Report of Independent Auditor

The Plan Administrator and Participants
Spartanburg Methodist College DC Plan
Spartanburg, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Spartanburg Methodist College DC Plan (the "Plan"), employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of June 30, 2023 and 2022, and for the year ended June 30, 2023, stating that the certified investments information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of June 30, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agree to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SPARTANBURG METHODIST COLLEGE DC PLAN

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2023 AND 2022

Note 1—Description of the Plan

The following brief description of the Spartanburg Methodist College DC (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan established by Spartanburg Methodist College (the “College”) in July 1965, which was amended and restated effective January 1, 2009. The Plan covers all employees of the College, except students enrolled and attending classes offered by the College and non-resident aliens. The Plan is required to provide contributions to all employees covered by the Plan, who have earned two years of eligible service.

Effective June 30, 2018, the College amended the Plan to merge the Spartanburg Methodist TDA Plan (“TDA”) with the DC Plan. As part of the amended Plan, employees are required to complete one year of eligible service at the College in order to receive contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Administration – The Plan is administered by the College, which serves without compensation. The Plan administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities. The College has designated a committee to administer the Plan.

Contributions – Participants may contribute to the Plan on the first day of employment. One year of service is required before employer contributions are received. A year of service is defined as working over 1,000 hours during the eligibility measuring period. Participants with hours of service with another institution of higher education do not receive credit for time they worked for the predecessor employer. Beginning January 1, 2009, the College contributed 5% of employee compensation, as defined by the Plan through April 1, 2022, at which time the College contributions were suspended. Effective June 30, 2018, participants may contribute amounts representing distributions from other qualified retirement plans. These rollover contributions are 100% vested immediately.

Participant Accounts – Each participant’s account is credited and/or charged with distributions, contributions, and an allocation of Plan earnings and losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting Requirements – Participants are immediately fully vested in all contributions and earnings thereon.

Investment Options – Upon enrollment in the Plan, a participant will direct 100% of their allocation of contributions with College Retirement Equity Fund (“CREF”) and Teachers Insurance and Annuity Association (“TIAA”), (the “qualified institutions”). Within CREF and TIAA, participants may select between several investment options. Participants may transfer balances periodically based on the applicable funds as defined in the custodial service agreement.

Benefits Paid to Participants – Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant’s vested interest in his or her account or annual installments. For termination of service for other reasons, distribution of the value of the participant’s vested interest in his or her account will begin as soon as possible after the participant’s request as a lump-sum distribution. In addition, a participant may elect to receive withdrawals upon reaching the age 59½. In addition, certain payments are made directly to the holders of annuity contracts for payments to participants. These distributions are shown as benefit payments to insurance carriers for the provision of benefits within the statement of changes in net assets available for benefits.

SPARTANBURG METHODIST COLLEGE DC PLAN

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2023 AND 2022

Note 1—Description of the Plan (continued)

Hardship Withdrawals – The Plan allows participants to make hardship withdrawals to satisfy certain immediate and heavy financial needs. A participant may request a hardship withdrawal for certain qualifying expenses as defined by the Plan document. The hardship withdrawal is subject to certain conditions: 1) the distribution is not in excess of the amount of any immediate and heavy financial need, 2) the participant has exhausted all other distribution types, 3) salary deferrals will be suspended for six months after receipt of the hardship distribution.

Plan Loans – Participants may borrow directly from the funds held by TIAA-CREF a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, whichever is less. Loans are secured by the balance in the participant's account and bear interest rates at 4.22% with maturities through September 2024 as of June 30, 2023. Plan loans may not exceed 5 years, unless it is for a down payment of a principal residence, in which loans may not exceed 15 years. Principal and interest payments due are billed to the participants on a monthly basis. Because Plan loans are borrowed directly from funds held by the qualified institutions and not from participant accounts, they are not considered an asset of the Plan and are not included on the statements of net assets available for benefits. Plan loans outstanding amounted to \$2,817 and \$-0- as of June 30, 2023 and 2022, respectively.

Participants Loans - Participants may borrow from their fund accounts a minimum of \$1,000. The maximum note receivable allowed under the Plan is equal to 50% of their vested account balance under the Plan or \$50,000, reduced by the excess of the other outstanding balances of notes from the Plan. The notes are permitted for specific purposes as stated in the Plan document and terms range from one to five years unless such loan is used to acquire a dwelling unit which will be used as the principal residence of the participant. The notes are secured by the vested interest in the participant's account. As of June 30, 2023, the notes bear interest ranging from 8% to 9.25%. Principal and interest is paid ratably through payroll deductions each payroll period.

Forfeitures – Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Employees are immediately vested; therefore, forfeitures are zero as of June 30, 2023 and 2022.

Administrative Expenses – The Plan pays all asset management and contract administrator fees. All other administrative expenses are paid by the Plan sponsor. The Plan expenses are allocated based on participant account balances.

Note 2—Summary of significant accounting policies

Basis of Presentation – The accompanying financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Such estimates include those regarding fair value. Accordingly, actual results could differ from those estimates.

Contributions – Participants may contribute to the Plan immediately upon being hired unless the employee is part of an excluded class described in Note 1. Employer contributions are recorded when paid by the College.

SPARTANBURG METHODIST COLLEGE DC PLAN

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2023 AND 2022

Note 2—Summary of significant accounting policies (continued)

Investment Valuation and Income Recognition – The Plan’s investments are stated at fair value, with the exception of fully benefit-responsive investment contracts, which are required to be reported at contract value. Fair value is the price to be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Non-fully benefit-responsive contracts are reported at fair value within the financial statements. The Plan has determined the investment contracts held by the Plan consists of both fully benefit-responsive and non-fully benefit-responsive and, therefore, the investment contracts are reported at contract value and fair value, respectively.

Risks and Uncertainties – Investment securities, in general, are subject to various risks, such as interest rate, credit, and overall market volatility. Due to the levels of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Benefits Paid to Participants – Benefits paid to participants are recorded when paid.

Note 3—Information certified by the qualified institutions (unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, CREF and TIAA, the “qualified institutions” of the Plan, have certified to the completeness and accuracy of the following data included in the accompanying financial statements as of June 30, 2023 and 2022, and for the year ended June 30, 2023.

- Investments, at fair value, and full benefit-responsive guaranteed investment contracts, at contract value as shown in the statements of net assets available for benefits as of June 30, 2023 and 2022.
- Net appreciation in fair value of investments and interest and dividend income, as shown in the statement of changes in net assets available for benefits for the year ended June 30, 2023.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of June 30, 2023.

The Plan’s independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

SPARTANBURG METHODIST COLLEGE DC PLAN

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2023 AND 2022

Note 4—Fair value measurements

The Plan follows the fair value measurements and disclosures topic of the Financial Accounting Standards Board Accounting Standards Codification Topic 820 which defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The standard describes three levels of inputs that may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Money Market Funds – These investments are included in the mutual fund category and are public investment vehicles valued at amortized cost with unit values determined on a daily basis. The underlying assets are generally comprised of short-term securities representing high-quality, liquid debt, and monetary assets. The valuation technique used is the market approach and the input is the unit value quoted to unit holders for investments and redemptions. The money market funds are classified within Level 1 of the valuation hierarchy.

Mutual Funds – These investments are public investment vehicles valued using the net asset value ("NAV") provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and, therefore, considered to be readily determinable and classified within Level 1 of the valuation hierarchy.

Pooled Separate Account ("Real Estate Fund") – This asset is not available in an exchange or an active market; however, the fair value is determined based on NAV of the underlying assets as traded in an exchange or active market. The Real Estate Fund generally invests in real estate properties and real estate-related investments. The value of the fund is principally derived from the market value of the underlying real estate holdings or other real estate related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The fund sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. Unit values are calculated each day. The fund represents investment in an asset mix that seeks to generate favorable long-term returns primarily through rental income and appreciation of real estate and real estate related investments owned by the fund. The fund will also invest in non-real estate related publicly-traded securities and short-term higher quality liquid investments that are easily converted to cash to enable the fund to meet participant redemption requests, purchase or improve properties, or cover expense needs. The Real Estate Fund is measured at fair value using NAV per share. As it has a readily determinable fair value, the fund is classified within Level 1 of the valuation hierarchy.

Guaranteed Investment Contracts (Non-Fully Benefit-Responsive Contracts) – These investments are guaranteed fixed income annuities backed by TIAA's claims paying ability whereby the annuities guarantee principal and a minimum interest rate, plus opportunity for additional amounts in excess of the guaranteed rate. The annuity contracts are not traded, and significant other observable inputs are not available. These contracts are reported at fair value and are classified within Level 3 of the valuation hierarchy.

SPARTANBURG METHODIST COLLEGE DC PLAN
NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2023 AND 2022

Note 4—Fair value measurements (continued)

The Plan believes its valuation methods are appropriate and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in methodologies used at June 30, 2023 or 2022.

Below are the Plan's financial instruments carried at fair value on a recurring basis by the fair value hierarchy levels as of June 30:

2023				
	Level 1	Level 2	Level 3	Total
Money market funds	\$ 153,678	\$ -	\$ -	\$ 153,678
Mutual funds	7,634,069	-	-	7,634,069
Pooled separate account	224,800	-	-	224,800
Non-fully benefit-responsive guaranteed investment contracts	-	-	2,559,519	2,559,519
Total assets at fair value	<u>\$ 8,012,547</u>	<u>\$ -</u>	<u>\$ 2,559,519</u>	<u>\$ 10,572,066</u>

2022				
	Level 1	Level 2	Level 3	Total
Money market funds	\$ 187,763	\$ -	\$ -	\$ 187,763
Mutual funds	8,205,411	-	-	8,205,411
Pooled separate account	294,196	-	-	294,196
Non-fully benefit-responsive guaranteed investment contracts	-	-	2,812,098	2,812,098
Total assets at fair value	<u>\$ 8,687,370</u>	<u>\$ -</u>	<u>\$ 2,812,098</u>	<u>\$ 11,499,468</u>

The following table shows the activity for Level 3 investments for the year ended June 30, 2023:

Balance, beginning of year	\$ 2,812,098
Total gains or losses included in changes in net assets available for benefits	120,654
Purchases	-
Sales	(369,261)
Transfers out, net	<u>(3,972)</u>
Balance, end of year	<u>\$ 2,559,519</u>

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended June 30, 2023, there were no significant transfers into or out of Level 3.

SPARTANBURG METHODIST COLLEGE DC PLAN

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2023 AND 2022

Note 4—Fair value measurements (continued)

The following tables represent the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs as of June 30:

2023				
Assets	Fair Value	Valuation Technique	Unobservable Inputs	Range (Weighted Average)
Non-fully benefit-responsive guaranteed investment contracts	\$ 2,559,519	Discounted cash flow	Risk-adjusted discount rate applied	3.00% to 6.50%
2022				
Assets	Fair Value	Valuation Technique	Unobservable Inputs	Range (Weighted Average)
Non-fully benefit-responsive guaranteed investment contracts	\$ 2,812,098	Discounted cash flow	Risk-adjusted discount rate applied	2.00% to 3.90%

Note 5—Investment contract with insurance company

The Plan invests in guaranteed fixed annuity contracts with TIAA. TIAA maintains the contributions in a general account. TIAA groups the premium dollars it receives over defined time periods into vintages, typically composed of one or more contiguous calendar months, for the purpose of determining the crediting rate to the participant's accounts. The crediting rate for each vintage is determined, in part, by the net investment earnings rate of the TIAA assets supporting that vintage, minus a charge for administrative expenses and an amount set aside for contingency reserves. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

As described in Note 2, because the guaranteed investment contracts are both fully and non-fully benefit-responsive, contract value and fair value are the relevant measurement attributes for that portion of the net assets available for benefits attributable to the guaranteed investment contracts, respectively. The contract value of the fully benefit-responsive investment contracts at June 30, 2023 and 2022 was \$2,194,859 and \$1,127,110, respectively. The fair value of the non-fully benefit-responsive investment contract at June 30, 2023 and 2022 was \$2,559,519 and \$2,812,098, respectively.

The guaranteed investment contracts issuer is contractually obligated to repay the principal and a specified interest rate, generally 3.0%, that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 2.0% year. The TIAA Board of Trustees may declare additional amounts on a year-by-year basis. These additional amounts, when declared, remain in effect for the 12-month declaration year that begins each March 1 for accumulating annuities and January 1 for lifetime payout annuities; they are not guaranteed for future years.

SPARTANBURG METHODIST COLLEGE DC PLAN

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2023 AND 2022

Note 5—Investment contract with insurance company (continued)

Certain events limit the Plan's ability to transact at contract value with TIAA. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6—Party-in-interest transactions

Plan investments include shares of money market funds, mutual funds, a pooled separate account, and fully and non-fully benefit-responsive guaranteed investment contracts managed by TIAA as of June 30, 2023 and 2022, and for the year ended June 30, 2023; therefore, these Plan investments and transactions managed by TIAA qualify as party-in-interest transactions.

Note 7—Tax status

The Internal Revenue Service ("IRS") has not established a determination letter program for Section 403(b) plans and does not currently have intentions of establishing such a program. The Plan is designed through a prototype plan and the prototype sponsor, as well as the Plan's sponsor, and believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan administrator believes the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

Note 8—Plan termination

The College believes the Plan will continue without interruption but reserves the right to discontinue the Plan. In the event such discontinuance results in termination of the Plan, the Plan provides that the assets be allocated among the participants and beneficiaries in the amounts credited to each participant's respective account at the effective date of such termination. Distribution of participant account balances will occur as soon as administratively feasible upon termination of the Plan.

Note 9—Subsequent events

As of January 1, 2024, the Plan sponsor reinstated the employer matching contribution, matching 100% up to 5% of eligible employee compensation.

In accordance with U.S. GAAP related to subsequent events, the Plan has evaluated all events subsequent through April 5, 2024, the date these financial statements were available to be issued.
