INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
The Arc of Alachua County, Inc.
Discretionary Contribution and Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Arc of Alachua County, Inc. Discretionary Contribution and Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2023 and 2022, and for the year ended June 30, 2023, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable

assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year, for the year ended June 30, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE ARC OF ALACHUA COUNTY, INC.
DISCRETIONARY CONTRIBUTION AND SAVINGS PLAN

Notes to Financial Statements
For the Year Ended June 30, 2023

NOTE A – DESCRIPTION OF PLAN

The following description of The Arc of Alachua County, Inc. Discretionary Contribution and Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution 401(k) profit sharing plan covering all active employees of the Arc of Alachua County, Inc. (the Company) who have obtained the age of 18 and have completed 1 year of service. A year of service is defined as any plan year in which an employee completes 1,000 hours of service. Once the eligibility requirements have been met, an employee can enter the Plan on either January 1 or July 1 next following or coincident with meeting the eligibility requirements. These eligibility requirements apply to all money types under the Plan. The Plan became effective October 1, 1987, and a revised plan was adopted as of July 1, 2010. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Eligible employees may elect to make contributions to the Plan in the form of salary reductions not to exceed the annual maximum contribution as defined by United States Treasury Regulations. Participants who have obtained the age of 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contribution into various investment options offered by the Plan. Each year, the Company may contribute on behalf of all eligible employees, (1) a safe harbor matching contribution, (2) a discretionary matching contribution to the Plan on behalf of each participant who has made eligible salary deferrals to the Plan, and (3) a profit sharing contribution in an amount determined annually by the board of directors. For the year ended June 30, 2023, the Company approved (1) a safe-harbor matching contribution of 100% of each eligible participant's elective deferrals, up to 4% of the participant's compensation, (2) the Company did not approve a discretionary matching contribution, and (3) the Company did not approve a profit sharing contribution. Contributions are subject to certain limitations.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's net contribution and, (b) Plan earnings or losses, and (c) charged with an allocation of administrative expenses. Contribution and forfeiture allocations are based on participant compensation levels, while earnings allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A – DESCRIPTION OF PLAN (continued)

Vesting. Participants are immediately vested in their voluntary contributions, and the employer's safe harbor matching contributions, and actual earnings thereon. Vesting in the Company's optional discretionary contribution and the profit sharing contribution portions of their accounts plus actual earnings thereon is based on years of continuous service. A participant begins vesting after one year of service and is 100% vested after five years of credited service.

Participant Loans. Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.00%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. If a loan purpose qualifies for a hardship, the participant may finance the loan for a maximum of five years.

However, if the loan is for a non-hardship purpose, the maximum repayment term of the loan will be as follows:

<u>Loan Amount</u>	<u>Maximum Term (in years)</u>
\$1,000 - \$1,999	1
\$2,000 - \$3,999	2
\$4,000 - \$5,999	3
\$6,000 or more	4

Payment of Benefits. On termination of service for reasons other than death, a participant is entitled to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. In some situations, the participant can elect to roll over the distribution into an IRA or other qualified plan. On termination of service due to death, the Plan also allows the option for extended payments to the designated beneficiary.

Forfeitures. Each Plan year, forfeitures are first made to reinstate previously forfeited account balances of former participants who have been reinstated in accordance with the terms of the Plan. The remaining forfeitures, if any, are used to reduce the employer matching and discretionary contributions, respectively. For the year ended June 30, 2023, employer contributions were not reduced by forfeitures. The Plan had available \$159 and \$159 in forfeited non-vested accounts at June 30, 2023 and 2022, respectively.

Withdrawals. Net assets available for benefits include vested amounts relating to terminated and retired participants of \$446,435 and \$394,669 as of June 30, 2023, and 2022, respectively.

Investment Options. The Plan offers participant directed investment programs. The Plan provides that contributions to the Plan will be invested in certain individual programs as directed by each participant. The Plan currently offers three guaranteed interest accounts and fifty-eight mutual funds as investment options for participants.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation. The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants. Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for a discussion of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents fair value of the investment contracts as well as the adjustment, if any, of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Plan Expenses. Expenses incurred by the Plan for audit fees, plan administration fees, and substantially all other operating expenses are paid by the Company. Investment advisory and management fees are paid by the Plan and reduce the participant's account balances by no more than .5% of the participant's account balance based on a sliding scale.

Subsequent Events – The Plan has evaluated events and transactions for potential recognition or disclosure in the financial statements through April 4, 2024, the date the financial statements were available to be issued. No subsequent events have been recognized or disclosed.

NOTE C – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or

NOTE C – FAIR VALUE MEASUREMENTS (continued)

assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following are the fair value measurements as of June 30, 2023 and 2022:

	<u>Level 1</u>	<u>Level 3</u>	<u>Total</u>
June 30, 2023			
Mutual Funds	\$1,711,233	-	\$1,711,233
Investment Contract with Insurance Company	<u>-</u>	<u>\$81,396</u>	<u>81,396</u>
Total	<u>\$1,711,233</u>	<u>\$81,396</u>	<u>\$1,792,629</u>
June 30, 2022			
Mutual Funds	\$1,591,596	-	\$1,591,596
Investment Contract with Insurance Company	<u>-</u>	<u>\$84,928</u>	<u>84,928</u>
Total	<u>\$1,591,596</u>	<u>\$84,928</u>	<u>\$1,676,524</u>

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three (3) broad levels: level 1 inputs consist of unadjusted quoted market prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its instruments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements. The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 3 Fair Value Measurements. The guaranteed investment contract with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined by discounting the related cash flows based on current yield of similar instruments with comparable durations considering the credit-worthiness of the issuer.

NOTE C – FAIR VALUE MEASUREMENTS (continued)

The following table provides further details of the Level 3 fair value measurements for the years ended June 30, 2023 and 2022:

June 30, 2023

Beginning Balance	\$84,928
Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	43
Purchases, sales, issuances, and settlements (net)	<u>(3,575)</u>
Ending Balance	\$ <u>81,396</u>

June 30, 2022

Beginning Balance	\$84,544
Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	(10)
Purchases, sales, issuances, and settlements (net)	<u>394</u>

NOTE D – UNAUDITED INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended June 30, 2023 are reported in net appreciation (depreciation) in fair value of investments.

The June 30, 2023 and 2022 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended June 30, 2023, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by John Hancock, the custodian, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974. The information certified includes total investments of \$1,762,629 and \$1,676,524 as of June 30, 2023 and 2022, respectively, and related net investment gain of \$123,930 for the year ended June 30, 2023.

NOTE E – INVESTMENTS

The following presents investments at June 30, 2023 and 2022 that represent 5% or more of the Plan's net assets available for benefits.

	<u>2023</u>	<u>2022</u>
John Hancock USA		
JH Multimanager Conservative LS Fund	\$478,790	\$354,751
JH Multimanager Moderate LS Fund	416,128	370,219
JH Multimanager Balanced LS Fund	142,477	219,428
JH Multimanager Growth LS Fund	225,062	225,680

NOTE E – INVESTMENTS (concluded)

The Plan has entered into a deposit administration contract (the Contract) with John Hancock. Pursuant to the Contract, Plan participants are entitled to direct investment of their contributions, either to an unallocated general account or a number of pooled separate accounts maintained by John Hancock (or a combination thereof). Contributions received by John Hancock without investment direction are deposited in the general account.

Amounts held in the general account are interest bearing at rates established periodically by John Hancock. The valuation of the amounts held in the general account is based on fair value reported by John Hancock. This reflects contributions made, payment of benefits, transfers to other accounts, and interest earned. John Hancock imposes surrender charges for certain withdrawals of funds prior to retirement age.

Investment earnings for amounts held reflect a combination of interest and dividend income, realized and unrealized gains and losses depending on the composition of the underlying investments held.

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to permanently discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE G – TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated December 1, 2003, (and subsequently updated by letter dated June 30, 2020) that the plan is qualified, and the trust established under the Plan is tax-exempt, under the applicable sections of the Internal Revenue Code (IRC). Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification.

Although the Plan has been amended since receiving the latest determination letter, the plan administrator and the plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE H – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has an investment contract with John Hancock. John Hancock maintains the contributions in guaranteed interest accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the statements of net assets available for benefits at contract value as reported to the Plan by John Hancock. Contract value represents contributions made under the contract, plus earnings,

less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note B above, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by John Hancock, represents contributions made under contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at June 30, 2023 and 2022 was \$81,396 and \$84,928, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting. The average yield and crediting interest rate was approximately .18% and .13% for the years ended June 30, 2023 and 2022, respectively.

Certain events limit the Plan's ability to transact at contract value with John Hancock. Such events include the following: (a) amendments to the plan documents (including a complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) failure of the trust to qualify for exemption from federal income taxes or any required transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE I - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE J – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

As of June 30, 2023, the accompanying net assets available for benefits, reconciles with the Schedule H of the Form 5500.

NOTE K – RELATED PARTY TRANSACTIONS

All Plan investments are pooled separate accounts managed by John Hancock. John Hancock is the custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions.

Investment fees paid by the Plan to John Hancock amounted to \$13,270 for the year ended June 30, 2023.
