Independent Auditor's Report

The Plan Committee  
GlenFlora 403(b) Plan:

**Scope and Nature of the ERISA Section 103(a)(3)(c) Audit**

We have performed audits of the financial statements of GlenFlora 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 26, 2023 (in liquidation) and September 30, 2022 (in liquidation), and the related statements of changes in net assets available for benefits for the nine month period ended June 26, 2023 (in liquidation) and the year ended September 30, 2022 (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of GlenFlora 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the nine month period June 26, 2023, and as of and for the year ended September 30, 2022, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

**Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by Ascensus Trust Company agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of GlenFlora 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about GlenFlora 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of GlenFlora 403(b) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about GlenFlora 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **GLENFLORA 403(b) PLAN**

### **Notes to Financial Statements**

**Nine Month Period Ended June 26, 2023 (in Liquidation) and Year Ended September 30, 2022 (in Liquidation)**

#### **(1) Plan Description**

The following description of GlenFlora 403(b) Plan ("the Organization") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

##### **(a) General**

The Plan is a defined contribution plan covering employees of GlenFlora (Organization) who are eligible upon their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Administrative Committee is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

##### **(b) Contributions**

The Plan allows participants to contribute a percentage of their compensation as defined by the Plan. In addition, the Company may make discretionary matching contributions, as determined from year to year. Total contributions to the Plan cannot exceed the maximum amount deductible under section 404(a)(3) of the Internal Revenue Code of 1986, as amended.

##### **(c) Participant Accounts**

Each participant's account is credited with the participant's contribution, matching contribution, and Plan earnings. The allocation of Plan earnings is based on the participants' account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

##### **(d) Investment Options**

Upon enrollment in the Plan, a participant may direct contributions into several investment options. The investment options range from money market accounts to investments in mutual funds.

##### **(e) Vesting**

Participants are immediately vested in their voluntary contributions plus earnings thereon. If a participant dies or becomes disabled while still employed by the Organization, his or her entire account balance becomes 100% vested.

##### (f) Payment of Benefits

Upon separation of service, due to termination of employment, death, disability or retirement, a participant may elect to receive his or her vested account balance. Distributions are subject to the applicable provisions of the Plan. Benefits are recorded when paid.

##### (g) Administrative Expenses

Administrative expenses of the Plan are paid by the Organization.

##### (h) Application of Forfeitures

Upon termination of employment for any reason, other than retirement or death, a participant is entitled to the vested share of his account, and the nonvested portion of the participant's account is forfeited. Nonvested forfeitures can be used to reduce matching contributions or to pay administrative expenses. There were no unallocated forfeitures as of June 26, 2023. Unallocated forfeitures as of September 30, 2022, were \$488. During the nine month period ended June 26, 2023 and year ended September 30, 2022, forfeitures totaling \$1,084 and \$3,235 were used to reduce administrative expenses, respectively.

##### **(i) Plan Termination**

Plan management has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. On December 16, 2022, Plan management made a decision to freeze the Plan for future participation and contributions effective December 31, 2022, and transfer all of plan assets to the Evangelical Lutheran Church in America Master Institutional Retirement Plan. The Plan is terminated and all plan assets have been transferred from GlenFlora 403(b) Plan to Evangelical Lutheran Church in America Master Institutional Retirement Plan. Upon plan termination, all participants became 100% vested in their accounts. Effective January 1, 2023, eligible employees of the Company can participate in the Evangelical Lutheran Church in America Master Institutional Retirement Plan, with any employer and employee contributions being made to the Evangelical Lutheran Church in America Master Institutional Retirement Plan.

#### **(2) Summary of Significant Accounting Policies**

##### **(a) Basis of Accounting**

Plan management approved a plan of liquidation on December 16, 2022, and management determined liquidation is imminent. As a result, the liquidation basis has been used in presenting the 2023 and 2022 financial statements. The liquidation basis of accounting is required when liquidation is deemed imminent. Under the liquidation basis of accounting, assets are measured and presented at their net realizable values, which is the amount expected to be collected in settling or disposing the assets. Liabilities are stated at their estimated settlement amounts. Estimates for future costs expected to be incurred during the liquidation period, including costs to dispose of assets are required to be accrued. Plan management has determined that there is no material difference in the liquidation basis of accounting and the accrual basis of accounting for the nine month period ended June 26, 2023 and year ended September 30, 2022.

##### **(b) Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of the Plan assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

##### (c) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by investment advisors, custodians and trust company. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

##### (d) Certified Investments

Certain information related to investments disclosed in the accompanying financial statements, including investments held at June 26, 2023 and September 30, 2022, and net appreciation (depreciation) in fair value of investments and interest and dividends for the nine month period ended June 26, 2023 and year ended September 30, 2022, was obtained by management and agreed to or derived from information supplied to the plan administrator and certified as complete and accurate by Ascensus, LLC, as an authorized representative of Ascensus Trust Company and Newport Trust Company, LLC, the trustees ("Ascensus").

#### (3) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

## GLENFLORA 403(b) PLAN

### Notes to Financial Statements, Continued

#### (3) Fair Value Measurements, Continued

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include <ul style="list-style-type: none"><li>• quoted prices for similar assets or liabilities in active markets;</li><li>• quoted prices for identical or similar assets or liabilities in inactive markets;</li><li>• inputs other than quoted prices that are observable for the asset or liability;</li><li>• inputs that are derived principally from or corroborated by observable market data by correlation or other means.</li></ul> If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 26, 2023 and September 30, 2022.

*Mutual funds:* Valued at the daily closing prices as reported by the fund. These are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets (NAV) and to transact at that price. These investments are deemed to be actively traded.

*Money market accounts:* Valued at cash value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 26, 2023 and September 30, 2022:

Money market accounts	-	736
Total investments	<u>\$ -</u>	<u>1,130,976</u>

#### (4) Benefits Payable

There were no benefits payable at June 26, 2023 and September 30, 2022.

#### (5) Tax Status

The Plan adopted a non-standardized form of a prototype plan sponsored by Ascensus Trust Company. The non-standardized plan has received an opinion letter from the Internal Revenue Service as to the plan's qualified status. The non-standardized plan opinion letter has been relied upon by this Plan. The Plan administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress.

#### (6) Related Party Transactions

At June 26, 2023 and September 30, 2023, plan assets included investments in funds managed by Ascensus. Ascensus is the current custodian of the plan and as such, transactions with the custodian qualify as party-in interest transactions under ERISA. Personnel and facilities of the Organization have been used to perform administrative services for the Plan at no charge to the Plan.

#### **(7) Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near future and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for plan benefits.

#### **(8) Subsequent Events**

The Plan has evaluated subsequent events through April 9, 2024, the date which the financial statements were available to be issued. There were no significant subsequent events identified which require disclosure in the financial statements or footnotes.
