Independent Auditor's Report

Plan Administrator
GHC Hospice 401k Plan
Savannah, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of GHC Hospice 401k Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of March 31, 2023 and December 31, 2022, and the related statements of changes in net assets available for benefits for the period January 1, 2023 through March 31, 2023 and year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of March 31, 2023 and December 31, 2022 and for the period January 1, 2023 through March 31, 2023 and year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Compiled 2021 Financial Statements

Plan management is responsible for the accompanying 2021 financial statement of GHC Hospice 401k Plan, which comprises the statement of net assets available for benefits as of December 31, 2021, and the related notes to the 2021 financial statement in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the 2021 financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, or provide any form of assurance on the 2021 financial statement.

Note 1. Plan Description

The following description of the GHC Hospice 401k Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of GHC Hospice (the “Company”) and certain affiliates of the Company, who have three months of service. The Company’s management controls and manages the operation and administration of the Plan. Reliance Trust Company serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Merger

On September 14, 2022, Agape Care Group acquired GHC Hospice. As of January 1, 2023, participants of the Plan were eligible to participate in Agape Care Group Savings Trust. Effective March 31, 2023, the Plan was merged into the Agape Care Group Savings Trust and all assets were transferred.

Contributions

As of December 31, 2022, all participant and match contributions to the plan were discontinued as a result of the Plan merger described above. Through December 31, 2022, participants could contribute up to 90 percent of pre-tax or post-tax compensation, as defined in the plan document, subject to certain Internal Revenue Code (“IRC”) limitations. Participants who had attained age of 50 before the end of the Plan year could elect to make catch-up contributions. Participants could also contribute amounts representing rollovers from other qualified plans. The Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate. Automatically enrolled participants had their deferral rate set at 1 percent of compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company contributed a safe harbor matching contribution equal to 100 percent of the first 3 percent of compensation plus 50 percent of salary deferrals between 3 percent and 5 percent of compensation that a participant contributes to the Plan. The Company made profit sharing contributions equal to a discretionary percentage, determined by the Company, of the participant’s elective deferrals to the Plan. For the period January 1, 2023, through March 31, 2023 and the year ended December 31, 2022, the Company did not make any discretionary nonelective contributions. Contributions are subject to certain IRS limitations.

Investment options

Participants directed the investment of their accounts into various investment options offered by the Plan. The Plan offered mutual funds and a common collective trust fund as investment options.

Participant accounts

Each participant’s account was credited with the participant’s contribution and allocations of the Company’s contributions and plan earnings (losses), and charged with benefit payments, transaction fees related to notes receivable from participants, and allocations of administrative expenses. Allocations were based on participant earnings, or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant’s vested account.

Vesting

Participants were immediately vested in their contributions, rollover amounts, employer matching contributions, and actual earnings thereon. Vesting in the Company discretionary nonelective contributions plus actual earnings thereon was based on years of continuous service. A participant was 100 percent vested after four years of credited service.

Notes receivable from participants

Participants could borrow from their fund accounts a minimum of \$500 up to an amount equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans were secured by the balance in each participant's account and bore interest at rates at the prime rate plus 2 percent. Loan terms ranged from one to five years or up to thirty years for the purchase of a primary residence. Principal and interest were paid ratably through payroll deductions. There were no outstanding loans in the plan as of March 31, 2023, as any existing loans were transferred into the Agape Care Group Savings Trust. As of December 31, 2022, notes receivable from participants bore interest at 5.25% to 9.50%.

Payment of benefits

On termination of service due to death, disability or retirement, a participant could receive the value of the vested interest in their account in either a lump-sum or a systematic withdrawal plan as provided by the Plan. Active participants could withdraw their employee contributions under the hardship provisions as defined by the Plan. All fully vested balances were available for distribution after the participant reached the age of 59.5 years.

Note 2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income from notes receivable from participants is recorded when received. Other interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent notes receivable from participants are recorded as distributions based on the terms of the Plan agreement.

Payment of benefits

Benefits are recorded upon distribution.

Administrative expenses

The Plan's administrative expenses are paid either by the Plan or by the Company, as provided by the plan document. Expenses that are paid by the Company are excluded from these financial statements. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions for notes receivable and distributions are charged directly to the participant's account.

Subsequent events

The Plan has evaluated subsequent events through February 20, 2024, the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1:** Observable inputs such as quoted prices in active markets.
- Level 2:** Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3:** Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities, and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at March 31, 2023 and December 31, 2022 and 2021. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Common collective trust fund

The Plan invested in a stable value collective trust fund for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the net asset value ("NAV") provided by the Trustee as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiated a full redemption of the stable value collective trust fund, the issuer reserved the right to require notification in order to ensure that securities liquidations would be carried out in an orderly business manner. The stable value collective trust fund was not required to be classified within a level on the fair value hierarchy.

GHC Hospice 401k Plan
Notes to Financial Statements

There were no assets accounted for at fair value on a recurring basis as of March 31, 2023. The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,353,758	\$ -	\$ -	\$ 1,353,758
Total assets in the fair value hierarchy	<u>\$ 1,353,758</u>	<u>\$ -</u>	<u>\$ -</u>	1,353,758
Investments measured at NAV ^(a)				<u>411,742</u>
Investments at fair value				<u>\$ 1,765,500</u>

Assets at Fair Value as of December 31, 2021 (Compiled)				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,514,639	\$ -	\$ -	\$ 1,514,639
Total assets in the fair value hierarchy	<u>\$ 1,514,639</u>	<u>\$ -</u>	<u>\$ -</u>	1,514,639
Investments measured at NAV ^(a)				<u>127,816</u>
Investments at fair value				<u>\$ 1,642,455</u>

(a) *In accordance with Topic 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.*

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of March 31, 2023 and December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at March 31, 2023	Fair Value at December 31, 2022	(Compiled) Fair Value at December 31, 2021	Unfunded Commitments	Other Redemption Restrictions	Redemption Notice Period
Common Collective trust fund	\$ -	\$ 411,742	\$ 127,816	None	Daily	12 months

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies, or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Unaudited Information Certified by Trustee

The accompanying financial statements include the following unaudited information as of March 31, 2023 and December 31, 2022, the period from January 1, 2023 through March 31, 2023, and the year ended December 31, 2022 that was obtained from data prepared and certified to be complete and accurate by the Plan's trustee:

	<u>2023</u>	<u>2022</u>
Investments	\$ -	\$ 1,765,500
Notes receivable from participants	\$ -	\$ 96,811
Net appreciation (depreciation) in fair value of investments	\$ 81,121	\$ (292,569)
Interest and dividends	\$ 580	\$ 36,125
Interest income on notes receivable from participants	\$ 1,060	\$ 5,930

Note 5. Exempt Party-in-Interest Transactions

Reliance Trust is the trustee of the plan. Transactions with the trustee qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Fees paid directly to the third-party administrator for investment and administrative services were \$2,433 and \$9,367 during 2023 and 2022.

Note 6. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirements of the IRC. The Plan is relying on IRS approval of the standardized prototype plan that it is utilizing. The IRS has determined and informed the custodian by a letter dated October 6, 2020 that the prototype plan document was designed in accordance with applicable sections of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of March 31, 2023 and December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at March 31, 2023 and December 31, 2022 and 2021:

	<u>2023</u>	<u>2022</u>	<u>(Compiled) 2021</u>

Net assets available for benefits per the Form 5500	<u><u>\$ -</u></u>	<u><u>\$ 1,847,550</u></u>	<u><u>\$ 1,760,898</u></u>

The following is a reconciliation of net change in net assets per the financial statements for the period ended March 31, 2023 and year ended December 31, 2022 to net income (loss) per Schedule H of Form 5500.

	<u>2023</u>	<u>2022</u>
