Independent Auditor's Report

To the Plan Administrator and Plan Management
Rasmussen Mechanical Services, Inc. 401(k) Plan
Council Bluffs, Iowa

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Rasmussen Mechanical Services, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2023 and 2022 and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i-schedule of assets held at end of year as of June 30, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following brief description of the Rasmussen Mechanical Services, Inc. 401(k) Plan (the Plan), is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Rasmussen Mechanical Services, Inc. (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Trustees are responsible for oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Eligibility

Employees become eligible to make participant deferrals after 6 months of employment with the Employer.

Entry Date

The entry date for all contribution types is the first day of each Plan quarter immediately following or coinciding with the date eligibility requirements are met.

Contributions

Contributions made to the Plan are as follows:

Participant Contributions - Employees may contribute not less than 1% and up to 50% of pre-tax compensation as defined by the Plan. Participants may also rollover amounts representing distributions from other qualified retirement plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2023, the Plan was amended to allow Roth contributions, In-Plan Roth Rollovers, and In-Plan Roth Transfers.

Employer Discretionary Matching Contributions – The Employer may make discretionary matching contributions to each participant based on his or her elective deferrals in a percentage set by the Employer which may not exceed 5% of the participant's eligible compensation. With respect to certain participants in accordance with a collective bargaining agreement between the Employer and a collective bargaining unit, the terms of any such agreement shall be deemed to be incorporated into the Plan in determining the matching contribution for these participants. For the Plan year 2023, the Employer elected a discretionary matching contribution of 100% of the participant's contributions that do not exceed 5% of the participant's eligible compensation for the Plan year. In order to receive the discretionary matching contribution, employees must be employed on the last day of the Plan year, except in the event of death, disability, or retirement.

Employer Discretionary Profit Sharing Contributions - The Plan allows for discretionary profit sharing contributions in an amount to be determined annually by the Plan trustees. To be eligible, participants must be employed on the last day of the Plan year and have completed 1,000 hours of service during the Plan year, except in the event of death, disability, or retirement. The contribution is allocated to participants based on the percentage of the participant's compensation in relation to the compensation of all eligible participants. The Plan trustees elected not to make a profit sharing contribution to the Plan for the year ended June 30, 2023.

Contributions are subject to certain dollar limitations, as imposed by the Internal Revenue Service (IRS).

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers contributions, the Employer's discretionary matching contributions as well as allocations of the Employer's discretionary profit sharing contributions (if any), and Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of participant and Employer contributions into various investment options offered by the Plan. Participants may change their investment options daily.

Vesting

A participant shall always be 100% vested in the participant's elective deferral contributions, any catch-up contributions and rollover contributions made by the participant to the Plan.

The vested portion of any Employer discretionary matching or discretionary profit sharing contributions shall be a percentage of the total amount credited to the participant's account determined on the basis of the participant's number of years of service (1,000 hours of service in a Plan year) according to the following schedule:

<u>Completed Years of Service</u>	<u>Vested Percentage</u>
0-1	0%
2	20%
3	40%
4	60%
5	80%
6+	100%

Notwithstanding the above vesting schedule, Employer discretionary matching contributions and discretionary profit sharing contributions shall be non-forfeitable and fully vested upon normal retirement, early retirement, death or disability, if earlier, as defined by the Plan.

Forfeitures

At June 30, 2023 and 2022, forfeited nonvested accounts totaled \$39,700 and \$31,492, respectively. These accounts may be used to pay plan expenses or used to reduce Employer contributions. In certain circumstance, the Employer may allocate forfeitures as an additional Employer contribution. During 2023, forfeitures of \$0 were used.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. These notes are secured by the participant's vested account balance and bear interest at a rate equal to the Prime rate at the time of origination. Principal and interest are paid ratably through weekly payroll deductions. Payments of principal and interest must be made in equal installments over a maximum five-year period. No participant may have more than one note outstanding at one time. At June 30, 2023, notes receivable interest rates ranged from 3.25% to 8.25% and mature from August 2024 to June 2028.

Payment of Benefits

If a participant's vested account balance exceeds \$5,000 and he/she is terminated due to death, disability, retirement or cause, a participant may elect to receive a lump sum payment; however, distributions are required to begin no later than April 1 following the end of the year in which a participant reaches the required minimum distribution age or retires, whichever is later. If the value of a participant's vested account is less than \$5,000, excluding rollover contributions, a lump-sum distribution may automatically be distributed without the participant's consent. Under certain circumstances, if the account balance exceeds \$1,000 but is less than \$5,000, the account balance may be automatically rolled over into an individual retirement account. Distributions may be made at the participant's election prior to termination upon attainment of age 60 or hardship as defined in the Plan document.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to the participants' accounts will become 100% vested and non-forfeitable.

Note 2 - Significant Accounting Policies**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and Empower Annuity Insurance Company of America (Empower). See Note 4 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable are recorded as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid directly by the Employer are excluded from these financial statements. Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Subsequent Events

The Plan Administrator considered events occurring through April 10, 2024, the date the financial statements were available to be issued.

Note 3 - Certified Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplementary information, including investments and notes receivable from participants held at June 30, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended June 30, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower (the custodian of the Plan).

Note 4 - Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Rasmussen Mechanical Services, Inc. 401(k) Plan

Notes to Financial Statements

June 30, 2023 and 2022

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at June 30, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2023 and 2022:

	2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 10,329,300</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,329,300</u>

	2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 8,829,154</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,829,154</u>

Note 5 - Fully Benefit-Responsive Investment Contract

The Plan has entered into a traditional fully benefit-responsive investment contract with Empower. This contract met the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value of the investment contract at June 30, 2023 and 2022 was \$245,097 and \$80,461, respectively.

Empower maintains the contributions from all contracts in a separate account that is insulated from any potential claims of Empower's creditors or general account. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) premature termination of the contract; (2) plant closing or layoffs; (3) Plan termination; (4) bankruptcy; (5) mergers and (6) early retirement incentives. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6 - Tax Status

The Plan adopted a non-standardized pre-approved profit-sharing plan sponsored by Empower Trust Company, LLC (formerly known as Great-West Trust Company, LLC). The non-standardized pre-approved profit-sharing plan has received an opinion letter from the IRS dated June 30, 2020 as to the plan's qualified status. This opinion letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Party-in-Interest Transactions

Plan investments include a guaranteed investment contract issued by Empower, the custodian as defined by the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

The custodian provides certain administrative services to the Plan pursuant to a service agreement between the Plan and the custodian. The custodian receives income from mutual fund service providers for services provided to the funds. This income is used to offset certain amounts owed to the custodian for its administrative services to the Plan. If the income received by the custodian from such mutual fund service providers exceeds the amount owed under the service agreement, the custodian remits the excess to the Plan's trust on a monthly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participant. During the year ended June 30, 2023, income in the amount of \$27,806 was used to offset administrative services.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or global conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 - Reconciliation of Financial Statements to IRS Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at June 30, 2023 and 2022 to IRS Form 5500:

	2023	2022
Net assets available for benefits per the financial statements	\$ 11,015,328	\$ 9,223,456

Rasmussen Mechanical Services, Inc. 401(k) Plan

Notes to Financial Statements

June 30, 2023 and 2022

The following is a reconciliation of contributions per the financial statements for the year ended June 30, 2023 to IRS Form 5500:

	<u>2023</u>
Contributions per the financial statements	\$ 958,400
Amounts receivable at June 30, 2023	(307,223)
Amounts receivable at June 30, 2022	<u>258,452</u>
Total contributions per the Form 5500	<u><u>\$ 909,629</u></u>

Note 10 - Subsequent Event

Effective July 1, 2023, the Plan was restated to comply with recent legislative and regulatory changes. The amended and restated plan documents received a determination letter from the IRS as to the Plan's qualified status dated November 14, 2022.
