To the Plan Administrator
Fort Worth Country Day School Defined Contribution
Retirement Plan
Fort Worth, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Fort Worth Country Day School Defined Contribution Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Fort Worth Country Day School Defined Contribution Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of June 30, 2023 and 2022, and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Fort Worth Country Day School Defined Contribution Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fort Worth Country Day School Defined Contribution Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fort Worth Country Day School Defined Contribution Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fort Worth Country Day School Defined Contribution Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year the ended June 30, 2023, and of assets (held at end of year) as of June 30, 2023, (collectively, "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of Fort Worth Country Day School Defined Contribution Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Fort Worth Country Day School (the "School", "Employer", or "Plan Sponsor") pursuant to Section 403(b) and related provisions of the Internal Revenue Code (IRC), and was established September 1, 1974, and restated effective as of July 1, 2017. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination of employment, or financial hardship. The Plan covers all eligible employees of the School upon employment, as defined by the Plan. It is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act, related to participant loans and distributions. The Plan has not been formally amended to adopt these provisions as of June 30, 2023.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The School has until the end of the first Plan year beginning on or after January 1, 2025, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of June 30, 2023.

Plan administration

The School is responsible for the administration and operation of the Plan; however, the School has delegated certain functions related to Plan operations and administration to TIAA and CREF, and as agent for TIAA, FSB (collectively known as TIAA), and Principal Trust Company ("Principal") to serve as the Plan's asset custodians (collectively the "Custodians") who are responsible for the custody and management of the Plan's assets. Affiliates of the Custodians are responsible for maintaining participant accounts and transactions related to participant initiated activity.

Effective July 1, 2011, the Plan froze future contributions to TIAA. Participants were allowed to maintain their current accounts with TIAA due to certain investment limitations. TIAA continues to administer these accounts, which primarily consist of investments, earnings and participant distributions.

1. DESCRIPTION OF THE PLAN (continued)

Eligibility

All employees of the School, except employees who are scheduled to work less than 20 hours a week, are immediately eligible to participate in the Plan. Eligible employees may receive Employer contributions upon being credited with one year of service, as defined in the plan documents.

Participant contributions

Participants are allowed to contribute up to 100% of their eligible pre-tax or after-tax (as Roth contributions) compensation, as defined in the plan documents, up to the annual contribution limit as defined in the IRC.

Plan participants who have attained age 50 or older before the end of a calendar year are allowed to make additional contributions called "catch-up contributions" to the Plan, up to the annual contribution limit as defined in the IRC.

Participants are also allowed to make rollover contributions of amounts received from other tax qualified employer-sponsored retirement plans and individual retirement accounts. All contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

As a condition of employment, faculty and administrators of the School, who have been credited with one year of service are required to make mandatory elective deferral contributions to the Plan equal to 4% of eligible compensation.

Employer contributions

The Employer matching contribution is based on the employee's age and years of service. The Employer contributes 6% of eligible compensation to employees who are under the age of 40 as of September 1st of the Plan year and who are contributing at least 4% of eligible compensation. The Employer contributes 7.2% of eligible compensation to employees who are age 40 or older as of September 1st and are contributing at least 4% of eligible compensation.

Employees who are age 55 or older and have been credited with at least 15 years of service as of September 1st of the Plan year are eligible for the following Employer contribution: 8% of eligible compensation if the employee is contributing at least 5% of eligible compensation; 9% of eligible compensation if the employee is contributing at least 6% of eligible compensation; 10% of eligible compensation if the employee is contributing at least 7% of eligible compensation.

1. DESCRIPTION OF THE PLAN (continued)

Participant accounts

Each participant's account is credited with the participant's contributions, rollover contributions, Employer matching contributions, Employer non-elective contributions, if any, and Plan earnings, and charged with Plan losses and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Payment of benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum distribution or installment payments under various options equal to the value of the participant's vested interest in his or her account. Upon termination of service, a participant may leave the account in the Plan or may elect to receive the value of vested interest in his or her account as a lump sum distribution with the exception of the value of interest held in the TIAA Traditional Annuity (Note 3).

Upon attaining the age of 59 ½, the participant may, while still employed by the School, request a withdrawal from their account balance. Hardship withdrawals are permitted as described in the plan documents.

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon.

Administrative expenses

Administrative expenses are generally paid by the School, but may, at the discretion of the plan administrator, be paid by the Plan. Transaction fees for certain participant-initiated activity are charged to the specific account of the participant initiating any such transaction. The Plan is not required to reimburse the School for expenses paid on its behalf.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Notes to Financial Statements
June 30, 2023 and 2022

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and disclosures. Actual results may differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risk in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 5). Contract value represents contributions made under a contract, plus interest, less participant withdrawals, and administrative expenses (Notes 3 and 4).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the School, which is the pay date. School contributions, if any, are recorded in the year earned to coincide with the year in which the School records the contributions in its general ledger. The Plan records receivables for contributions based upon contributions recorded in the Plan year but received by the Plan subsequent to year end.

Rollover contributions from participants are recorded based on the date the rollover contributions have been received by Principal.

Payment of benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative expenses

Administrative expenses are recorded when incurred.

Subsequent events

The Plan has evaluated subsequent events through April 11, 2024, the date the financial statements were available to be issued. No subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

3. GUARANTEED FIXED ANNUITY CONTRACTS WITH TIAA

The Plan invests in investment contracts through the TIAA Traditional Annuity. The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to Plan participants. The TIAA Traditional Annuity is offered through a variety of contract types, including Retirement Annuity (RA), Supplemental Retirement Annuity (SRA), and Group Supplemental Retirement Annuity (GSRA). The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement. The GSRA and SRA are considered fully benefit-responsive contracts, and the RA is considered a non-fully benefit-responsive contract.

The GSRA and SRA contracts are fully and unconditionally guaranteed by TIAA, which meets the fully benefit-responsive investment contract criteria and therefore are reported at contract value. The contract value of the investment totaled \$182,689 and \$185,370 as of June 30, 2023 and 2022, respectively. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, is guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. See Note 5 for the crediting interest rates for the non-fully benefit-responsive RA contract.

3. GUARANTEED FIXED ANNUITY CONTRACTS WITH TIAA (continued)

The crediting interest rates for fully benefit-responsive contracts were as follows as of June 30, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
GSRA Contracts	5.50 %	4.25 %
SRA Contracts	5.50 %	4.25 %

When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

Certain events might limit the ability of the Plan to transact at contract value with TIAA. These events may be different under each contract. Examples of such events include the following: (1) the Plan's failure to qualify under Section 401(a) of the IRC or the failure to qualify for exemption from federal income taxes under section 501(a) of the IRC; (2) premature termination of the contracts; (3) failure to meet any required or prohibited transaction exemption under ERISA; (4) certain amendments to the plan documents (including complete or partial Plan termination or merger with another plan); or (5) bankruptcy of the Plan Sponsor or other Plan Sponsor events that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

4. GUARANTEED INTEREST ACCOUNT WITH PRINCIPAL

The Plan maintains a custodial guaranteed interest account ("account"), issued by Principal Life Insurance Company ("account issuer" or "issuer"). The account is credited with contributions and with interest and charged for participant withdrawals and administrative expenses. The account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The account does not permit the issuer to terminate the agreement prior to the scheduled maturity date. The guaranteed minimum interest rate must be greater than 1% and less than 3%. The crediting interest rate is reset semi-annually.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported in the Plan's financial statements at contract value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the investment totaled \$6,081,075 and \$6,212,827 as of June 30, 2023 and 2022, respectively.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

4. GUARANTEED INTEREST ACCOUNT WITH PRINCIPAL (continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, early withdrawal from the guaranteed interest account, and premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

5. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements).

The three levels of fair value hierarchy are as follows:

- *Level 1* - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- *Level 2* - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability; or
- *Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement of the assets or liabilities.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used as of June 30, 2023 and 2022.

Mutual funds and pooled separate account:

The Plan's investment in mutual funds consists of investments principally in funds containing equity securities, fixed-income instruments and short term investments in accordance with each portfolio's investment objectives. The investment in a pooled separate account consists of real estate properties and real estate-related investments underlying the fund. Investments are valued using market quotations or prices obtained from independent pricing services.

5. FAIR VALUE MEASUREMENTS (continued)

CREF Variable Annuities

The fair values of accumulation units held by the Plan in CREF variable annuities are primarily valued using market quotations or prices obtained from independent pricing sources. Data for values are available daily to Plan administrators and client investors on TIAA's website and provide sufficient corroborative evidence to ascertain the relationship between each fund's value and the values of individual underlying holdings. Underlying holdings include mutual funds and are primarily valued using market quotations or prices obtained from independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in these accounts, and these investments may be redeemed at any time.

TIAA Traditional Annuity:

The contract value of the Plan's interest in guaranteed annuity contracts consist of non-fully and fully benefit-responsive contracts and are determined by the accumulated cash contributions and interest credited to the contracts, less any withdrawals. Contract value is considered an approximation of fair value. The crediting rate is based on the performance of a large, diversified portfolio, is correlated with the highest debt security yields, and is adjusted for contract liquidity (Note 3).

As these investments are contract-based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs.

While investment in non-fully benefit-responsive contracts is carried at fair value and categorized within the fair value hierarchy, investment in fully benefit-responsive contracts are presented at contract value and are not categorized within the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

For the year ended June 30, 2023, purchases of level 3 investments totaled \$216,419, sales of level 3 investments totaled \$340,285, and net transfers into level 3 investments totaled \$3,007.

6. INFORMATION CERTIFIED BY THE CUSTODIANS (UNAUDITED)

The Plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Custodians, determined to be qualified institutions by the plan administrator, have certified to the completeness and accuracy of:

- Investments as shown in the accompanying statements of net assets available for benefits as of June 30, 2023 and 2022.
- Investment income as shown in the accompanying statement of changes in net assets available for benefits for the year ended June 30, 2023; and,
- Investments reflected on the schedule of assets (held at end of year) as of June 30, 2023 ("supplemental schedule").

Accordingly, as requested by the plan administrator, the Plan's independent auditor performed no procedures on the certified information other than to agree the certified information to the related information included in the Plan's financial statements and supplemental schedule.

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines parties-in-interest similarly to the definition of a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be parties-in-interest.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (continued)

Certain fees and expenses of the Plan relating to legal, accounting, and other administrative expenses are paid by the School. The Plan is not required to repay expenses paid by the School on its behalf.

Plan investments generate revenue credits from which Principal determines the amount it expects to receive in connection with the Plan's investment holdings for the costs they incur related to administering the Plan. Excess revenue credits, if any, are deposited into the Plan's ERISA Budget Account which may be used to pay direct, reasonable and necessary expenses of the Plan as defined by ERISA. For the year ended June 30, 2023, the Plan paid audit and consulting expenses of \$39,972 from the ERISA Budget Account. As of June 30, 2023 and 2022, the ERISA Budget account had a balance of \$47,186 and \$39,972, respectively. Plan administrative expenses in excess of revenue credits available in the Plan's ERISA Budget Account were paid by the School.

The Custodians retain as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

Certain Plan investments are managed by the Custodians, therefore, these investment transactions including the revenue sharing agreement qualify as exempt party-in-interest transactions.

8. PLAN TERMINATION

Although the School has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

9. TAX STATUS

The Plan adopted the Carroll Consultants LTD Volume Submitter 403(b) Plan ("volume submitter plan"). The Internal Revenue Service has issued an opinion letter dated March 31, 2017, stating that the volume submitter plan is designed in accordance with the applicable sections of the IRC and is appropriate for use by employers for the benefit of their employees. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.
