INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Board of Directors of
The Arc of Prince George's County 403(b) Plan
Largo, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Arc of Prince George's County 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Arc of Prince George's County 403(b) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 *CFR* 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 *CFR* 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of June 30, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

To the Plan Administrator and Board of Directors of
The Arc of Prince George's County 403(b) Plan

Opinion (Cont.)

- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Arc of Prince George's County 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Arc of Prince George's County 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

To the Plan Administrator and Board of Directors of
The Arc of Prince George's County 403(b) Plan

Auditor's Responsibilities for the Audit of the Financial Statements

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Arc of Prince George's County 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Arc of Prince George's County 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i – Schedule of assets (held at end of year) as of June 30, 2023 are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

To the Plan Administrator and Board of Directors of
The Arc of Prince George's County 403(b) Plan

Supplemental Schedule Required by ERISA (Cont.)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Arc of Prince George's County 403(b) Plan
NOTES TO FINANCIAL STATEMENTS
June 30, 2023 and 2022

Note 1 - Description of Plan

The following description of The Arc of Prince George's County 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Arc of Prince George's County 403(b) Plan was established July 1, 1991 and restated effective May 1, 2019. The Plan covers substantially all full time employees of The Arc of Prince George's County, Inc. (the Employer). Per Plan provisions, an employee is eligible for participation in the Plan upon date of hire. Employee deferrals and discretionary employer matches may begin on date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may elect to defer up to 100% of compensation, up to statutory limits set by the Internal Revenue Service, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants who have at least 15 years of service are eligible to make special code Section 403(b) catch up contributions pursuant to the Plan. Participant contributions are subject to the annual Internal Revenue Code limits as adjusted each year. The Employer may elect to authorize a discretionary matching contribution for participants based on length of service. Discretionary matching contributions were frozen during the year ending June 30, 2013, they were reinstated as of July 1, 2021 for a matching contribution up to 1%. All participant and employer contributions are participant directed. Total contributions made by the Employer for the years ended June 30, 2023 and 2022 amounted to \$85,997 and \$75,477, respectively.

Vesting: Participants are fully vested immediately for both employee and employer contributions.

Participant Accounts: Each participant's account is credited with (a) the participant's salary deferrals, (b) the Employer's match of salary deferrals, (c) an allocation of Plan earnings, and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into the various investment options offered by the Plan. The Plan currently offers several mutual funds, variable annuity subaccounts, and a fixed account as investment offerings.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Only two loans may be outstanding at any time with Lincoln National Life Insurance Company, and only one loan may be outstanding with American United Life Insurance Company. Participant loans are provided under a separate written policy administered by Lincoln National Life Insurance Company. These loans are secured by the vested portion of the participant's account and bear interest ranging from 4.50% to 7.00%. Repayment of loans to Lincoln National Life Insurance Company is provided from the participant's checking or savings account. Participant loans provided under American United Life Insurance Company are secured by the vested portion of the participant's account and bear interest at 4.25%, and repayment of the loans are provided through automatic payroll deductions.

The Arc of Prince George's County 403(b) Plan
NOTES TO FINANCIAL STATEMENTS (Cont.)
June 30, 2023 and 2022

Note 1 - Description of Plan (Cont.)

Payment of Benefits: Upon severance of employment due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or equal installments for a period elected by the participant. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In service distributions are permitted after reaching the age of 59 1/2. Hardship withdrawals are also permitted with respect to amounts which are 100% vested and not held as security for a loan, in accordance with Internal Revenue Service regulations.

Forfeited Accounts: Participants are fully vested immediately in employer matching contributions. Therefore, there are no forfeitures.

Administrative Expenses: The administrative expenses related to the Plan's Trustees are paid by the Plan. The Employer pays all other administrative expenses of the Plan.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America. This basis of accounting involves the application of accrual accounting; consequently, revenues and gains are recognized when earned, and expenses and losses are recognized when incurred.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified to distributions based upon the terms of the Plan document. The Plan has determined that all notes receivable balances are fully collectible from the participants vested account balances; consequently, no amounts have been recorded as an allowance for doubtful accounts.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for the guaranteed investment contract which is reported at contract value). Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end.

Note 2 - Summary of Accounting Policies (Cont.)

Investment Valuation and Income Recognition (Cont.)

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined-contribution plan attributed to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of changes in net assets available for benefits is prepared on a contract value basis for the fully-benefit responsive investment contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from employers and participants of the Plan are accrued in the period in which they become obligations under provisions of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid. Benefits paid to participants for the years ended June 30, 2023 and 2022 amounted to \$1,396,257 and \$1,012,429, respectively.

Note 3 - Data Obtained from the Trustees

Investment Data

Lincoln National Life Insurance Company and American United Life Insurance Company were the Trustees of the Plan for the years ended June 30, 2023 and 2022. All data contained in the statements of net assets available for benefits and the statements of changes in net assets available for benefits for the years ended June 30, 2023 and 2022 and the schedule of assets (held at end of year) for the year ended June 30, 2023 was summarized from information supplied and certified as complete and accurate by the Trustees of the Plan.

Schedule of Assets Held for Investment Purposes

The accompanying Schedule H, line 4i - Schedule of assets (held at end of year) represents a detailed listing of all investments held by the Plan as of June 30, 2023.

Note 4 - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits (except for fully benefit-responsive investment contracts, which are reported at contract value). The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The framework for measuring fair value provides a fair value hierarchy that priorities the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under *FASB ASC 820* are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

In addition, under *FASB ASC 820* the fair value of certain investments may be measured using the net asset value (NAV) per share (or its equivalent). Such investments are not classified in the fair value hierarchy.

Note 4 - Fair Value Measurements (Cont.)

Pooled separate accounts: Valued at the net asset value of the pooled separate account, as reported by the trustee and calculated in a manner consistent with Generally Accepted Accounting Principles for investment companies. The net asset value is calculated based on the values of the underlying mutual funds, domestic stocks, international stocks, and other fixed securities held by the pooled separate account. As permitted by *FASB ASC 820*, net asset value is used as a practical expedient to estimate fair value and is not included in the fair value hierarchy. The total fair value of the Plan's pooled separate accounts as of June 30, 2023 and 2022 was \$3,152,817 and \$2,511,209, respectively.

Registered investment companies: Valued at the net asset value of the variable annuity contracts, as reported by the trust and calculated in a manner consistent with Generally Accepted Accounting Principles for investment companies. The net asset value is calculated based on the values of the underlying mutual funds, domestic stocks, international stocks, and other fixed securities held by the variable annuity contract. As permitted by *FASB ASC 820*, net asset value is used as a practical expedient to estimate fair value and is not included in the fair value hierarchy. The total fair value of the Plan's registered investment company variable annuities as of June 30, 2023 and 2022 was \$1,732,028 and \$1,513,974, respectively.

The table below sets forth additional disclosures for investments for which fair value is estimated using net asset value per share (or its equivalent) as of June 30:

Investment	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2023	2022			
Pooled separate accounts (a)	\$ 3,152,817	\$ 2,511,209	-	Daily	N/A
Registered investment companies (b)	1,732,028	1,513,979	-	Daily	N/A

- (a) This category invests in various mutual funds and other securities in accordance with each fund's investment objectives. Shares are available for transactions at the closing net asset value per share on any day the New York Stock Exchange (NYSE) is open for business.
- (b) These funds are invested in specific mutual funds at the direct of variable annuity contract owners and are valued using NAV per share. The NAV is based upon the value of the underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding.

Note 5 - Investment Contracts with Insurance Companies

The Lincoln National Life Insurance Fixed Account and the American United Life Insurance Company Stable Value Account are benefit responsive guaranteed investment contracts available as investment options to Plan participants. Lincoln National Life Insurance Company and American United Life Insurance Company maintain the contributions in a general account. The account is credited with a specified minimum guaranteed rate of interest and additional amounts if declared by Lincoln National Life Insurance Company and American United Life Insurance Company. The fixed accounts are charged for participant withdrawals and administrative expenses. The fixed accounts are included in the financial statements at contract value as reported to the Plan by Lincoln National Life Insurance Company and American United Life Insurance Company. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Lincoln National Life Insurance Company Fixed Account was offered through the Multi-Fund contract until August 2004 and through the Multi-Fund Select contract thereafter. The American United Life Insurance Company Fixed Account is offered through the American United Life Insurance Company Stable Value Account. The type of contract the participant invests in the fixed accounts determines the applicability of certain account features, such as the guaranteed minimum interest rate.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the Lincoln Fixed Account at June 30, 2023 and 2022 amounted to \$652,339 and \$1,671,810, respectively. The contract value of the American United Life Stable Value Account at June 30, 2023 and 2022 amounted to \$298,276 and \$242,499, respectively.

Certain events limit the Plan's ability to transact at contract value with Lincoln National Life Insurance Company and American United Life Insurance Company. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

Note 6 - Reportable Transactions

A reportable transaction is a transaction, or series of transactions, exceeding five percent of the current value of the Plan's assets at the beginning of the year. During the Plan years ended June 30, 2023 and 2022 there were no reportable transactions required to be reported.

The Arc of Prince George's County 403(b) Plan
NOTES TO FINANCIAL STATEMENTS (Cont.)
June 30, 2023 and 2022

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the net value of each participant's account would be distributed in accordance with the Plan's provisions.

Note 8 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 - Tax Status

Effective May 1, 2019, the Plan adopted a non-standardized form of prototype plan. The prototype plan obtained its latest opinion letter on November 22, 2017 from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinions letters have been relied upon by this Plan. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10 - Party-in-Interest Transactions

All Plan investments are managed by Lincoln National Life Insurance Company and American United Life Insurance Company. Lincoln National Life Insurance Company and American United Life Insurance Company are the Trustees as defined by the Plan, and therefore, transactions involving these investments qualify as party-in-interest transactions. For the years ended June 30, 2023 and 2022, fees paid by the Plan for administrative services amounted to \$27,382 and \$27,757 respectively. The Plan's auditor who audits the Plan's financial statements and third-party administrator who provides accounting and administrative services are paid directly by the plan sponsor. These fees are not reflected in the financial statements.

NOTES TO FINANCIAL STATEMENTS (Cont.)

Note 11 - Subsequent Events

The Plan has evaluated the impact of significant subsequent events. Except as noted below, there have been no subsequent events through April 9, 2024, the date the Plan's financial statements were available to be issued, that require recognition or disclosure.

Effective July 2023, employer discretionary matching contributions were increased from 1% to 3% of compensation for all participants.

Effective September 15, 2023, the Plan implemented an automatic enrollment feature, which provides for an automatic 1% deferral from participant compensation each payroll period, unless the participant makes a contrary election.

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
