INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator, Participants, and Beneficiaries of
Integrity House Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Integrity House Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Integrity House Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the year ended June 30, 2023 and 2022, and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Integrity House Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Integrity House Retirement Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Integrity House Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Integrity House Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

June 30, 2023 and 2022

1. DESCRIPTION OF THE PLAN

The following description of the Integrity House Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, also known as a tax-sheltered annuity plan, covering all employees of Integrity, Inc. (the "Organization" or "Employer"). Employees are eligible to enter the Plan immediately upon their date of hire.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The recordkeeper of the Plan is Nationwide Financial Services, Inc. The Plan Trustees are responsible for the oversight of the Plan. The Retirement Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Contributions

Participants are eligible to participate in the Plan immediately on their date of hire and may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. Newly eligible participants are automatically enrolled at a 3% salary reduction amount unless otherwise designated by the participant. Effective July 1, 2015, the Plan provides for an automatic escalation provision for eligible participants of 1% every year until a participant reaches 5%.

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Special code Section 403(b) states that catch-up contributions are permitted if a participant has 15 years of service with the same employer ("15 years of service catch-up"). The 15 years of service catch-up enables the limit on elective deferrals to a participant's account to be increased by up to \$3,000 in any year for up to a maximum of \$15,000. In no event may participant pre-tax contributions exceed any statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Effective July 1, 2015, Roth deferrals are permitted by the Plan.

The Organization in its sole discretion will determine, if any, the amount it will make as a discretionary matching contribution each quarter. The Plan provided for a matching contribution in the amount of 100% of the participant's pre-tax contributions, up to 4.0% of compensation from July 1, 2022 to December 31, 2022, and up to 3.5% of compensation from January 1, 2023 to June 30, 2023. To be eligible for the Employer match, a participant must be 18 years of age or older and be employed the last day of each quarter. The Plan also provides for an additional discretionary Employer contribution, which may be made at the option of the Organization. To be eligible for discretionary contributions, a participant must have one year of service and have worked 1,000 hours in the given Plan year. There was no additional discretionary Employer contribution for the year ended June 30, 2023. Participants direct the investment of participant and Employer contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Organization's contributions and (b) Plan earnings (losses) and may be charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Organization's discretionary matching and additional discretionary Employer contribution portion of their accounts, plus actual earnings thereon, is as follows:

<u>Years of Service</u>	<u>Percent Vested</u>
0-1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participant Loans

Participant loans are not allowed under the Plan.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. For termination of services due to death or disability, a participant will become fully vested in his or her account. The Plan also allows for in-service distributions. In-service distributions upon reaching age 59 ½, for Plan year ended June 30, 2023, are only allowed from balances accrued prior to July 1, 2015. Contributions deposited after July 1, 2015, were available for in-service distributions between July 1, 2015 and March 31, 2020, at age 65 with 5 years of service. Effective April 1, 2020, the Plan was amended to allow in-service distributions of contributions deposited after July 1, 2015, at age 62 with no minimum service requirement.

Forfeitures

Forfeited nonvested accounts may be used to pay Plan expenses and to reduce future Organization contributions. During the year ended June 30, 2023, forfeitures of approximately \$47,000 were used to fund Employer contributions. Forfeited nonvested accounts available at June 30, 2023 and 2022 were approximately \$12,000 and \$12,000, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date and are reflected in the net asset value of the investment. Net appreciation (depreciation) in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividends are reinvested in the Plan and shown as part of the realized and unrealized appreciation in value of investments on the statement of changes in net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Substantially all expenses incurred in connection with the administration of the Plan are paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

3. INVESTMENT CERTIFICATION (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Nationwide Financial Services, Inc., including its subsidiary, Nationwide Trust Company, FSB, a division of Nationwide Bank and Nationwide Life Insurance Company (collectively, "Nationwide"), has certified to the completeness and accuracy of all investments and related investment activity in the accompanying statements of net assets available for benefits as of June 30, 2023 and 2022, the statement of changes in net assets available for benefits for the year ended June 30, 2023, and the accompanying supplemental schedule of assets (held at end of year) as of June 30, 2023. No auditing procedures were performed by the independent public accountant as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by Nationwide. Based on information provided and certified by Nationwide, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, for the year ended June 30, 2023.

The following information as of June 30, 2023 and 2022, and for the year ended June 30, 2023, was prepared from reports certified by Nationwide:

	<u>2023</u>	<u>2022</u>
Investments, at fair value		
Mutual funds	<u>\$ 4,140,110</u>	<u>\$ 3,321,416</u>
Investments, at contract value		
Guaranteed investment contract	<u>\$ 453,815</u>	<u>\$ 378,014</u>
Net appreciation in value of investments	<u>\$ 333,515</u>

4. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Observable inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Observable inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Valuation Methodology

The following is a description of the valuation methodology used for assets measured at fair value.

Mutual Funds: The fair value of the mutual funds was based on the net asset value of the shares held by the Plan at year end as reported on the active market on which the funds are traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value Hierarchy

The following tables set forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30:

	2023		
	Level 1	Level 2	Level 3
	Total		
Investments			
Mutual funds	\$ 4,140,110	\$ -	\$ -
	<u>\$ 4,140,110</u>	<u>\$ -</u>	<u>\$ -</u>

Integrity House Retirement Plan

	2022			
	Level 1	Level 2	Level 3	Total
Investments				
Mutual funds	<u>\$ 3,321,416</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,321,416</u>

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

There were no transfers in or out of Levels 1, 2, or 3.

5. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract named Best of America Group Retirement Series with Nationwide Trust Company, FSB, and/or Nationwide Life Insurance Company during 2016. Nationwide maintains the contributions in a general account. The contract is reported at contract value. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Nationwide, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's investments at contract value as of June 30, 2023 and 2022, were \$453,815 and \$378,014, respectively.

The Best of America Group Retirement Series held by the Plan is a guaranteed investment contract. The crediting rate is based on a formula established by the contract issuer but may not be less than .35%. The crediting rate is based on a daily interest at an effective annual rate of interest equal to the interest rate as set forth by the contract. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 403(b) of the Internal Revenue Code or the failure of the trust to be tax exempt under Section 501(a) of the Internal Revenue Code;
2. Plan exchange from contract in excess of 20% of book value;
3. Premature termination of the contracts; or
4. Plan termination or merger.

Integrity House Retirement Plan

Notes to Financial Statements

June 30, 2023 and 2022

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Except as indicated below, the guaranteed investment contract does not permit the issuer to terminate the agreement prior to the scheduled maturity date.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines;
2. A material misrepresentation; or
3. A material amendment to the agreements without the consent of the issuer.

The Plan administrator does not believe that there are any events that would limit the Plan's ability to transact at contract value.

6. TAX STATUS

The Plan has adopted a defined contribution volume submitter 403(b) plan sponsored by Future Plan. On March 31, 2017, the Internal Revenue Service stated in an opinion letter that the volume submitter adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code, and therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress. In addition, there is no tax related interest or penalties for the periods presented in these financial statements.

7. OPERATIONAL DEFICIENCY

The Plan inadvertently failed to auto enroll newly eligible participants in the plan. Management has evaluated the error and has determined that \$1,377 needs to be contributed to affected participants' retirement accounts. This amount includes an employer match, Qualified Non-Elective Contribution ("QNEC"), and QNEC earnings. At the date of issuance of these financial statements, management has corrected the error for those participants that were affected.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at June 30, 2023, may not necessarily be indicative of amounts that could be realized in a current market exchange.

9. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

A portion of the Plan's investments are held by Nationwide Trust Company, FSB, and the Plan has an insurance contract sponsored by Nationwide Life Insurance Company. Therefore, transactions related to these investments qualify as party-in-interest transactions.

10. MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads, or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

11. PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Organization contributions.

12. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through March 28, 2024, the date the financial statements were available to be issued. Based on this evaluation, the Plan has determined that no subsequent events have occurred that require adjustment to or disclosure in the financial statements.
