INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
the Sunshine Mills Group 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Sunshine Mills Group 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of September 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended September 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Sunshine Mills Group 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2023 and 2022, and for the year ended September 30, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities section –

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sunshine Mills Group 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sunshine Mills Group 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sunshine Mills Group 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sunshine Mills Group 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held (at end of year) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**SUNSHINE MILLS GROUP 401(K)
PROFIT SHARING PLAN**

**Notes to the Financial Statements
For the Years Ended September 30, 2023 and 2022**

Note 1 – Plan Description and Related Information

The following description of the Sunshine Mills Group 401(k) Profit Sharing Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution 401(k) plan with a profit sharing feature – ERISA section 404(c) plan covering the employees of Sunshine Mills, Inc. (the “Company”) and two affiliated employers, Sunshine Trucking, Inc. and Sun-Tek Pet, LLC who have one year of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration - Sunshine Mills, Inc. is the plan administrator. The plan administrator has the full power to decide what the plan provisions mean; to answer all questions about the Plan, including those about eligibility and benefits; and to supervise the administration of the Plan.

Eligibility and Contributions - All employees become eligible to participate in the Plan after completing at least 1,000 hours of service during either the first 12 months of employment or any plan year beginning after the employee’s hire date and upon reaching age 18 or older. Employees can enroll in the Plan on the January 1, April 1, July 1 or October 1 entry dates following the completion of the service requirement.

Participants may voluntarily contribute up to 50% of their compensation to the Plan, subject to annual limitations under the Internal Revenue Code. These elective contributions are made under Section 401(k) of the Internal Revenue Code which allows a deferral of income taxes on the amounts contributed to the Plan. Participants are permitted to deposit into the plan rollover proceeds from qualified plans. Under the Plan, the Company may make a discretionary matching and profit sharing contribution at the discretion of the Board of Directors. The Company made discretionary contributions of \$3,015,456 in the plan year ended September 30, 2023, and elected to not make discretionary contributions for the plan year ended September 30, 2022.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their account is based on continuous years of service as outlined below:

<u>Years of Service</u>	<u>Vesting</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Participant Accounts - A separate account is established and maintained for each participant. Each participant’s account is credited with the participant’s deferral contributions, the Company’s matching contribution, the Company’s discretionary profit sharing contributions that are allocated based on the ratio of each participant’s eligible compensation to the total eligible compensation for all participants entitled to an allocation, and plan earnings that are allocated to the individual accounts in the same ratio that the value of each account, as of the last valuation date, bears to the total value of all accounts as of the same date.

See independent auditor’s report.

For the Years Ended September 30, 2023 and 2022**

Note 1 – Plan Description and Related Information (continued)

The Plan currently offers various mutual funds and a common and collective trust as investment options. All participant accounts are self-directed.

Payment of Benefits - The Plan provides for distributions to participants upon retirement, death, disability, or termination of employment. A participant will automatically receive a lump-sum amount equal to the value of his or her vested account if the account value is \$1,000 or less. If the vested balance is greater than \$1,000, but not more than \$5,000, the participant can elect to receive a lump sum distribution or roll it over to an eligible retirement plan. If the vested balance is greater than \$1,000, but not more than \$5,000, and the participant does not elect to receive the distribution or roll it over to an eligible retirement plan, the plan administrator will automatically roll over the distribution to an individual retirement account established by an IRA provider selected by the Company. If the vested account balance exceeds \$5,000, the participant can elect to receive a lump sum distribution or installment payments over a specified period of time.

Administrative Expenses - The administrative expenses related to the Plan are charged against plan assets. The expenses related to the audit are paid by the Company. Investment related expenses are included in net appreciation of fair value of investments.

Forfeited Accounts - Forfeited amounts are used to either offset plan administrative expenses or to reduce employer contributions under the Plan. For September 30, 2023, \$67,647 was allocated to reduce employer contributions and \$0 to pay plan expenses. In 2022, no forfeitures were used to reduce employer contributions or to pay plan expenses. Forfeited non-vested accounts totaled \$67,647 and \$46,980 at September 30, 2023 and 2022, respectively.

Plan Termination - Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2 – Summary of Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by investment advisors, custodians, and insurance companies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

See independent auditor's report.

Note 2 – Summary of Accounting Policies (continued)

Payments of Benefits – Benefit payments are recorded when paid.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants on a timely basis in accordance with DOL Regulations.

Note 3 – Information Certified by Reliance Trust, Custodian

The following is a summary of the investment information as of September 30, 2023 and 2022, and for the year ended September 30, 2023, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Custodian, Reliance Trust, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Custodian that information provided to the Plan Administrator by the Custodian related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following investments as of September 30:

	<u>2023</u>	<u>2022</u>
Investments, at fair value:		
Mutual funds	\$ 16,864,255	\$ 15,562,745
Common collective trusts	4,791,058	5,187,638
Total Investments	<u>\$ 21,655,313</u>	<u>\$ 20,750,383</u>

The Custodian also certified the completeness and accuracy of \$1,320,130 of net appreciation in fair value of investments and \$705,488 of interest and dividends related to the aforementioned investments for the year ended September 30, 2023.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

See independent auditor's report.

**SUNSHINE MILLS GROUP 401(k)
PROFIT SHARING PLAN**

**Notes to the Financial Statements (continued)
For the Years Ended September 30, 2023 and 2022**

Note 4 - Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used on September 30, 2023 and 2022.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts – Valued at the NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2023 and 2022:

Fair Value as of September 30, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 16,864,255	\$ -	\$ -	\$ 16,864,255

**Notes to the Financial Statements (continued)
For the Years Ended September 30, 2023 and 2022**

Note 5 – Income Tax Status

The plan sponsor uses an IRS pre-approved volume submitter plan document. The Internal Revenue Service approved the Plan on February 6, 2004 as designed in accordance with applicable sections of the Internal Revenue Code that exempt the Plan from federal income taxes. The Plan administrator believes that the Plan is designed, and is currently operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Note 6 – Reconciliation of Financial Statements to Schedule H of Form 5500

For the years ended September 30, 2023 and 2022 there were no reconciling items between the financial statements and the Form 5500.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Note 8 - Subsequent Events

Following the close of business on October 16, 2023, Sunshine Mills, Inc. (the Company) acquired a manufacturing plant located in Joplin, MO from Red Collar Pet Foods, Inc., with the location and their employees merging with and into the Company on October 17, 2023.

Following the acquisition, the Plan was amended to provide credit, for vesting and eligibility purposes, for all employees of the Joplin, MO location as of October 17, 2023. In regards to the employees' retirement account balances with Red Collar Pet Foods, they have three options; 1) rollover balances to the Sunshine Mills Profit Sharing Plan, 2) rollover balances to an IRA, or 3) receive a disbursement subject to taxes and penalties per IRS regulations.

This amendment had no impact on the Plan's net asset as of September 30, 2023.

All subsequent events were evaluated by management through March 18, 2024, the date the financial statements were available to be issued.
