FINANCIAL STATEMENTS

December 31, 2022 and 2021 and the
Year Ended December 31, 2022

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Apollo Technology Group, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed the audit of the financial statements of Apollo Technology Group, LLC 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2022 and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year end) as of December 31, 2022 is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on Compiled 2021 Financial Statement

Plan management is responsible for the accompanying financial statement of the Plan, which comprise the statement of net assets available for benefits as of December 31, 2021, and the related notes to the financial statement in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. We did not audit or review the 2021 financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, or provide any form of assurance on the 2021 financial statement.

401(K) PLAN**

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the Apollo Technology Group, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan sponsored by Apollo Technology Group, LLC (the “Company”) for the benefit of its employees over age eighteen. The Plan is subject to the provisions of the Employee Retirement Income Securities Act of 1974 (“ERISA”).

The Plan is administered by the Company’s Investment Committee (“Committee”). The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Contributions – Participating employees may contribute to the Plan up to the maximum allowed by law of their eligible annual compensation as defined in the Plan, as either a pre-tax or Roth deferred contribution. Participation in the Plan commences on the first day after becoming eligible. Participants may also contribute, as rollover contributions, amounts representing distributions from other qualified plans. Additionally, participants age 50 or older, who are making deferred contributions to the Plan, are allowed to make catch-up contributions, as defined in the Plan agreement. Participants direct the investment of all contributions into various investment options offered by the Plan. Participants may make changes to their elective deferral contribution rates each payroll period and may terminate their elective deferral at any time.

The Company makes a discretionary matching contribution of participants’ elective deferral contribution of 25% of the first 4% of eligible participant contributions. Additional profit sharing amounts may be contributed at the option of the Company. During the year ended December 31, 2022, the Company made no discretionary profit sharing contributions to the Plan. Contributions are subject to certain Internal Revenue Code (“IRC”).

Participant investment account options – The Plan currently offers a variety of pooled separate accounts as investment options for participants. Participants may change their investment designation with respect to their account balance and future contributions at any time.

APOLLO TECHNOLOGY GROUP, LLC
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Participant accounts - Each participant's account is credited with the participant's contributions, rollover contributions from other qualified plans, Company matching contributions, if any, the related earnings (losses) from investment options chosen by each individual and an allocation of administrative expenses. Allocations of earnings (losses) and expenses are based on account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are fully vested in their contribution and rollover contributions plus actual earnings (losses) thereon at all times. Participants are also 100% vested in Company matching contributions plus actual earnings (losses). Participants become 20% vested in their respective portion of the Company's profit-sharing contributions after two years of service, and vest an additional 20% annually thereafter until fully vested in the fifth year of qualified service. In the event of retirement after attainment of age 62, death, disability or termination of the Plan, participants become fully vested.

Forfeitures – If a participant terminates employment for any reason other than death, disability or retirement, the unvested portion of the participant's account, if any, is forfeited. At both December 31, 2022 and 2021, forfeited nonvested accounts were \$122. Forfeitures may be used to reduce future employer contributions or pay Plan expenses.

Notes receivable from participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of benefits – On termination of service, retirement, death or disability, a participant may elect to receive either a lump sum amount equal to the value of his or her vested account or a series of cash payments if they have achieved retirement age.

(2) Summary of significant accounting policies

Basis of accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

**APOLLO TECHNOLOGY GROUP, LLC
401(K) PLAN**

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Investment valuation and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest is recorded as earned on an accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits – Benefit payments are recorded in the period in which the benefit is paid.

Administrative expenses – Costs of administering the Plan are paid by the Company except for investment management expenses and fees incurred for participant loans and distribution payments to participants. Fees for participant loans and distribution payments are charged to individual participant accounts.

(3) Information prepared and certified by the plan custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company, (John Hancock) the Plan custodian, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Net depreciation in fair value of investments
- Interest income on notes receivable from participants
- Supplemental schedule of assets (held at end of year)

APOLLO TECHNOLOGY GROUP, LLC
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(3) Information prepared and certified by the plan custodian (continued)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

APOLLO TECHNOLOGY GROUP, LLC
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts are valued at the NAV of units of the separate account. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily and there are no restrictions on redemptions. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner. Additionally, there are no unfunded commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realized value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with Subtopic 820-10, the pooled separate accounts that were measured at NAV (or its equivalent) practical expedient have not been classified in the fair value hierarchy. No Plan investments are classified in the fair value hierarchy.

(6) Related party transactions

Plan investments are pooled separate accounts managed by John Hancock. John Hancock is the custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the third party administrator and other service providers of \$49,481 for the year ended December 31, 2022, which was not covered by revenue sharing. The Plan paid certain expenses related to the Plan's operations and investment activity to various service providers. These transactions are party-in-interest transactions. The Plan Sponsor pays directly any other fees related to the Plan's operations.

(7) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would be 100% vested in their profit-sharing contributions.

APOLLO TECHNOLOGY GROUP, LLC
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(8) Tax status

Effective January 1, 2022, the Plan was restated in accordance with the Internal Revenue Service ("IRS") Cycle 3 Restatement window. The IRS has determined that the pre-approved plan is designed in accordance with applicable sections of the IRC and informed Principal of such in a letter dated June 30, 2020. The plan administrator has adopted the pre-approved plan and believes that the Plan and related trust are currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Risks, uncertainties, and concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2022, approximately 69% of the Plan's investments were invested in the BlackRock LifePath Index 2030, BlackRock LifePath Index 2040, BlackRock LifePath Index 2050, BlackRock LifePath Index 2060 and the 500 Index Funds. At December 31, 2022, approximately 62% of the Plan's investments were invested in the BlackRock LifePath Index 2040, BlackRock LifePath Index 2050, BlackRock LifePath Index 2060 and the 500 Index Funds.

(10) Subsequent events
