Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Third Sector New England, Inc. 403(b) DC Plan (the "Plan"), (formerly the TSNE MissionWorks 403(b) DC Plan) an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of June 30, 2023 and 2022 and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agree to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of June 30, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THIRD SECTOR NEW ENGLAND, INC. 403(b) DC PLAN

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the Third Sector New England, Inc. 403(b) DC Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for complete information.

General

The Plan is a defined contribution 403(b) Plan intended to comply with the requirements of Treasury Regulations under Code Section 403(b) effective January 1, 2009, that covers all employees of Third Sector New England, Inc. (formerly "TSNE MissionWorks") (the "Employer") upon hire except those scheduled to work less than 975 hours per year. The Plan has been restated and amended from time to time to comply with new laws. The Plan was last restated and amended in its entirety on January 1, 2019.

On July 1, 2022, the Plan was amended to change the name of the Plan to Third Sector New England, Inc. 403(b) DC Plan. Prior to the amendment, the plan was known as the "TSNE MissionWorks 403b DC Plan". The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All investments are participant-directed.

Participant Contributions

Participants can elect to defer a portion of their annual compensation to the Plan, subject to dollar limits set by Federal law. Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants are also able to contribute amounts representing distributions from other qualified defined benefit or contribution plans ("Participant Rollovers").

Employer Contributions

Employer contributions are discretionary to the Plan based on years of service. A participant must have completed one year of service (defined as completing 975 hours during a 12 consecutive month period) in order to be eligible for the Employer contribution. The Employer contribution is calculated as a percentage of participants' compensation based on the following schedule for the year ended June 30, 2023:

Discretionary Contribution Percentages for the Plan Year Ended June 30, 2023

<u>Years of Service</u>	<u>%</u>
< one year	0%
1 year up to 4 years	3.5%
5 years up to 9 years	7.0%
10 or more years	10.0%

THIRD SECTOR NEW ENGLAND, INC. 403(b) DC PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Pension Contribution Benefit

The Employer's long-term disability vendor shall make contributions for qualified participants in accordance with the provisions of the long-term disability plan. During the Plan year ended June 30, 2023, included in Employer contributions is \$4,876 in pension contribution benefits which were made to the Plan.

Participant Accounts

Each Participant's account is credited with the participant's contributions, Employer's contributions and a pro rata allocation of the Plan's investment earnings and charged with an allocation of administration expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the Participant's vested account balance.

Vesting

Participants are immediately vested in all deferral contributions, rollovers and Employer contributions plus actual earnings thereon.

Payment of Benefits

Upon termination of service, a participant may elect to receive the balance of his or her Employer contribution accounts. A participant may receive the balance from his or her elective deferral accounts upon the earliest of the following events: termination of service, death, disability, attainment of age 59½, becoming eligible for a Qualified Reservist Distribution, or termination of the Plan. Participants may withdraw from their rollover accounts at any time. Participants may elect to receive their benefit payments in a qualified joint and survivor annuity, a single life annuity, a fixed period annuity or a lump sum. Hardship withdrawals are available from the participant's elective deferral account and allow participants to meet immediate and heavy financial needs.

Notes Receivable from Participants and Plan Loans

Participants may borrow a minimum of \$1,000 to a maximum amount equal to the lesser of \$50,000 or 50% of their vested balance of their contribution accounts. The loans are secured by the vested balance in the Participant's account and bear interest at a reasonable rate to be determined by the Plan administrator. Principal and interest are paid ratably through payroll if employed by the Employer or through direct payment to TIAA and CREF otherwise.

THIRD SECTOR NEW ENGLAND, INC. 403(b) DC PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Notes Receivable from Participants and Plan Loans (Continued)

Additionally, participants are allowed to take loans directly from TIAA and CREF secured by the participant's balance in the TIAA Traditional Fund. Participants must transfer an amount equal to 110% of their outstanding loan balances from their fund accounts to the TIAA Traditional Fund to be held as collateral for the loans. This collateral remains invested in the Plan and the participants continue to earn contractual interest and additional amounts as declared by TIAA's Board of Trustees. Should participants default on their loans, TIAA and CREF removes the portion of the collateral held in the TIAA Traditional Fund equal to the participants' outstanding loan balances plus any unpaid accrued interest to pay off the defaulted loan. Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or one-half of the participant's vested account balance. These loans are not plan assets and totaled \$45,850 and \$70,570 at June 30, 2023 and 2022, respectively, with interest rates ranging from 4.00% to 5.56%. Principal and interest are paid directly to TIAA and CREF.

Plan Administration

The Employer is the Plan administrator and has the authority to appoint person(s) or entities to carry out the operation of the Plan. Investment management and recordkeeping expenses are netted against investment earnings. Certain Plan administrative expenses are charged to and paid by the Plan and others are paid by the Employer.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments, Investment Valuation and Income Recognition

Investments other than fully benefit-responsive investment contracts (valued at contract value) are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

THIRD SECTOR NEW ENGLAND, INC. 403(b) DC PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies (Continued)

Investments, Investment Valuation and Income Recognition (Continued)

The Plan has a fully benefit-responsive investment contract with TIAA and CREF. TIAA and CREF maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Unit Values

Individual participant accounts for the pooled separate investment account are maintained on a unit value basis. Participants do not have beneficial ownership in their specific underlying securities or other assets in the funds, but do have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Benefits Paid

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2023 and 2022.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could vary from the estimates that were used.

Subsequent Events

The Plan administrator has evaluated subsequent events through April 4, 2024, the date that the financial statements were available to be issued. There were no significant matters identified for disclosure as a result of this evaluation.

THIRD SECTOR NEW ENGLAND, INC. 403(b) DC PLAN

Notes to Financial Statements

Note 3 - Certification of Investment Information

Plan investments are held by the Plan's insurance companies and custodian, TIAA and CREF, "TIAA" as agent for TIAA Trust N.A.(as of June 30, 2023) and TIAA, FSB (as of June 30, 2022). The fair value of investments and the contract value of the fully benefit-responsive investment contract as of June 30, 2023 and 2022, and all investment transactions for the year ended June 30, 2023, including interest and dividend income and net appreciation in value are reported to the Plan and certified as complete and accurate by the insurance companies and custodian. Information included in the supplemental schedule and notes receivable from participants have also been derived from information certified by the insurance companies and custodian.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs that are unobservable and significant to the fair value measurement for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2023 and 2022.

TIAA Real Estate Account

The account generally invests in real estate properties and real estate-related investments. The account's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally utilizing external appraisals, which are estimates of property values based on a professional's opinion. The account sometimes holds securities as well, and these securities are generally priced using values obtained from independent pricing sources.

THIRD SECTOR NEW ENGLAND, INC. 403(b) DC PLAN

Notes to Financial Statements

Note 4 - Fair Value Measurements (Continued)

TIAA Real Estate Account (Continued)

The fair value of the Plan's interest in the TIAA Real Estate Account (a pooled separate investment account) is based on the fund's daily Net Asset Value ("NAV"), which is considered by Plan management to be the best approximation of fair value. This investment is measured at net asset value in the fair value hierarchy. The unit value of the fund is calculated daily and available to Plan administrators and client investors on TIAA and CREF's website. There are no unfunded commitments from participants in the Plan who invest in this account. These investments may be redeemed quarterly with one day's notice.

TIAA Traditional

The TIAA Traditional Annuity is a fixed rate guaranteed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The TIAA Traditional Annuity is offered through a variety of contract types, including Retirement Annuities (RA) and Group Retirement Annuities (GRA).

The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

Investments in certain TIAA Traditional Annuity contracts are reported at fair value (RA and GRA), which approximates contract value. As these investments are contract-based, observable prices for identical or similar investments do not exist, and accordingly, these investments are valued using unobservable inputs (Level 3). The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. Liquidity restrictions apply to certain types of contracts that could impact the value realized upon exiting the contract.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, are guaranteed by TIAA's claim-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. For accumulating RA and GRA contracts, the crediting interest rates were 6.25% and 5.00% as of June 30, 2023 and 2022, respectively.

THIRD SECTOR NEW ENGLAND, INC. 403(b) DC PLAN

Notes to Financial Statements

Note 4 - Fair Value Measurements (Continued)

TIAA Traditional (Continued)

The RA contract does not allow lump-sum cash withdrawals, and transfers must be spread over 10 annual installments. With the GRA contracts, lump-sum withdrawals are available within 120 days of termination of employment and are subject to a 2.50% surrender charge. All other withdrawals and transfers from RA and GRA contracts must be spread over 10 annual installments (five annual installments for withdrawals after termination of employment). All other withdrawals must be spread over 84 monthly installments. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the Statement of Changes in Net Assets Available for Benefits.

CREF Variable Annuities and TIAA Access Funds

The accounts invest principally in equity securities, fixed income instruments and short-term investments in accordance with each portfolio's investment objectives. Account investments are primarily valued using market quotations or prices obtained from independent pricing sources who may employ various pricing methods to value the investments including matrix pricing.

The fair values of accumulation units held by the Plan in CREF Variable Annuity accounts and TIAA Access Funds are based on each account's daily NAV, which is considered by Plan management to be the best approximation of the fair value. The NAV is based on the fair values of the underlying investments held by the fund less its liabilities. Data for NAVs are available daily to Plan administrators and client investors on TIAA and CREF's website and provides sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings.

There are no unfunded commitments from participants in the Plan who invest in these accounts. The CREF Variable Annuities and TIAA Access Funds are measured at net asset value in the valuation hierarchy and are redeemable daily with one day's notice.

Mutual Fund

Valued at the daily closing price as reported by the fund. The mutual fund held by the Plan is an open-end mutual fund that is registered with the Securities and Exchange Commission. The fund is required to publish its daily net asset value ("NAV") and to transact at that price. The mutual fund held by the Plan is deemed to be actively traded.

The categorization of an investment within the fair value hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to Plan management's perceived risk of that investment.

Note 5 - Fully Benefit-Responsive Investment Contract

Following is a description of the investments and valuation methodologies for fully benefit-responsive investment contracts:

TIAA Traditional Annuity

SRA and GSRA contracts are also traditional annuity contracts as discussed in Note 4. SRA and GSRA contracts have no liquidity restrictions and are therefore fully benefit-responsive contracts reported at contract value. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the Statement of Changes in Net Assets Available for Benefits.

Note 5 - Fully Benefit-Responsive Investment Contract (Continued)

TIAA Traditional Annuity (Continued)

The contract value for the TIAA Traditional SRA and GSRA fully benefit-responsive investment contracts at June 30, 2023 and 2022 was \$4,197,418 and \$4,150,195, respectively. For accumulating SRA and GSRA contracts, the crediting interest rate was 5.50% and 4.25% as of June 30, 2023 and 2022, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The Plan's ability to receive amounts due is dependent on the issuer's (TIAA's) ability to meet its financial obligations. TIAA's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Note 6 - Fair Value of Investments that Calculate Net Asset Value

The following table for June 30, 2023 and 2022 sets forth a summary of the Plan's investments measured at fair value based on net asset value ("NAV") per share.

<i>Investments</i>	<i>Fair Value 6/30/2023</i>	<i>Fair Value 6/30/2022</i>	<i>Unfunded Commitments</i>	<i>Redemption Frequency</i>	<i>Redemption Notice Period</i>
Pooled separate investment accounts (a)	\$ 1,373,089	\$ 1,543,090	\$ -	Quarterly	1 day
Variable annuities (a)	<u>31,902,014</u>	<u>29,774,087</u>	<u>-</u>	Daily	1 day
Total	\$ <u>33,275,103</u>	\$ <u>31,317,177</u>	\$ <u>-</u>		

(a) See Note 4 for the description of the pooled separate investment accounts and variable annuities.

Notes to Financial Statements

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events such as an international conflict which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 9 - Related-Party Transactions and Exempt Party-in-Interest Transactions

Plan investments are managed by TIAA and CREF. TIAA and CREF are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. During the plan year ended June 30, 2023, the Plan received revenue credits of \$40,890 from TIAA and CREF, the Plan used \$27,818 to pay Plan expenses. The remaining credit balance at June 30, 2023 was \$13,780, which will be allocated to participants and used to pay future expenses of the Plan. The revenue credits are reported as other income on the Statement of Changes in Net Assts Available for Benefits. Notes receivable from participants are also exempt party-in-interest transactions.

Note 10 - Tax Status

The Plan adopted the TIAA Volume Submitter 403(b) Plan Document that received an IRS opinion letter dated August 7, 2017 which stated that the Plan is acceptable under Section 403(b) of the Internal Revenue Code (the "Code") for use by eligible Employers for the benefit of their employees. The Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of Section 403(b) of the Code, and therefore, believes that the Plan is qualified and the related accounts are tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
