INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Administrator of
the CAMcare Health Corporation Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of CAMcare Health Corporation Retirement Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) audit. The financial statements comprise the statements of net assets available for benefits as of June 30, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended June 30, 2022 and 2021, and the related notes to the financial statements ("2022 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 Financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (Qualified Institution).

Management has obtained a certification from Qualified Institutions as of and for the year ended June 30, 2022 stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the accompanying 2022 Financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2022 Financial statements related to assets held by and certified to by a Qualified Institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of CAMcare Health Corporation Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CAMcare Health Corporation Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from

fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CAMcare Health Corporation Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CAMcare Health Corporation Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information

required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by Qualified Institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of CAMcare Health Corporation Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by the Qualified Institutions. In our report dated August 5, 2022 we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CAMCARE HEALTH CORPORATION RETIREMENT PLAN

Notes to the Financial Statements
For the Years Ended June 30, 2022 and 2021

1. DESCRIPTION OF PLAN

The following description of the CAMcare Health Corporation Retirement Plan ("the Plan") provides only general information. Participants should refer to the "Summary Plan Description" for a more complete description of the Plan's provisions.

General

The Plan is a "Money Purchase" Plan that is maintained to provide funds for participants' retirement and funding to participants' beneficiaries in the event of their death. Employees of CAMcare Health Corporation ("the Company"), the Plan Administrator, are eligible for participation in the Plan after the completion of one year of service and when they have reached the age of twenty-one (21). The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA) of 1974. Variable Annuity Life Insurance Company ("VALIC") and AXA Equitable Life Insurance Company ("Equitable") serve as the Trustees and Custodians of the Plan assets. The plan is covered by a fidelity bond amounting \$500,000.

Contributions

The Company funds the Plan. After eligibility requirements are met, the Company contributes three (3) percent of each participant's annual compensation into an individual account. For the Plan years ended June 30, 2022 and 2021, the maximum amount of each employee's compensation considered is \$305,000 and \$290,000, respectively, or such greater amount as allowed by law.

Participant Accounts

Each participant's account is credited with the allocation of (a) the Company's contribution and (b) Plan earnings and charged with an allocation of administrative expenses and investment losses. Allocations are based on participant earnings or balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Plan allows each participant to direct the investment of funds in their individual accounts. If a participant does not make an election to direct their investments, the funds will be invested in the Fixed Account.

Vesting

The Plan's vesting schedule is complete within five (5) years. After each year of service, a participant's vesting portion of his or her account increases by twenty (20) percent.

CAMCARE HEALTH CORPORATION RETIREMENT PLAN

Notes to the Financial Statements
For the Years Ended June 30, 2022 and 2021

Investment Options

All investments of the Plan are held with VALIC and Equitable. The unallocated portion (not participant directed) of the investment contracts is invested in a fixed account which provides a specified rate of return.

Participants may elect to have their Plan accounts invested in one or more of the investment options listed.

- Fixed Account - a fixed annuity that provides investment security rather than growth.
- Money Market - seeks liquidity and protection of capital with investments in short-term money market instruments.
- Government Securities - seeks a high level of current income consistent with the maintenance of principal and liquidity by investing primarily in U.S. Treasury bonds and U.S. Treasury bills.
- Growth Funds - seeks long-term growth and capital appreciation in well-established common stocks.
- Small Cap Funds - seeks long-term capital appreciation. The fund invests principally in common stocks of companies from various sectors of the economy, which possess above average long-term growth potential.
- Stock Funds - seeks capital appreciation and invests primarily in large cap common stocks of established, high quality companies.
- Bond Funds - seeks the highest returns through investment in medium-to-high quality fixed-income securities. These securities include corporate debt, securities issued or guaranteed by the U.S. Government, mortgage backed, or asset backed securities.

Payment of Benefits

Benefit payments are recorded when paid.

Vested benefits are paid upon death, disability, or retirement. If you are married on the dates your benefits begin, you will automatically receive a joint 50% survivor annuity, unless you elected an alternative form of payment. Unmarried participants automatically receive a life annuity unless alternate payout options are elected. Upon the death of a married participant, at least 50% of the death benefit will be paid to the surviving spouse in the form of a "Qualified Pre-Retirement Survivor Annuity" (QPSA), unless a qualified election to waive the QPSA has been made by the participant and his/her spouse agreed.

Disability is defined as any medically determined disease, physical or mental impairment which is expected to last at least one year, which renders you incapable of engaging in any gainful employment.

CAMCARE HEALTH CORPORATION RETIREMENT PLAN

Notes to the Financial Statements For the Years Ended June 30, 2022 and 2021

Distributions under the plan may be made in the form of lump-sums, substantially equal installments and partial withdraws. If distributions are requested in a form other than an annuity, you and your spouse (if married) must waive the annuity form of payment.

If your vested account balance does not exceed \$5,000, then your vested account balance may only be distributed to you in a single lump sum payment. If your vested account balance in the Plan exceeds \$1,000, you must consent to any distribution before it may be made.

Forfeited Accounts

An account becomes forfeited or partially forfeited when a participant terminates employment before they are fully vested. For the years ended June 30, 2022 and 2021, forfeited investments were \$5,808 and \$2,598, respectively. Forfeitures are utilized to reduce employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income on the fixed account is calculated based on the established rate in the Plan Administrator's contract. VALIC group mutual funds record dividends as part of their daily unit value calculation and share value collection process; dividends and capital gains provided by the fund managers are recorded on the ex-date.

CAMCARE HEALTH CORPORATION RETIREMENT PLAN

Notes to the Financial Statements
For the Years Ended June 30, 2022 and 2021

Administrative Services

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data; • If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

There were no Level 1 or Level 3 investments or liabilities as of June 30, 2022 and 2021.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets at fair value. There have been no changes in the methodology used as of June 30, 2022 and 2021, the measurement date.

5. VARIABLE ANNUITY CONTRACT WITH INSURANCE COMPANY

The plan entered into a traditional fully benefit-responsive guaranteed investment contract with VALIC totaling \$1,822,983 for 2022 and \$1,741,025 for 2021. VALIC maintains the contributions in a general account. The account is credited with earning on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 2.3 percent. The crediting rate is reviewed on a monthly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by VALIC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

CAMCARE HEALTH CORPORATION RETIREMENT PLAN

Notes to the Financial Statements For the Years Ended June 30, 2022 and 2021

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, CAMcare Health Corporation may terminate the Plan at any time at its sole discretion. Upon termination, all amounts credited to participant accounts will become 100% vested. Upon termination, the assets of the Plan will be distributed to the participants or will be transferred to a successor plan if directed by the participants.

7. TAX STATUS

The Plan is designed in accordance with section 401 of the Internal Revenue Code (IRC). However, no tax-exempt determination has been made by the Internal Revenue Service. CAMcare adopted the prototype non-standardized money purchase pension plan under one of its Trustees, VALIC, therefore, management is not required to, and has not applied for, its own determination letter. The Plan Administrator and their legal and tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

CAMCARE HEALTH CORPORATION RETIREMENT PLAN

Notes to the Financial Statements For the Years Ended June 30, 2022 and 2021

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon

examination by the IRC. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management believes it is no longer subject to income tax examination for years prior to 2016.

8. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of funds managed by VALIC and Equitable. CAMcare Healthcare Corporation is the employer and administrator for the plan. VALIC is a Trustee as defined by the Plan and Equitable is a Custodian of certain assets. Therefore, these transactions qualify as Party-In-Interest transactions. Fees paid to VALIC and Equitable for investment management services amounted to \$9,134 and \$10,967 for the years ended June 30, 2022 and 2021, respectively.

10. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 14, 2023 the date the financial statements were available to be issued.
