provisions is not intended to be a comprehensive statement of all provisions of the Plan.

<i>Plan Name</i>	Pension Fund of the Journeymen and Apprentices of Local Union No. 188, Savannah, Georgia
<i>Plan Sponsor</i>	Board of Trustees of the Pension Fund of the Journeymen and Apprentices of Local Union No. 188, Savannah, Georgia
<i>EIN / PN</i>	58-6088292 / 001
<i>Effective Date and Most Recent Amendment</i>	The original effective date of the Plan is July 1, 1969. The Plan was amended and restated as of July 1, 2014. The most recent amendment to the Plan reflected in this valuation report is Amendment Nine effective December 1, 2021.
<i>Plan Year</i>	The twelve-month period beginning July 1 and ending June 30.
<i>Employers</i>	A participating Employer is any person or entity that has been accepted for participation in the Plan and that is required to contribute to the Plan pursuant to a collective bargaining agreement or participation agreement.
<i>Participants</i>	Participation is automatic after 450 (300 prior to July 1, 2007) or more hours of future vested service worked in a plan year. Participation will be as of the beginning of the plan year in which the conditions are met.
<i>Pension Credit</i>	Credited service equals the sum of past credited service and future credited service. a. Past Credited Service One year of past credited service (to the nearest tenth of a year) will be given for each plan year prior to July 1, 1969 under one of either (1), (2) or (3), as follows: (1) based on continuous membership in the union commencing with the latest membership date and ending July 1, 1969; (2) based on continuous employment with a contributing employer under Local Union #188 commencing with the latest hire date and

Normal Retirement Age For a participant whose initial date of participation in the Plan (excluding any date which precedes a loss of all credited service and vested service) is prior to July 1, 2007, normal retirement age shall be the earlier of

- a. the later of
 - (i) the attainment of age 65; or
 - (ii) the fifth anniversary of the date of participation
- or
- b. the later of
 - (i) the attainment of age 62; or
 - (ii) the accumulation of at least 25 years of credited service.

For a participant whose initial date of participation in the Plan (excluding any date which precedes a loss of all credited service and vested service) is on or after July 1, 2007, normal retirement age shall be the later of

- a. the attainment of age 65; or
- b. the fifth anniversary of the date of participation

Schedule MB, Line 6

Summary of Plan Provisions

- Break-In Service** An employee who fails to be credited with at least 300 (450 for participants whose initial date of participation in the Plan is on or after July 1, 2007) hours of service during a plan year will incur a one-year break-in-service, unless the employee:
- has been disabled so as to be unable to work in covered service for 90 consecutive days during the plan year;
 - has entered into military service in the Armed Forces of the United States and returns to work within 90 days of his discharge, or within 90 days of his discharge from a hospital, if he is hospitalized at the time of his separation from service; or
 - remains employed by or becomes an employer but in a category of work not covered by the Collective Bargaining Agreement.

A break-in-service will not occur during the first or second year (as needed to prevent the break) of a maternity or paternity leave.

Lump Sum Contributions Lump-sum contributions are the sum of a portion of the contributions made or required to be made on behalf of the employee (where said portion is determined in each plan year by the Trustees as an hourly contribution rate for such plan year) during all plan years during the period July 1, 1991, through June 30, 2005, in which the employee was credited with at least 0.2 of a year of future credited service, together with interest on these contributions as specified in the Plan Document.

Normal Pension Eligibility A participant becomes eligible by attaining Normal Retirement Age.

Normal Pension – Amount of Benefit The monthly normal retirement benefit is equal to the sum of:

- \$20.81 multiplied by credited service to July 1, 1982;
- \$48.63 multiplied by credited service from July 1, 1982 to July 1, 1989;
- 2.8152% of the contributions credited on a participant's behalf from July 1, 1989 through June 30, 2000;
- The interest credited on Lump Sum Contributions during the period July 1, 1991 through June 30, 2000;
- 2.7532% of the contributions credited on a participant's behalf from July 1, 2000 through July 31, 2009 (\$1.00 per hour is added to the non-reciprocal contributions made or required to be made during the period July 1, 2003 through December 31, 2004);

Disability Pension – Eligibility

- a. A participant shall be eligible for a disability benefit if he becomes Totally and Permanently Disabled, provided he has accumulated at least five years of credited service and has worked in covered service for at least 450 (300 for participants whose initial date of participation in the Plan, excluding any date which precedes a loss of all credited service and vested service, is prior to July 1, 2007) hours of future vested service in either the plan year in which his disability occurred or any of the four preceding plan years.

Schedule MB, Line 6

Summary of Plan Provisions

- b. The term "Total and Permanent Disability" means a physical or mental condition of a participant such that the participant is eligible for a Federal Social Security disability benefit and such eligibility for Federal Social Security disability benefits shall be satisfactory evidence of the participant's Total and Permanent Disability.
- c. However, no participant shall be deemed to be Totally and Permanently Disabled for the purpose of the Plan if his incapacity was contracted, suffered, or incurred while he was engaged in a felonious enterprise or resulting from his engaging in a felonious enterprise or resulting from an intentionally self-inflicted injury.

Disability Pension – Amount of Benefit

Determined in the same manner as the Normal Retirement Benefit, the benefit will become payable on the first day of the month coincident with or next following commencement of disability benefits from the Social Security Administration.

Vested Benefits

- a. Vested Benefits: 100% vesting in benefits that have been accrued after five or more years of vested service or attainment of normal retirement age.
 - b. Benefit: Payable at normal retirement (or at early retirement, if qualified, with reduction for early commencement).
-

Late Retirement

Late Retirement Benefit will be the greater of:

- a. Benefit computed using the credited service through the late retirement date and plan provisions on that date; or
 - b. Benefit computed using the credited service through the normal retirement date and plan provisions on that date increased by a late retirement factor.
-

Pre-Retirement Survivor Annuity

If a participant dies while vested and married, his spouse would receive 50% of the participant's accrued benefit for the balance of the spouse's lifetime, commencing the first day of the month coincident with or next following the participant's date of death.

Pre-Retirement Lump Sum Benefits

In the event of death of a participant prior to retirement, a death benefit will be payable to his beneficiary in the amount of \$400.00 multiplied by future credited

Schedule MB, Line 6

Summary of Plan Provisions

service plus the participant's lump-sum contributions. The minimum lump-sum death benefit is \$400.00.

Forms of Payment *Normal Form*

- a. For married participants, retirement benefits are paid in the form of a 50% Joint and Survivor Annuity with free pop-up unless this form is rejected by a Participant and his or her spouse. If not rejected, the benefit amount otherwise payable is reduced to reflect the joint and survivor form. However, in the month following the month of the death, the benefit amount will be equal to the amount paid to the participant.
- b. If the 50% Joint and Survivor Annuity with free pop-up is rejected or if the Participant is not married, benefits are payable as a Life Annuity with 36 month guarantee. Benefits are payable for the life of the participant with payments guaranteed for the first 36 months without reduction.

Optional Forms

- a. A lump-sum payment not to exceed the lump-sum contributions plus a retirement income of a lesser monthly amount, payable to the participant for his lifetime, except that in the event of the participant's death before he has received at least 36 payments, his named beneficiary would receive monthly payments in the same amount until a total of 36 payments have been made.
- b. A lump-sum payment not to exceed the lump-sum contributions plus modified payments during the participant's lifetime, with (a) 50%, (b) 75%, or (c) 100% of the monthly payments continuing to a joint pensioner named by him for the remainder of the joint pensioner's lifetime. This option will further provide, at no additional cost to the participant and with no additional reduction of the joint pensioner's survivor benefit, that in the event the participant predeceases the joint pensioner, the amount payable to the joint pensioner for the month following the month of the participant's death shall be equal to the amount of retirement income that was being paid to the participant.
- c. 100% Joint and Survivor Annuity with free pop-up
- d. Lump sum payment plus a reduced 75% Joint and Survivor Annuity with free pop-up
- e. Lump sum payment plus a reduced 100% Joint and Survivor Annuity with free pop-up
