Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about New York League for Early Learning, Inc. Discretionary Defined Contribution Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## INDEPENDENT AUDITOR'S REPORT

(Continued)

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of New York League for Early Learning, Inc. Discretionary Defined Contribution Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about New York League for Early Learning, Inc. Discretionary Defined Contribution Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedule Required by ERISA**

The supplemental Schedule of Assets (Held at End of Year) as of June 30, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

DISCRETIONARY DEFINED CONTRIBUTION RETIREMENT PLAN**

**NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2023 AND 2022**

---

**1. THE PLAN**

The following description of the New York League for Early Learning, Inc. Discretionary Defined Contribution Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan, covering all eligible employees of New York League for Early Learning, Inc. (NYL). Great-West Trust Company, LLC (Great-West), Empower Trust Company, LLC (Empower Trust) and Reliance Trust Company (Reliance), were the custodians and recordkeepers of the Plan for the year ended June 30, 2022. Effective November 1, 2021, Empower Retirement, LLC (Empower Retirement), acquired the retirement business of Reliance. Empower Retirement was the recordkeeper of the Plan's assets during 2021 and through October 2022. In October of 2022, the recordkeeping responsibilities were transitioned from Empower Retirement to Mutual of America, and a majority of custodial assets were transferred from Empower Retirement to Mid Atlantic Trust Company (Mid Atlantic).

Effective April 1, 2019, all employees of the Agency became employees of ADAPT Community Network (ADAPT, the Agency, and Plan Administrator). There are generally no contributions to the Plan as the Agency makes contributions to ADAPT sponsored plans.

**Eligibility**

Prior to November 1, 2021, all employees who had completed one year of service, as defined by the Plan were eligible to participate. After November 1, 2021, employees of ADAPT who are designated and assigned to the New York League for Early Learning on ADAPT's payroll system are eligible to participate. Employees will enter the Plan as participants on the same day they satisfy the eligibility requirement. Contributions may be made on the basis of partial year compensation and participants who have had a termination of employment are eligible to receive his or her vested aggregate account balance as of the date of distribution immediately after termination of service.

**Contributions**

Contributions by the Agency are determined annually by the Agency's Board of Directors. These amounts are funded annually. Contributions are calculated based on participant's compensation, as defined, and years of service, or by a uniform calculation of relative percentage of compensation to eligible participants. There are no contributions by participants. The Agency did not make any contributions into the plan for the years ended June 30, 2023 and 2022. In 2022, the Plan received small employer contributions as a result of excess forfeitures and return of funds to the Plan. Contributions are subject to certain statutory limitations.

## 1. THE PLAN (Continued)

### Participant Accounts

Each participant's account is credited with an allocation of the Agency's contribution, if any, and Plan earnings (losses). Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### Investment Options

The Plan has various investment options available for its participants. Contributions are invested in investment funds, as directed by the plan participants. Participants may change their investment elections at any time.

### Vesting

Vesting in the Agency's contributions is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

A participant will be 100 percent vested upon death, disability or at normal retirement date, which is the participant's 65<sup>th</sup> birthday.

### Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may receive a lump-sum distribution equal to the value of the participant's vested interest in their account. In addition, the Plan allows for hardship distributions if certain criteria are met.

### Forfeitures

As of June 30, 2023 and 2022, forfeited non-vested accounts totaled approximately \$185,000 and \$202,000, respectively. No forfeitures were used to reduce employer contributions during the years ended June 30, 2023 and 2022.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of Accounting

The accompanying financial statements of the Plan are prepared in accordance with generally accepted accounting principles (U.S. GAAP).

### Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

## **2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

### **Investment Valuation and Income Recognition**

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the gains and losses on investments bought and sold as well as held during the year. All investments are participant directed.

### **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

### **Expenses**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Agency. Expenses that are paid by the Agency are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

### **Payment of Benefits**

Benefits are recorded when paid.

## **3. CERTIFIED INVESTMENT INFORMATION**

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodians have certified that the following data included in the financial statements and supplemental schedule is complete and accurate as of and for the years ended June 30, 2023 and 2022. The following custodians have certified the financial information for the periods referenced:: Reliance Trust Company for the period July 1, 2021 to October 31, 2021; Great-West Trust Company, LLC for the period November 1, 2021 through June 30, 2022 and from July 1, 2022 through October 28, 2022; Mid-Atlantic Trust Company for the period October 1, 2022 through June 30, 2023; and Empower Trust Company, LLC from July 1, 2022 through June 30, 2023.

### 3. CERTIFIED INVESTMENT INFORMATION (Continued)

The certified investment information is included in the accompanying financial statements and supplemental schedule at June 30:

### 4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

#### 4. FAIR VALUE MEASUREMENTS (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value:

*Mutual funds* - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

##### Investments Measured using the Net Asset Value per Share Practical Expedient

The Plan has financial instruments which are recorded at fair value in the accompanying statements of net assets available for benefits. Pooled separate accounts: Valued using net asset value ("NAV") as a practical expedient to estimate fair value where NAV is based on the value of the underlying investment assets held through sub-accounts of a separate account of an insurance company. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. There are currently no redemption restrictions or unfunded commitments on these investments. The pooled separate accounts are privately managed through investment companies and are not publicly quoted. Pooled separate accounts are comprised primarily of shares of registered investment companies.

There have been no changes in the methodologies used as of June 30, 2023 and 2022.

The following tables set forth by the input level, within the fair value hierarchy, the Plan's assets which are measured on a recurring basis at June 30:

<u>Assets at Fair Value as of June 30, 2023</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 6,964,650</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,964,650</u>
Investments measured at net asset value as a practical expedient				<u>12,906,528</u>
Investments, at fair value				<u>\$ 19,871,178</u>

<u>Assets at Fair Value as of June 30, 2022</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 17,275,864</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 17,275,864</u>

In accordance with ASC 820, pooled separate accounts that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of assets available for benefits.

## 5. FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT

As of June 30, 2023 and 2022, the Plan held a guaranteed interest contract. This Fund meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

This fund is a guaranteed income fund. The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. For the years ended June 30, 2023 and 2022, the rate was 3.00 and 1.25 percent, respectively. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

There are no reserves against contract values for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a contractually guaranteed interest rate that may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting.

Generally, there are no events that could limit the ability of the Plan to transact at contract value. The contracts do not permit the insurance companies to terminate the agreements prior to the scheduled maturity dates. At June 30, 2023 and 2022, there are no unfunded commitments and investments are redeemed on a daily basis.

## **6. PLAN TERMINATION**

Although it has not expressed any intent to do so, NYL and the Agency has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in NYL and Agency contributions and all plan assets must be distributed to participants and beneficiaries as soon as administratively practicable after termination of the Plan.

## **7. TAX STATUS**

The Internal Revenue Service ("IRS") has determined and informed the Agency by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

## **8. PARTY-IN-INTEREST TRANSACTIONS**

Transactions between Mutual of America, Great-West, Mid-Atlantic, Empower Trust, Reliance Trust, Empower Retirement, the Agency, and the Plan qualify as party-in-interest transactions since those organizations also provide custodial and recordkeeping services to the Plan.

## **9. SUBSEQUENT EVENTS**

Subsequent events have been evaluated through April 11, 2024 which is the date the financial statements were available to be issued.
