(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **KENDRA G. MELNYK, CPA**

(2) EIN: **40-8298989**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X

Independent Auditor's Report

**The Plan Administrator
Assemblers, Inc. 401(k) Plan:**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed audits of the financial statements of the Assemblers, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of October 31, 2023 (in liquidation) and December 31, 2022 (ongoing), and the related statements of changes in net assets available for benefits for the period from January 1, 2023 to October 31, 2023 (in liquidation) and for the year ended December 31, 2022 (ongoing), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the period and year ended October 31, 2023 and December 31, 2022, respectively, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In my opinion, based on my audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report, Continued

Basis for Opinion

I conducted my audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of the Plan and to meet other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

Independent Auditor's Report, Continued

In performing an audit in accordance with GAAS, I:

- **Exercise professional judgment and maintain professional skepticism throughout the audit.**
- **Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.**
- **Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.**
- **Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.**
- **Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.**

My audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Independent Auditor's Report, Continued

Other Matter

As discussed in Note 1 to the financial statements, plan management elected to terminate the Plan effective January 18, 2023 and determined liquidation was imminent. Accordingly, the Plan has changed its basis of accounting from the accrual (ongoing) basis to the liquidation basis. My opinion is not modified with respect to this matter.

ASSEMBLERS, INC. 401(K) PLAN

Notes to Financial Statements

October 31, 2023 (Liquidating Basis) and December 31, 2022 (Ongoing Basis)

(1) Description of the plan

The following brief description of the Assemblers, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering all full-time employees of Assemblers, Inc. (the "Plan Sponsor") who have one year of service, as defined by the plan document, and are age twenty-one or older. The Plan, which was adopted by action of the Plan Sponsor's Board of Directors, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 18, 2023, the Plan Sponsor elected to terminate the Plan and began a plan of liquidation. The final distribution of plan assets occurred throughout 2023 and all account balances were distributed from the Plan in accordance with the terms of the Plan.

(b) Contributions

Each year, participants could defer a percentage of their pretax annual compensation as defined in the plan agreement up to 100% of their compensation, not to exceed the maximum annual amount as determined by the Internal Revenue Code ("IRC"). Participants who attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("rollovers") and make after-tax Roth contributions. Eligible participants directed the investment of their contributions into various investment options offered by the Plan. The Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Plan Sponsor, at its discretion, could contribute additional amounts to the Plan as determined by the Board of Directors. Any profit sharing contribution was allocated according to the plan document to participants eligible to share in the contribution. In order to be eligible, a participant must be actively employed on the last day of the plan year and must have completed 1,000 hours of service during the plan year. No additional discretionary contribution was made for the period ended October 31, 2023 or the year ended December 31, 2022.

(c) Participant accounts

Each participant's account was credited with the participant's contributions and the Plan Sponsor's contributions, as well as allocations of plan earnings or losses. Participant accounts were charged with an allocation of administrative expenses. Allocations were based on participant earnings, account balances or specific participant transactions, as defined in the plan agreement. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested balance.

(d) Vesting

Upon the termination of the Plan, all participants became 100% vested in all contribution sources.

(e) Notes receivable from participants

Prior to 2023, participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, whichever was less. The loans were secured by the balance in the participant's account and loans outstanding bore interest at rates commensurate with local prevailing rates as determined by the plan administrator. Principal and interest were collected ratably through payroll deductions and all outstanding loan balances at the time of the plan termination were treated as deemed distributions taxable to the participants.

(f) Payment of benefits

On termination of service due to death, disability, retirement or termination, a participant received a lump-sum distribution equal to the value of his or her entire account.

(g) Hardship withdrawals

Prior to 2023, the Plan permitted distributions in the event of a hardship, as defined in the plan agreement. These distributions were taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant was younger than age 59½.

(h) Forfeitures

Forfeitures were created when participants terminated employment prior to becoming fully vested in the Plan Sponsor discretionary contribution portion of their accounts and were first be used to pay plan expenses and then used to reduce the Plan Sponsor's contributions. Forfeited nonvested accounts totaled \$5,190 at December 31, 2022 and were used in 2023 to pay plan expenses in connection with the plan termination.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared under the liquidation basis of accounting as of and for the period ended October 31, 2023 and the accrual ongoing method of accounting as of and for the year ended December 31, 2022.

(2) Summary of significant accounting policies, continued

(b) Use of estimates

The preparation of financial statements in accordance with U.S. generally accepted accounting principles (“GAAP”) requires the Plan Sponsor to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment valuation and income recognition

The Plan’s investments were stated at fair value as reported by the custodian, except for fully benefit-responsive investment contracts which are stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determined the Plan’s valuation policies utilizing information provided by the investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation or depreciation included the Plan’s gains and losses on investments purchased and sold as well as held during the year.

(d) Notes receivable from participants

Prior to 2023, notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses was recorded as of December 31, 2022.

(e) Payment of benefits

Benefits were recorded when paid.

(f) Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS were recorded as a liability with a corresponding reduction to contributions for the plan year ended December 31, 2022.

(g) Events occurring after the reporting date

The Plan has performed an analysis of the activities and transactions subsequent to October 31, 2023 through March 19, 2024, to determine the need for any adjustments or disclosures for the period then ended.

(h) Administrative expenses

Certain investment fund options were subject to investment fees based upon a percentage of invested assets, as disclosed in a fund's prospectus. Such fees were typically charged directly against the fund's investment performance and thus, were not separately disclosed in the accompanying financial statements. Certain expenses incurred maintaining the Plan were paid directly by the Plan Sponsor and are excluded from these financial statements. Administrative expenses paid by the Plan primarily represent fees related to withdrawals from the Plan and recordkeeping fees paid to the third-party administrator.

(3) Summary of information certified by the custodian

Information related to investments and investment income was obtained and derived from information supplied to the plan administrator and certified as complete and accurate by Nationwide Life Insurance Company, the custodian of the Plan, as of and for the period ended October 31, 2023 and as of and for the year ended December 31, 2022.

(4) Fair value measurements

The framework for measuring fair value provided a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gave the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximized the use of relevant observable inputs and minimized the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- (a) Quoted prices for similar assets or liabilities in active markets;
- (b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- (c) Inputs other than quoted prices that are observable for the asset or liability; and
- (d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs that are unobservable inputs for the assets or liability.

The following is a description of the valuation methodologies used for assets measured at fair value prior to the plan termination.

(4) Fair value measurements, continued

Mutual funds were valued at the daily closing price as reported by the fund. Mutual funds held by the Plan were open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds were required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair values as of December 31, 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2022

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ <u>2,635,229</u>	<u>2,635,229</u>	<u>-</u>	<u>-</u>

(5) Investment contract with insurance company

The Plan entered into a traditional benefit-responsive investment contract with Nationwide Life Insurance Company ("Nationwide"), totaling \$7,595 at December 31, 2022, respectively. Nationwide maintained the Plan's contributions in a general account, which was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. The crediting rate was based on a formula established by the contract issuer but could not be less than 1%. The average yield and crediting interest rates were reviewed on a quarterly basis for resetting. The contract did not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

In 2022, the accounts were credited with earnings of \$335 on the underlying investments, purchases totaled \$329, transfers into the fund totaled \$1,381 and charged for plan withdrawals and administrative expenses totaling \$47,034 in 2022.

This contract met the fully benefit-responsive investment contract criteria and therefore, was reported at contract value. Contract value was the relevant measure for fully benefit-responsive investment contracts because this was the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Nationwide, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

(5) Investment contract with insurance company, continued

The Plan's ability to receive amounts due was dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations could be affected by future economic and regulatory developments.

Certain events could limit the ability of the Plan to transact at contract value with the issuer. Such events included the following: (1) amendments to the plan document (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Employer or other Employer events (for example, divestitures or spin-offs or a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events were probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allowed the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events included (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

(6) Party-in-interest transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Plan Sponsor and certain others. The Plan invested in mutual funds managed by Nationwide, the custodian of the Plan, and therefore, these transactions and administrative expenses paid to the custodian, qualified as party-in-interest transactions. Notes receivable from participants held by the Plan prior to 2023 also reflected party-in-interest transactions. Certain administrative functions were performed by officers or employees of the Plan Sponsor and no such officer or employee received compensation from the Plan. Fees paid to parties-in-interest amounted to \$22,545 and \$31,805 for the period and year ended October 31, 2023 and December 31, 2022, respectively. The Plan Sponsor also paid for certain plan expenses for which it was not reimbursed by the Plan.

(7) Plan termination

The Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The Plan Sponsor elected to terminate the Plan effective January 28, 2023. Accordingly, participants became 100% vested in their accounts on such date.

(8) Excess contributions

Payments of \$13,883 were due in 2023 to certain active participants to return to them excess deferral contributions withheld in 2022, as required to satisfy the relevant nondiscrimination provisions of the Plan.

ASSEMBLERS, INC. 401(K) PLAN

October 31, 2023 (Liquidating Basis) and December 31, 2022 (Ongoing Basis)

(9) Income tax status

The Plan Sponsor adopted a volume submitter plan which received a favorable opinion letter from the Internal Revenue Service on June 30, 2020, which stated that the volume submitter plan, as then designed, was in compliance with the applicable provisions of the IRC. The volume submitter plan has been amended since receiving the opinion letter and the Plan itself has not received a determination letter. However, the plan administrator believes that the Plan is currently designed and currently being operated in compliance with the applicable requirements of the IRC and is therefore, qualified and exempt from taxation.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of October 31, 2023 and December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(10) Risks and uncertainties

The Plan invested in various investment securities. Investment securities were exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect the participants' account balances and amounts reported in the statements of net assets available for benefits.

(11) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2022:

Net assets available for benefits per the financial statements	\$ 2,783,288
