INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and the Board of Directors of
McLean School of Maryland Retirement Plan
Potomac, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of McLean School of Maryland Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the McLean School of Maryland Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to *29 CFR 2520.103-8* of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with *29 CFR 2520.103-5* of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended June 30, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Opinion (Cont.)

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of McLean School of Maryland Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about McLean School of Maryland Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Cont.)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of McLean School of Maryland Retirement Plan 's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about McLean School of Maryland Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of assets (held at end of year) as of June 30, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

To the Plan Administrator and the Board of Directors of
McLean School of Maryland Retirement Plan

Other Matter - 2023 Supplemental Schedule Required by ERISA (Cont.)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

McLean School of Maryland Retirement Plan
NOTES TO FINANCIAL STATEMENTS
June 30, 2023 and 2022

Note 1 - Description of Plan

The following description of the McLean School of Maryland Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The McLean School of Maryland Retirement Plan, was established July 1, 1980 and restated effective October 15, 2015. The Plan covers all full time employees and eligible part-time employees of the McLean School of Maryland (the School). Under the provisions of the Plan, there is no age or service requirement for employee elective deferrals and an employee may become eligible to receive employer contributions after attaining age 21 and completing one year of service, worked 1,000 hours during the plan year and are employed on the last day of the plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may elect to defer up to 100% of compensation, up to statutory limits set by the Internal Revenue Service, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participant contributions are subject to the annual Internal Revenue Code limits as adjusted each year. The plan sponsor determines at its sole discretion how much, if any, it will make as an employer contribution. During the years ended June 30, 2023 and 2022, the School contributed 3.5% of eligible employee's compensation to employees who completed at least five years of service and contributed 2.5% of eligible employee's compensation to employees with less than five years of service. Additionally, if the eligible employee contributed at least 0.5% of their eligible compensation, the School contributed an additional 0.5%, respectively. Contributions made by the School for the years ended June 30, 2023 and 2022 totaled \$337,988 and \$334,199, respectively.

Participant Accounts: Each participant's account is charged with applicable fees and credited with the participant's contribution and allocations of (a) the Employer's contribution and, (b) plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Contributions are invested, at the discretion of the participants, in one, several, or all of the investment alternatives selected by the plan administrator.

Vesting: Participants are fully vested immediately in their elective contributions plus actual earnings thereon. Participants are also fully vested immediately in the Employer matching contributions.

Payment of Benefits: On termination of service due to death, disability, retirement or early retirement, a participant may elect to receive either a lump sum distribution amount equal to the value of the participant's vested interest in his or her account, or annual installments that do not exceed the life expectancy of the participant or beneficiary. A participant may also elect to have the plan administrator use the participant's vested account balance to purchase an annuity as described in the Plan. Hardship withdrawals are permitted in accordance with Internal Revenue Service regulations.

McLean School of Maryland Retirement Plan
NOTES TO FINANCIAL STATEMENTS (Cont.)
June 30, 2023 and 2022

Note 1 - Description of Plan (Cont.)

Forfeitures: Participants are fully vested immediately in the Employer matching contributions, therefore there are no forfeited non-vested accounts.

Administrative Expenses: Substantially all expenses incurred in the administration of the Plan are paid by the Plan from the annuity contracts or by the plan sponsor as provided in the plan document.

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of \$1,000. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate determined by the plan administrator and commensurate with the rates currently being charged by commercial lenders in the appropriate geographic area with respect to comparable loans. Repayment of loans is provided through automatic payroll deductions. As of June 30, 2023 and 2022, the loan balances outstanding totaled \$114,238 and \$19,160, respectively.

Plan Loans: Participants may borrow from TIAA-CREF using a portion of their account as security for the loan. The minimum loan is \$1,000 and may be up to the lesser of: a) \$50,000, reduced by the highest outstanding balance of loan, or b) 45% of the participant's TIAA-CREF account balance. If a participant's loan is being taken from a TIAA-CREF Annuity, the maximum loan amount is further limited to 1) 45% of the participant's combined TIAA and CREF accumulation attributable to participation under this Plan; or 2) 90% of the participant's CREF and TIAA Real Estate accumulation attributable to participation under this Plan for Retirement Loan (RL) loans or 3) 90% of the participant's TIAA Annuity accumulation attributable to participation under this Plan for Group Supplemental Retirement Annuity (GSRA) loan. The loans are secured by the participant's account. The interest rate and other terms and conditions for a plan loan, its security and repayment, are to be generally comparable to those that would be imposed by a commercial lender for a similar loan made at the same date under similar circumstances. The term of the loan is limited to five years except where the loan is taken for the purchase of a participant's principal residence, in which case it may be extended to ten years. Such loan terms shall be limited to a period consistent with commercial home loan practices.

The loans bear interest at rates ranging from 4.00% to 5.84%, which is commensurate with local prevailing rates as determined periodically by the Teachers Insurance and Annuity Association. Principal and interest is paid ratably through quarterly or monthly payments by the participant to TIAA-CREF. Plan management has concluded that these loans are not plan assets and that such arrangements are exempt transactions. The balances as of June 30, 2023 and 2022 were \$45,407 and \$78,736, respectively. Under the borrowing terms, \$49,948 and \$86,810 of plan assets serve as collateral for these loans as of June 30, 2023 and 2022, respectively. In the event of default, such loans are reportable to plan participants as taxable income but remain outstanding and continue to accrue interest until repaid by the participant or the participant becomes eligible to receive a distribution under the terms of the Plan. As of June 30, 2023 and 2022, loans in default amounted to \$27,690 and 26,529, respectively. Such amounts include principal and accumulated interest.

NOTES TO FINANCIAL STATEMENTS (Cont.)
June 30, 2023 and 2022

Note 2 - Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America. This basis of accounting involves the application of accrual accounting; consequently, revenues and gains are recognized when earned, and expenses and losses are recognized when incurred.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. As of June 30, 2023 and 2022, the loan balances outstanding totaled \$114,238 and \$19,160, respectively.

Contributions and Related Receivables

Contributions from the employer discretionary matching contributions are recorded in the year in which the contributions were deemed earned and designated by the plan sponsor. All contributions are participant directed unless directed by the Plan based on requirements determined by the plan document. The plan administrator has determined that all contribution receivables are fully collectible; consequently, no amount has been recorded as an allowance for doubtful accounts in the accompanying statement of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for the guaranteed investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

McLean School of Maryland Retirement Plan
NOTES TO FINANCIAL STATEMENTS (Cont.)
June 30, 2023 and 2022

Note 2 - Summary of Accounting Policies (Cont.)

Investment Valuation and Income Recognition (Cont.)

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts. The contract value is the relevant measurement since it represents the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value provides a good approximation of fair value because the value of the investment contract is deemed to be no less than the participant's accumulated balance, and that each investment purchase is made at fair value since these purchases are not distressed and are conducted between willing buyers and sellers in open market conditions where a participant has a variety of investment choices.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid. Benefits paid to terminated participants amounted to \$1,433,981 and \$2,100,898 for the years ended June 30, 2023 and 2022, respectively.

Note 3 - Information Prepared and Certified by Trustee

Investment Data

TIAA-CREF is the Trustee for the Plan for the years ending June 30, 2023 and 2022. All data contained in the statements of net assets available for benefits, statement of changes in net assets available for benefits, Schedule H, line 4i – Schedule of assets (held at end of year) was obtained from data that has been certified as complete and accurate by the Trustee of the Plan for the years ended June 30, 2023 and 2022.

Schedule of Assets Held for Investment Purposes

The accompanying Schedule H, line 4i - Schedule of assets (held at end of year) represents a detailed listing of all investments held by the Plan as of June 30, 2023.

McLean School of Maryland Retirement Plan
NOTES TO FINANCIAL STATEMENTS (Cont.)
June 30, 2023 and 2022

Note 4 - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ASC 820, "Fair Value Measurements and Disclosures," establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy assigns the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

In addition, under *FASB ASC 820* the fair value of certain investments may be measured using the net asset value (NAV) per share (or its equivalent). Such investments are not classified in the fair value hierarchy.

McLean School of Maryland Retirement Plan
NOTES TO FINANCIAL STATEMENTS (Cont.)
June 30, 2023 and 2022

Note 4 - Fair Value Measurements (Cont.)

Following is a description of the valuation methodologies used for assets measured at fair value as of June 30, 2023 and 2022:

Money Market Funds

A money market mutual fund is a type of fixed income mutual fund that invests in debt securities characterized by their short maturities and minimal credit risk. Money market mutual funds are among the lowest-volatility types of investments.

Mutual Funds

Investments whose values are based on quoted market prices in active markets, and are, therefore classified with Level 1, include mutual funds. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Non-benefit Responsive Insurance Contracts

The investment contract with an insurance company is not actively traded and significant other observable inputs are not available, therefore it is classified as Level 3. The investment contract with an insurance company is reported at contract value which approximates fair value for the years ended June 30, 2023 and 2022. The contract value of the investment contract with an insurance company equals the accumulated cash contributions and interest credited to the Plan, less any withdrawals.

Pooled Separate Accounts

Real estate holdings (REA) are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The REA sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources.

Stable Value Fund

A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

Sales	<u>(617,349)</u>	<u>(450,889)</u>
Ending balance	<u>\$ 3,842,224</u>	<u>\$ 3,774,776</u>

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended June 30, 2023 and 2022 are reported in net appreciation in fair value of investments.

The table below sets forth additional disclosures for investments for which fair value is estimated using net asset value per share (or its equivalent) as of June 30:

	<u>Fair Value</u>		<u>Redemption Frequency</u>	<u>Redemption Period</u>
	<u>2023</u>	<u>2022</u>		
Pooled separate accounts (a)	\$ 587,303	\$ 756,007	One per calendar quarter	None
Stable value fund (b)	\$ 180,880	\$ 157,578	Quarterly	None

(a) This category invests in real estate properties and real estate-related investments. Accumulation units are available for transactions at the closing accumulation unit value on any day the New York Stock Exchange (NYSE) is open for business.

(b) The stable value fund investment represented by a unit of account whose per unit value is the result of the accumulated values of the underlying investments. The underlying investments are public investment vehicles valued using NAV per share. The NAV is based upon the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding.

Note 5 - Investment Contracts with Insurance Company

The Plan has an investment contract with TIAA-CREF. Under this contract are sub-contracts, some of which are fully benefit-responsive while others are non-benefit responsive. TIAA-CREF maintains the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

As described in Note 2, contract value is the relevant measurement attribute for that portion of the net assets for benefits attributable to the fully guaranteed investment contract. The contracts are included in the financial statements at contract value, which approximates fair value as reported to the Plan by TIAA-CREF. The approximate fair value of the fully benefit responsive contracts at June 30, 2023 and 2022 amounted to \$459,015 and \$496,064, respectively.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it generally will not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with TIAA-CREF. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the Trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with plan participants are probable of occurring.

The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6 - Reportable Transactions

A reportable transaction is a transaction, or series of transactions, exceeding five percent of the current value of the Plan's assets at the end of the year. During the Plan years ended June 30, 2023 and 2022, there were no reportable transactions.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become one hundred percent vested in their accounts.

Note 8 - Tax Status

The plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Effective July 1, 1980, the Plan adopted a non-standardized form of prototype plan. The prototype plan obtained its latest opinion letter on March 31, 2017 from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letters have been relied upon by this Plan. Although the Plan has been amended since receiving the determination letter, the Plan administrator believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 - Party-in-Interest Transactions

All plan investments are managed by TIAA-CREF. TIAA-CREF is the Trustee as defined by the Plan, and therefore, transactions involving these investments qualify as party-in-interest transactions. For the years ended June 30, 2023 and 2022, fees paid by the Plan for the investment management services amounted to \$26,202 and \$27,229, respectively.

The Plan's auditor who audits the Plan's financial statements, this transaction qualifies as a party-in-interest transaction. For the years ended June 30, 2023 and 2022, fees paid by the Plan for audit services amounted to \$11,350 and \$2,200, respectively.

Note 10 - Party-in-Interest Transactions (Cont.)

The Plan has three additional advisors and service providers who assist with oversight of the plan and its investments and prepare the annual Form 5500. For the years ended June 30, 2023 and 2022, fees paid by the Plan for the advisory and Form 5500 preparation services amounted to \$43,105 and -\$0-, respectively.

The Plan is setup to have fees and compensation for services be paid directly by the Plan. Fees paid directly by the Plan, are paid out of TIAA's revenue credit account. The revenue credit account may only be used to reimburse direct, reasonable and necessary expenses of the Plan that the Plan is authorized to pay or to provide revenue credits to Plan participants accounts.

For the Plan, TIAA shall deduct an annual plan servicing fee of up to 0.35% from each Plan participant's and beneficiary's Plan accounts ("Participant Accounts") held in the Retirement Choice and TIAA Stable Value annuity contracts (the "TIAA-CREF Annuity Contracts") and any of the mutual funds listed in Schedule H, line 4i – schedule of assets (held at end of year) for the contracted services provided by TIAA under this Agreement. Such fees shall be used in the reconciliation process to pay TIAA's Revenue Requirement.

In the event that the reconciliation process determines that the Plan generated revenue in excess of TIAA's revenue requirement, TIAA shall credit the Plan Revenue Credit Account in the amount of the excess. A Revenue Credit Account is a suspense account held under the terms of the Plan which is funded with excess revenue generated from that Plan.

In the event that the reconciliation process determines that the Plan did not generate sufficient revenue to meet TIAA's revenue requirement and therefore results in a shortfall, the School is then invoiced for any shortfall.

Note 11 - Subsequent Events

The School has evaluated the impact of significant subsequent events. Except as noted below, there have been no subsequent events through March 29, 2024, the date the Plan's financial statements were available to be issued, that require recognition or disclosure.

In September 2023, a Plan amendment was adopted which would allow for a mandatory post-severance distribution for any participants with account balances up to \$5,000 following their severance from employment. Mandatory post-severance distributions were previously not allowed under the plan.
