INDEPENDENT AUDITOR'S REPORT

Board of Directors
Spurwink Services, Inc.
Spurwink Services 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Spurwink Services 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023, and 2022 and the related statement of changes in net assets available for benefits for the year ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institutions or insurance carriers that are regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institutions or insurance carriers in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of June 30, 2023 and 2022 and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management, and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Board of Directors
Spurwink Services, Inc.
Spurwink Services 403(b) Plan

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of Spurwink Services 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is sponsored by Spurwink Services, Inc. (the Company).

General

The Plan is a defined contribution plan covering substantially all employees of the Company. There is no age requirement for Plan participation. Employees are eligible for elective deferrals at their hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

The Plan is eligible to all Company employees upon employment with the Company. There is no minimum age or service requirement to participate in the employee elective deferral contributions. All participants who have completed one year of service are eligible to receive employer matching contributions.

Contributions

Participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code (IRC) limitations. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants who are over age 50 may make an additional pretax "catch-up" contribution pursuant to the IRC limitations. In addition, participant contributions may consist of transfers from other qualified retirement plans.

The Company will match 100% of employee deferrals up to 3% of compensation.

Vesting

Participants are vested immediately in their participant contributions and employer matching contributions.

Distributions

Participants are entitled to a distribution following severance of employment as soon as administratively practical following severance. Benefits may be distributed to participants upon severance of employment by reason of retirement, disability, death or other separation from service. Benefits may be paid in a lump sum or in installments. Participants who terminate employment and have a vested account balance of less than $1,000 will receive a lump-sum distribution of 100% of their vested benefits.

The Plan allows for age 59½ in-service withdrawals and hardship withdrawals, as defined in applicable regulations.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's and employer's contribution, and an allocation of investment income. A participant's account shall be reduced by any distributions, investment losses, and certain administrative expenses. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participant Notes Receivable

Participants may borrow from their accounts. Any active employee may apply for a loan, not to be less than $1,000 in any single loan. A maximum of two loans may be outstanding per participant. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest is paid ratably through payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting and are presented in conformity with U.S. generally accepted accounting principles (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities, at the date of the financial statements. Actual results could differ from those estimates.

Administrative Expenses

The Plan allows for the payment of expenses incurred in administering the Plan to be paid by either the Company or the Plan. Certain investment expenses are paid to the custodians through the Plan's investments as eligible indirect compensation, which includes fees or expense reimbursement payments charged to investment funds and reflected in the value of the investment or return on investment of the Plan. Total eligible indirect compensation paid to TIAA and CREF and Reliance Trust through the Plan for the plan year ended June 30, 2023 was $18,691. Other expenses paid directly out of the Plan were $106,468 for the year ended June 30, 2023.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Investments

Investments are reported at fair value (except for investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Security transactions are accounted for as of the date the securities are purchased or sold (trade date). Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

In addition, participants can elect to purchase TIAA Traditional Annuity fixed-dollar annuity contracts. These contracts meet the investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Participant Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are classified as distributions based upon the terms of the Plan document.

Subsequent Events

Management has considered transactions or events occurring through April 8, 2024, which is the date that the financial statements were available to be issued.

3. Investment Contracts

Investments in the TIAA Traditional Annuity and Standard Stable Asset Fund are in investment contracts. Contributions to these investments buy a contractual or guaranteed amount of future benefits for the participant. Interest credited to these investments include a guaranteed rate plus additional amounts established on a year-by-year basis. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rates for the TIAA Traditional Annuity was approximately 4.9% and 4.0% for 2023 and 2022, respectively, and was approximately 2.5% and 2.2% for the Standard Stable Asset Fund for 2023 and 2022, respectively. The crediting interest rates are based on a formula agreed-upon with the issuer, but may not be less than 3% for the TIAA Traditional Annuity and 1% for the Standard Stable Asset Fund. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events might limit the ability of the Plan to transact at contract value with the issuers. Such events include (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines; (2) a breach of material obligation under the contract; (3) a material misrepresentation; or (4) a material amendment to the agreement without consent of the issuers.

4. Related-Party and Party-in-Interest Transactions

Plan investments are managed by TIAA and CREF and Reliance Trust. TIAA and CREF and Reliance Trust provide custodial and plan administration services and, therefore, these transactions qualify as related-party transactions. Administrative expenses discussed in Note 2 also qualify as party-in-interest transactions.

5. Income Tax Status

The Internal Revenue Service has determined and informed the recordkeeper, the Standard, by letter dated June 30, 2020, that the volume submitter plan is designed in accordance with Section 403(b) of the IRC and the regulations issued thereunder. The Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

6. Information Prepared and Certified by Custodians

The investments, investment transactions, participant notes receivable, net appreciation in fair value of investments, interest and dividends and participant notes receivable interest were certified by TIAA and CREF and Reliance Trust, the custodians, as complete and accurate. This information is included in the following:

- Statements of Net Assets Available for Benefits
- Statement of Changes in Net Assets Available for Benefits
- Note 3 in the Notes to Financial Statements
- Schedule H, line 4i – Schedule of Assets (Held at End of Year)

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. Fair Value Measurement

Accounting literature establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at June 30, 2023 and 2022:

Interest in sub-accounts of variable annuity contracts: Valued at the underlying net asset value (NAV) of units held by the Plan at year-end.

Mutual funds: Valued at the quoted market price of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value.

Assets at fair value as of June 30, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	**$13,107,385**	**$ -**	**$ -**	**$ 13,107,385**

Total	$11,036,980	$ 3,697,684	$ -	14,734,664
Assets measured at NAV as a practical expedient				327,454
Total assets				$ 15,062,118

Assets measured at NAV consist of pooled separate accounts, mostly invested in real estate and other related investments, and seeks a return primarily through rental income and appreciation of the underlying real estate invested in the accounts. These accounts allow for redemptions on a daily basis, with a notice period of 10-60 days. As of June 30, 2023 and 2022, the fair value of these assets approximated the NAV.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
