Report of Independent Auditors

To the Administrator of HiRoad & BlueOwl 401(k) Savings Plan

Opinion

We have audited the accompanying financial statements of HiRoad & BlueOwl 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of July 3, 2023 and December 31, 2022, and the related statement of changes in net assets available for benefits for the period ended July 3, 2023, including the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of July 3, 2023 and December 31, 2022, and the changes in its net assets available for benefits for the period ended July 3, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the Plan was merged into State Farm 401(k) Savings Plan effective July 1, 2023. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

HiRoad & BlueOwl 401(k) Savings Plan

Notes to Financial Statements

As of July 3, 2023 and December 31, 2022

1. Description of the Plan

The following description of the HiRoad & BlueOwl 401(k) Savings Plan and Trust or the "Plan" is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

The Plan merged into the State Farm 401(k) Savings Plan effective July 1, 2023 resulting in the transfer of all Plan assets into the State Farm 401(k) Savings Plan. Effective July 1, 2023, participants of the Plan became eligible to participate in the State Farm 401(k) Savings Plan. Plan assets of \$22,648,189 were transferred on July 3, 2023.

The Plan is a contributory, defined contribution plan. Participation in the Plan and its continuance are optional. The companies currently participating are HiRoad Assurance Company ("HiRoad") and BlueOwl, LLC ("BlueOwl"), (collectively known as the "Company" or "Companies" or the "Employer").

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Boards of Directors of HiRoad Assurance Company and BlueOwl, LLC have the responsibility for all ERISA 'settlor' (i.e., "Plan Sponsor") functions.

The Administrative Committee is the Plan Administrator with fiduciary responsibilities pertaining to the operation of the Plan.

A. Eligibility

All employees over 18 years of age are eligible to participate in the Plan. However, the following groups of individuals are not eligible to participate in the plan; (i) leased employees; (ii) employees included in a unit of employees covered by a collective bargaining agreement between employee representatives and the Employer, as to which retirement benefits were the subject of good faith bargaining; and (iii) nonresident aliens who receive no earned income from the employer, which constitutes income from sources within the United States.

B. Plan Termination

Although the Plan is intended to be permanent, the Companies reserve the right to discontinue contributions at any time or to terminate the Plan for any reason subject to the provisions of ERISA. On termination of the Plan, the Plan Administrator shall advise Ascensus Trust Company, the "Trustees" to distribute to all Participants the amounts credited to their respective accounts in cash or securities in such manner as the Plan Administrator determines.

C. Contributions

Salary Deferral Contributions

Eligible employees may elect to enter into a Salary Deferral Agreement. The limits set by the Internal Revenue Service (IRS) for the year ending December 31, 2023 was \$22,500 with an additional catch-up contribution of \$7,500 for participants age 50 and over.

Notes to Financial Statements

As of July 3, 2023 and December 31, 2022

Company Contributions

Each eligible Employee will receive an annual three percent (3%) of compensation employer contribution regardless of whether or not he/she is making elective deferral contributions. To be eligible for the contribution, an Employee must be at least 18 years old and employed on the last day of the applicable Plan Year, or have terminated employment with the Employer during the applicable Plan year on account of death or retirement. The Employer reserves the right to designate any such Employer contributions as Qualified Nonelective Contributions.

The Employer will match participant's elective deferral or Roth elective deferral contributions, dollar for dollar, up to \$900. In order to receive a matching contribution, participants must be an employee of the Employer on the last workday of the year or an employee who terminated employment with the Employer during the year because of death or retirement. No matching contributions will be paid to the participants by the Employer if employment is terminated for reasons other than those listed above.

Effective January 1, 2023, the Employer will match participant's elective deferral or Roth elective deferral contributions up to four percent (4%) of compensation each pay period. A Participant must be employed on the last day of the payroll period in order to receive a Matching Contribution allocation. A Participant who is employed on the last day of the Plan Year is also eligible for a true-up Matching Contribution. The true-up contribution shall be the difference between the Matching Contribution that would have been due for the Plan Year predicated upon annual Compensation while an eligible Participant for Matching Contributions, less the amounts paid in as Matching Contributions for the Plan Year as payroll period Matching Contributions. Additionally, the allocation requirements are not waived for death or attainment of the Normal Retirement Age.

In any Plan year, the Board of Directors may decide to make a contribution in addition to the amount of total qualifying salary deferral contributions. No additional contributions beyond the non-elective contribution and the amount of total qualifying salary deferral contributions were made during 2023. Contributions made shall be credited to participating accounts at the close of business on the day received by the Plan.

Vesting

Each participant is 100% vested in and entitled to the benefit that can be provided by salary reduction contributions, including investment results. Participants hired prior to January 1, 2021 are 100% vested in the Companies additional contributions, including investment results. Participants hired on or after January 1, 2021 are subject to a three year cliff-vesting schedule on the Companies' non-elective contributions, including investment results.

Effective January 1, 2023, Employees hired after January 1 are eligible for the Employer Matching Contributions and the Employer Nonelective Contribution if they have 183 days of Vesting Service.

Errors

If participant or company contribution errors require correction, all corrections will be processed in the State Farm 401(k) Savings Plan with applicable lost earnings adjustments using the Self Correction Program.

Notes to Financial Statements

As of July 3, 2023 and December 31, 2022

D. Notes Receivable from Participants

Effective January 1, 2018, the Plan allows participants who are active employees to take a loan against their 401(k) Savings Plan account. Under the Plan if participants have accrued benefits they may borrow the lesser of (i) 50% of the vested accrued benefits, or (ii) the total accrued benefit, but not more than \$10,000. In no event can a participant borrow more than \$50,000. In addition, loans are not to be made in an amount less than \$500.

All loans must be repaid within 5 years unless they are used by the participant to acquire a principal residence. Loans are also subject to certain other conditions provided in the Plan as to security and rate of interest. The loans are secured by the balance in the participant's account. Outstanding loans bear interest at rates of 4.25% - 9.25% and maturity dates that range through 2028. The loan shall bear interest at a reasonable annual percentage interest rate to be determined by the Plan Administrator taking into account interest rates currently being charged by persons in the business of lending money with respect to loans made in similar circumstances. The loan uses the quarterly effective rate and remains at that rate for the life of the loan. Principal and interest is paid ratably through bi-weekly payroll deductions.

E. Participant Directed Investments

The Plan offers various investment options that have varying investment objectives, strategy, and risk, in addition to a suite of life-style options. The Plan provides participants with the opportunity to direct the investment of their account balances in any of the available investment options.

The Plan is designed and intended to comply with Section 404 (c) of ERISA.

F. Benefits

Participants may withdraw a portion or all of their contributions including any earnings thereon, subject to certain legal restrictions. In addition, hardship withdrawals and loans may be made with the approval of the Plan Administrator.

Under certain circumstances, there are eight types of withdrawals active employees may request while still working: Hardship Withdrawal, Withdrawal of Rollover Contributions, Withdrawal of Roth 401(k) Rollover Contributions, Age 59 1/2 Withdrawal, Roth Age 59 1/2 Withdrawal, Active Military Withdrawal, and Qualified Military Reservist Distribution.

Upon termination, and if interest in the Plan is \$5,000 or greater, participants may elect:

1. A lump-sum distribution;
2. A payment of part or all of the value of your vested Plan interests (exclusive of Roth elective deferral rollover contributions and Roth elective deferrals) in the Plan. Such a partial distribution cannot be less than \$500;
3. A payment of part or all of the value of your Roth elective deferral rollover contributions and/or Roth elective deferrals in the Plan. Such a partial distribution cannot be less than \$500;
4. Installment payments paid over a monthly, quarterly, or annual period for retirees (not including employees who terminate prior to age 55);
5. Cash-Out,

Notes to Financial Statements

As of July 3, 2023 and December 31, 2022

6. A direct rollover to another qualified retirement plan or IRA; or
7. Deferral of distributions to a later date.

If, upon termination, the participant account balance is \$5,000 or less, the account balance will be distributed from the Plan. A participant has 60 days after termination notice is received by Vanguard to elect one of the following options:

1. Paid in a "Direct Rollover" to an IRA or other qualified plan;
2. Paid to the participant in cash (less applicable income tax withholding).

2. Summary of Significant Accounting Policies

A. Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

B. Investments

Investments are stated at fair value.

Purchases and sales of securities are accounted for on the trade date. Gains or losses on sales of investments are based on the specific identification method. Investment income on bonds, stocks, and notes is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date.

Generally, under ordinary market conditions, all common collective trust positions provide daily market liquidity to Plan participants and the Plan. There are no unfunded commitments related to these investments.

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

C. Administrative and Operating Expenses

Office personnel, space, equipment, record keeping, legal, and audit and investment services are furnished by the Companies at no charge to the Plan. However, there is an investment manager fee associated with each investment option. The fee is collected by Vanguard from the portfolio daily and reduces the portfolio's daily closing price.

D. Benefits

Benefits paid to participants are recorded upon distribution.

E. Risks and Uncertainties

The Plan provides for various investment options in a combination of stocks, bonds, and fixed income securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level

HiRoad & BlueOwl 401(k) Savings Plan

Notes to Financial Statements

As of July 3, 2023 and December 31, 2022

of uncertainty related to changes in the value of investment securities, it is possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

F. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements. These estimates and assumptions also affect the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

G. Accounting Pronouncements

There are no new accounting pronouncements with known impacts to the 2023 financial statements.

H. Notes Receivable from Participants

Notes receivable from participants are participant loans that are stated at the unpaid principal balance plus any accrued but unpaid interest. This does not include delinquent loans that have been deemed distributable as they are considered benefit payments.

3. Fair Value Measurements

Fair value is defined as the price that would be received upon selling an investment in a timely transaction to an independent buyer in the principal or most advantageous market for the investment. The Plan's financial assets carried at fair value have been classified, for disclosure purposes, based on a hierarchy which prioritizes the inputs to valuation techniques used to measure fair value. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are summarized below:

- Level 1 – Assets classified as Level 1 assets are valued using quoted prices in active markets for identical investments. An active market for an investment is a market in which the investment is traded with sufficient frequency and volume to provide pricing information on an ongoing basis. A quoted price in an active market provides the most reliable evidence of fair value.
- Level 2 – Assets classified as Level 2 are valued using inputs other than quoted prices. These inputs are “observable,” either directly or indirectly.

HiRoad & BlueOwl 401(k) Savings Plan

Notes to Financial Statements

As of July 3, 2023 and December 31, 2022

- Level 3 –Assets classified as Level 3 assets are valued based on inputs that are unobservable for the investment. Unobservable inputs are inputs that reflect the reporting entity’s own assumptions used in pricing an investment based on the best information available. Unobservable inputs must be used to measure fair value when observable inputs are not available, or when there is little, if any, market activity for the investment at the valuation date.

The following table sets forth, within the fair value hierarchy, the Plan’s fair value measurements at July 3, 2023:

	Level 1 Market Value	Level 2 Market Value	Level 3 Market Value	Total
Mutual Funds	\$ -	\$ -	\$ -	\$ -
	\$ -	\$ -	\$ -	\$ -
Common Collective Trust Portfolios measured at net asset value:				\$ -
Total				\$ -

The following table summarizes the investments at fair value based on NAV per share as a practical expedient as of July 3, 2023:

Vanguard Retirement Savings Trust	\$ -	None	None	Daily	12 months
Vanguard Target Date Portfolios	\$ -	None	None	Daily	No formal notice period, but plan events need to be pre-noted and approved
Total	\$ -	\$ -			

The following table sets forth, within the fair value hierarchy, the Plan’s fair value measurements at December 31, 2022:

Notes to Financial Statements

As of July 3, 2023 and December 31, 2022

The following table summarizes the investments at fair value based on NAV per share as a practical expedient as of December 31, 2022:

Assets Valued at NAV as a Practical Expedient as of December 31, 2022					
	Fair Value	Unfunded Commitments	Redemption Restrictions	Redemption Frequency	Redemption Notice Period
Vanguard Retirement Savings Trust II	\$ 33,610	None	None	Daily	12 months
Vanguard Target Date Portfolios	\$ 11,618,599	None	None	Daily	No formal notice period, but plan events need to be pre-noted and approved
Total	\$ 11,652,209	\$ -			

During 2023 and 2022, the Plan did not hold any investments classified as Level 2 or Level 3.

Valuation Techniques

The following is a description of the valuation methodology used for assets at fair value.

Level 1 assets include actively-traded exchange-listed equity securities and valuations are based upon unadjusted quoted exchange prices for equity securities.

Common Collective Trust assets are valued at the net asset value of units held by the Plan at year-end, and include the use of significant observable inputs in determining the unit value. The net asset value is used as a practical expedient.

4. Income Tax Status

The IRS has determined and informed the Plan by a letter dated August 10, 2023 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan's management has analyzed the tax positions taken by the Plan, and has concluded that as of July 3, 2023 and December 31, 2022, there are no uncertain positions taken or expected within the next 12 months that would require recognition of a liability (or asset) or disclosure in the financial statements.

5. Parties in Interest

The Companies, Plan Administrator, Administrative Committee, Trustees and the Plan's custodian are all parties in interest to the Plan. The Companies fund the employer matching contributions and provide office personnel, space, equipment, and audit and investment services at no charge to the Plan. The Trustees monitor trust operations. The Companies pay custodian fees and Ascensus administration fees on behalf of the Plan. Vanguard Fiduciary Trust Co. manages a suite of investment options for the Plan. Employees with outstanding loans are also considered parties in interest.

6. Subsequent Events

The Plan has evaluated all subsequent events through April 11, 2024 which is the date that the financial statements were available for issuance.
