Independent Auditor's Report

RSM US LLP

Plan Administrator and 401(k) Committee
Four Winds Casino Resort 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Four Winds Casino Resort 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of fiduciary net position as of December 31, 2022 and 2021, the related statement of changes in fiduciary net position for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Management has omitted a management's discussion and analysis that U.S. GAAP requires to be presented to supplement the plan financial statements. Such missing information, although not a part of the plan financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the plan financial statements in an appropriate operational, economic or historical context. Our opinion on the plan financial statements is not affected by this missing information.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule G, Part III, schedule of non-exempt transactions and Schedule H, Line 4i—schedule of assets (held at end of year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the plan financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Four Winds Casino Resort 401(k) Retirement Savings Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Four Winds Casino Resort 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of the Pokagon Gaming Authority d/b/a Four Winds Casino Resort (the Sponsor), who have 90 days of service, as defined by the Plan, and have attained age 18. The Sponsor serves as the Plan Administrator. The Tribal Council of the Pokagon Band of Potawatomi Indians of Michigan (the Band) is responsible for oversight of the Plan. The Tribal Council has delegated the administration of the Plan to the 401(k) committee. The 401(k) committee has responsibility for making certain discretionary determinations under the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute a percentage of pretax and after-tax annual eligible compensation, as defined in the Plan, representing pretax or after-tax (Roth) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect otherwise. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in accordance with the Plan's investment policies until changed by the participant. Automatically enrolled participants have their deferral rate increased annually in 1% increments until they are deferring up to a maximum of 15% of eligible compensation or until changed by the participant. The Sponsor matches 50% of participant's salary deferral up to 6% of the participant's compensation. Contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants direct the investment of all contributions into the Plan into various investment options offered by the Plan.

Participant accounts: Each participant's account is credited with the participant's contributions and rollover contributions, the Sponsor's matching contributions, an allocation of Plan investment earnings and charged with an allocation of Plan investment losses and certain administrative expenses that are paid from the Plan. Allocations are based on participant earnings, account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their own contributions and rollover contributions, plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of credited service, as defined by the Plan. Participants vest 20% per year and are 100% vested after five years of credited service or upon death, retirement age or permanent disability during the term of employment.

Payment of benefits: Upon termination of service, a participant can elect to receive a lump-sum amount equal to the vested balance in his or her account or installment payments over a specified period of time in accordance with Plan provisions. Upon termination, participants may also elect to hold their investments in the Plan, unless the vested balance is less than \$1,000, in which case the vested balance is automatically distributed. A participant may elect to receive an in-service distribution upon attainment of age 59½ or meeting certain financial need qualifications.

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms range from one to five years or not to exceed 10 years if for the purchase of a primary residence. Related fees are charged to the participant and reduced from the amount they receive when the note is incurred. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 2%. Principal and interest are paid ratably through payroll deductions.

Forfeited accounts: Forfeited nonvested accounts are used to fund the Sponsor's matching contributions or can be used to pay Plan expenses. During 2022, the Sponsor used \$164,447 of forfeitures to fund the Sponsor's matching contributions. Forfeited nonvested accounts totaled \$5,697 and \$6,072 at December 31, 2022 and 2021, respectively.

Subsequent events: Subsequent events have been evaluated through April 2, 2024, which is the date the financial statements were available to be issued.

Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting standards promulgated by the Governmental Accounting Standards Board (GASB). The Plan is sponsored by the Pokagon Gaming Authority, a wholly owned, unincorporated instrumentality of the Pokagon Band of Potawatomi Indians of Michigan. These financial statements present only the Plan and are not intended to present the financial statements of the Band.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee and other third parties. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis, and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowances for credit losses have been recorded as of December 31, 2022 or 2021.

Notes receivable from participants and the related accrued interest have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, Line 4i—schedule of assets (held at end of year).

Investment policy and risks:

Investment policy: The Plan offers a broad range of diversified investments that enable a participant to construct a portfolio with aggregate risk and return characteristics at any point within the participant's desired range. Adherence to the specific investment objectives and criteria contained herein will be evaluated over a full-market cycle, which historically has been three to five years.

Notes to Financial Statements

Note 2. Summary of Accounting Policies (Continued)

Interest rate risk: Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Investments with longer maturities have greater sensitivity to fair value changes based on market interest rates. Money market mutual funds and fixed-income mutual funds are exposed to this risk.

Credit risk: Credit risk exists when there is a possibility that the issuer or other counterparty to an investment may be unable to fulfill its payments on a security under the original term. Fixed-income mutual funds are exposed to this risk.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to administration of specific participant transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments. Certain administrative functions are performed by employees of the Sponsor. No such employee receives compensation from the Plan.

Payments of benefits: Benefits are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 3. Information Certified or Provided by the Trustee

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information provided by Principal Trust Company, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets:

	2022	2021
Mutual funds	\$ 69,242,825	\$ 78,025,148
Money market mutual funds	4,093,408	3,211,930
Notes receivable from participants *	2,825,209	2,785,034

* Notes receivable from participants are certified by the trustee net of deemed distributions in 2021.

The trustee also certified to the completeness and accuracy of \$15,542,470 of net depreciation in fair value of investments, \$1,178,917 of dividends and interest related to the aforementioned investments, \$32,725 of other income, and \$161,033 of interest income on notes receivable from participants for the year ended December 31, 2022.

Note 4. Fair Value Measurements

To the extent available, the Plan's investments are recorded at fair value as of December 31, 2022 and 2021. GASB Statement No. 72, *Fair Value Measurements and Application*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This statement establishes a hierarchy of valuation inputs based on the extent to which the inputs are observable in the marketplace. Inputs are used in applying the various valuation techniques and take into account the assumptions that market participants use to make valuation decisions. Inputs may include price information, credit data, interest and yield curve data, and other factors specific to the financial instrument. Observable inputs reflect market data obtained from independent sources. In contrast, unobservable inputs reflect the entity's assumptions about how market participants would value the financial instrument. Valuation techniques should maximize the use of observable inputs to the extent available.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following describes the hierarchy of inputs used to measure fair value and the primary valuation methodologies used for financial instruments measured at fair value on a recurring basis:

Level 1: Investments include those whose values are based on quoted prices (unadjusted) for identical assets in active markets that a government can access at the measurement date.

Level 2: Investments include those with inputs—other than quoted prices included within Level 1—that are observable for an asset, either directly or indirectly.

Level 3: Investments classified as Level 3 have unobservable inputs for an asset and may require a degree of professional judgment.

The following shows the Plan's investments at fair value within the fair value hierarchy as of December 31, 2022 and 2021:

	Investments at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Money market mutual funds	\$ -	\$ 4,093,408	\$ -	\$ 4,093,408

Note 4. Fair Value Measurements (Continued)

	Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Money market mutual funds	\$ -	\$ 3,211,930	\$ -	\$ 3,211,930
Mutual funds:

International funds	4,911,203	-	-	4,911,203
Life cycle funds	58,326,487	-	-	58,326,487
Total investments	\$ 78,025,148	\$ 3,211,930	\$ -	\$ 81,237,078

For the years ended December 31, 2022 and 2021, there were no transfers between levels.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Mutual funds are valued at quoted market prices for identical assets in active markets for the shares held by the Plan at year-end.

The money market mutual fund generally transacts activity at a \$1.00 per share. On a daily basis, the funds value is calculated using the amortized cost of the securities held in the fund, which represents fair value.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to change or to discontinue contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Sponsor may determine.

Note 6. Tax Status

The Plan adopted a pre-approved profit sharing plan, sponsored by Principal Life Insurance Company. The pre-approved plan provider has received a favorable opinion letter from the IRS on June 30, 2020, as to the pre-approved plan's qualified status. The Plan Administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code (IRC).

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2022 statement of fiduciary net position.

Notes to Financial Statements

Note 8. Related-Party Transactions and Party-in-Interest Transactions

Principal Trust Company is the record keeper and trustee of the Plan, as defined by the Plan. Fees paid by the Plan to the trustee and record keeper are included in administrative expenses in the statement of changes in fiduciary net position. These transactions are party-in-interest transactions under ERISA.

Note 9. Non-Exempt Transactions

In prior years, the Plan suspended loan payments as allowed under IRC 72(p) and the CARES Act (the Act). When the loans were re-amortized, the new amortization period was in excess of the period allowed under the Act. The notes receivable from participants that extended beyond the period allowed by IRC 72(p) and the Act amounted to \$370 and \$160 for the years ended December 31, 2022 and 2021, respectively, and are considered non-exempt transactions with a party-in-interest. As of the date of this report, the Plan has completed corrective measures for the non-exempt transactions.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net position restricted for pensions per the financial statements to Form 5500 as of December 31, 2022 and 2021:

	2022	2021
