## INDEPENDENT AUDITOR'S REPORT

To the Participants and Trustees of  
Glaziers Individual Account Retirement Plan:

### Report on the Financial Statements

#### Opinion

We have audited the financial statements of Glaziers Individual Account Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended; and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Glaziers Individual Account Retirement Plan as of June 30, 2023 and 2022, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Glaziers Individual Account Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Management Responsibilities for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Glaziers Individual Account Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Glaziers Individual Account Retirement Plan, and determining that the Glaziers Individual Account Retirement Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Glaziers Individual Account Retirement Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Glaziers Individual Account Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Glaziers Individual Account Retirement Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control - related matters that we identified during the audit.

### Other Matters – Supplementary Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2023, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Such information is the responsibility of the Glaziers Individual Account Retirement Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

**Investment Valuation, Transactions and Income Recognition**

*General*

Investments (except for fully benefit-responsive investment contracts), are carried at fair value which is determined, presented and disclosed in accordance with Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC 820"), *Fair Value Measurements and Disclosures*. Under FASB ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

FASB ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Glaziers Individual Account Retirement Plan ("Plan.") Unobservable inputs are those that reflect the Plan's own assumptions about inputs that market participants would use in pricing the investments developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels, based on the inputs, as follows:

*Level 1* - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

*Level 2* - Valuations based on quoted prices in markets that are not active, quoted prices for similar investments in active markets or model-based valuations for which all significant assumptions are observable and can be corroborated by observable market data.

*Level 3* - Valuations based on unobservable inputs that are supported by little or no market activity and are significant to the overall fair value measurement. Values are determined using proprietary pricing models, discounted cash flow models that include the investment entities' own judgments and estimations, or some other pricing method using unobservable inputs.

*Inputs and Valuation Methods* - In determining fair value, FASB ASC 820 allows various valuation approaches. The specific methods used for each of the Plan's investment classes are presented below:

*Mutual Funds*: The fair value of the mutual funds is generally based on quoted market prices in active markets (Level 1).

*Guaranteed Interest Account*: This investment is a stable value product provided through a general account group annuity contract and is considered fully benefit responsive because the participants have reasonable access to their accounts at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because contract value is the amount participants would receive upon initiating permitted transactions under the terms of the Plan.

*Valuation Methods, Consistency* - The valuation techniques used in the accompanying financial statements have been consistently applied.

**Notes to Financial Statements**  
**June 30, 2023 and 2022**

---

*Transactions and Income Recognition* - Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Contributions Receivable**

Employer contributions due and not paid prior to year-end are recorded as employer contributions receivable. Allowance for uncollectible accounts is considered unnecessary and is not provided. Contributions due as a result of payroll audits have been recorded net of an allowance equal to the amount due because collectability is uncertain. Therefore, delinquent contributions are recorded when received. Reciprocity is recorded when employer contributions, income or payments are identified.

**Benefit Payments**

Benefits paid to participants are recorded upon distribution.

**Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results may differ from those estimates.

**Risks and Uncertainties**

The Plan's investments include mutual funds and a guaranteed interest account. Such investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty with respect to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

**2. DESCRIPTION OF THE PLAN**

The Plan was established during 1982 as a result of collective bargaining agreements between Glaziers locals in Northern California and various employers. The Plan is a multiemployer defined contribution benefit pension plan. The Plan is a profit-sharing plan, although employers' obligations to make contributions are not dependent on their profits and is not subject to the minimum funding standards of the ERISA, as amended.

All investments are participant directed.

Effective July 1, 2012, a participant's account vests after one hour of service, and the first eligibility period begins on the date on which an hour of service is first earned.

Each participant's account is credited with: (a) employer contributions paid on their behalf; (b) dividends or interest received as well as changes in the value of investments, which result in increases or decreases in the value of the account; and (c) expense of operating the Plan, which is processed during the last week of the quarter at \$11.25 per participant. During the years ended June 30, 2023 and 2022, the quarterly participant deductions totaled \$195,245 and \$200,827, respectively.

Participants should refer to the Summary Plan Description for more complete information.

**3. PRIORITIES UPON TERMINATION**

Although it has not expressed any intent to do so, the Board of Trustees has the right to terminate the Plan subject to the provisions of ERISA. In the event of termination, benefits would be distributed to the participants and their beneficiaries as if the Plan had not been terminated.

**4. TAX STATUS**

The Plan obtained its latest determination letter, dated June 5, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan's administrator and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified, and the related trust was tax exempt as of the financial statement date.

The Plan has analyzed the tax positions taken by the Plan and has concluded that, as of June 30, 2023, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the taxing and regulatory jurisdiction; however, there are currently no audits for any periods in progress.

**5. FUNDING POLICY**

The Plan is financed by employer contributions and eligible participant rollover contributions. The hourly contribution rates are specified in the collective bargaining agreements. Employer contribution rates in effect for each of the years ended June 30, 2023 and 2022, ranged from \$0.50 to \$6.83 per hour.

**6. INVESTMENTS AT FAIR VALUE HIERARCHY**

Assets measured at fair value on a recurring basis, based on their fair value hierarchy at June 30, 2023 and 2022, are as follows:

| Description                        | Fair Value Measurements<br>at Reporting Date Using |                |
|------------------------------------|----------------------------------------------------|----------------|
|                                    | Level 1                                            |                |
|                                    | 2023                                               | 2022           |
| Assets in the fair value hierarchy |                                                    |                |
| Mutual funds                       | \$ 146,296,479                                     | \$ 126,515,707 |

All investments are considered Level 1 investments, there are no Level 2 or 3 investments for this Plan.

**7. INVESTMENT CONTRACTS WITH INSURANCE COMPANY**

The Plan invests in a benefit-responsive investment contract with New York Life Insurance Company ("New York Life"). New York Life maintains the contributions in a guaranteed interest account. The account is credited with the earnings and is charged for participant withdrawals and administrative expenses.

The issuer of the investment contracts is contractually obligated to repay the principal and a specified interest rate, which is guaranteed to the Plan.

**Glaziers Individual Account Retirement Plan**  
**Notes to Financial Statements**  
**June 30, 2023 and 2022**

---

Because the investment contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by New York Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than one percent (1%). The interest rate is reviewed periodically for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan's sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. If the Plan terminates the contract and provides proper notice to New York Life in accordance with the investment contract, the Plan will continue to transact at contract value with the issuer. The Plan's administrator does not believe that an occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

**8. RELATED-PARTY TRANSACTIONS**

The Plan shares a common Board of Trustees with the Glaziers Pension Plan and with the District Council 16 Northern California Health and Welfare Trust Fund (the Health Trust Fund). Contributions for District Council 16 Locals (located in the Northern California Bay Area and Sacramento area) are deposited into the Health Trust Fund's lockbox bank account. In the following month, money is transferred from the Health Trust Fund to the Plan. As of June 30, 2023 and 2022, the Plan was due \$1,502,494 and \$1,234,370, respectively, from the related Health Trust Fund for contributions received in the lockbox on the Plan's behalf.

**9. SUBSEQUENT EVENTS**

In preparing these financial statements, management of the Plan has evaluated events and transactions that occurred after June 30, 2023, for potential recognition or disclosure in the financial statements. These events and transactions were evaluated through April 5, 2024, the date that the financial statements were available to be issued, and no items have come to the attention of management that require recognition or disclosure.
