Independent Auditors' Report

The Board of Trustees of Packer Collegiate Institute Defined Contribution Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Packer Collegiate Institute Defined Contribution Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from the qualified institutions as of June 30, 2023 and 2022, and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by the qualified institutions agree to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

**The Board of Trustees of
Packer Collegiate Institute
Defined Contribution Retirement Plan**

Page 3

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of: (1) Schedule H, Part IV, Line 4a – Schedule of Delinquent Participant Contributions for the year ended June 30, 2023 and (2) Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

**The Board of Trustees of
Packer Collegiate Institute
Defined Contribution Retirement Plan**

Page 4

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by the qualified institutions agree to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Defined Contribution Retirement Plan**

Notes to Financial Statements
June 30, 2023

1. Description of Plan

The following description of the Packer Collegiate Institute Defined Contribution Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Packer Collegiate Institute ("Packer" or "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

The Plan defines eligible employees as all employees of Packer for purposes of employee contributions. The Plan defines eligible employees as all employees of Packer excluding substitute teachers, coaches, "Packer Plus" employees and Packer summer camp employees for purposes of Employer contributions. A grandfathered eligible employee under the Plan is any employee of Packer who was hired before July 1, 2009 who has not experienced a separation of service from Packer for any period of time that included time on or after July 1, 2009. A non-grandfathered eligible employee under the Plan is any employee who first became employed by Packer or was reemployed by Packer on or after July 1, 2009.

Participant Contributions

Participants are eligible to contribute to the Plan following the first day of the month after the employee has begun employment with Packer. Each eligible participant may elect to contribute a portion of his or her salary to the Plan on a pre-tax or Roth basis. Participants may contribute a percentage of their annual salary up to the limits imposed by sections 415, 402(g) and 403(b) of the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions up to the statutorily permitted amount. Participants may also contribute amounts representing distributions from other IRC 403(b) plans.

Employer Non-Matching Contributions

An eligible employee must be at least 21 years of age and a full time employee to be eligible for Employer contributions. Grandfathered employees are eligible to receive Employer contributions on the first day of the month following the completion of one year of service as an eligible employee with Packer or another eligible Employer. An eligible Employer is defined as any teaching institution. Employer contributions with respect to grandfathered employees will be made for those employees in accordance with the schedule below:

Plan Contributions as a Percentage of Salary	
Completed Years of Service	Employer Contribution
Less than 10	7%
10 but less than 19	10%
19 or more	12%

1. Description of Plan (continued)

Employer Non-Matching Contributions (continued)

Any Packer employee who was employed by Packer beginning on or after July 1, 2009, but prior to October 1, 2009 will be eligible to receive Employer contributions on the first day of the month following the completion of one year of service with an eligible Employer, provided those years of service have been completed with the eligible Employer in the immediately preceding 30 months prior to employment with Packer. Any Packer employee who was hired by Packer on or after October 1, 2009 will be eligible to receive Employer contributions on the first day of the month following the completion of one year of service with Packer, but no prior experience with an eligible Employer will be counted towards meeting such service requirement. Packer will make two different types of contributions to the Plan on behalf of all eligible employees who were hired by Packer on July 1, 2009 and at any time thereafter. For those non-grandfathered employees who have satisfied the requirements detailed in this paragraph, Packer will make a contribution in an amount equal to 4% of each eligible employee's annual salary.

Employer Matching Contributions

Packer will also make matching contributions only to non-grandfathered employees under the Plan. To be eligible for such matching contributions, the participant must make elective deferrals into the Plan and have completed at least one year of service with Packer. Packer will make these matching contributions with respect to all eligible employees covered by this paragraph in accordance with the following table:

Percentage of Salary Deferred by Employee	Employer Matching Contribution as a Percentage of Salary
0%	No match
1%	1% match
2%	2% match
3%	3% match

Vesting

At all times, a participant is 100% vested in their account, including allocated earnings thereon.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (1) the Employer's contribution and (2) Plan earnings (losses) thereon. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. All investments are participant directed.

1. Description of Plan (*continued*)

Payment of Benefits

Contributions (and any earnings) made to an annuity contract after December 31, 1988 may be withdrawn only when a participant attains age 59 1/2, terminates employment, dies, or becomes disabled. A participant may also withdraw contributions if they encounter a hardship.

Retirement benefits normally begin on April 1 following the close of the calendar year in which the participant retires. The participant must begin to receive distributions no later than April 1 following the close of the calendar year in which the participant attains age 72. Failure of a participant to begin annuity income by the required beginning date may subject the participant to a federal tax penalty.

Notes Receivable from Participants

The Plan offers a loan feature whereby a participant (borrower) enrolled in the Plan may borrow a minimum amount of \$1,000 up to a maximum of 50% of their vested account balance or \$50,000 (whichever is less). Participants may only have three outstanding loans at a time. The interest rate is based on the prime rate plus 1%. Loans must be repaid within five years, unless the loan is used to purchase a participant's principal residence, or the participant is on authorized leave for military service for a period which extends the maturity date of the loan beyond five years.

Loans to Participants/Collateralized Assets

Loans with Teachers Insurance and Annuity Association of America ("TIAA") and College Retirement Equities Fund ("CREF") are issued directly from funds owned by TIAA and CREF and not directly from a participant's account. Interest and principal are paid by the participant directly to TIAA and CREF. The loans are not considered assets of the Plan and, therefore, are not reported in the statements of net assets available for benefits. Adequate security is required and a portion of the participant's account is reserved, or held as collateral, to cover 110% of the outstanding loan in case of default. The collateral for the loan is maintained as part of the participant's TIAA Traditional Annuity account. The collateral securing the loan continues to earn interest. The collateralized balance is not available for transfer, withdrawal, retirement income benefits or survivor benefits.

The loan interest rate for these loans may be fixed or variable and the initial rate is determined by the terms of the controlling contract, as are the rate adjustment details and frequency. Principal repayments are transferred to the investment options chosen under the terms of the Plan.

Notes to Financial Statements

1. Description of Plan (*continued*)

Loans to Participants/Collateralized Assets (continued)

At June 30, 2023 and 2022, there were 15 and 23 loans outstanding with total principal balances due of \$94,037 and \$154,094 which also represents a collateralization of participant accounts. Of these loans, 3 and 3 of them amounting to \$27,925 and \$26,704 were in default as of June 30, 2023 and 2022. At June 30, 2023 and 2022, interest rates on the loans outstanding range from 4.00% to 7.32% with maturities through 2029.

Other Income - Revenue Credit Account

The Plan and TIAA entered into a revenue sharing arrangement whereby a portion of the revenue earned from certain funds is passed through to the Plan for payment of permitted plan expenses. In order for the Plan to receive credits as a result of this revenue sharing arrangement, the Plan created the Revenue Credit Account under the Plan. The Revenue Credit Account is a non-participant directed account within the Plan and is used to record the redistribution of Plan-generated fund revenue that exceeds the costs associated with Plan administration. The Revenue Credit Account balance was \$33,891 and \$36,857 at June 30, 2023 and 2022. During 2023, \$30,967 of funds were used to pay administrative expenses and \$32,000 was allocated to participants from the Revenue Credit Account.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the Net Asset Value ("NAV") per share as a practical expedient are not categorized within the fair value hierarchy.

Defined Contribution Retirement Plan**

Notes to Financial Statements

2. Summary of Significant Accounting Policies (*continued*)

Investment Valuation and Income Recognition

The TIAA Traditional Annuity Account is an unallocated contract and is segregated into non-benefit and benefit responsive categories. Contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers in (if any), less any withdrawals and transfers out (if any). The contract value, which is derived from a discounted cash flow analysis and other factors, approximates fair value. Fair value approximates contract value for non-benefit responsive categories of the TIAA Traditional Annuity Account. The TIAA Stable Value is a group annuity product issued by TIAA and is valued at contract value, which equals the accumulated cash contributions, interest credited, transfers in (if any), less any withdrawals and transfers out (if any). Investments in registered investment companies are stated at fair value as determined by quoted market prices, which represents the net asset value of shares held by the Plan at year end. The registered investment companies are deemed to be actively traded. The pooled separate account is valued at the NAV of units held by the Plan. The NAV, as provided by TIAA and CREF, is used as a practical expedient to estimate fair value. The NAV based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by Packer and are excluded from these financial statements. Investment related expenses are included in net appreciation in value of investments.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is March 11, 2024.

4. Investments (continued)

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended June 30, 2023.

Balance, beginning of year	\$ 11,471,861
Contributions	82,562
Interest income	512,333
Other income - revenue credit account	8,228
Benefits paid to participants	(912,655)
Administrative expenses	(839)
Transfers in from other Plan investments	269,056
Transfers out to other Plan investments	<u>(168,812)</u>
Balance, End of Year	<u>\$ 11,261,734</u>

TIAA Traditional Annuity

The TIAA Traditional Annuity is comprised of six types of contracts. The fully benefit responsive contracts are the: Group Supplemental Retirement Annuity ("GSRA"), Supplemental Retirement Annuity ("SRA"), and Retirement Choice Plus ("RCP") contracts. The non benefit responsive contracts are the: Group Retirement Annuity ("GRA"), Retirement Annuity ("RA"), and Retirement Choice ("RC") contracts. The Plan utilizes the GSRA, SRA and RCP contracts, which are reported at contract value, and the GRA, RA and RC contracts, which are reported at fair value. Contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers in (if any), less any withdrawals and transfers out (if any). Contract value approximates a discounted cash flow value calculated using a risk-adjusted market discount rate which correlates closely with the TIAA Traditional Annuity's historical crediting rates. Unobservable inputs include the risk-adjusted discount rate applied and the range of significant input values are as follows: GSRA – 3.25% - 5.85%; SRA – 3.25% - 5.85%; RCP – 3.50% - 6.10%; GRA – 4.00% - 6.60%; RA – 4.00% - 6.60%; and RC – 4.25% - 6.85%.

Under GSRA and SRA contracts, lump-sum withdrawals and transfers are allowed without any restrictions or charges. Under RCP contracts, lump sum withdrawals and transfers are available without any surrender charges. Under GRA contracts, lump-sum withdrawals are available only within 120 days after termination of employment and are subject to a 2.5% surrender charge. All other withdrawals and transfers under the GRA contracts must be paid in ten annual installments. Under RA contracts, lump-sum withdrawals are not allowed and all withdrawals and transfers must be paid in ten annual installments. Under RC contracts, lump-sum withdrawals are available only within 120 days after termination of employment and are subject to a 2.5% surrender charge. All other withdrawals and transfers under the RC contracts must be paid in eighty-four monthly installments (seven years).

Defined Contribution Retirement Plan**

Notes to Financial Statements
June 30, 2023

4. Investments (continued)

TIAA Traditional Annuity (continued)

The contracts use the vintage method to credit interest to the TIAA Traditional Annuity Account. Vintages are time periods that represent when money was initially invested in the TIAA Traditional Annuity Account and corresponding interest rate during that distinct time period. The Vintage method recognizes the fact that the level of prevailing interest rates available on new long-term investments will vary over time and that as the long-term investments in a specific vintage mature, they will be reinvested at different rates. When funds flow into the TIAA Traditional Annuity Account, they are immediately invested at the prevailing pay-in-rate for new money. The funds earn interest at the prevailing vintage rates. The vintage will always consist of two parts: the guaranteed portion and the discretionary portion. The guaranteed portion represents the minimum amount of interest that will be credited to an account, regardless of the economic environment. The discretionary portion represents interest earned over and above the guaranteed rate.

The TIAA Traditional Annuity Account represents approximately 17% and 19% of the Plan's net assets available for benefits as of June 30, 2023 and 2022, and represents an obligation from TIAA to repay as amounts come due. The credit risk of the issuer was evaluated by nationally recognized statistical rating agencies as follows: Moody's Investors Service (Aa1 as of June 2022), Standard and Poor's (AA+ as of September 2022), A.M. Best (A++ as of July 2022), and Fitch (AAA as of October 2022). The plan administrator does not believe that any events would limit the Plan's ability to transact at contract value.

TIAA Stable Value

TIAA Stable Value (the "SV Contract") is offered through a benefit-responsive group annuity contract issued by TIAA. Participants who are invested in the SV Contract receive a guaranteed minimum rate of interest which will always be between 1% and 3% before contract fees are deducted. The minimum guaranteed rate may be reset every six months (on January 1 or July 1). TIAA guarantees that the declared crediting rate will not decline by more than 0.75% each time it is reset. Since the SV Contract is liquid, withdrawals and transfers are paid without any surrender charges or adjustments based on market fluctuations.

During the accumulation phase, the SV Contract is structured as a separate account of TIAA. If the separate account's assets are insufficient to meet contractual guarantees, the TIAA General Account would cover any shortfall.

TIAA Real Estate Account

The TIAA Real Estate Account generally invests in real estate properties and real estate-related investments. The TIAA Real Estate Account's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The TIAA Real Estate Account sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. While redemptions from the TIAA Real Estate Account may occur daily, transfers out are limited to one per calendar quarter. There are no unfunded commitments on the Plan's investments.

Notes to Financial Statements
June 30, 2023

5. Plan Termination

Although it has not expressed any intent to do so, Packer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

6. Tax Status

The Employer has adopted a restated prototype plan document effective January 1, 2010 which is intended to satisfy the Internal Revenue Service's ("IRS") final 403(b) regulations. The prototype plan document preparer received an opinion letter dated August 7, 2017 from the IRS. Although the Plan has been amended, the Employer believes that the Plan is designed and currently being operated in accordance with applicable sections of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

7. Party-in-Interest Transactions

Certain Plan investments are managed by TIAA and CREF. TIAA is the record-keeper and a custodian and CREF is a custodian for the Plan. Therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

8. Prohibited Transactions

For the years ended June 30, 2023 and 2022, the Employer failed to transmit to the Plan certain participants' contributions totaling \$278,392 and \$497,053 within the period described by Department of Labor regulations. Delays in remitting these amounts to the Plan were due to an administrative oversight. Plan management remitted the participants' contributions during the 2023 and 2022 Plan years and lost earnings were remitted to the Plan in February of 2023.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Risks and Uncertainties (*continued*)

The global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to June 30, 2023 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.
