Independent Auditors' Report

**To the Plan Administrator of
The Abraham Joshua Heschel School
Defined Contribution Retirement Plan**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Abraham Joshua Heschel School Defined Contribution Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from qualified institutions as of June 30, 2023 and 2022 and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

**To the Plan Administrator of
The Abraham Joshua Heschel School
Defined Contribution Retirement Plan**
Page 3

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

**To the Plan Administrator of
The Abraham Joshua Heschel School

Page 4

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Abraham Joshua Heschel School Defined Contribution Retirement Plan

Notes to Financial Statements
June 30, 2023

1. Description of Plan

The Abraham Joshua Heschel School (the "Employer" or "School") adopted The Abraham Joshua Heschel School Defined Contribution Retirement Plan (the "Plan") as of June 1, 1989. The following description of the Plan provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and Eligibility

The Plan is a defined contribution plan that covers substantially all employees of the Employer. Participants become eligible for Employer contributions following completion of two years of service. For participant contributions, eligibility commences immediately upon employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Vesting

At all times, a participant is 100% vested in their account, including allocated earnings thereon.

Contributions

Participants may elect to have pre-tax contributions made to the Plan from their annual compensation subject to statutory regulations under the Internal Revenue Code ("IRC"). After two years of service, each eligible participant, as a condition of employment, is required to make a mandatory contribution that is equal to 2% of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to the statutorily permitted amount. In addition, eligible participant's may also contribute additional catch-up contributions if a participant has 15 years of service with the Employer, thus, allowing the limit on a participant's elective deferral to be increased by up to \$3,000 in the Plan year. The Plan accepts rollovers and transfers from other qualified plans.

Each eligible participant, upon completion of two years of service and contributing the mandatory participant contributions, will receive an Employer contribution of 4% of a participant's eligible compensation and after 5 years of service, the Employer will contribute 9% of a participant's eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of Employer contributions, Plan earnings (losses) and administrative expenses. Allocations are based on a participant's earnings, account balances or specific participant transactions, as defined.

Notes to Financial Statements

1. Description of Plan (*continued*)

Revenue Credit Account

During the Plan year, the Plan and Teachers Insurance and Annuity Association of America ("TIAA") and College Retirement Equities Fund ("CREF") entered into a revenue sharing arrangement whereby a portion of the revenue earned from certain funds is passed through to the Plan for payment of permitted plan expenses. In order for the Plan to receive credits as a result of this revenue sharing arrangement, and to use this credit to pay plan expenses, the Plan created the Revenue Credit Account under the Plan. The Revenue Credit Account is an account within the Plan and is used to record the redistribution of Plan-generated fund revenue that exceeds the costs associated with plan administration. The Revenue Credit Account balance was \$15,716 and \$13,493 at June 30, 2023 and 2022. During 2023, \$22,200 of these funds were used to pay Plan expenses and none were allocated to participants of the Plan from the Revenue Credit Account.

Forfeitures

During the prior Plan year, amounts from the Expense Budget Account held with Massachusetts Mutual Life Insurance Company (prior custodian) were transferred into a forfeiture account under TIAA and CREF. At June 30, 2023 and 2022 the balance was \$76,860 and \$107,760 which can be used to reduce future Plan expenses or to reduce Employer contributions. During 2023, the Plan used forfeitures of \$34,294 to reduce Employer contributions.

Notes Receivable from Participants

The Plan offers a loan feature whereby a participant (borrower) enrolled in the Plan may borrow a minimum amount of \$1,000 up to a maximum of 50% of their vested account balance or \$50,000 (whichever is less). The interest rate is based on the prime rate. Loans must be repaid via payroll deductions, within five years, unless the loan is used to purchase a participant's principal residence or the participant is on authorized leave for military service for a period which extends the maturity date of the loan beyond five years.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant is entitled to receive a distribution in the amount equal to the value of the participant's vested interest in his or her account as permitted by the Plan.

A participant may apply for a hardship withdrawal at any time. This withdrawal must be for an immediate financial need based on Internal Revenue Service ("IRS") regulations.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**The Abraham Joshua Heschel School
Defined Contribution Retirement Plan**

Notes to Financial Statements
June 30, 2023

2. Summary of Significant Accounting Policies (continued)

Fair Value Measurement and Disclosure

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the Net Asset Value ("NAV") per share as a practical expedient are not categorized within the fair value hierarchy.

Investment Valuation and Income Recognition

The TIAA Traditional Annuity Account consists of unallocated contracts. The fully benefit responsive contracts are carried at contract value and the non-benefit responsive contracts are carried at fair value, which approximates their contract value. Contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers in (if any), less any withdrawals and transfers out (if any). The fair value is derived from a discounted cash flow analysis and other factors. The TIAA Stable Value is a group annuity product issued by TIAA and is valued at contract value, which equals the accumulated cash contributions, interest credited, transfers in (if any), less any withdrawals and transfers out (if any). Investments in registered investment companies are stated at fair value as determined by quoted market prices, which represents the net asset value of shares held by the Plan at year end. The pooled separate account is valued at the NAV of units held by the Plan. The NAV, as provided by TIAA and CREF, is used as a practical expedient to estimate fair value. The NAV based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and a distributable event occurs (retirement, termination, death), the participant loan balance is reduced and a benefit payment is recorded. Until a distributable event occurs, the loan will continue to have a balance and accrue interest.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (continued)

Expenses

Certain expenses related to the administration of the Plan are paid directly by the Plan and are included in these financial statements. Investment related expenses are included in net appreciation in value of investments.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is April 8, 2024.

3. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) including investments and notes receivable from participants held at June 30, 2023 and 2022, and net appreciation in value of investments, interest and dividends, and interest on notes receivable from participants for the year ended June 30, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA and CREF, qualified institutions.

4. Investments

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of June 30:

	2023			
	Level 1	Level 3	Other Investments Measured at NAV*	Total
TIAA Traditional Annuity Contract	\$ -	\$ 2,041,481	\$ -	\$ 2,041,481

(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

The level within the fair value hierarchy for certain Plan assets at June 30, 2022 has been reclassified to conform to the June 30, 2023 presentation.

Defined Contribution Retirement Plan**

Notes to Financial Statements

4. Investments (continued)

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended June 30, 2023:

Balance, beginning of year	\$ 1,764,515
Contributions	43,177
Interest income	93,378
Other income	248
Administrative expenses	(56)
Transfers in from other Plan investments	196,221
Transfers out to other Plan investments	(4,680)
Benefits paid	(51,322)
Balance, End of Year	<u>\$ 2,041,481</u>

There are no unfunded commitments on the Plan's investments.

TIAA Traditional Annuity Account

The TIAA Traditional Annuity is comprised of six types of contracts. The fully benefit responsive contracts are: the Group Supplemental Retirement Annuity, the Group Retirement Annuity, the Supplemental Retirement Annuity, and the Retirement Choice Plus ("RCP") contracts. The non-benefit responsive contracts are: the Group Retirement Annuity, Retirement Annuity ("RA") and Retirement Choice ("RC") contracts. The Plan utilizes the RCP contract, which is reported at contract value and the RA contract and RC contract, which are reported at fair value. Unobservable inputs include the risk-adjusted discount rate applied and the range of significant input values are as follows: RCP – 5.35% - 5.75%; RA – 5.85% - 6.25 and RC – 6.10% - 6.50%.

Under RCP contracts, lump sum withdrawals and transfers are allowed at any time without any surrender charges. Certain RCP contracts impose a 90-day equity wash rule. Under the RA contract, lump-sum cash withdrawals are not allowed and all other withdrawals and transfers must be paid in ten annual installments. Under the RC contract, lump sum withdrawals are available only within 120 days after termination of employment and are subject to a 2.5% surrender charge. All other withdrawals and transfers must be paid in 84 monthly installments (7 years).

The contracts use the vintage method to credit interest to the TIAA Traditional Annuity Account. Vintages are time periods that represent when money was initially invested in the TIAA Traditional Annuity Account and corresponding interest rate during that distinct time period. The Vintage method recognizes the fact that the level of prevailing interest rates available on new long-term investments will vary over time and that as the long-term investments in a specific vintage mature, they will be reinvested at different rates. When funds flow into the TIAA Traditional Annuity Account, they are immediately invested at the prevailing pay-in-rate for new money. The funds earn interest at the prevailing vintage rates. The vintage will always consist of two parts: the guaranteed portion and the discretionary portion. The guaranteed portion represents the minimum amount of interest that will be credited to an account, regardless of the economic environment. The discretionary portion represents interest earned over and above the guaranteed rate. The Plan administrator does not believe that any events would limit the Plan's ability to transact at contract value.

**The Abraham Joshua Heschel School
Defined Contribution Retirement Plan**

Notes to Financial Statements
June 30, 2023

4. Investments (continued)

TIAA Traditional Annuity Account (continued)

The TIAA Traditional Annuity Account represents approximately 3% and 2% of the Plan's net assets available for benefits as of June 30, 2023 and 2022, and represents an obligation from TIAA and CREF to repay as amounts come due. The credit risk of the issuer was evaluated by nationally recognized statistical rating agencies as follows: Moody's Investors Service (Aa1 as of June 2022), Standard and Poor's (AA+ as of September 2022), A.M. Best (A++ as of July 2022), and Fitch (AAA as of October 2022).

TIAA Stable Value

TIAA Stable Value (the "SV Contract") is offered through a benefit-responsive group annuity contract issued by TIAA. Participants who are invested in the SV Contract receive a guaranteed minimum rate of interest which will always be between 1% and 3% before contract fees are deducted. The minimum guaranteed rate may be reset every six months (on January 1 or July 1). TIAA guarantees that the declared crediting rate will not decline by more than 0.75% each time it is reset. Since the SV Contract is liquid, withdrawals and transfers are paid without any surrender charges or adjustments based on market fluctuations.

During the accumulation phase, the SV Contract is structured as a separate account of TIAA. If the separate account's assets are insufficient to meet contractual guarantees, the TIAA General Account would cover any shortfall.

TIAA Real Estate

The TIAA Real Estate generally invests in real estate properties and real estate-related investments. The TIAA Real Estate's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The TIAA Real Estate sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. While redemptions from the TIAA Real Estate may occur daily, transfers out are limited to one per calendar quarter.

5. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

**The Abraham Joshua Heschel School
Defined Contribution Retirement Plan**

Notes to Financial Statements
June 30, 2023

6. Tax Status

The Plan has been designed to satisfy the requirements of Section 403(b) of the IRC. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants. The Plan administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the IRC and, therefore, believes the Plan satisfies the Internal Revenue Service's final regulations for 403(b) plans. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine examinations by taxing jurisdictions for periods since 2020; however, there are currently no examinations for any tax periods in progress.

7. Party-in-Interest

Certain Plan investments are managed by TIAA and CREF. TIAA is the record-keeper and a custodian and CREF is a custodian for the Plan. Therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA and are reflected in the statements of net assets available for benefits. Certain employees of the Employer, who may also be participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

8. Risks and Uncertainties

The Plan's investments include investment securities that, in general, are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to June 30, 2023 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.
