Independent Auditors' Report

To the Plan Administrator of
The Woodlands Christian Academy 403(b) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements

We have performed an audit of the financial statements of The Woodlands Christian Academy 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the 2023 Financial Statements* section:

- The amounts and disclosures in the accompanying 2023 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors'*

Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of The Woodlands Christian Academy 403(b) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Woodlands Christian Academy 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Woodlands Christian Academy 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Woodlands Christian Academy 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2023 Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended June 30, 2023 and the supplemental schedule of assets (held at end of year) as of June 30, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of The Woodlands Christian Academy 403(b) Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated April 17, 2023 indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedules, other than the information in the 2022 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

The Woodlands Christian Academy 403(b) Plan

Notes to Financial Statements for the year ended June 30, 2023

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of The Woodlands Christian Academy 403(b) Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan established for the benefit of all employees of The Woodlands Christian Academy (the Academy) who are not nonresident aliens, students and those who normally work fewer than 20 hours per week. Employees covered by a collective bargaining agreement and leased employees are not eligible for employer contributions but may participate in the salary deferral portion of the Plan. Covered employees are eligible to participate in the Plan immediately upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – The Plan provides for both participant contributions and employer contributions as follows:

- *Participant contributions* – Participants may contribute up to 100% of their compensation as defined by the Plan on a pre-tax basis, subject to certain limitations under the Internal Revenue Code (the Code). The Plan allows catch-up contributions, as defined by the Code, for participants who have attained the age of 50 prior to the end of the plan year. Participants also may rollover any amounts they receive as distributions from another qualified retirement plan.
- *Employer contributions* – Employees who are 21 years of age or older are eligible for employer contributions after completing 1000 hours and one year of service. The Academy makes a matching contribution equal to 100% of the participant's elective deferral subject to the maximum contribution schedule based on years of service as follows:

<u>YEARS OF SERVICE</u>	<u>MAXIMUM</u>
Less than 5 years	5%
5 years but less than 10 years	6%
10 years or more	7%

The Academy also may elect to make an additional nonelective contribution to the Plan that will be allocated to all participants in a ratio of each participant's compensation to the compensation of all participants, regardless of whether the participant contributes to the Plan or not. No discretionary nonelective contributions were made to the Plan for the 2023 plan year.

Participants direct the investment of all contributions into various investment options offered by the Plan.

Vesting – Participants are immediately 100% vested in all participant contributions plus actual earnings thereon. Participants become 20% vested in employer contributions after one year of credited service and vest 20% per year thereafter, becoming 100% vested after five years of credited service. Participants who are employed at time of death or disability become 100% vested in all amounts at that time.

Participant accounts – Each participant's account is credited with the participant's contributions, employer contributions and an allocation of the investment income and expenses for each fund in which their account is invested. The only benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Forfeitures – The Plan uses any amounts forfeited to reduce future employer contributions or to pay plan expenses. During 2023, \$47 forfeitures were used to fund employer contributions and \$72 were used to pay Plan expenses. Unused forfeitures totaled \$12,729 and \$6,968 at June 30, 2023 and 2022.

Benefit payments – The Plan provides for benefit distributions to the plan participants (or their beneficiaries in the event of death) equal to the balance of their vested accounts upon retirement, death, disability, termination of employment, or upon attainment of age 59½. Participants also may take a distribution of their rollover contribution at any time. Upon termination of employment for any reason, if a participant's account is less than or equal to \$5,000, the account balance will automatically be distributed to the participant.

Plan termination – Although it has not expressed any intent to do so, the Academy has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become 100% vested in their employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment valuation – Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, insurance companies and custodian. See Note 6 for discussion of fair value measurements.

The Plan invests in fully benefit-responsive investment contracts and presents these investment in the financial statements at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value equals the accumulated cash contributions and interest credited to the Plan's accounts, less any withdrawals.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Benefit payments – Benefit payments to participants are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Academy and are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Other investment-related and recordkeeping expenses paid by the Plan are included in administrative expenses.

Estimates – Management must make estimates and assumptions to prepare financial statements in accordance with generally accepted accounting principles. These estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of additions and deductions. Actual results could vary from the estimates that were used.

Reclassifications – Some items in the prior year footnote disclosures were reclassified to conform to the current presentation. Reclassifications had no effect on prior year net assets available for benefits or prior year changes in net assets available for benefits.

NOTE 3 – TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Code. The terms of the Plan have been prepared to conform to the listing of 403(b) plans that have been pre-approved by the Internal Revenue Service. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b). The plan sponsor has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

NOTE 4 – INVESTMENTS

At June 30, 2023 and 2022, certain assets of the Plan were invested in funds managed by Teachers Insurance and Annuity of America (TIAA), College Retirement Equities Fund (CREF), Massachusetts Mutual Life Insurance Company (MassMutual), and Empower Annuity Insurance Company of America (Empower), as insurance companies. These transactions qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules of ERISA.

There were no individual investments that represent 10% or more of the Plan's net assets as of June 30, 2023. Individual investments that represent 10% or more of the Plan's net assets at June 30, 2022 are as follows:

MassMutual Guaranteed Interest Account	\$595,595
--	-----------

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

NOTE 5 – INFORMATION CERTIFIED BY INSURANCE COMPANIES AND CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at June 30, 2023 and 2022, and net appreciation in fair value of investments and interest and dividends for the year ended June 30, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower, TIAA and CREF, as insurance companies, and Reliance Trust Company, as the custodian of certain plan assets.

NOTE 6 – FAIR VALUE MEASUREMENTS

Generally accepted accounting principles require that certain assets and liabilities be reported at fair value. The three levels of the fair value hierarchy are as follows:

- *Level 1* – Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the reporting date.
- *Level 2* – Inputs are other than quoted prices included in Level 1, which are either directly observable or can be derived from or corroborated by observable market data at the reporting date.
- *Level 3* – Inputs are not observable and are based on the reporting entity's assumptions about the inputs market participants would use in pricing the asset or liability.

Assets measured at fair value at June 30, 2023 are as follows:

	<u>LEVEL 1</u>	<u>LEVEL 2</u>	<u>LEVEL 3</u>	<u>TOTAL</u>
Mutual funds	\$ 4,021,319			\$ 4,021,319
CREF accounts	651,842			651,842
Non-benefit responsive fixed annuity contracts			\$ 210,202	210,202
TIAA Real Estate Account	<u>21,224</u>			<u>21,224</u>
Total assets measured in the fair value hierarchy	<u>\$ 4,694,385</u>	<u>\$ 0</u>	<u>\$ 210,202</u>	4,904,587
Investments measured at net asset value as practical expedient:				
TIAA Access accounts (a)				<u>241,848</u>
Investments at fair value				<u>\$ 5,146,435</u>

Assets measured at fair value at June 30, 2022 are as follows:

	<u>LEVEL 1</u>	<u>LEVEL 2</u>	<u>LEVEL 3</u>	<u>TOTAL</u>
Mutual funds	\$ 2,664,234			\$ 2,664,234
CREF accounts	563,993			563,993
Non-benefit responsive fixed annuity contracts			\$ 213,412	213,412
TIAA Real Estate Account	<u>23,377</u>			<u>23,377</u>
Total assets measured in the fair value hierarchy	<u>\$ 3,251,604</u>	<u>\$ 0</u>	<u>\$ 213,412</u>	3,465,016
Investments measured at net asset value as practical expedient:				
TIAA Access accounts (a)				<u>220,840</u>
Investments at fair value				<u>\$ 3,685,856</u>

- (a) The investment accounts included in the TIAA Access accounts consist of (1) U. S. equity accounts, (2) global equity accounts, and (3) lifecycle accounts. U. S. equity accounts seek a favorable rate-of-return through capital appreciation and investment income by investing primarily in a broadly diversified portfolio of U. S. common stocks. Global equity accounts seek a favorable long-term rate-of-return through capital appreciation and income from broadly diversified portfolios that consist primarily of foreign and domestic equity securities. Lifecycle accounts seek high total return over time through a combination of capital appreciation and income by investing in an asset allocation strategy designed for investors planning to retire at certain intervals. There are no participant-directed redemption restrictions; however, the Plan is required to provide a notice 60 days in advance, but no more than 90 days, to liquidate its entire share in the accounts. Redemptions can be made daily and there are no unfunded commitments.

Following is a description of the valuation methods and inputs used for each major class of assets measured at fair value. There have been no changes in the methods used at June 30, 2023 and 2022.

- *Mutual funds* are valued using quoted market prices. These funds are traded on an exchange in an active market.
- *CREF accounts* invest principally in equity securities, fixed-income instruments and short-term investments in accordance with each portfolio's investment objectives. Account investments are primarily valued using market quotations or prices obtained from independent pricing sources who may employ various pricing methods to value the investments including matrix pricing. CREF Money Market Account holdings are generally valued at amortized cost. Each account determines its unit value each day. Unit values are published each day the New York Stock Exchange (NYSE) is open and are the basis for current transactions.

- *Non-benefit responsive fixed annuity contracts* are valued using a quantitative model based on assumptions of future interest rates and related discounted cash flows. Since the annuity is not available for sale or transfer on any securities exchange, transactions in similar investment instruments are not observable.
- *TIAA Real Estate Account* generally invests in real estate properties and real estate-related investments. The account's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. Securities held are priced using values obtained from independent pricing sources. Unit values are calculated and published each day the NYSE is open and are the basis for current transactions.
- *TIAA Access accounts* are variable annuities funded through the TIAA Separate Account VA-3 (VA-3), a separate investment account of TIAA registered under the Investment Company Act of 1940. VA-3 invests in mutual funds through various subaccounts. The subaccounts are valued at the net asset value (NAV) of the shares held by the Plan. The NAV is used as a practical expedient to estimate the fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

These valuation methods may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate, the use of different methods or assumptions could result in a different fair value measurement at the reporting date.

Purchases of Level 3 assets during the year ended June 30, 2023 totaled \$9,219. The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

<u>INSTRUMENT</u>	<u>FAIR VALUE</u>	<u>VALUATION TECHNIQUE</u>	<u>SIGNIFICANT UNOBSERVABLE INPUTS</u>	<u>RANGE OF SIGNIFICANT INPUT VALUES</u>
Non-benefit responsive fixed annuity contracts	\$210,202	Discounted cash flow	Risk-adjusted discount rate applied	3.70%-6.25%

NOTE 7 – INVESTMENT CONTRACT WITH INSURANCE COMPANIES

TIAA Contract

The Plan has entered into an investment contract with TIAA. The fixed annuity portion of this contract, or the TIAA Traditional Annuity Account (TIAA TAA), is maintained by TIAA in a general account and is backed by TIAA's claim-paying ability. During the accumulation phase, TIAA TAA provides a guarantee of principal, a guaranteed minimum rate of interest, and the potential for additional interest if declared by TIAA. Together, the guaranteed minimum and additional amounts make up the "crediting rate" in the accumulation phase of the account. TIAA groups the funds received over discrete time periods into "vintages." The interest credited to each vintage period reflects the investment returns initially obtained on TIAA's investments during the period.

Certain TIAA contract types are fully benefit-responsive; therefore, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to these contracts. Of the amounts invested in TIAA TAA, \$14,387 and \$13,810 are fully benefit-responsive at June 30, 2023 and 2022, respectively, and \$210,202 and \$213,412 are non-benefit responsive at June 30, 2023 and 2022, respectively. Non-benefit responsive contracts contain liquidity restrictions on the redemption of TIAA TAA accumulations by participants, which could impact the value realized upon exiting the contract.

MassMutual Contract

The Plan holds a general account product with MassMutual, the MassMutual Guaranteed Interest Account (GIA). Because the GIA is a general account product offered through a group annuity contract, participant principal and interest are backed by the entire general account assets of MassMutual. Under the terms of the GIA group annuity contract, participants may direct permitted withdrawal and/or transfer transactions of all or a position of their balance in the GIA investment option at contract value; therefore, the GIA is fully benefit-responsive and valued at contract value. At June 30, 2023 and 2022, the GIA account balance was \$330,776 and \$595,595, respectively.

The investment strategy employed for this product seeks to achieve consistent returns to support a competitive credited rate. Bonds invested in the general account segment have an average maturity between three and seven years; are investment-grade in quality; and are diversified across a range of fixed-income asset classes such as asset-backed securities, mortgage-backed securities, commercial mortgage-backed securities, commercial mortgages, and private equity.

Crediting Interest Rates

TIAA Contract

The crediting interest rate is supported by the investment performance of a large, diversified portfolio (TIAA's general account), is correlated with the highest quality debt security yields, and is adjusted for contract liquidity, but may not be less than 1% to 3% based on the individual participant's contract type. TIAA declares a current interest rate annually.

MassMutual Contract

The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1%. MassMutual declares the crediting interest rate semi-annually based on the investment experience of the investment pool.

The Plan's ability to receive amounts due under each contract is dependent on each issuer's ability to meet its financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuers or otherwise.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuers. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with participants. In addition, certain events allow the contract issuers to terminate the contract with the Plan and settle at an amount different from contract value. The Academy believes that no such events are probable to allow for settlement at an amount different than contract value.
