INDEPENDENT AUDITOR'S REPORT

Board of Trustees and Participants of the
Caminar 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Caminar 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of June 30, 2023 and 2022 and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date of the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended June 30, 2023 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedules that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or are derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CAMINAR 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

1. Description of Plan

The following description of the Caminar (the “Organization” and “Plan Sponsor”) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was originally established on January 1, 2001 and has been most recently amended effective on January 1, 2022. The Plan is defined as a retirement plan of the profit-sharing type containing a cash deferred arrangement as described in the Internal Revenue Code (“IRC”) Section 401(a). The Plan covers all eligible employees of the Organization who have completed two months of service and are at least 18 years of age. The service requirement for employer contributions is one year of service. Certain classes of employees are not eligible to participate in the Plan (see the Plan document for the class exclusions). Once eligible, employees are asked by the Organization to complete a salary deferral agreement. The Plan is currently designed to be qualified under the applicable requirements of the IRC, as amended, and the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Plan Administration

The Organization is the administrator of the Plan. As administrator, the Organization has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan (including the authority and responsibility to invest, manage and control the assets of the Plan specifically allocated to the trustee). Reliance Trust Company (“Reliance”) was appointed custodian for the Plan for the years ended June 30, 2023 and 2022. Reliance holds the Plan’s investment assets and executes investment transactions and acts at the direction of the Plan’s administrator. Transamerica Retirement Solutions, LLC is the record keeper for the Plan for the years ended June 30, 2023 and 2022. Hicks Pension Service is the Plan’s third-party administrator.

Contributions

Each year participants may contribute a portion of their pre-tax annual compensation, as defined in the Plan, up to the amount allowable under the Plan document and the limits imposed by Section 402(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan allows for Roth deferrals. The Plan Sponsor will match elective deferrals that do not exceed 4% of eligible compensation, per payroll period. During the year ended June 30, 2023, the Organization made matching contributions of approximately \$470,000, net of forfeitures. The Plan also provides for discretionary non-elective contributions as approved by the Plan Sponsor; however, no such contributions were made or approved for the year ended June 30, 2023.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, investment earnings or losses, and an allocation of the Organization’s contributions, if any. Plan earnings or losses are allocated based on each participant’s account balance. Allocation of the Organization’s contribution is based on participant contributions or eligible compensation, as defined by the Plan.

1. Description of Plan, continued

Vesting

Participant contributions, rollovers, and net earnings on these contributions are fully vested when made or earned. Discretionary employer matching contributions, as well as all earnings on these contributions vest according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	33%
3	66%
4 or more	100%

Forfeitures

Forfeitures that occur during a Plan year are used to reduce expenses related to the administration of the Plan, are used to reduce employer contributions, or may be allocated to participants. As of June 30, 2023 and 2022, forfeited accounts totaled approximately \$180 and \$190, respectively. During the year ended June 30, 2023, approximately \$15,700 of forfeitures were used to reduce employer contributions.

Participant Notes Receivable

Participants are allowed no more than two loans at any time and may borrow from their fund account up to 50% of the value of their account balance, or \$50,000, whichever is less. The minimum loan amount is \$1,000. Participant notes receivable terms range from one to five years unless the loan is for the purchase of the participant's principal residence, in which case the loan may be payable within fifteen years or such longer period that is commensurate with the repayment period permitted by commercial lenders for similar loans. Participant notes receivable are secured by no more than 50% of the balance in the participant's account and bear interest of prime rate, plus 2%, at the time the loan originates. Interest rates on participant notes receivable as of June 30, 2023, ranged from 4.25% to 9.0% per annum. Principal and interest are paid in equal installments through regular payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement or for any other reason, a participant shall receive a lump-sum or payment equal to the value of the participants vested interest in his or her account. A participant may take an installment distribution solely to the extent necessary to satisfy the required minimum distribution rules.

The Plan allows for automatic lump sum distributions of participants vested account balances that do not exceed \$5,000.

In service distributions for participants age 59½ and older are also available (see the Plan document for specific requirements).

2. Summary of Significant Accounting Policies

Investment Options

Investments of the Plan were held by Reliance for the years ended June 30, 2023 and 2022 and invested solely upon instructions received from participants. Participants may direct their contributions into a series of mutual funds offered by the Plan.

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies, continued

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting years. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of June 30, 2023 and 2022, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefit payments are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. The Organization paid the majority of all necessary and proper expenses incurred in the administration of the Plan. Such expenses were primarily comprised of legal fees and expenses related to the maintenance of the Plan's records.

3. Certified Information

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by Reliance as of June 30, 2023 and 2022 and for the year ended June 30, 2023.

	2023	2022
Mutual funds	\$ 12,657,393	\$ 10,579,458
Participant notes receivable	\$ 210,258	\$ 215,832
Net depreciation in fair value of mutual funds	\$ 860,758	
Interest and dividends	\$ 213,447	
Interest on participant notes receivable	\$ 10,156	

4. Fair Value Measurements

Accounting standards for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets,
- Quoted prices for identical or similar assets or liabilities in inactive markets,
- Inputs other than quoted prices that are observable for the asset or liability, and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of June 30, 2023 and 2022.

Cash equivalent: Valued based on redemption values on the last business day of the Plan year.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

4. Fair Value Measurements, continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of June 30, 2023 and 2022:

	Assets at Fair Value as of June 30, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,657,393	\$ -	\$ -	\$ 12,657,393

	Assets at Fair Value as of June 30, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,579,458	\$ -	\$ -	\$ 10,579,458

5. Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the full value of each participant's account shall become fully vested and shall be held by the custodian until a method of distribution is elected.

6. Related-Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by Reliance, the custodian of the Plan, and Merrill Lynch, investment advisors of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

The Plan holds a revenue offsetting agreement with Merrill Lynch. Merrill Lynch provides certain investment advisory and administrative services to the Plan. If the revenue from Merrill Lynch from such services exceeds the amounts owed under the agreement, Merrill Lynch upon request by the Plan Sponsor remits the excess to the Plan's trust, deposited into an expense budget account on a monthly basis. Such amounts may be used to pay eligible Plan expenses or allocated to participants. The revenue sharing account held approximately \$32,000 and \$28,000 as of June 30, 2023 and 2022, respectively. Amounts from the revenue sharing account of approximately \$49,230 was used to pay record keeper fees and \$50,000 was allocated to participant accounts for the year ended June 30, 2022.

7. Risks and Uncertainties

The Plan invests in a variety of investment securities. Investments in general are exposed to various risks, such as interest rate, credit and market fluctuations. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

The Plan invested in one fund that represented 17% of the Plan's net assets as of June 30, 2023 and 2022.

8. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through April 2, 2024, the date which these financial statements were available to be issued. Management concluded no material subsequent events have occurred since June 30, 2023 that require recognition or disclosure in such financial statements.
