INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
RLG Employees' 401(k) Plan
Westfield, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of RLG Employees' 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits - modified cash basis for the year ended December 31, 2022 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of RLG Employees' 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Empower Trust Company, LLC and Empower Annuity Insurance Company of America as of December 31, 2022 and for the period from October 29, 2022 to December 31, 2022, and Reliance Trust Company as of December 31, 2021 and for the period from January 1, 2022 to October 28, 2022 stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of RLG Employees' 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about RLG Employees' 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of RLG Employees' 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about RLG Employees' 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions – modified cash basis and Schedule H, Line 4i-Schedule of Assets (Held at Year End) - modified cash basis as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules – modified cash basis, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RLG EMPLOYEES' 401(k) PLAN

Notes to Financial Statements – Modified Cash Basis December 31, 2022 and 2021

Note 1 - Description of Plan

The following description of the RLG Employees' 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees (the "participants") of Romark Management, LLC, Romark Logistics of Texas, Inc., Romark Texas, LLC, JTP/Romark Logistics LLC, Romark Logistics of PA, Inc., Romark Packaging LLC, Romark Trucking LLC, Romark Logistics of New Jersey LLC, Romark Pennsylvania LLC (collectively the "Plan Sponsor" or the "Companies"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Trustees are responsible for oversight of the Plan.

Eligibility

All employees of the Companies, except for collective bargaining employees and non-resident aliens, who have completed six months of service and have reached the age of twenty-one are eligible to participate in the Plan.

Contributions

Each year, participants may contribute up to the maximum allowable as defined by the Internal Revenue Service code. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may elect to make Roth deferrals to the Plan.

Safe Harbor and Additional Matching Contributions:

The Plan Sponsor will contribute Safe Harbor matching contributions in an amount equal to 100% of the first 3% of participants' compensation and 50% of the next 2% of participants' compensation. The Safe Harbor matching contributions will be 100% nonforfeitable when contributed. The Plan Sponsor may also make a discretionary additional matching contribution of up to 4% of the participants' compensation. The Plan Sponsor did not make any additional matching contributions for the year ended December 31, 2022.

Discretionary Nonelective Contributions:

The Plan Sponsor may also contribute discretionary nonelective contribution to participants. This nonelective contribution, if any, will be allocated in a discretionary manor in accordance with the plan provisions. Total nonelective contributions allocated to participants based upon compensation for the year ended December 31, 2022 was \$151,537.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's contributions, (b) Plan earnings (losses), and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

RLG EMPLOYEES’ 401(k) PLAN

Notes to Financial Statements – Modified Cash Basis (Continued)
December 31, 2022 and 2021

Note 1 - Description of Plan (Continued)

Vesting

Vesting refers to a participant earning or acquiring a nonforfeitable right to the full amount of their account. Any elective deferrals and Safe Harbor matching contributions, plus or minus any earnings or losses, are always 100% vested and cannot be forfeited for any reason. Any other employer contribution not listed in the previous sentence, and the earnings or losses thereon, will vest in accordance with the following table:

Years of Service					
<u>1</u>	<u>2</u>	<u>3</u>	<u>4</u>	<u>5</u>	<u>6</u>
10%	20%	40%	60%	80%	100%

Participants automatically become fully vested, regardless of the vesting table, upon attainment of normal retirement age, upon retirement due to disability, upon death, or upon termination of the Plan.

Payment of Benefits

On termination of service due to death, a participant’s beneficiary may elect to receive an amount equal to the value of the participant’s vested interest in his or her account in a lump-sum or in annual installments over a five year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$75,083 and \$64,888, respectively. These accounts will be used to reduce future employer contributions, pay plan expenses, or reallocated to the remaining participants. During 2022, \$338 of forfeited nonvested accounts were used to pay plan expenses.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Terms range from 1 to 5 years. The notes are secured by the balance in the participant’s account and bear interest at a rate of 1% above the prime rate at the time of the note. Principal and interest is paid ratably through payroll deductions.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the modified cash basis method of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles. The modified cash basis of accounting is an acceptable alternative method of reporting under regulations issued by the Department of Labor. Income on securities is recorded on an accrual basis and investments are recorded at fair value or contract value as stated below. All other transactions are recorded on a cash basis.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis method of accounting requires management to make estimates and assumptions that affect certain reported amounts of assets and changes therein, and disclosures of contingent assets. Actual results could differ from those estimates.

RLG EMPLOYEES' 401(k) PLAN

Notes to Financial Statements – Modified Cash Basis (Continued) **December 31, 2022 and 2021**

Note 2 - Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Trustees determine the Plan's valuation policies. See Note 8 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the cash basis. Related fees are recorded as administrative expenses and expensed as they are paid. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan Sponsor and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments. Fees for administration of notes receivable from participants are included in administrative expenses and charged directly to participants accounts.

Subsequent Events

The Plan has evaluated subsequent events through March 12, 2024, the date the financial statements were available to be issued and concluded that no subsequent events occurred that would require recognition or disclosure in the financial statements or notes.

Note 3 – Party-in-Interest Transactions

Certain Plan investments are managed by Empower Trust Company, LLC, Empower Annuity Insurance Company of America, and Reliance Trust Company. They are the custodians and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services for the year ended December 31, 2022 were \$145,522.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 4 - Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

RLG EMPLOYEES' 401(k) PLAN

Notes to Financial Statements – Modified Cash Basis (Continued) **December 31, 2022 and 2021**

Note 5 - Tax Status

The Plan adopted a volume submitted plan document that received a favorable determination letter from the Internal Revenue Service dated June 30, 2020. Although the Plan has been amended since the date of the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Note 6 - Guaranteed Investment Contract with Empower

In 2008, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Reliance Trust Company totaling \$6,190,363 at December 31, 2021. During 2022, this contract was transferred to Empower Annuity Insurance Company of America (Empower) and totaled \$6,688,150 at December 31, 2022. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents, including complete or partial Plan termination or merger with another plan, (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Note 7 - Information Prepared and Certified by Custodians

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the custodians, Empower Trust Company, LLC and Empower Annuity Insurance Company of America as of December 31, 2022 and for the period from October 29, 2022 to December 31, 2022, and Reliance Trust Company as of December 31, 2021 and for the period from January 1, 2022 to October 28, 2022.

Note 8 - Fair Value Measurements

The Plan accounts for fair value measurements in accordance with Financial Accounting Standards Board guidance. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

RLG EMPLOYEES' 401(k) PLAN

Notes to Financial Statements – Modified Cash Basis (Continued) December 31, 2022 and 2021

Note 8 - Fair Value Measurements (Continued)

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Variable annuities: The underlying investments are mutual funds. Contributions are used to purchase separate investment units. The units are then exchanged for mutual fund shares. The custodian receives daily NAV values from the mutual funds for the calculation of unit values for the variable annuities.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31,

	2022	Fair Value Measurements at Reporting Date Using

Note 10 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits – modified cash basis.

Note 11 - Prohibited Transactions

ERISA Section 406(b) prohibits certain transactions between the plan and the plan fiduciary. Certain prohibited transactions involving the Plan's failure to timely remit participant deferral contributions and loan repayments to the Plan were identified in 2022. Prohibited transactions may trigger civil monetary penalties under ERISA Section 502(i). The aggregate values of all prohibited transactions which occurred during the 2022 plan year are disclosed in Schedule H, Line 4a, Schedule of Delinquent Participant Contributions – modified cash basis.
