INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Alliance, Inc. 403(b) Retirement Plan
Timonium, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Alliance, Inc. 403(b) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for plan benefits for the year ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Alliance, Inc. 403(b) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Matrix Trust Company, a qualified institution as of June 30, 2023 and 2022, and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Alliance, Inc. 403(b) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Alliance, Inc. 403(b) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Alliance, Inc. 403(b) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Alliance, Inc. 403(b) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Part IV, line 4i – Schedule of Assets (Held at Year End) and Schedule H, Part IV, line 4a – Schedule of Delinquent Participant Contributions as of and for the year ended June 30, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Alliance, Inc. 403(b) Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Alliance, Inc. (the Company) in accordance with universal availability requirements. There are no age or service requirements to participate in the Plan. Participants receive credit for prior service with North Baltimore Center, Inc., Granite House Inc., and Mosaic Community Services, Inc.

Employees are eligible to receive the discretionary employer matching contribution if they are at least 18 years of age, have not terminated employment before the end of the Plan year and have worked 1,000 hours or more in a Plan year. For matching purposes, the hours of service and end of year employment requirements for participants who terminate employment before the end of the year due to death, disability, or voluntary termination due to retirement upon retirement age is waived.

Employees are immediately eligible to receive the discretionary non-elective employer contribution.

The Plan is subject to the provisions of ERISA. Participants are able to direct their contributions and employer contributions into various investment options designated by the Plan Administrator.

The Plan executed an agreement effective July 3, 2023 to have assets liquidated on June 30, 2023 and transferred to a new trustee, Fidelity Management Trust Company ("Fidelity"). As of June 30, 2023, all assets were in transit and were received by Fidelity by July 3, 2023.

Contributions

Each year, participants may contribute up to the maximum amount allowed by government guidelines on a pretax basis, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Upon approval by the board of directors, the Company may make a discretionary employer matching contribution to all eligible employees. During the year ended June 30, 2023, the Company did not make a discretionary employer matching contribution.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Contributions (Continued)

The Company is required to provide minimum health and welfare benefits at a set rate based on hours worked or hours paid as defined by individual contracts for all employees subject to minimum fringe benefits on contracts covered under the service contract act (SCA). The SCA contributions are contributed by the Company in the form of discretionary qualified non-elective employer contributions. For the year ended June 30, 2023, the total qualified non-elective employer contributions totaled \$14,458.

The Company may also make a discretionary non-elective employer contribution on behalf of eligible participants. Such contributions shall be allocated to participants based on the ratio that each participant's compensation bears to the total compensation paid to all eligible participants. During the year ended June 30, 2023, the Company made discretionary non-elective employer contributions equal to 1% of eligible compensation, totaling \$96,917, net of forfeitures of \$4,580. The Company contributions were remitted to the Plan subsequent to June 30, 2023, and, accordingly, are included as Employer contributions receivable in the 2023 statement of net assets available for plan benefits. Both participant and employer contributions are subject to limitations under applicable provisions of the Internal Revenue Code.

Participant Accounts

Each participant's account is credited with the participant's contribution and Company contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, qualified non-elective employer contributions related to SCA contributions, plus actual earnings thereon. Vesting in the Company's discretionary employer matching and non-elective contributions are based on years of continuous service. For the Company's discretionary employer matching and non-elective contributions, participants are vested as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Participants automatically become fully vested in the Company's discretionary employer match and non-elective contributions upon termination due to death, disability, or after attainment of age 59.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance, reduced by the participant's highest outstanding loan balance in the previous 12 months over the existing loan balance, if any, on the date a new loan is made. Loan terms may not exceed 5 years except for loans for the purchase of a principal residence. Principal residence notes are to be repaid within 10 years. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 2%, fixed at the inception of the loan. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, early retirement (age 59), or other reasons, a participant (or their beneficiary, in the event of death) will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In addition, hardship distributions are permitted if certain criteria are met, and in-service distributions are available to participants who have attained age 59 ½. Distributions of vested account balances of less than \$5,000, but greater than \$1,000 that meet the provisions for a mandatory distribution will be paid into an IRA established in their name if the participant does not elect the distribution method. Distributions of a vested account balance less than \$1,000 that meet the provisions for a mandatory distribution will automatically be paid directly to the participant as a cash lump-sum distribution if the participant does not elect the distribution method.

Forfeited Accounts

At June 30, 2023 and 2022, forfeited nonvested accounts totaled \$564 and \$815, respectively. These accounts will be used to reduce future employer contributions and pay administrative expenses. During 2023, \$4,580 of forfeitures were used to reduce employer contributions and \$1,355 were used to pay administrative expenses.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

ALLIANCE, INC. 403(B) RETIREMENT PLAN

Notes to Financial Statements

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment adviser, custodian, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis of accounting. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by Alliance, Inc. are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

NOTE 3 INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The financial statements as of June 30, 2023 and 2022 and for the year ended June 30, 2023 were prepared from information provided by Matrix Trust Company, the custodian of the Plan. Following is a summary of the financial information regarding the investment assets held by the custodian included in the accompanying financial statements and supplemental schedules based on information provided by the custodian to the Plan Administrator and certified as accurate and complete as of June 30, 2023 and 2022.

	2023	2022
Non-interest bearing cash	\$ 1,325,857	\$ -
Investments, at fair value	\$ -	\$ 1,158,390
Investments, at contract value	\$ -	\$ 2,300
Net appreciation in fair value of investments (including realized gains and losses)	\$ 92,632	
Capital gain distributions	9,555	
Dividends	23,153	
Interest	39	
	\$ 125,379	
Interest income on notes receivable from participants	\$ 1,575	

NOTE 4 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

ALLIANCE, INC. 403(B) RETIREMENT PLAN

Notes to Financial Statements

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 – Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to methodologies used at June 30, 2023 and 2022.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2022.

	Assets at Fair Value			
	Level 1	Level 2	Level 3	Total

Notes to Financial Statements

NOTE 5 FIXED ANNUITY CONTRACT WITH LINCOLN NATIONAL LIFE INSURANCE COMPANY

The Plan maintains a fully benefit-responsive fixed annuity contract with Lincoln National Life Insurance Company. There was no balance on the contract at June 30, 2023 due to liquidation for the transfer of assets to Fidelity on July 3, 2023. The balance on the contract at June 30, 2022 was \$2,300. Lincoln National Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than one percent. Such interest rates are reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Lincoln National Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

ALLIANCE, INC. 403(B) RETIREMENT PLAN

Notes to Financial Statements

NOTE 6 RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Matrix Trust Company, the custodian, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan made a direct payment to NWPS for administrative services of \$27,186 and a direct payment for investment advisory services of \$5,222 for the year ended June 30, 2023. The Plan Sponsor pays directly any other fees related to the plan's operations.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of a termination, participants would become 100 percent vested in their employer contributions.

NOTE 8 TAX STATUS

The Company adopted the CCH Incorporated DBA ftwilliam.com Volume Submitter 403(b) Plan as the base for the Alliance, Inc. 403(b) Retirement Plan. An IRS opinion letter dated March 31, 2017 has been obtained for this prototype plan to incorporate technical changes in pension law provisions to remain in compliance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan is subject to routine audits by taxing jurisdictions; generally for a period of three years after the returns are filed; however, there are currently no audits for any tax periods in progress.

NOTE 9 RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

ALLIANCE, INC. 403(B) RETIREMENT PLAN

Notes to Financial Statements

NOTE 10 TRANSFERS FROM OTHER PLANS

The Company is a member of a controlled group where employees could transfer from one related employer to another. When this occurs, participants have the option to leave their account balances with the Plan or transfer their account balance to the related employer's defined contribution plan. In 2023, account balances totaling \$3,502 were transferred from the Section 403(b) Retirement Plan for Mosaic Community Services, Inc.

NOTE 11 DELINQUENT PARTICIPANT CONTRIBUTIONS

During the plan year 2022, the Plan had delinquent participant contribution remittances that totaled \$10 that were corrected outside the voluntary fiduciary correction program in February 2023 when the Plan Sponsor remitted the delinquent contributions.

NOTE 12 SUBSEQUENT EVENTS

The Plan Administrator has evaluated events and transactions subsequent to June 30, 2023 through April 11, 2024, the date these financial statements were available to be issued. Management has identified the following event that has occurred subsequent to June 30, 2023 and through April 11, 2024, that requires recognition or disclosure in the financial statements.

As described in Note 1, effective July 2023, the Plan changed recordkeeping services from Matrix Trust Company to Fidelity Management Trust Company. Assets were liquidated beginning on June 30, 2023 from Matrix Trust Company and received by Fidelity Management Trust Company on July 3, 2023.
