Independent Auditors' Report

To the Participants and Plan Administrator of
New Tex Trucking 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of New Tex Trucking 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

General

New Tex Trucking 401(k) Plan (the Plan) is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was established and adopted effective January 1, 2018. The Plan is a defined contribution plan available to all eligible employees of New Tex Trucking, LLC (the Company or Plan Administrator), except union employees and nonresident aliens. Two officers of the Company serve as trustees (the Trustees) of the Plan. Empower Trust Company, LLC and Empower Annuity Insurance Company of America, an affiliate of Empower Retirement, LLC, serve as the Custodians (Custodians) as of December 31, 2022, and for the year then ended. Empower Retirement Services, serves as the record-keeper. As of December 31, 2021, Great-West Life & Annuity Insurance Company, an affiliate of Empower Retirement, served as the Custodian and record-keeper of the Plan. NOVA 401(k) Associates is the third-party administrator for the Plan. The following description provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Effective January 1, 2022, the Plan was amended and restated as a safe harbor Plan.

Eligibility and Participant Accounts

Employees become eligible for participation on the first day of the month following 60 days of service and attaining the age of 21. Subject to certain limitations on annual additions, each participant's account is credited with employee salary deferrals, Company contributions, if applicable, an allocation of plan earnings based on the participant's investment elections, and charged for certain administrative expenses, as defined. Participants may change their investment allocation at any time.

Contributions

The Plan is funded through employee elective deferrals and Company contributions. A participant may elect to contribute a portion of his or her pre-tax or after-tax (Roth) compensation from 1% to 90% subject to certain to maximum limitations imposed by the Internal Revenue Code (IRC) ($20,500 for 2022). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,500 for 2022). Rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are allowed and may be made prior to meeting the eligibility requirements for participation in the Plan.

Effective January 1, 2022, the Company allows for safe harbor contributions required to be made by the Company. For the year ended December 31, 2022, the Company made safe harbor matching contributions of 100% of participant salary deferrals up to 3% of eligible compensation, plus 50% of participant salary deferrals up to the next 5% of eligible compensation. Company contributions are remitted on a pay period basis.

The Plan also allows for Company discretionary matching and profit-sharing contributions which are determined each year by the Company, subject to certain limitations. No discretionary matching or profit sharing contributions were made for the year ended December 31, 2022.

Benefits Paid to Participants

Upon normal retirement age, death, disability or termination, a participant's benefits are payable in a lump-sum amount equal to 100% of the participant's vested account balance as of the valuation date of such event. In addition, the Plan allows for hardship distributions if certain criteria are met. Such withdrawals are subject to meeting hardship guidelines established by the Internal Revenue Service (IRS). Upon termination, vested account balances less than $5,000 may be distributed to the applicable terminated participant as soon as administratively practicable following termination of employment or rolled over to an individual retirement account selected by the Plan Administrator.

Investment Options

The Plan provides participants the ability to direct employee contributions and Company contributions into a variety of investment options, including a pooled separate accounts and a guaranteed investment contract, in accordance with participant investment elections and the provisions of the trust agreement. Participants should refer to the plan website for additional fund information.

Vesting

Participants are immediately vested in their elective deferrals. Effective January 1, 2022, Company safe harbor matching is immediately vested.

Vesting in discretionary Company contributions and profit-sharing contributions plus actual earnings, thereon, is based on years of service, as defined by the plan document, as follows:

Years of Percentage	Percentage
1	25%
2	50%
3	75%
4 or More	100%

Notes Receivable From Participants

New notes receivables are not permitted by the Plan effective July 2018. Existing notes are secured by the balance in the participant's account and bear interest at a rate determined reasonable by the Plan Administrator. Terms are generally limited to a maximum of five years, except for purchase of a primary residence, which have terms up to a maximum of thirty years. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. At December 31, 2022, there were no existing notes receivable from participants. At December 31, 2021, there was an existing note receivable from a participant that matured in June 2022 and had an interest rate of 5%.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of benefits paid to participants and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, each of the participants will have a non-forfeitable, 100% vested interest in his or her account balance subject to payment of liquidation costs and expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive guaranteed investment contracts, which are valued at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (See Note 3 - Fair Value Measurements). Contract value is the relevant measure attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the provision of the Plan (See Note 5 - Guaranteed Investment Contract). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expenses when they are incurred. Interest income is recorded on the accrual basis. Notes receivable are valued at amortized cost, which approximates fair value. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts is valued at Net Asset Value (NAV) of shares held by the Plan of underlying investment in mutual funds or common collective trusts as determined by the Custodian. The NAV is used to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This NAV is not used when it is determined to be probable that the fund will sell the investment for an amount different than the report NAV. Participant transactions (purchases and sales) may occur daily. Where the Plan to initiate a full redemption of the pooled separate accounts, the Custodian reserves the right to temporarily delay withdrawal from the Plan in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Level 1	**Level 2**	**Level 3**	**Total**
Pooled separate accounts	$ -	$ 773,635	$ -	$ 773,635
Total investments at fair value	$ -	$ 773,635	$ -	$ 773,635

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 994,105	$ -	$ 994,105
Total investments at fair value	$ -	$ 994,105	$ -	$ 994,105

4. Information Certified by Custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

5. Guaranteed Investment Contract

The Plan holds funds in a fully benefit-responsive guaranteed investment contract, the MassMutual Life Insurance Company Guaranteed Interest Account. Effective December 31, 2020, Empower Retirement acquired Massachusetts Mutual Life Insurance Company and subsequently became the sole administrator of the business in 2021. As of December 31, 2022, Empower Retirement maintains the contributions in its general account. Empower's general account is credited with contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the Issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero. Such interest rates are continuously reviewed and reset as needed on a monthly to quarterly basis. The Plan or Empower can terminate the contract by providing written notice to the other party 30 days prior to the termination date. If the contract were to terminate by the Plan or Empower, interest would not be less than the minimum interest rate established in the investment contract. There may be a market value adjustment upon the Plan's election to terminate the contract with a lump sum distribution, which may result in a distribution that is less than or in excess of contract value. Certain unobservable inputs are assessed through review of contract terms (ex: duration or payout date) while others are substantiated utilizing available market date (ex: swap curve rate).

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

6. Tax Status

The Plan is based on a Non-Standardized Pre-Approved Profit Sharing/Money Purchase plan with CODA developed by NOVA Associates, Inc., which received a favorable advisory letter dated June 30, 2020, from the IRS stating that the Non-Standardized Pre-Approved Profit Sharing/Money Purchase Plan with CODA plan constitutes a qualified plan under Section 401 of the IRC. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Related-Party and Party In Interest Transactions

Certain of the Plan's investments are managed by the Custodian; therefore, these transactions qualify as party in interest transactions. The Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions also qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan.

8. Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, concentration, market and credit risks. Market risks include global events, such as a pandemic or international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. Reconciliation of Financial Statements to Form 5500

No reconciliation of net assets available for benefits per the financial statements to the Form 5500 is needed.

10. Subsequent Events

In accordance with Financial Accounting Standards Board Accounting Standards Codification 855, *Subsequent Events*, the Plan has evaluated events and transactions occurring subsequent to December 31, 2022, the Statements of Net Assets Available for Benefits, through April 1, 2024, the date of the financial statements were ready to be issued, and determined, there were no such events or transactions that would impact the financial statements as of and for the year ended December 31, 2022, except as follows:

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.
