Independent Auditor's Report

To Plan Administration and Management of the
Process Equipment & Service Company, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Process Equipment & Service Company, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of June 30, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

The 2022 financial statements of the Plan were audited by a predecessor auditor. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by the qualified institution.

Their report dated April 14, 2023 indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedule other than that derived from the certified information, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Process Equipment & Service Company, Inc. 401(k) Plan
Notes to Financial Statements
June 30, 2023 and 2022

1) Description of Plan

The following description of the Process Equipment & Service Company, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, adopted July 1, 1999, is a defined contribution plan covering all employees of Process Equipment and Service Company, Inc. (the "Company") who have one year of service and are age nineteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the Plan's sponsor and serves as Plan administrator.

Contributions

Each year, participants may contribute up to limits set by the Internal Revenue Code and Regulations. Participants who have attained age 50 before the end of the Plan year are also eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The company has elected to be treated as a Safe Harbor Plan and has committed to making a contribution equal to 3% of employee compensation. The company may also make additional discretionary contributions as approved by its board of directors, up to limits prescribed by the IRS; these contributions are allocated only to participants employed on the last day of the Plan year. Contributions are invested as directed by the participant. Contributions are made as soon as administratively feasible.

Participant Accounts

Each participant account is credited with the participant's contribution and allocations of (a) the company's contribution and (b) plan earnings and charged amounts of an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1) Description of Plan — continued

Vesting

Participants are immediately vested in their contributions plus allocated earnings thereon. Participants are also immediately vested in safe-harbor employer contributions as well as rollover contributions. Vesting in the Company's discretionary contributions plus actual earnings and changes in value thereon is based on years of service. Employees are subject to vesting provisions in the schedule below and will be vested in increments of 20% per year until fully vested after six years of employment.

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
Less than Two Years	0%
Two Years but less than Three Years	20%
Three Years but less than Four Years	40%
Four Years but less than Five Years	60%
Five Years but less than Six Years	80%
Six or More Years	100%

Participant Loans

Participants are currently not permitted to borrow from their fund accounts per the Plan agreement.

Administrative Expenses

Administrative expenses incurred by the Plan are routinely paid by the Company.

Distributions

On termination of service due to death, disability, or retirement, a participant may elect to receive their vested account balance as a lump-sum payment, or as payments over a certain period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Vested amounts in excess of \$5,000 may be left in the plan.

Forfeited Accounts

For the years ended June 30, 2023 and 2022, forfeited non-vested accounts totaled approximately \$2,660 and \$46, respectively. For the years ended June 30, 2023 and 2022, forfeitures were not used to reduce contributions or pay plan expenses.

2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Valuation of Investments

In compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan values its investments at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. If available, quoted market prices are used to value investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. In accordance with valuing investments at fair value, the net unrealized appreciation or depreciation is presented in the statements of changes in net assets available for benefits.

Payment of Benefits

Benefit payments are recorded when paid.

Date of Management's Review

Subsequent events were evaluated through April 11, 2024, which is the date the financial statements were available to be issued.

3) Investments

The following presents investments at fair value, except for fully benefit-responsive or investment contracts, which are reported at contract value at June 30:

	<u>2023</u>	<u>2022</u>
Mutual funds	\$ 9,741,228	\$ 9,533,984
Collective trust funds	172,622	31,593
Fixed annuity contracts	60,408	2,527
Total investments	<u>\$ 9,974,258</u>	<u>\$ 9,568,104</u>

The Plan's investments appreciated (depreciated) in value for the years ended June 30, as follows:

	<u>2023</u>	<u>2022</u>
Net appreciation (depreciation) in fair value of investments	<u>\$ 824,375</u>	<u>\$ (914,512)</u>

4) Information Prepared and Certified by the Custodian

The following information included in the accompanying financial statements for the years ending June 30, 2023 and 2022 and the supplemental schedule as of June 30, 2023 were obtained from data that has been prepared and certified as complete and accurate by the investment custodian.

	<u>2023</u>	<u>2022</u>
Mutual funds	\$ 9,741,228	\$ 9,533,984
Collective trust funds	172,622	31,593
Fixed annuity contracts	60,408	2,527
	<u>\$ 9,974,258</u>	<u>\$ 9,568,104</u>

Process Equipment & Service Company, Inc. 401(k) Plan
Notes to Financial Statements
June 30, 2023 and 2022

5) Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires that Plan management evaluate tax positions taken by the Plan and recognize tax assets (liabilities) for uncertain tax positions that more likely than not would be sustained upon examination by the IRS. The Plan has no uncertain tax positions taken or expected to be taken for the years ended June 30, 2023 or 2022. The Plan Administrator believes the Plan is no longer subject to potential income tax examinations for years prior to June 30, 2020.

The Plan recognizes interest accrual related to unrecognized tax benefits in interest expenses and penalties as operating expenses, when applicable. No provision for the effects of uncertain tax positions has been recorded for the years ended June 30, 2023 and 2022.

For the years ended June 30, 2023 and 2022, there were no liabilities related to unrecognized tax benefits.

6) Fair Value Measurement

The Plan's investments, except for fully benefit-responsive fixed annuity contracts, which are reported at contract value, are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Process Equipment & Service Company, Inc. 401(k) Plan
Notes to Financial Statements
June 30, 2023 and 2022

6) Fair Value Measurement — continued

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs are only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Fair Value Measurements – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

6) Fair Value Measurement — continued

The following are descriptions of the valuation methodologies used for assets measured at fair value:

Mutual funds – Valued at the quoted net asset value (NAV) of shares held by the plan at year end.

Collective trust funds – Valued using the market approach NAV based on fair value of underlying investments.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value.

	Fair Value Measurements Using:		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)
For the year ended June 30, 2023			
Mutual funds	\$ 9,741,228	\$ 9,741,228	\$ -
Collective trust funds	<u>172,622</u>	<u>-</u>	<u>172,622</u>
Total	<u>\$ 9,913,850</u>	<u>\$ 9,741,228</u>	<u>\$ 172,622</u>
For the year ended June 30, 2022			
Mutual funds	\$ 9,533,984	\$ 9,533,984	\$ -
Collective trust funds	<u>31,593</u>	<u>-</u>	<u>31,593</u>
Total	<u>\$ 9,565,577</u>	<u>\$ 9,533,984</u>	<u>\$ 31,593</u>

7) **Related Party Transactions**

Certain Plan investments are managed by Empower Trust Company, LLC and Empower Annuity Insurance Company of America. Empower Trust Company, LLC is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Process Equipment & Service Company, Inc. 401(k) Plan
Notes to Financial Statements
June 30, 2023 and 2022

8) Investment Contracts

The Plan offers a fully benefit-responsive investment contract through a rider to Empower Annuity Insurance Company of America ("EAICA") annuity contract. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under their terms of the Plan. Contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers, if any, less any withdrawals and transfers, if any.

The fully benefit-responsive contract held by the Plan is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets of the portion of the Great West general accounts that is used to determine the Guaranteed Interest Account's crediting rate compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset at least annually and no more frequently than quarterly for some contracts. The average yield earned by the Plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2023 is 1.10% and for 2022 is .86%. The actual average yield earned by the Plan for the benefit responsive fund can be derived by averaging the Plan's quarterly interest rates. That average for 2023 is 1.10% and for 2022 is .83%.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent upon the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Code;
- Plan termination;
- Premature termination of the contracts;
- Bankruptcy of the Plan Sponsor or other Plan Sponsor events that significantly affect the Plan's normal operations

Process Equipment & Service Company, Inc. 401(k) Plan
Notes to Financial Statements
June 30, 2023 and 2022

8) Investment Contracts - continued

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. There are no known events that permit the issuer to terminate the contracts with the Plan and settle at an amount different from contract value.

9) Plan Termination

Although it has not expressed an intent to do so, the Company and the Plan Administrator has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

10) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
